European Union Study Tour & Internship Program
An activity of the Network for European Studies (Canada)

Union européenne – voyage d'études et programme de stages
Une activité du réseau d'études européennes (Canada)

Internship positions anticipated for 2017 (**YET TO BE CONFIRMED**)

- Please note that you are applying for the Internship Program, and not particular internships. The list provided is tentative, and indicates possible opportunities if you apply to the internship. If your application is accepted by the selection committee, then we can assure you that you will be offered an internship opportunity (although no assurance of particular internships).
- Suitable candidates must meet the minimum requirements (see column). English is required for all internships. 'Bachelor's Degree' means that you will have completed all requirements for the degree by the beginning of the internship period (it is assumed that Masters' students fulfill this requirement). If you had anticipated an internship with an organization and do not meet these requirements, you will not be considered for this internship (please adjust your expectations accordingly). Furthermore, meeting this requirement alone may not guarantee a placement. Some organizations have also expressed a preference for other skills when selecting candidates.
- The second table indicates internship opportunities which *are still in negotiations*, and the host organization might not have capacity to provide any internship opportunity this year.
- For administrative purposes of the organizations in Europe, internships may also be referred to as an "extended study visit".

ORGANIZATIONS	Location	Dates	Requirements (minimum)
