## Admission and Readmission

---

### BECOMING A CAPILANO UNIVERSITY STUDENT

1. **Read the Calendar for more information on your area of interest:**

The table of contents and index will be helpful in finding particular subjects in the Calendar. Contact the Registrar's Office at 604.984.4900 to see if there is an information meeting being held for the program you are interested in — information sheets are also available.

Check the Admission Requirements for your program of interest as listed in this publication.

2. **Submit an Application for Admission/Readmission:**

**New Students.** All first time applicants must apply for admission. Apply online via the [Capilano University Apply Now](#) page.

**Returning Students.** All returning Capilano University students who have not attended classes for a major term which is either the Fall term (September to December) or Spring term (January to April) must apply for readmission. Students who wish to change programs must also apply for readmission. Apply online via the [Capilano University Apply Now](#) page.

**Current Students.** All current students who want to change programs must submit a new application.

There are two ways to apply:

- a. **Apply online** via the [Capilano University Apply Now](#) page.
  - **Submit application fee.** You must pay this fee online when you submit the online application. Application fees vary as per the information outlined below:
    - A \$50 non-refundable application fee is required for new or returning students.
    - A \$135 non-refundable application fee for new international students.
  - **Document Submission.** Official high school and post-secondary transcripts are required, if not previously submitted. Supporting documentation may be delivered in-person to the Capilano University Registrar's Office or mailed to:  
  
Registrar's Office, Capilano University  
2055 Purcell Way  
North Vancouver, BC V7J 3H5
- b. **Apply in person or by mail.** Print an [Application for Admission/Readmission](#).

- **Submit application fee.** Follow the instructions on the Application for Admission/Readmission form for submitting payments by mail or in-person. Application fees vary as per the information outlined below:
  - A \$50 non-refundable application fee is required for new or returning students.
  - A \$135 non-refundable application fee for new international students.
- **Document Submission.** Official high school and post-secondary transcripts are required, if not previously submitted. Supporting documentation may be delivered in-person to the Capilano University Registrar's Office or mailed to:

Registrar's Office, Capilano University

## ADMISSION REQUIREMENTS

### English Language Requirement

All students must have a level of English sufficient to write assignments, understand class lectures, and take part in class discussions.

If English is not your first language, or you have received your education in another language, you will be required to provide proof of English Language Proficiency in one of the following ways:

#### Ways to Meet the English Language Requirement

##### English Language Assessment Tests

- **TOEFL** (Test of English as a Foreign Language): 83 (internet-based score), 560 (paper-based score) Contact: [www.ets.org/toefl](http://www.ets.org/toefl) (Note: Capilano University's TOEFL institution code is 0505)
- **ELA** (English Language Assessment Test): 145 Contact: Vancouver Community College, King Edward Campus, 1155 East Broadway
- **Academic IELTS** (International English Language Testing System): 6.5 overall, and no one score less than 6 Contact: [www.ielts.org](http://www.ielts.org) or [ielts@sfu.ca](mailto:ielts@sfu.ca)
- **CAEL** (Canadian Academic English Language Assessment Test): 70 Contact: [www.cael.ca](http://www.cael.ca)
- **PTE** (Pearson Test of English - Academic): 56 Contact: [www.pearsonpte.ca](http://www.pearsonpte.ca)

##### Other Ways to Meet the English Language Requirement

- 6 credits of post-secondary English that transfers to Capilano University; or
- English 12 or English 12 First Peoples with a final mark (including provincial exam) of C+ grade or higher and two years of full time high school education in Canada; or
- Advanced Placement English Language/Composition or English Literature /Composition with a minimum mark of 4; or
- International Baccalaureate English Language A Higher Level with a minimum mark of 5; or
- Language Proficiency Index (LPI) Level 4 with an essay score of 26; or
- Capilano University EAP 100 and 101 with minimum mark of B+ (77%) in each course; or
- Four or more consecutive years of full-time education in English in Canada, or in a country other than Canada where English is the principal language\*; or
- Four or more years at an eligible international high school that uses English as the language of instruction but operates in a country where the primary language is not English; or
- Graduate from a recognized degree program at an accredited university at which English is the primary language of instruction in a country where English is the principal language\*.

\*A list of countries that are considered to have English as the principal language for the purpose of satisfying this requirement can be found in the [English Language Requirements](#) section of the Capilano Website.

Students who do not qualify under one of the above measures may submit a Request for a Waiver of the English Language Requirement form to the attention of Admissions in the Registrar's Office (see the [English Language Requirements](#) section of the Capilano Website).

If the University then decides you need additional instruction in English you will be asked to take an English examination suitable to the program area in which you wish to enrol.

#### English for Academic Purposes (EAP) Program

**For students applying only for EAP:** EAP Placement Test, **contact:** EAP Department, Capilano University, 604.986.1911, ext. 4971 or [eap@capilanou.ca](mailto:eap@capilanou.ca) for testing appointment.

## Admission from the International Baccalaureate (IB) Program

### IB Diploma Applicants

International Baccalaureate students are eligible for admission on the basis of successful completion of the IB Diploma. Capilano University English Language Requirements and program specific requirements must also be met.

For those students who are completing both the IB Diploma and another high school curriculum, Capilano will use the credential which offers the applicant the best advantage.

Transfer credit or advanced standing will be awarded for IB courses. Please see the Transfer Credit section of this calendar for a table of credit awarded for IB course work. Applicants may also consult the BC Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca).

### IB Certificate Applicants

In order to meet admission requirements applicants must successfully achieve high school completion (or the equivalent). Capilano University English Language Requirements and program specific requirements must also be met. For IB students not completing the IB Diploma it should be noted that IB certificate courses at both the standard and higher level can be used for admission in conjunction with another high school curriculum. IB certificate courses will also be considered for transfer credit or advanced standing. Please see the Transfer Credit section of this calendar for a table of credit awarded for IB course work. Applicants may also consult the BC Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca).

### IB Grade Conversion

We will convert your IB exam scores into percentages for purposes of admission and transfer credit. If you are completing an IB course and the related high school course, we will use the higher of the two grades for admission.

Applicants must supply evidence of completion of an academic program which will lead to graduation and includes at least 13 credits as follows:

1. English 3201; and
2. at least two additional Grade 12 courses selected from: Biology 4221, Chemistry 3202, Chemistry 4222, Computer Technology 3200, Computer Science 4220, Earth Systems 3209, Environmental Science 4225, Environmental Science 3205, European History 3205, Folk Literature 3203, Francais 3202, French 3200/3201/3203/4220, Global Issues 3205, Government and Politics 4227, Histoire Mondiale 3231, Inuktitut 3225, Mathematics 3200/3201/3208, Physics 3204, Physics 4224, World Geography 3202/3208, World History 3201, World History 4224, World Literature 3216, World Religions 3101/3106.

Admission average will be based on English 3201 and the two best courses in group two.

### **Admission Requirements for Students from Other Countries (Arts & Sciences)**

International students are eligible for admission to Capilano if they have completed the equivalent of secondary school graduation (Grade 12) in British Columbia. Please refer to the applicable section of the University Calendar for complete admission requirements to each program. Note: some programs require a portfolio, supplemental documents, audition, particular academic subjects, a minimum GPA or have a selective or competitive admission process. For example, Arts and Sciences programs require the equivalent of BC High School graduation as well as a minimum of 3 academic subjects at the grade 12 level with a minimum 2.0 Grade Point Average (60%).

Official, original or school certified transcripts are required for all programs. Transcripts show a list of subjects and grades in each. If graduation is not shown on the official transcript, please provide official proof of graduation as well. These documents must be in the original language of issue and translated into English by a recognized translator, if required.

If you are currently in your final year of secondary school, a mid-term report of grades is acceptable until final graduation grades are submitted.

Vocational streams of secondary school completion will be considered for certain programs.

For the International Equivalence Curricula list, please see the [Arts or Sciences: Students from Other Countries](#) section of the Capilano website.

### **Other Qualifications for Meeting Admission Requirements**

- British Columbia Adult Dogwood Graduation Diploma, or
- General Education Diploma (GED), or
- Mature and Discretionary Student Status

### **Concurrent Admission**

Secondary students with superior academic records may apply for limited admission which will allow enrolment in one or two Arts and Sciences courses while still attending secondary school.

Students applying under the concurrent admission category must submit a Concurrent Studies Consent Form signed by a parent/guardian and the high school principal or designate a completed and signed Application for Admission/Readmission form, and an official secondary school interim transcript.

Inquiries should be directed to [admissions@capilano.ca](mailto:admissions@capilano.ca).

## Mature Student and Discretionary Admission Status

Applicants who are 20 years of age or older and lack the minimum program admission requirements may apply as mature students. Written requests for admission as a mature student will be considered by the Registrar's Office in consultation with the program coordinator, where applicable. Applicants should provide written details of other qualifications or experiences and an academic transcript of education completed. An interview may be required with an Academic Advisor or with a program coordinator. Language requirements must still be met.

## Home Schooled Students

- Home schooled applicants must provide proof that they have met secondary school graduation requirements from a recognized educational jurisdiction and also program specific minimum subject and academic admission requirements.
- In addition, all applicants are required to take provincial exams, or equivalent, for all courses in which they are mandatory.
- In cases where applicants do not meet the above-mentioned requirements, they must submit a Letter of Intent outlining the reasons for not being able to meet these requirements and provide SAT scores and/or any other relevant documentation for admission consideration.

## Visiting Students

A student wishing to take a course at Capilano University to transfer back to their home post secondary institution may do so by applying to the University as a visiting student and submitting a letter of permission from their home institution to Capilano University. The Letter of Permission must indicate the course the student is permitted to take at the University and how it will transfer back to the home institution. The Letter of Permission must also specify the term in which the course may be taken. Official transcripts will be requested of Visiting Students depending on the course taken at the University. Permission to register as a Visiting Student must be approved on a term by term basis.

## Transfer Students

Students who have successfully completed 12 or more credits in an academic program at a recognized college or university will be granted admission to the Arts and Sciences program based on the work completed.

## TRANSFER CREDIT

All public B.C. post secondary institutions accept each other's credit upon transfer if applicable to a program at the admitting institution and if there is suitable equivalency.

Transfer credit may be granted for courses completed at other post secondary institutions. Students seeking transfer credit must complete the [Request for Transfer Credit](#) form, attach official transcripts, if not already submitted, or note that transcripts will be sent from another institution, and submit to the Registrar's Office. For courses completed at out-of-province institutions, detailed course outlines must also be submitted.

All approved transfer credit is noted on the permanent student record. While the credit awarded does not affect the grade point average, the credit will be included in the total number of credits completed and may be used to complete certificate, diploma or degree requirements if applicable.

### **Limit of Transfer Credits**

For diplomas, associate degrees, certificates, and citations, 50 per cent of the credit required must be completed at Capilano University. This may vary for some programs, and there may be additional course or time restrictions. See specific programs for more information.

For the associate degrees, at least 30 of the 60 credits must be completed at Capilano University within five years preceding the awarding of the degree. (See Associate Degree information).

For bachelor degrees, at least 25 per cent of the credit required must be completed at Capilano University and 24 upper level credits must be Capilano University courses. There may be additional course or time restrictions. Please see specific programs for more information.

Approved transfer credit is relevant at Capilano University only.

## **Advanced Placement (AP) Transfer Credit**

Official transcripts sent directly from the College Board are required in order for transfer credit to be awarded for Advanced Placement courses. Applicants who have passed an Advanced Placement Examination, administered by the College Entrance Examination board, with a minimum of 4 will receive credit as noted on the [Advanced Placement Search](#) of BC Transfer Guide website.

### **Capilano University's Entrance Examination Board Code is 7892**

#### **Note**

Transfer credit granted for Advanced Placement courses will apply to programs at Capilano University. Students should be aware that other universities and colleges may not accept these courses for transfer credit.

## **International Baccalaureate (IB) Transfer Credit**

Applicants who have completed the International Baccalaureate Diploma with the minimum marks listed will receive credit or waivers for some **higher level** subjects passed as noted on the [International Baccalaureate Search](#) of the BC Transfer Guide website.

#### **Note**

Transfer credit granted for International Baccalaureate courses will apply to programs at Capilano University. Students should be aware that other universities and colleges may not accept these courses for transfer credit.

## **General Certificate of Secondary Education (GCSE) and Advanced Levels**

Transfer credit may be awarded for completed academic A-Level subjects (no credit for AS-Level or O-Level subjects is awarded). Students who have achieved strong A-level results may receive first year course credit. Capilano University determines credit for A-Level examined subjects on a case-by-case basis.

## **Prior Learning Assessment**

Prior Learning Assessment (PLA) is a process whereby students may receive university credits for learning acquired in formal and informal situations. This process called Prior Learning Assessment (PLA) is of benefit

to mature students who have work and life experiences that equate to courses offered at the University. For example, if you have on-the-job work experience in computers you may be able to receive credits offered in one or more office or business administration courses. You will need to demonstrate that you have acquired the knowledge, skills and values required in the formal courses for which you are requesting credit. This is done by providing evidence of what you have learned. This might include any one or combination of the following: a work site visit, documentation, interview, oral presentation, or portfolio. For more information about whether PLA is an option in the program for which you are applying, please contact the program coordinator.

The regular tuition fee for the course will be required for PLA. Prior Learning Assessment granted will be recorded on the permanent student record and will appear on the student's official university transcript.

Credit for PLA will apply to credentials earned at Capilano University. Students should be aware that other universities and colleges may not grant credit or transfer credit for credit received by PLA.

## Registration

---

### RIGHT TO REGISTER

A current Capilano University student who has not maintained satisfactory standing in a program in any term may be denied permission to enrol in that program in a subsequent term. Individual programs may require a GPA higher than that stated in the Academic Standing Policy to continue enrolment.

Returning Capilano University students who do not attend classes for a Fall or Spring term must apply for readmission. Students who wish to change programs must also apply for readmission. Apply online via [Capilano University Apply Now](#).

**Failure to Pay Fees and Charges.** Students who fail to pay fees by the established deadlines, have library book replacement fees or other university charges, have not repaid emergency loans, or in any other manner have not discharged all financial obligations to the University, will not be issued transcripts or permitted to enrol or re-enrol. They will also not be able to take advantage of some university services.

### INSTRUCTIONAL YEAR

The instructional year is comprised of three terms:

**Fall:** September through December

**Spring:** January through April

**Summer:**

- Session I: May through June
- Session II: July through August
- Full Term: May through August

**Note**

A limited number of courses are offered during the Summer term.

## MATH PLACEMENT TEST (MPT)

The Mathematics and Statistics Department offers placement tests for students who lack the prerequisites for the entry level courses listed in the [Prerequisite Table for Entry Courses](#) in the [Math and Statistics](#) section. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 097 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 097 is one month or longer. For more information please contact the Registrar's Office or the School of Science, Technology, Engineering & Mathematics (STEM), or visit the Mathematics and Statistics Department website at [www.capilanou.ca/math](http://www.capilanou.ca/math)

Students wanting to enrol in an entry level course must write a placement test if they do not satisfy the prerequisite requirements for the course.

Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation. MPT results are valid for a one year period.

### Note

The cost to write a Math Placement Test is \$25. Payment can either be made in person at the Cashier's Office during regular business hours ([www.capilanou.ca/services/Cashiers-Office](http://www.capilanou.ca/services/Cashiers-Office)) or by completing a Math Placement Test Credit Card Payment form found online at [www.capilanou.ca/MPT](http://www.capilanou.ca/MPT), and by either e-mailing a scanned copy of this completed credit card form to the Cashier's Office at [finserv@capilanou.ca](mailto:finserv@capilanou.ca) or by faxing it to 604.984.1723.

## ENGLISH DIAGNOSTIC TEST (EDT)

Students who wish to enrol in English courses must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI). EDT and LPI results are valid for 5 years from the date of testing.

Students with any one of the following are exempt from this requirement:

1. a final grade of 73% or higher in English 12, English 12 First Peoples or English Literature 12;
2. an LPI score of 24 or higher;
3. a final grade of 4 or higher in an Advanced Placement course in English Composition or English Literature;
4. a final grade of 4 or higher in the International Baccalaureate Language A: Literature, Language A: Language and Literature, or Language A: Literature and Performance - Higher Level and Standard Level;
5. a final grade B+ or higher in BENG 052; or a final grade of B+ or higher in both BENG 053 and BENG 054;
6. a final grade of C- or higher in an English transfer course from another university or college;
7. a degree from an English-speaking university;
8. a C grade or higher in FAL X99 from Simon Fraser University;
9. IELTS (academic): score of 6.5 or higher with a minimum band level of 6.0; or
10. TOEFL (IBT): score of 88 or higher with no section below 20.

### Note

Successful completion of any EAP course does not qualify a student to directly enter ENGL 010 or ENGL 100.

**Note**

Based on the EDT, students are placed in EAP (English for Academic Purposes), CUP (College & University Preparation) or an ENGL 100 level course.

**Note**

Based on the LPI, students will be placed as follows:

Level	Score	Placement
1	10	EAP
3	18 - 22	English 010
4	24 or higher	English 100 recommended
5	30, 31, 32, 34	Any first-year English course
6	36 - 40	Any first-year English course

Students who wish to register in any English course who do not qualify for an exemption must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) prior to registration. EDT schedules are available online at [www.capilanou.ca/edt](http://www.capilanou.ca/edt).

**Note**

Students must pay for the EDT through the Cashier's Office, North Vancouver campus. Students may also pay for Sunshine Coast or Squamish sittings of the EDT through those campuses. A fee of \$50 is charged for this exam. Photo ID is required to write the EDT. No dictionaries or electronic devices are allowed in the exam.

## ADD, DROP, WITHDRAWAL PROCEDURES

### Add, Drop/Withdrawal Procedures - Full Term Courses Only

Period	Allowed to			Appears on Transcript
	Add	Drop/Withdraw	Audit/Credit change	
before classes commence	yes	drop	no	add - yes drop - no
add/drop	yes	drop	yes	add - yes drop - no audit - yes
withdrawal	no	withdraw	no	withdraw - yes
post withdrawal deadline	no	no (only for extenuating circumstances)	no	yes (if extenuating withdrawal is granted)

## Procedure for Condensed Courses/Terms

The deadlines will be prorated to the duration of the intensive courses. Please contact the [Registrar's Office](#) for add, drop and withdrawal dates or visit, [www.capilano.ca/current/dates](http://www.capilano.ca/current/dates) for a listing of Non-Standard Add, Drop, and Withdrawal Dates.

## Adding, Dropping or Changing Courses Before Classes Commence

### Course Change Procedure

Students with an online registration time ticket (days/times to register) should continue to use the online registration system, myCap Schedule, to add, drop, or change sections for courses that are available for web registration.

Students without an online registration time ticket will need to submit a Registration form, signed by the instructor, in order to add, drop, or change sections of a course.

Course drops will not be printed on the Official Transcript of Academic Record, but will be maintained in the permanent student record for accounting and statistical purposes.

## Add/Drop Period

### Full-Term Courses:

Fall Term:

- for regular, full-term courses: the second Monday of the term

Spring Term:

- for regular, full-term courses: the second Friday of the term (when the term begins on a Monday) **or** the second Tuesday of the term (when the term begins on a Wednesday)

Summer Term:

- for regular, full-term courses: the second Friday of the term
- for Session I courses: the first Friday of the term
- for Session II courses: the Friday of the first week of instruction for Session II

**All Other Courses:** Please refer to the Capilano University website [www.capilano.ca/current/dates](http://www.capilano.ca/current/dates) for add and drop dates for courses with start and end dates that differ from the full-term start and end dates (Non-Standard Add, Drop and Withdrawal Dates).

**Add/Change Sections:** Students will be able to add courses or change sections online until the end of the add/drop period provided they have a valid Registration time ticket and the courses are available for web registration. All other course adds or section changes will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

**Drop:** Students will be able to drop courses online until the end of the add/drop period provided they have a valid Registration time ticket and the courses are available for web registration. All other drops will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

**Course drops will not be printed on the Official Transcript of Academic Record during this period;** however, a record for drops will be maintained on the permanent student record for accounting and statistical purposes.

### Note

Failure to attend classes does not constitute a course drop. Students who do not formally drop a course(s) will be assessed tuition fees, refunds will not be made, and a grade of Fail (F) will be noted on the Official Transcript of Academic Record. Requests for late adds or late drops will not be granted simply because the student was unaware of, or neglected to comply with, the University policies and procedures.

**Audit Status:** Audit registrations will only be permitted during the add/drop period and are dependent on available space and instructor's approval. In order to change from credit to audit or audit to credit during the add/drop period you must submit a Registration form to the Registrar's Office with the instructor's signature. Audit changes are not available online via myCap schedule. Regular tuition and all other student fees are assessed for audit registrants.

Audit students do not sit examinations, submit work, papers, lab reports, etc.; however, attendance at lectures, labs and seminars is required. For those students who do not meet the attendance requirement, their permanent student record and transcript will be annotated with the comment 'Audit Denied'. Audit status is not calculated in GPA, does not have credit and cannot be used toward the completion of a credential. For more information on Audit enrolment please see the [Academic Policies and Procedures](#) section of the Calendar.

## Withdrawal Period

### Full-Term Courses:

Fall Term:

- for regular, full-term courses: the sixth Friday of the term

Spring Term:

- for regular, full-term courses: the sixth Friday of the term (when the term begins on a Monday) **or** the sixth Tuesday of the term, not including Reading Break (when the term begins on a Wednesday)

Summer Term:

- for regular, full-term courses: the sixth Friday of the term
- for Session I courses: the third Friday of the term
- for Session II courses: the Friday of the third week of instruction for Session II

**All Other Courses:** Please refer to the Capilano University website [www.capilanou.ca/current/dates](http://www.capilanou.ca/current/dates) for add and drop dates for courses with start and end dates that differ from the full-term start and end dates (Non-Standard Add, Drop and Withdrawal Dates).

## Withdrawal Procedure

You may withdraw from courses during the withdrawal period. If you wish to withdraw from all courses in which you are enrolled, you are strongly encouraged to contact a Counsellor or Academic Advisor before withdrawing.

Students will be able to withdraw from courses online until the end of the withdrawal period provided they have a valid Registration time ticket and the courses are available for web registration. All other withdrawals will require submission of a signed Registration form to the Registrar's Office with the instructor's signature.

**A withdrawal ("W") will be noted on the Official Transcript of Academic Record.**

## Post Withdrawal Period

### Request for an Application for an Extenuating Withdrawal

Students who have medical or compassionate circumstances may apply for consideration of an extenuating withdrawal. Extenuating withdrawal requests will normally only be reviewed within one year of the course.

The submission of a request does not guarantee that an extenuating withdrawal will be granted. If, in the opinion of the Registrar, the request does not fall under medical or compassionate reasons, or the documentation is insufficient to support the request, the request will be denied. Withdrawal for medical or compassionate reasons will not be granted for lack of academic performance on the part of the student. If a request is granted, the permanent student record will be annotated as Withdrawal for Extenuating Circumstances (WE).

#### To Submit a Request:

1. Print and complete the [Application for Extenuating Withdrawal](#).
2. Attach a letter explaining the reason for your request along with any supporting documentation (e.g. a *letter from a physician, an official copy of an accident report, or official documentation of a family emergency, death certificate, and so forth*).
3. Submit all documentation to the **Registrar's Office**.

#### Ways to Submit Your Request:

- **In Person:** Requests submitted in person should be brought to the Registrar's Office at Capilano University, Birch Building, Room 230, 2055 Purcell Way, North Vancouver. To confirm the hours of operation for the Registrar's Office, please phone 604.984.4900.
- **By Mail:** Requests submitted by mail should be sent to Capilano University, Registrar's Office, 2055 Purcell Way, North Vancouver, B.C., Canada, V7J 3H5.
- **By Email:** Requests submitted by email should be scanned and emailed to: [registrassistant@capilanou.ca](mailto:registrassistant@capilanou.ca).

## Incomplete Grade "I"

1. If the student believes an exceptional circumstance exists which prevents him/her from completing the course during the regular time frame, the student may petition the course instructor for an incomplete ("I") grade.
2. An incomplete ("I") grade may be given where, in the judgment of the instructor, the student should have reasonable expectation of passing the course, but has not completed the required work.
3. An incomplete is assigned only when the instructor and student have arranged for the work to be completed by a specified date within four months of the end of term. If the student does not complete the work by the specified date, the Registrar will automatically assign a predetermined grade reflecting the work not completed.
4. If the student completes the work by the specified time, the instructor will assign the final grade.
5. If this incomplete procedure cannot be applied in the opinion of the instructor, the instructor is directed to contact the Registrar directly for resolution of the issue.

## COURSE OVERLOAD

1. Registration in more than five academic courses or more than the full requirements specified for a career or limited enrolment program constitutes a course overload.

2. Students may choose to register for a course overload (up to a total of 21 credits) as long as they have discussed their need or request for an overload with an Academic Advisor. Science students, however, are permitted to register for more than 16 credits, as long as the total credits do not exceed 21 credits and registration does not result in more than five courses.
3. Students may not register for a course overload until classes commence.

## COURSE CHALLENGE

Admitted students may request a course challenge whereby an examination for achievement may be awarded for a limited selection of courses at the institution. Certain courses may not be challenged.

Students interested in this procedure should contact the academic department responsible for the course.

The regular tuition fee must be paid for a course challenge. Challenged courses will be recorded on the permanent student record.

### Note

Credit for courses challenged successfully will apply to credentials earned at Capilano University. Students should be aware that other universities and colleges may not grant credit or transfer credit for credit received by course challenge.

## General Education Outcome

---

In support of the specific knowledge, understanding, and skills developed in individual programs, the institution has identified seven broad learning outcomes for all students. These institutional student learning outcomes are:

- Self-directed learning, awareness, and responsibility;
- Up-to-date information gathering and research skills;
- Communication skills;
- Quantitative reasoning ability;
- Group and social interaction skills;
- Creative, critical, and analytical thinking skills; and
- Community/global consciousness and responsibility.

Student achievement of these outcomes will be defined within the context of each program. While different programs of study will have a different emphasis on each of these outcomes and differing levels of expected competence, all programs will be addressing every outcome.

## Graduation

---

The formal Convocation ceremony is held in June. However, credentials are issued 3 times per year after each term.

Students who believe they will complete their program of study by the end of their current term of enrolment must submit an Application for Graduation by the deadline listed in the Academic Schedule at the beginning

of this calendar. To apply for graduation go to [Application for Graduation Assessment](#) on the Capilano University website.

Students should be advised that for Bachelor's Degree completion at Capilano University, 25% of course work must be completed at this institution. In some cases, the 25% requirement may include specific courses or time restrictions. In addition to the minimum overall GPA of 2.0, for baccalaureate degrees a GPA of 2.0 in upper level courses is required. Also, 24 upper level credits must be Capilano University courses. Please see specific programs in this document for details.

In the case of all other credentials (associate degrees, diplomas, certificates, advanced certificates, citations and statements of completion) 50% of all course work must be completed at Capilano University. In some cases, the 50% requirement may include specific courses or time restrictions. Please see specific programs for details.

### Minimum requirements for GPA and number of credits for graduation

Associate degrees are provincial credentials that must satisfy specific requirements. These requirements may be found in the [BC Transfer Guide](#).

Baccalaureate Degree	Requires completion of a minimum of 120 credits
Baccalaureate Majors	Requires completion of 30 upper-level credits (300 & 400) from within the students' baccalaureate
Baccalaureate Minors	Requires completion of 18 upper-level credits (300 & 400) and it is open to all eligible students
Baccalaureate or Post-Baccalaureate Concentrations	Requires completion of 15 upper-level credits (300 & 400) from within the students' baccalaureate
Graduate Diploma	Admission requirement: completion of a baccalaureate degree. Requires completion of 30 credits of graduate-level courses (500 & 600)
Graduate Certificate	Admission requirement: completion of a baccalaureate degree. Requires completion of 15 credits of graduate-level courses (500 & 600)
Post-baccalaureate Diploma	Admission requirement: completion of a baccalaureate degree. Requires completion of 30 credits of upper-level undergraduate courses (300 & 400)
Post baccalaureate Certificate	Admission requirement: completion of a baccalaureate degree. Requires completion of 15 credits of upper-level undergraduate courses (300 & 400)
Associate Degree	Provincial credential defined by the Ministry of Advanced Education
Diploma	Requires completion of a minimum of 60 credits
Advanced Certificate	Requires completion of a minimum 45 credits
Certificate	Requires completion of a minimum 15 credits
Citation	Requires completion of a minimum 6 credits
Statement of Completion	Offered for particular contract courses to fulfill Ministry and business requests, and where documentation other than a transcript is required

Grades for transfer credit, equivalence, and so forth, while given credit will not be counted toward the program CGPA. A minimum GPA of 2.0 is required to graduate with any of the above credentials. Some programs require a higher GPA. See specific program requirements.

## APPROVED QUANTITATIVE/ANALYTICAL COURSES FOR CAPILANO UNIVERSITY DEGREES

Quantitative/Analytical courses are defined as courses which have either quantitative (numerical, geometric) or formal (deductive, probabilistic) reasoning as part of their primary subject matter, or make substantial use of such reasoning in practical problem solving, critical evaluation, or analysis. A Quantitative/Analytical course is a requirement of all University baccalaureate degrees as per S2015-05.

The approved quantitative/analytical courses are as follows:

## APPLYING TO DO GRADUATE WORK OR PROFESSIONAL STUDIES AFTER COMPLETION OF A DEGREE

Universities in Canada and abroad are autonomous institutions and set their own admission criteria. Applicants are generally considered for admission based on their individual merits according to the admission standards set by the institution, faculty or program. As affirmed by the Council of Ontario Universities (December 7, 2006) "Applicants to provincially assisted universities in Ontario are considered for admission on an individual basis in a process whereby the appropriate range of academic and other relevant evidence is weighed." Students who are interested in further studies after completing degree programs are advised to consult the University's advising service at the institutions to which they are applying about the detailed requirements for admission.

## Academic Policies and Procedures

---

### ATTENDANCE (POLICY S1990-01)

Regular class attendance, and participation in course activities and assignments, is expected and likely essential to successfully achieving the course learning outcomes. Students are responsible for any and all content and instructions communicated during scheduled classes, in course handouts, and (if applicable), via course email and web sites. In cases where participation by all students is essential for conducting the planned instructional activities, attendance may be mandatory. In all cases, the attendance expectations and any penalties for missing instructional activities shall be clearly articulated on the course outline.

### ENROLMENT STATUS

**Full-time Student (POLICY S2002-04):** A full-time student at Capilano University is registered in nine or more credits in a given term.

Generally, for provincial and federal financial aid purposes, a student registered in a minimum of nine credits will be considered to have met the enrolment requirement for government financial aid. Please verify eligibility with Financial Aid & Awards.

For participation in intercollegiate sports, registration in a minimum of nine credits will generally be considered to have met the enrolment requirement.

For most scholarships, the requirement for full-time status is 12 credits. Please refer to individual scholarship applications.

**Audit:** An audit registration indicates the student has registered in and will attend a course without writing examinations or submitting work, papers, lab reports, etc. Full fees are required for audit registration. Attendance at lectures, labs and seminars is required. For those students who do not meet the attendance requirement, their permanent student record and transcript will be annotated with the comment AUDIT DENIED. Audit status in a particular course is not calculated in the GPA, does not have credit attached, and may not be used toward completion of a credential.

Students are permitted to register for audit status in a particular course only as of the first day of classes, based on space availability and with the instructor's signature. Students may change their registration in a course from credit to audit or audit to credit on or before the last day of the Add/Drop Period with the instructor's approval and signature.

## **ACADEMIC YEAR STANDING**

Academic Year Standing is based on the number of credits completed within a program as noted below:

For enrolment verification purposes, Second Year Academic Standing will be assigned based on:

- Arts and Sciences and School of Business: successful completion of 24 credits in that program;
- Career programs: successful completion of 50 percent of the total credits required for a two-year diploma in a specified program, or 30 credits.

For enrolment verification purposes, Third Year Academic Standing will be assigned upon successful completion of 54 credits in a program. Fourth Year Academic Standing will be assigned upon successful completion of 84 credits in a program.

## **EXAMINATION PERIOD**

The last two weeks of the fall and spring terms are designated as an examination period. If a final examination is to be given, it will take place during the examination period and will be up to three hours in duration. The last week of each summer session is designated as the examination period.

For some Career/Limited Enrolment/Foundation programs, classes will continue as regularly scheduled throughout the examination period. In addition, a special examination schedule may be set. Detailed information is available from instructors or program coordinators.

The examination schedule will be posted by the end of the eighth week of instruction for the fall and spring terms.

## **ACCESS TO RECORDS**

All official permanent student records are kept in the Registrar's Office, and are considered confidential.

Students may be provided with a copy of their academic record upon written request to the Registrar's Office. Academic record information will only be released upon presentation of photo identification (i.e. valid driver's

license, passport, or Capilano University student identification card). Information will not be given to any agency or person other than the student, unless the student has given their permission in writing. Exceptions are as follows:

- For institutional research projects approved by the University
- To government departments or their agents where Capilano University is required by law to provide the requested information
- To respond to a valid court order, search warrant, subpoena, police file, summons, or other legal document served upon the University
- To respond to appropriate parties if knowledge of the information is necessary to protect the health or safety of the student or other individuals

**Grade statements:** Grade statements are available online via myCap (Student Information Web Service) at the end of each term.

**Transcripts:** Official transcripts are issued by the Registrar's Office, only at the request of the student, and are mailed directly to the institution or agency or to the student in a sealed envelope. Unofficial transcripts can be printed by students from myCap (Student Information Web Service).

## USE OF PERSONAL EDUCATION NUMBER

Personal information on your student record will be used to verify your Personal Education Number (PEN) or to assign one to you. The PEN is a nine digit number assigned to each student as they enter the British Columbia educational system. This identification number follows the student through their K-12 and post-secondary education. The PEN is used for multiple purposes, including the distribution of funding to schools, transition analysis between schools, districts and post-secondary education, exams and student reporting.

The Freedom of Information and Protection of Privacy Act guarantees the privacy of information that is collected, regulates how it is collected, and who has access to it. The PEN program follows the guidelines set out by the Freedom of Information and Protections of Privacy Act ([www.bced.gov.bc.ca/pen/student/penfoi.htm](http://www.bced.gov.bc.ca/pen/student/penfoi.htm)). If you have any questions about the use of PEN, please contact the Privacy Coordinator in writing at: [privacy@capilanou.ca](mailto:privacy@capilanou.ca) or: Privacy Coordinator, 2055 Purcell Way, North Vancouver, B.C., V7J 3H5.

## PROTECTION OF PRIVACY AND ACCESS TO INFORMATION

Capilano University gathers and maintains information used for the purposes of admission, registration, alumni and other fundamental activities related to being a member of the Capilano University community and attending a public post-secondary institution in British Columbia. In signing an application for admission, graduation, or a registration form, all applicants are advised that both the information they provide and any other information placed into the student record as per section 35 of the Freedom of Information and Protection of Privacy Act of British Columbia, will be used on a confidential basis, for the purposes of admission, registration, research, alumni development, student association, and other purposes consistent with the mandate of the institution. Capilano University reserves the right for the Registrar to share information with the Ministry of Advanced Education, Training and Technology, or other related government agencies. Any questions concerning the collection and use of this information should be directed to the Privacy Coordinator: [privacy@capilanou.ca](mailto:privacy@capilanou.ca).

## EXEMPTION, SUBSTITUTION, TRANSFER CREDIT, PRIOR LEARNING ASSESSMENT AND COURSE CHALLENGE

All requests for exemption, substitution or transfer credit must be submitted to the Registrar's Office on the Transfer Credit Request form. A decision will be made with the recommendation of an appropriate program coordinator, if applicable. The credit or action will be noted and approved by the Registrar's Office. Students will be notified in writing of the final decision.

Exemption	An exemption indicates a student is not required to complete a particular course(s) in a program because of successful completion of a combination of post-secondary courses which, overall, constitute equal content. Exemption Standing does not reduce the total number of credits required to complete a credential. Approved Exemption is not noted on the student's Official Transcript of Academic Record.
Substitution	A substitution indicates a Capilano course used in lieu of another Capilano course to complete a program's requirements. Credit must be equal. Approved Substitution is not noted on the student's Official Transcript of Academic Record.
Transfer Credit	<p>Capilano University (Capilano) is a strong supporter of the articulation of transfer of courses and programs between institutions and supports the following principles:</p> <ol style="list-style-type: none"> <li>1. The primary purpose for transfer is to increase student accessibility to post-secondary education by facilitating mobility between other institutions and Capilano.</li> <li>2. In any transfer arrangement the academic integrity of Capilano's courses and programs must be protected and preserved.</li> <li>3. Canada does not have a national system of accreditation; therefore, the term "recognition" is used in this document. See full policy for more detail: <a href="http://www.capilanou.ca/about/governance/policies/Policies/">www.capilanou.ca/about/governance/policies/Policies/</a></li> </ol>
Prior Learning Assessment (PLA)	<p>At Capilano University our mission is to enable student success in current and continuing studies, in a chosen career, in the pursuit of knowledge, and in contributing effectively as responsible citizens in a rapidly changing and diverse global community.</p> <p>To accomplish its mission, Capilano University strives to provide a dynamic and secure learning environment committed to excellence in education and to equity of access. To ensure "equity of access" Capilano University recognizes that students may have attained significant learning at a post- secondary level from work, training and other experiences outside the formal post-secondary education system. Those who have gained such learning should be able to receive credit for that learning and build on it in pursuing further education at Capilano University. See policy for my detail at: <a href="http://www.capilanou.ca/about/governance/policies/Policies/">www.capilanou.ca/about/governance/policies/Policies/</a>.</p>
Course Challenge	Admitted students may request a course challenge whereby an examination for achievement may be awarded for a very specific and limited selection of courses at the institution. Certain courses may not be challenged. Students interested in this procedure should contact their instructor.

The regular tuition fee must be paid for a challenged course. A course challenged successfully will be recorded on the permanent student record.

**Note:** Transfer credit, exemption, substitution, PLA, or Course Challenge granted is only relevant for Capilano University. Other institutions to which you may transfer will re-evaluate your credits at the time of application to that institution.

## GRADING SYSTEM (POLICY S2017-01)

Grade	Numerical Range in % or Definition	Grade Point Equivalent
A+	90-100	4.33
A	85-89	4.00
A-	80-84	3.67
B+	77-79	3.33
B	73-76	3.00
B-	70-72	2.67
C+	67-69	2.33
C	63-66	2.00
C-	60-62	1.67
D	50-59	1.00
F	49 and below	0.00
AD	Audit Denied	Not Calculated
AEG	Aegrotat	Calculated
AU	Audit	Not Calculated
CON	In Progress. Continues in next term.	Not Calculated
CR	Credit Granted	Not Calculated
I	Incomplete	Not Calculated
NC	No Credit Granted	Not Calculated
NGR	No Grade Reported	Not Calculated
W	Withdrawn	Not Calculated
WE	Withdrawn with Extenuating Circumstances	Not Calculated
NA	Not Attending. Use of NA was withdrawn as of September 1994.	Not Calculated

## Grade Point Average (GPA)

Grade performance is expressed in terms of a grade point average (GPA). GPAs are reported on each Official Transcript of Academic Record. To calculate the term GPA, the grade point value for each grade is multiplied by the credit hours to produce a number of grade points for each course. For example, an "A" received in a three-credit course would become, for purposes of the calculation:

$$A = 4.00 \times 3cr = 12 \text{ grade points}$$

To calculate the term GPA, the sum of the grade points is then divided by the number of credit hours taken in one term only. Similarly, the cumulative GPA recorded is the sum of total grade points for all terms, divided by the number of credits for all terms of enrolment.

The minimum grade point average for graduation is 2.00. Some programs require higher or additional grade point average requirements for graduation purposes. Please refer to the relevant program section of the University Calendar for further information.

## **Participation**

Up to a maximum of 10% of the total grade may be assigned to participation. (A percentage higher than 10% can be assigned with approval of the Dean). Where participation is included in the total grade, the definition of participation will be included in the course outline.

## **Audit Denied**

Assigned when a student has not met the attendance requirements for an Audit course. Audit Denied standing does not have credit attached, and is not calculated in the GPA.

## **Aegrotat**

Assigned when a student has completed a minimum of 60% of their coursework but is then unable to complete the course as a result of significant and ongoing medical, emotional, or other difficulties. Distinct from a Withdrawal for Extenuating Circumstances, an Aegrotat grade is assigned when there is no expectation that the student will be able to complete the course at another time. This standing is awarded only if the course instructor or coordinator, and the Dean recommend such standing to the Vice-President Academic and Provost based on their agreement that the student has demonstrated the capacity to deal with the course material satisfactorily. When the AEG standing is awarded, a grade is assigned and calculated in the GPA as per standard grading protocol.

## **Audit**

Assigned when a student has registered as audit and met the attendance requirement for an audit course without submitting any assessments. Audit status is not calculated in the GPA, does not have credit attached, and may not be used toward completion of a credential.

## **CON: In Progress. Continues in next term.**

Assigned to denote courses that continue from one term to the next.

## **Credit Granted**

Assigned when a student has reached the level of mastery required for successful course completion. Credit Granted status is not included in the GPA calculation.

## **Incomplete**

Assigned in exceptional circumstances when a student requests extra time to complete his/her coursework. Such agreements are made only at the request of the student. The student is responsible to determine from the instructor the outstanding requirements of the course. If an Incomplete is not cleared by the grade deadline of the following term, the grade will be changed to the evaluation attained at the time the grade was originally assigned. If a new "complete" grade is assigned this grade replaces the "I" status and is calculated in the GPA as per standard grading protocol.

## **No Credit Granted**

Assigned when a student has not reached the level of mastery required for successful course completion. No Credit Granted status is not included in the GPA calculation.

## **No Grade Reported**

Assigned automatically when no grade has been reported to the Registrar's Office.

## **Withdrawn**

Assigned when the student withdraws from the course during the defined withdrawal period for the course.

## **Withdrawn with Extenuating Circumstances**

Assigned in exceptional circumstances after the end of the Withdrawal Period and typically related to a medical situation.

## **F Grade**

All Fail or 'F' grades recorded on the student's Official Transcript of Academic Record are assigned a value of zero in the calculation of a student's term and cumulative GPA.

## **Academic Appeals (Senate Student Appeals Policy S2015-03)**

This policy applies to appeals on academic or disciplinary matters. In all cases, final appeals will be heard by the Senate Appeals Committee (SAC).

Under this policy, students can appeal from the two following types of University decision-making: academic decisions or discipline.

Academic decisions include:

1. Final grades;
2. Denial of withdrawal under extenuating circumstances;
3. Denial of admission or readmission; and
4. Restriction or discontinuation of enrolment.

Disciplinary decisions include those related to academic and non-academic misconduct.

See full policy for more detail at: [www.capilanou.ca/about/governance/policies/Policies/](http://www.capilanou.ca/about/governance/policies/Policies/).

## **Repeated Courses (POLICY S2003-02)**

Without the permission of the instructor, a student may take the same course for a second time (withdrawals are included). The grade for each of these two attempts will be recorded, but the higher of the two grades will be used in the calculation of the cumulative grade point average (CGPA).

With the permission of the instructor of the particular course or a designated faculty member, a student may take the same course for a third time. The grade for each of the three attempts will be recorded, but the higher grade of the last two grades will be used in the calculation of the CGPA.

## Academic Honours (POLICY S1989-02)

There are two types of academic honours at Capilano University: term honours and graduation honours.

### Term Honours

#### Dean's List

Students who fulfill the following conditions in a given term will be awarded standing on the Dean's List:

- achieve a minimum of 3.67 on their Term Grade Point Average (TGPA);
- have no "Incompletes", no "No Credit Granted" and no "Fail" grades; and
- complete a minimum of 12 credits for the term.

#### Merit List

Students who fulfill the following conditions in a given term will be awarded standing on the Merit List:

- achieve a minimum of 3.67 on both their Term Grade Point Average (TGPA) and Cumulative Grade Point Average (CGPA);
- have no "Incompletes", no "No Credit Granted", and no "Fail" grades; and
- complete fewer than 12 credits for the term.

Students who achieve Dean's List or Merit List standing receive a congratulatory letter from the University recognizing their achievement.

Dean's List/Merit List designation is recorded on the permanent student record and shall appear on the student's transcript of academic record.

### Graduation Honours

#### Graduation with Distinction (all credentials except Bachelor Degrees)

Students are eligible for the Graduation with Distinction if they fulfill the following conditions:

- complete a Capilano University credential of 30 or more credits of which no more than 20% of the program's credits can be Credit/No Credit grades;
- achieve a minimum CGPA of 3.75, based on courses used to satisfy program requirements; and
- have no grade lower than C+ in the program requirements.

While credit may be given for transfer, equivalence, and so forth, the associated grades will not be used in calculating the program CGPA.

Graduation with Distinction is recorded on the permanent student record and shall appear on the student's official transcript of academic record and on the parchment.

#### Graduation with Distinction - Bachelor Degrees

Students are eligible for the Graduation with Distinction if they fulfill the following conditions:

- complete a Capilano University Degree in which no more than 20% of the credits can be Credit/No Credit grades;
- achieve a CGPA of 3.75, based on 300 and 400 level courses used to satisfy Capilano requirements; and
- have no grade lower than C+ in the program requirements at the 300/400 level.

While credit may be given for transfer, equivalence, and so forth, the associated grades will not be used in calculating the program CGPA.

Graduation with Distinction is recorded on the permanent student record and shall appear on the student's official transcript of academic record and on the parchment.

## **Other Honours**

### **The Governor General's Collegiate Bronze Medal**

This award is presented to the graduate from a two-year program diploma or associate degree program who has achieved the highest cumulative grade point average, and who has attained this grade point average on a minimum of 15 credit hours per term, or full program load as outlined in the University Calendar, during attendance at Capilano University.

### **The Lieutenant Governor's Silver Medal**

Awarded for academic excellence and contribution to the University and community to a graduate in a Career/Limited enrolment program of less than two years duration.

## **Academic Standing (POLICY S2003-03)**

This policy is to provide direction regarding the assessment of student academic performance during their studies at Capilano University.

This policy relates to all students who register in credit (academic) courses at Capilano University.

Continuing and Professional Education (CE) courses at Capilano University and the students completing these courses are not subject to this policy.

Academic standing assessment is designed to provide feedback to students at the end of each term in regard to their term/cumulative standing to assist the student in maintaining an awareness of their ongoing academic standing.

Academic standing assessment is not designed to be a punitive tool. Instead, is meant to provide ongoing feedback of student academic standing. The assessment criteria is designed to ensure that students are provided with notification of standing in a fashion that is time sensitive and allows students the opportunity to seek academic assistance, if needed, and maintain or return to Good Academic Standing throughout their studies at Capilano University. To ensure that students have sufficient time to seek assistance, students cannot move more than one step lower in their academic standing in any given term but are able to return to Good Academic Standing over one term.

The Academic Standing Policy outlines the University standard for assessment of academic standing and continuance in University registration. Please note that individual programs, when approved by Senate, may have continuance standards separate from this policy. When program continuance standards are separate from this policy, it is expected that these standards are made available to their prospective and current students through their program web sites and in person.

### **Definitions**

**TGPA** - Term Grade Point Average - the average of the final grades for all credit courses taken within that given term

**CGPA** - Cumulative Grade Point Average - the average of the final grades for all credit courses taken since first admission to the university

**RTW - Required to Withdraw**

**Academic Performance Assessment Criteria**

Capilano University will assess Academic Standing based on the following criteria:

1. Upon completion of 9 credits of course work after the first admission to the university;
2. Using only grades assigned by Capilano University;
3. Using only standard letter grades A+ through F.

Good Academic Standing.	<p>Students at Capilano University are deemed to be in Good Academic Standing if both their TGPA and their CGPA are 1.80 or higher.</p> <p>The notation "Good Academic Standing" is recorded on the student's permanent student record and the student transcript for each term where this standing is granted.</p> <p>Until such time that a student has completed 9 credits at the university there is no Academic Standing evaluation completed for the student and the notation "Good Academic Standing" will be noted on their student record and their student transcript. Academic Standing will be evaluated at the completion of every term after the first standing evaluation occurs.</p>
Academic Alert	<p>Students who achieve a TGPA and/or CGPA of less than 1.80 are placed on Academic Alert. The Academic Alert notation is listed on the student's permanent record but is not noted on the student transcript. Students on Academic Alert will continue to have the notation of Good Academic Standing on their student transcript.</p> <p>The Academic Alert standing is designed to provide students with an early warning regarding the potential shift in the academic standing. This early warning is provided to ensure that students are able to seek out services, both at the university and otherwise, to support their learning.</p>
Academic Probation	<p>Students who achieve a CGPA of less than 1.67 are placed on Academic Probation. The Academic Probation notation is listed on the student's permanent record and is noted on the student academic transcript.</p>
Required to Withdraw	<p>Students on Academic Probation will be RTW if they achieve a CGPA of less than 1.59 and a TGPA of less than 1.67. The RTW notation is listed on the student's permanent record and is noted on the student academic transcript.</p> <p>Students will be RTW for a minimum of one major term (Fall or Spring). Students who have registered for a subsequent term but who are RTW will be deregistered from that subsequent term and will be refunded their fees in full.</p>
Re-Admission After Required to Withdraw Status	<p>To return to studies students are required to submit an Application for Admission/Readmission with the required application fee. Students who are readmitted are readmitted on Academic Probation and are subject to the conditions of Academic Probation as outlined in the previous sections.</p>

### BOARD OF GOVERNORS

The Capilano University Board of Governors directs the affairs of the university and sets policies in accordance with the [University Act of British Columbia](#). The Board is responsible for the management, administration and control of property revenue and the business and affairs of the University.

The Board of Governors is composed of 15 members: the Chancellor; the President; two faculty members elected by the faculty; eight persons appointed by the Lieutenant Governor in Council, two of whom are to be appointed from among persons nominated by the alumni association; two students elected by the students; and one person elected by and from the employees of the university who are not faculty members.

The Board is responsible for the business affairs of the University. It determines the policies by which the University operates and reviews the financial performance of the University. Traditionally, the Board holds public meetings ten times each year to conduct its general business and to fulfil its statutory responsibilities. According to provisions outlined in the University Act, Capilano University Board members do not receive remuneration for their services.

## SENATE

The Senate is established in conformity with the University Act and is responsible for policies concerning student evaluation, withdrawal, academic standing, appeals, grading, awards for excellence, and curriculum content. The Board of Governors obtains advice from Senate on a variety of matters. Senate meets monthly to fulfill its responsibilities.

Senate is composed of 26 voting representatives: ten Faculty, five Deans, four Students, two Staff, the Chancellor, the President, the Academic Vice-President, the University Librarian and one Alumni Member appointed by the President. In addition there are non-voting members including a Board member, the Registrar, representatives from Faculty, Staff and the Student Union. Each Faculty elects an alternate member who becomes a voting member when the voting member of that Faculty is away.

## Educational Advice

---

### ACADEMIC ADVISING

**Mission Statement:** We focus on student success, offering advice on Capilano University programs and services through a mentoring relationship between student and advisor. We teach students the skills to make informed decisions related to their educational goals and identify opportunities for personal and academic growth. As members of the Registrar's Office, we support students in their pursuit of excellence as they develop their ability to contribute to the greater community through the application of knowledge.

You can expect your advisor to:

- Be accessible to students in-person, by phone or email, and maintain confidentiality
- Provide accurate and knowledgeable information on Capilano programs
- Communicate Capilano policies and procedures and explain university terminology
- Assist with setting and reinforcing realistic goals
- Refer students to appropriate services on and off campus

## KÉXWUSM-ÁYAKN (FIRST NATIONS) STUDENT CENTRE

The Centre provides a support network for First Nations students at Capilano University while helping First Nations culture to flourish in the university community. The Centre is where First Nations students can gather to study, share, and socialize in a relaxed atmosphere where everyone is welcome. The Centre is located in Library room 196, on the ground floor next to Capilano Student Union Lounge. The Centre offers:

- A safe place for students of Aboriginal ancestry (First Nations, Inuit, Métis) to relax and meet new people
- Information and resources relevant to all First Nations
- A study space, a meeting place and a place to eat lunch
- On-site tutoring by Math Learning Centre and Writing Centre faculty
- Computers and printer
- Fridge, microwave and sink
- Telephone for local calls
- Notice board for events
- Cultural workshops
- In Resident Elders

## First Nations Student Services

The First Nations Student team provides direct services to First Nations students in a variety of ways: assistance with course selection and registration, information concerning Capilano resources, advisor for special programs, liaises with First Nations Band education officers and university instructors, consultation regarding personal and educational matters. The team acts as a resource to the student-based First Nations Issues Committee. First Nations student services offers assistance to First Nations students attending Capilano University in North Vancouver, Sechelt and Mount Currie. The Advisor also coordinates advice provided to the University from its First Nations Advisory Committee, an external advisory group.

### IT SERVICES

IT Services provides technology and support for Capilano University students. A CapU account is created when applying to Capilano University, and is used to access computing services such as:

- Student Information Web Service: Register for courses [webapps.capilano.ca/login](http://webapps.capilano.ca/login)
- Student Email: @my.capilano.ca email account [webapps.capilano.ca/student/webmail](http://webapps.capilano.ca/student/webmail)
- Moodle: Learning Management System [webapps.capilano.ca/moodle](http://webapps.capilano.ca/moodle)
- Computer Labs: Windows or Mac workstations [www.capilano.ca/it-services](http://www.capilano.ca/it-services)

If a password is forgotten, it can be reset at [webapps.capilano.ca/login](http://webapps.capilano.ca/login)

IT Services provides technology for student use:

- The Library is equipped with computers for student and drop-in-use and pay-for-printing facilities with scanners and photocopiers.
- Computer Labs are available in most buildings equipped with computers for student and faculty use, pay-for-printing facilities and software to support your coursework.

IT Services can help to solve technology problems such as login issues with CapU accounts, wireless access issues or any issues using the available technology (computers, printers, projectors). IT Services also provides audio-visual loans for cameras, audio recorders, remotes, and an assortment of accessories. IT Services provides help and audio-visual loans in person inside the Library, while also providing help with technology questions over the phone and email.

## LIBRARY

### Collections

Through the library website, students can access resources such as books, ebooks, journal articles, and streaming videos and music. The library also has a collection of DVDs, magazines, newspapers, and music CDs.

### Research Assistance and Instruction

Librarians offer one-on-one research consultations with students and faculty in person, by phone, by email, and by virtual chat. See [Ask a Librarian](#) for details. Librarians also work to integrate information literacy skills into curriculum at the course and program level. They are available to teach workshops to students as part of any course, from beginner to advanced level. [Subject guides](#) to resources are available online. The [Library](#) website has the most comprehensive coverage of Capilano University Library resources and services.

### Borrower Services

Students are required to present current Capilano University ID to borrow library materials. For loan periods and other policies see [Borrowing Guidelines](#).

#### Note

Late fees are charged on overdue library reserve materials. Please note the due date on each item borrowed and return materials on time.

### Squamish and Sunshine Coast Campuses

Sunshine Coast and Squamish students have full access to the main Library collection through the online catalogue and inter-campus lending, as well as full-text article databases and web resources. A [regional student library guide](#) is available. At the Sunshine Coast campus, the Learning Commons, a group/individual study area with computer workstations and student printing is open Monday to Friday. Librarians are also available to visit all of our regional campuses to teach research skills workshops for students.

## MATHEMATICS LEARNING CENTRE

The Math Learning Centre (MLC), located in the Birch Building (Birch 289), provides individual assistance with mathematical or statistical problems related to any course at the University. The MLC is staffed by faculty from the Department of Mathematics and Statistics. The instructor schedule is posted outside the MLC and on the [MLC website](#). Tutoring is also available at the [Kéxwusm-áyaqn](#) (First Nations) Student Centre.

The MLC has two large study areas: one room where students may work in groups and another room for silent, independent study. In addition, there is a video/computer room equipped with computer stations, a printer and a video station where students may view videos on topics in calculus, precalculus, algebra and statistics. A library of mathematical and statistical reference texts is available for students to use in the MLC or to borrow for a period of time.

## WRITING CENTRE

All students registered at the University are welcome to visit the Writing Centre (Fir 402) for individual help with their writing assignments or writing difficulties. The Centre aims to help students of all levels develop as writers.

In addition to help from instructors, the Centre also offers a wide variety of free handouts; a website ([www.capilanou.ca/writing-centre](http://www.capilanou.ca/writing-centre)) with links to writing resources and an "Ask an Instructor" online service; a regular schedule of workshops; an extensive reference book collection; a computer lab with 21 PCs, a laser printer, and an appealing, quiet workspace.

The Writing Centre is staffed by English faculty. Daily hours of operation are posted outside the door of the Centre and on the Writing Centre website at [www.capilanou.ca/writing-centre](http://www.capilanou.ca/writing-centre). Tutoring is also available at the *Kéxwusm-áyakn* (First Nations) Student Centre.

## Financial Support

---

### FINANCIAL AID AND AWARDS

Financial Aid and Awards supports students by assisting them in formulating a plan to finance their education and increasing their financial resiliency. Our advisors provide students with support in the areas of awards, government student loans, other government-funded programs, and student lines of credit, and by facilitating access to external awards and providing assistance in budgeting for their education.

### Scholarships, Bursaries, and Awards

The Scholarships, Bursaries, and Awards Guide contains a comprehensive listing of the awards administered by the University, and includes details about award-specific eligibility criteria and how to apply. The Guide is available at [www.capilanou.ca/Awards-Guide](http://www.capilanou.ca/Awards-Guide).

### Future Students

- A variety of entrance awards are available for new students, including full tuition scholarships that are renewable for up to 4 years of study.
- Information on applications and deadlines is available at [www.capilanou.ca/entrance-awards](http://www.capilanou.ca/entrance-awards).

### Current Students

- A wide range of scholarships, bursaries, and awards are available for current students, including scholarships that recognize academic achievement and bursaries that support financial need.
- Information on applications and deadlines is available at [www.capilanou.ca/capilano-awards](http://www.capilanou.ca/capilano-awards).

## Workshops, Seminars, Information Sessions

- Topics include financing your education, budgeting, money management, understanding student loans and student loan repayment, and applying for awards.
- Multiple sessions are offered each term; the current schedule is available at [www.capilanou.ca/financial-aid/Events](http://www.capilanou.ca/financial-aid/Events).

## Confidential Student Financial Advising

- Pre-booked appointments and drop-in sessions are available.
- Information on these options is available at [www.capilanou.ca/financial-aid](http://www.capilanou.ca/financial-aid).

## Alternative Learning Formats

---

### ONLINE PROGRAMS

Attend a course at anytime, from anywhere. Whether you are working full time, travelling for your business, or prefer to learn at home, there is nothing more convenient than online learning.

For more information, see [webapps.capilanou.ca/moodle](http://webapps.capilanou.ca/moodle).

## CO-OPERATIVE EDUCATION

Co-operative education integrates a period of the classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid and unpaid employment in business, industry, government and non-profit organizations. The goal is to develop high caliber graduates, better able to assume productive jobs.

Employers may use co-op students to assist in building a work force that meets the short term needs of their organization. Students can undertake special projects and provide relief for permanent staff who may be undertaking other tasks. In the longer term, employers have a cost effective means of evaluating potential future employees.

Co-op education also helps the university to develop contracts with the business community in general, as well as receive immediate feedback on the quality of relevance of our program and the quality of our students.

Obtain valuable hands-on experience. The co-op experience provides students with a superior, well-rounded education enriched by the practical application of their skills.

Capilano University offers the following cooperative education program:

- Tourism Management

## PRACTICUM AND SHORT-TERM WORK EXPERIENCE

Several programs include a practicum or a short period of work placement as part of their program requirements.

Programs offering a practicum or short-term work opportunity include:

- Accounting Assistant
- Alternative Career Training
- Applied Behaviour Analysis
- Arts and Entertainment Management
- Business Programs (School of Business)
- Communication Studies
- Costuming for Stage and Screen
- Early Childhood Care and Education
- Education and Employment Access
- Education Assistant
- Healthcare Assistant
- Indigenous Independent Digital Filmmaking
- Legal Administrative Assistant
- Legal Studies/Paralegal
- Music Therapy

- Visual Communication

# Personal Support Services

---

## COUNSELLING

### General Information

The counsellors at Capilano are professionals trained to provide a variety of counselling services designed to promote and support students' academic success, identification and achievement of appropriate career goals, and personal growth.

At present, Counselling Services offer the following services to Capilano students:

*Student Success Counselling* helps students explore issues related to academic success such as time management, goal setting, motivation, procrastination and stress management. Students are advised to consult with a counsellor when experiencing academic difficulty.

*Career Counselling* offers help to students who are having trouble deciding on a career, who perhaps feel unsure, confused, or lacking motivation. Counselling and assessment can help students make realistic career plans based on their interests, abilities and values. Students can also use [Career Cruising](#), an online self-directed program to explore career choices.

*Personal Counselling* is available to help students who are experiencing personal difficulties which affect their ability to succeed in post-secondary studies. Counsellors can help students to clarify issues, overcome obstacles and find effective ways of dealing with their problems. Counsellors can also refer students to community agencies for further assistance.

*Workshops and Outreach Programs* designed to help students succeed are offered throughout the term in such areas as career exploration, goal-setting, test anxiety, procrastination, stress management, self-esteem, assertion training and anger management.

*USS 100, Introduction to University Success Strategies*, is a three credit course that teaches students the academic and personal skills necessary to succeed at university.

Counselling is confidential. No information gathered in counselling sessions is released unless authorized by the student or required by law.

## CHILD CARE

Capilano University offers full-time child care for infants, toddlers and three to five year olds at the Children's Centre on the North Vancouver campus. Some part-time spaces are also available. Child care spaces are first offered to children of Capilano University students, then children of employees. Children of community members may be admitted if space is available. The Centre provides a balance of activities that help children to progress in their social, emotional, physical and cognitive development. Through collaboration with parents the Centre is able to develop a quality child care community that respects and values the uniqueness and contribution of all children and families.

Groups are small and program activities are planned so that children can successfully meet challenges and learn positive ways of interacting with one another. Clear and reasonable limits are set to ensure the safety of each child, the protection of personal rights and protection of property. The daily program includes a regular schedule of indoor and outdoor play, bathroom routines, snack and lunch, rest time and group times.

Because the Centre is located on the beautiful North Vancouver campus of Capilano University, occasional group walks are planned. In addition, the Centre benefits from the services and facilities of the university including availability of campus health services, campus security, emergency preparedness, and facilities maintenance.

The Centre works closely with the Early Childhood Care and Education department. Students in the Early Childhood Care and Education (ECCE) program at the University are learning to be teachers in child care and other pre-school centres. Because practical experience is an essential part of their education, ECCE students observe and participate in Centre activities to learn how classroom techniques apply to a quality child care program. A limited number of students participate as student assistants for an extended period,

working with the staff to provide a program children will enjoy. All student activities are carefully supervised by the staff of the Centre and ECCE instructors, and the needs of the children are always given first consideration.

The Centre is open weekdays except statutory holidays.

Provincial Child Care subsidies are available through the Ministry of Children and Family Development.

Applications for childcare are available at the Children's Centre.

## CONFLICT RESOLUTION ADVISOR

KEIRON SIMONS                      BA, LLB

The primary work of the Conflict Resolution Advisor is to assist campus members to confidentially and informally resolve disputes, including difficult interpersonal situations and harassment issues. This work can include discussing effective responses, facilitating communication between the concerned individuals through coaching, mediation or chairing group meetings, or helping complainants initiate a formal complaint under the University Harassment Policy (see Policies and Procedures in this Calendar). All conversations are confidential and the Advisor will not take any action unless you request it (or if it is legally required).

The advisor also offers presentations and workshops at all campuses on effective communication, resolving conflicts positively, difficult conversations and on harassment, discrimination, and bullying. The advisor and his resource library are available to all student researchers with questions about harassment, conflict resolution and related topics.

### ATHLETICS AND RECREATION

#### Athletics

Capilano University is a full member of the Pacific Western Athletic Association (PACWEST), which is the governing body for all intercollegiate athletics in the province. Provincial championships are determined annually, with winners advancing to national finals. This provides our University's highly skilled student athletes an opportunity to meet with and compete against the best college and university athletes in Canada.

Our Capilano University Blues teams compete in soccer, basketball and volleyball both for men and women. Each year, our many exceptional athletes, working with the experienced Blues coaching staff and managers, have combined to produce both provincial and national championship teams. Capilano University is proud of the accomplishments of its student athletes and of its growing reputation for athletic excellence. For athletes seeking information about their sport status, call the Manager, Milt Williams, at 604.983.7532 or visit our website at [athletics.capilano.ca](http://athletics.capilano.ca)

#### Campus Recreation

The department offers an expanding intramural program, utilizing the University's Sportsplex facility and the Weight Training Centre, together with recreation and fitness programs, which are available during the day and evenings in the fall and spring terms. Some examples of the scheduled activities are: basketball, indoor soccer, yoga, badminton, table tennis, karate, weight training, clubs and many more.

The Sportsplex is located in the south east corner of the south campus parking lot across from Birch building. To find out more about the program offered or to start your own activity club please check our website at [www.capilano.ca/campus-rec](http://www.capilano.ca/campus-rec)

## STUDENTS' SOCIETY

The Capilano Students' Union (CSU) is a democratic autonomous organization dedicated to advancing the interests of students by working to achieve a system of post-secondary education which is accessible to all. Membership in the student society commences at registration and includes both part-time and full-time students. The society works to protect the rights of students and to advocate wherever decision making affects the quality of life for students at Capilano University. For example, the society appoints student representatives to university committees to ensure that student perspectives are a part of the University's decision making processes. The society also organizes social, political and cultural events and provides a variety of low-cost services to members.

The CSU's Board of Directors coordinate the campaigns, services, and activities of the society. Elections for all vacant or expiring positions on the board are held in the Spring term. Students interested in getting involved with their students' society are invited to drop by the Services Desk in the Library building or stop by the Administration office in the Maple building for an orientation. Students who wish to be involved in the campus community can join committees, participate in planning campaigns and events or relax and socialize in the student lounges.

Several valuable services are provided by the society such as the U-Pass BC, CSU Health & Dental Plan, tutor & housing registry, and more. The CSU Used Book Sale allows students to buy and sell used textbooks and save significantly on their textbook expenses. Students are encouraged to get their free copy of the Capilano Students' Union Handbook and Day Planner, which serves as a guide to the many resources the CSU has to offer. Further information may also be obtained by visiting the CSU's website at [www.csu.bc.ca](http://www.csu.bc.ca)

Office Hours Monday to Thursday 9:30 a.m. to 4:30 p.m. Friday 9:30 a.m. to 3:00 p.m. Hours subject to change during the Summer semester.

## SUSTAINABILITY

Capilano University manages its use of energy, water, land and materials to reduce its environmental impact on the planet; achievements to date include reducing greenhouse gas (GHG) emissions, paper consumption and landfill waste by more than 50%.

CapUWorks is a student driven sustainability program that employs 3 to 5 Student Organizers during the Fall and Spring terms and 1 to 2 students during the Summer term. Organizers engage their peers, employees and non-profit organizations to take action for a more sustainable planet, stronger society and beneficial economy .

CapUWorks also supports EarthWorks, a faculty lead co-curricular lecture series, open to the general public, that hosts current authors, film-makers, and sustainability experts to enable individual environmental action and develop global citizens and sustainability leaders.

## Campus Publications

---

### STUDENT NEWSPAPER

The Capilano Courier is Capilano University's student publication published 24 times throughout the fall and spring semesters. The courier works to cover stories important to students on and off campus. The Courier is run by an independent staff of students, autonomous from the student society and University administration.

Since the Courier is written, organized, and laid out on campus, there is always a need for help. Students are encouraged to take part in news and feature writing, reporting, editing, layout, photography, artwork, desktop publishing, graphic design and advertising.

The Courier welcomes input from the entire University community. Classified ads (which are free to students, staff, and faculty), letters, and other contributions can be submitted to their offices in room 122, Maple building.

### BOOKSTORE

Located in the southwest corner of the Birch building, the Bookstore offers new and used texts, digital books, stationery, clothing, and sundry items.

A current textbook list is available online where you can purchase books and have them delivered. Go to: [www.capilano.ca/bookstore](http://www.capilano.ca/bookstore) then navigate to the Buy Books Online link. In addition, information on the Bookstore's hours of operation, services and sales and promotions can be found here.

The Bookstore also pays cash for used textbooks several times per year. The website will have the times and dates for upcoming buy backs, as well as information on how much you may get for your book.

The Bookstore accepts cash, Visa, MasterCard, Interac and cheques with proper ID.

## CAPCARD (STUDENT PHOTO ID)

The *CapCard* is your official student photo identification, Library card, and electronic door access card which may be required for program specific restricted areas (such as the film program studios). All new students need to obtain the *CapCard* after completing the registration process. This card is valid for as long as you are a student at Capilano University; it does not expire. As a Library card, it allows you to borrow material and access online databases, journals, ebooks, and streaming music and videos. Detailed information can be found on the University's [CapCard Centre](#) website.

## FOOD AND BEVERAGE SERVICE

At the North Vancouver campus, all food and beverage services including snack and hot drink vending and catering services are managed by the University's contracted supplier [Chartwells](#). All cold beverage vending is provided by Coca-Cola Canada. Vending is conveniently located in multiple buildings throughout the campus. Vending machines will accept cash and some accept credit cards.

A bill changing machine (Canadian bills to Canadian coin) and an Automated Teller Machine (ATM) are located in the Food Court area on the first floor of the Birch building.

The Capilano University [Food & Beverage Service](#) website has details about locations, hours of service, weekly menu offerings, seasonal events, catering or to provide feedback on your campus dining experience.

## PARKING SERVICES

Pay parking is in effect at all times, 24 hours a day, 7 days a week, 365 days a year. Parking at the North Vancouver Campus is on a first-come-first-served basis.

Pay parking applies to all parking spaces at the North Vancouver Campus including all those on University roadways. All parking areas are regularly patrolled to ensure compliance with the University's payment and parking requirements.

The administration and operation of pay parking including permit sales, equipment, parking violation notices, courtesy notices and towing is provided by a contracted commercial service provider.

Students wishing to use parking areas for uses other than parking (such as student filming), must be prior approved by the Director of Contract Services & Capital Planning. No flying of drones or other uses are permitted without prior permission.

Detailed information including current rates, payment methods, carpooling, application forms, and the parking map can be found on the Capilano University [Parking, Carpool & Transit](#) website.

## **U-PASS BC (COMPASS CARD)**

U-Pass BC is a universal student transit program that provides all eligible Capilano University students with an affordable and sustainable transportation program. The Compass Card is a reloadable fare card that works everywhere in Metro Vancouver. U-Pass BC is offered in partnership with the Capilano Students' Union (CSU), TransLink and the Province of British Columbia. The program is mandatory for all CSU members enrolled in 3 or more credits at Capilano University for courses in Metro Vancouver and the cost is automatically added to fees upon registration.

Detailed information including how to obtain and activate the Compass Card, use of the card, replacement due to loss, eligibility, troubleshooting, and exemptions can be found on our [U-Pass BC](#) website. Additional information is available through [TransLink](#).

# International

## International Students

---

### GENERAL INFORMATION

The community at Capilano University includes over 8200 students of which nearly 1400 are international students from over 74 countries around the world.

### GENERAL ADMISSION REQUIREMENTS

All international applicants must meet the admission requirements of the intended program of study, including the English language requirement. Most academic programs require the equivalent of secondary school graduation (Grade 12) in British Columbia. For those students whose first language is not English, Capilano University offers English for Academic Purposes (EAP) levels and combined EAP/Academic pathways.

For program specific admission requirements, please refer to the program sections of the Capilano University Calendar.

### INTERNATIONAL STUDENT APPLICATION PROCESS

#### 1. Review the admission criteria for your program

All program applicants are required to:

- Have equivalency to BC High school graduation
- Meet the English language proficiency requirement

Certain programs also have additional requirements such as interviews, portfolios, special testing, or auditions. Refer to the individual program sections in the Capilano University Calendar for specific details.

#### 2. Apply

Apply online at [www.capilanou.ca/admission](http://www.capilanou.ca/admission) and pay the non-refundable application fee of \$135 CAD.

General Application Deadline Dates:

- May 31 for Fall term (September start)
- September 15 for Spring term (January start)
- January 31 for Summer term (May start)

Application deadlines may vary by program. Please refer to the individual program sections in the Capilano University Calendar for specific details.

It is not necessary to wait until the deadlines. Early applications are encouraged as many programs fill even before application deadlines and some programs admit students year round for the coming intakes.

#### 3. Capilano University acknowledges the application

Applicants will be assigned a student number and a Capilano webmail email address. Students are required to check their Capilano webmail account often for admission updates. Students can also check their application status online (myCap) by using their student number at [www.capilano.ca/current](http://www.capilano.ca/current)

If the application is incomplete, the student will be advised of outstanding document requirements if applicable. All students are required to provide any outstanding documents or complete testing as soon as possible to ensure that their application can be evaluated for admission.

If you have questions about your application, please contact the Centre for International Experience by email: [inted@capilano.ca](mailto:inted@capilano.ca) or phone 604.990.7914.

#### **4. Submit documents**

##### **a. Submit unofficial documents**

- Students can be conditionally admitted based on unofficial documents. Scanned documents can be sent via email to [inted@capilano.ca](mailto:inted@capilano.ca)

##### **b. Submit official documents**

- Original documents must be received by the Centre for International Experience prior to the start of your program:
  - Official transcripts and official proof of graduation (stamped and signed by the institution), for all secondary and post secondary institutions attended with certified English translation if the original documents are issued in another language.
  - English proficiency test scores that can be verified online or original documents sent directly from the testing agency (proof of English language proficiency is not required for applications to the EAP program).
  - Irreplaceable documents submitted will be returned to the student upon request after admission to the university.

#### **5. Capilano University makes an offer**

Upon successful completion of admission requirements and selection, eligible students will receive a detailed Letter of Offer from the Centre for International Experience via email to their Capilano University email account. This letter will outline any conditions of admission.

#### **6. Pay a tuition deposit to accept the offer of admission**

To accept an offer of admission, students must follow the directions in their Letter of Offer. New students are required to pay a tuition deposit to confirm their acceptance. The tuition deposit amount paid is deducted from the first semester tuition fees.

Tuition deposit payments can be made either online, by mail or in person by cash, money order, bank wire transfer, Visa, MasterCard, American Express or debit card. For more information, please visit: [Payment Options](#)

Payment can be made by bank wire transfer to:

Capilano University  
Royal Bank of Canada  
1789 Lonsdale Avenue  
North Vancouver, B.C. V7M 2J6  
Institution #003  
Transit #04000  
Account #1069145

SWIFT CODE: ROYCCAT2

*\*Please include your name and student number in the information box.*

After confirming acceptance to Capilano University by accepting the offer, students are issued an official Letter of Acceptance from the Centre for International Experience via email to their Capilano University email account. This letter can be used for Immigration purposes. Only students who have accepted their offer are eligible to register in classes.

#### 7. **Apply for Immigration Documents**

All international students who plan to study in Canada for more than six months must obtain a study permit to be legally permitted to study in Canada. Capilano University requires all students studying for more than one semester to present a valid study permit to the Centre for International Experience before being permitted to start studying in their program. This document is issued through Immigration, Refugees, and Citizenship Canada (IRCC). Students are encouraged to apply for this document as soon as possible as processing times can be anywhere from several weeks to several months. Please see the [IRCC website](#).

Some students will also require a Temporary Resident Visa (TRV) or Electronic Travel Authorization (eTA) to enter Canada. Please see the [IRCC website](#) for more information.

#### 8. **Follow course registration instructions**

All students who have accepted their offer of admission will receive important course registration with their letter of acceptance and via their Capilano webmail account. Students are required to follow the course registration directions and register in classes online using the Student Information Web Service during course registration period. For best course selection, students are encouraged to register as soon they are able to during the course registration period.

#### 9. **Prepare to start studying at CapU**

Newly admitted students are encouraged to visit the [Centre for International Experience website](#) to RSVP for the mandatory New International Student Orientation, request a student Mentor, find accommodation, and to check out the various services offered to international students.

## INTERNATIONAL STUDENT FEES

International students are subject to international student tuition rates. Please see the [Fees and Fee Payment](#) section of the website.

To be considered full-time at Capilano University, an international student is required to be enrolled in a full-time program of study, which generally means 9-15 credits per semester. Exceptions will be made for students who are in the final semester of their program and require fewer courses for completion.

If an international student's status changes to that of a Permanent Resident on or after the first day of classes in a semester, the change in tuition fees will occur in the following semester. Students are advised to provide official documentation of the status change from Citizenship and Immigration Canada. Capilano University reserves the right to change fees and policies without notice.

## MEDICAL INSURANCE

### Mandatory Health Insurance

Mandatory medical insurance is a condition of being a student at Capilano University. Details for international students can be found on the [Health Insurance](#) portion of the Centre for International Experience website.

### Basic Medical Insurance

The province of British Columbia requires all residents, including temporary residents on Study Permit, to purchase BC Medical Service Plan (BC MSP) coverage.

All residents of British Columbia are required by law to enrol with the [Medical Services Plan](#) (MSP) health insurance. 'Resident' is defined as a person who stays in BC longer than six months. Therefore, all international students who stay in BC for longer than six months must enrol in MSP. There is a waiting period of three months before students can be enrolled therefore we advise students to apply for MSP as soon as they arrive in British Columbia to ensure their application will be processed in a timely fashion. Applications can be obtained from the Centre for International Experience, and must be submitted with a copy of the official Study Permit to support the application.

To ensure all students have medical coverage during the three-month waiting period for MSP coverage, Capilano University enrolls all new international students in private interim coverage provided by Guard.Me. The cost of this plan is \$180 and is charged to the student's CapU student account during the third week of classes. Students who present a valid MSP card to the Centre for International Experience before the first day of classes are exempt from this Guard.Me charges

### Extended Health and Dental

The Extended Health and Dental insurance plan is organized by the Capilano Student Union (CSU) per referendum. The Student Union has created opportunities for part time students and students who will study at the Sechelt or Squamish campuses with an opportunity to opt into this plan. See the CSU for more information or check [www.studentcare.ca/](http://www.studentcare.ca/)

## SATISFACTORY ACADEMIC ACHIEVEMENT

All students who enrol at Capilano University are expected to maintain acceptable standards of academic performance. Students should refer to the section in this Calendar which explains Capilano University's guidelines for acceptable performance. Should an international student begin to fall below the acceptable performance standards, s/he will receive prior warning and should meet with academic advising services. If the student continues to be unable to maintain acceptable standards of academic performance, s/he will be placed on probation and may, if the situation persists, be required to withdraw from the program. Please view: [Policies & Procedures](#).

## INTERNATIONAL EXPERIENCE & SERVICES

Capilano University is committed to building an international community on campus by welcoming international students to Capilano University and encouraging all students to engage in the study abroad experience. Capilano University strives to ensure that all international students are well received and have a positive and successful educational experience.

## **International Education**

---

International education prepares students to work in a multi-cultural and multi-national environment and where geographical boundaries have very little meaning. To accomplish these aims the university encourages diversity in our classrooms, opportunities for Canadian students to learn and work abroad, and programs of study that include language, culture and regional studies. In our classrooms we help students develop resiliency skills, intercultural competence, and a global perspective.

# Arts & Sciences

## General Information

---

The Faculty of Arts and Sciences (FAS) at Capilano University provides students with a variety of options. Students can select from Bachelor degrees, Associate degrees, and diplomas. Students can enroll in FAS programs on a full or part-time basis. In addition, Arts and Sciences courses serve Capilano degree students in other Faculties as well as students who plan to transfer to other universities.

Academic instruction at Capilano is both disciplinary and interdisciplinary. Capilano carefully reviews the content and the delivery methods of its Arts and Sciences courses to ensure that those courses are current and that they meet university standards.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials, the instructor's spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or to an advisor prior to registering for a course.

For those students who need extra help in basic skills, Capilano offers preparatory courses and academic support services (see Writing Centre, the Learning Specialist and the Math Learning Centre in the Services section of this Calendar).

Capilano library offers online and print collections, and research services to support all courses.

Capilano offers a range of courses in various disciplines which are grouped in three Schools (see below). For a list of Arts and Sciences courses, please see the [Classification of Subjects for Associate Degree](#) section of this Calendar.

## DEGREE PROGRAMS

### Bachelor of Arts in Applied Behaviour Analysis (Autism)

Students who enroll in this ABA program on a full-time or part-time basis may earn a Bachelor's degree. This degree, with its coursework and practicum experiences, will enable a graduate of the program to be eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behaviour Analyst (BCaBA).

For more information, please see [Bachelor of Arts in Applied Behaviour Analysis \(Autism\)](#).

## Bachelor of Arts with a major in Liberal Studies

Capilano University's Bachelor of Arts with a major in Liberal Studies is a degree in the Liberal Arts tradition. By completing this degree, students will acquire a broad foundation of knowledge and utilize critical approaches central to the liberal arts. All degree students will take a selection of courses in the Humanities, Social Sciences, and Sciences during their first two years. This academic foundation will prepare students for the sustained critical inquiries and focused research projects, which are the hallmark of their upper-level coursework. Students' upper-level degree requirements incorporate courses from the Humanities and Social Sciences with recommended further coursework in the Sciences.

The Bachelor of Arts with a major in Liberal Studies degree requires its graduates to be committed to the focused and sustained in-depth analysis upon which creative and collaborative problem-solving builds. An education in critical thinking and historical and cultural understanding prepares graduates to pursue a large and expanding range of personal, professional, and business opportunities.

For more information, please see [Bachelor of Arts with a major in Liberal Studies Degree](#).

## POST BACCALAUREATE PROGRAM

### Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma

The first program of its kind in Canada, the Applied Behaviour Analysis (Autism) Post Baccalaureate will enable students who have existing Bachelor degrees, and an interest in becoming an autism service provider, to earn a credential in Applied Behaviour Analysis-Autism at the post-graduate level. This program blends rigorous academic training and professional supervised experience; an opportunity not widely available. Students will obtain the required coursework and experiential component that would enable them to be eligible to write an exam for certification as a Board Certified Assistant Behavior Analyst™ (BCaBA). Graduates of the program, who achieve BCaBA certification are able to work in a variety of agency or home-based teams providing services to families with children/youth diagnosed with autism spectrum disorders in partnership with Board Certified Behavior Analysts™.

For more information, please see [Applied Behaviour Analysis \(Autism\) Post Baccalaureate Diploma](#).

## ASSOCIATE DEGREES IN ARTS AND SCIENCE

An Associate Degree is a formal credential that recognizes the successful completion of sixty (60) credits in the Arts and Sciences program. In addition to general Associate of Arts and Associate of Science degrees, Associate degrees with specializations are offered. Specializations within the Associate Degrees include: [Biology](#), [Creative Writing](#), [English](#) and [Psychology](#).

Some other universities grant full transfer credit (60 credits) and may grant priority admission for associate degree holders.

### Associate of Arts Degree

To receive an Associate of Arts Degree, students must:

1. Complete the following course requirements. All 60 credits that make up these requirements must be transferable, at the 100-level or higher (unless otherwise stated), to one or more of Simon Fraser University, the University of British Columbia, the University of Northern British Columbia, or the University of Victoria.
  - a. 6 credits of English
  - b. 18 credits of Arts courses including:

- 6 credits of Social Science
  - 6 credits of Humanities, excluding English
  - 6 credits of Social Science or Humanities, excluding English
  - *No more than 6 credits of the above may be in a single subject area*
- c. 18 credits of Arts courses at the 200-level or higher from a minimum of two subject areas
  - d. 9 credits of Science courses, including one 3 credit course in Math, Computing Science or Statistics, one 3 credit course in a lab science and one 3 credit course in Math or Science.
  - e. 9 credits of university transferable electives
2. Achieve a cumulative GPA (CGPA) of 2.0 calculated on all courses counting towards the associate degree.
  3. Complete a minimum of 30 credits towards this credential at Capilano University within 5 years preceding the awarding of the credential.

**Note**

*History courses are considered as Humanities credits for the purpose of the Associate Degree.*

**Table 1. General Course Requirements for Associate of Arts Degree**

4. All courses must be university transferable courses.

**DIPLOMA IN GENERAL STUDIES**

This program does not accept applications, however Capilano University students can work towards earning this credential.

To be eligible for a Diploma in General Studies, a student must have

1. Completed 60 credits at the 100 level or higher, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.00 or higher.

**TRANSFER**

Full information on transfer of specific courses is available from the Registrar's Office, Advising, or in the pertinent instructional division.

The BC Transfer Guide is available online at [www.bctransferguide.ca](http://www.bctransferguide.ca). Students are urged to consult the online transfer guide when establishing their programs of study.

**Transfer to Other Institutions**

The Faculty of Arts and Sciences maintains transferability of their courses with other post-secondary institutions. Capilano's representatives meet regularly with those of other institutions to ensure that Capilano's first and second year courses are fully transferable wherever possible.

## Transfer from Other Institutions

There is agreement among all public B.C. post-secondary institutions to accept each other's credits upon transfer, if applicable to a program given in the admitting institution, and given suitable equivalency. Capilano University reserves the right to review individual course credit.

Transfer credits are granted to students on admission for acceptable work done at other institutions; the transfer credits reduce the total number of credits which are required at Capilano University for a certificate, diploma, or Associate Degree. Students wishing transfer credit should present suitable documentation to the Registrar's Office for adjudication by the appropriate faculty. All approved transfer credits are noted on the student's permanent student record.

## Arts and Sciences Course Descriptions

Full descriptions of all Arts and Sciences courses can be found in the alphabetical listings in the course description section of this calendar. Students are urged to carefully read the general discipline information included in each section. Students are responsible for being familiar with the special information needed to select Arts and Sciences courses which transfer to other universities.

## COURSE SELECTION AND ADVISING

Advising and Counselling departments can assist students in selecting the best program of studies. The final responsibility for course selection, however, rests with students. All Arts and Sciences students are advised to see an Academic Advisor to plan their courses of study.

## REQUIREMENTS

### English Entrance Requirements

Students who wish to enrol in English courses must write a placement test *before* registering in any English course if they do not satisfy the prerequisite requirements.

See the Registration section of this calendar for information about the [English Diagnostic Test](#) (EDT).

### Math Entrance Requirements

Students wanting to enrol in MATH 097, 101, 105, 108, 116 or 190 must write a placement test if they do not satisfy the prerequisite requirements for these courses.

Please refer to the Mathematics section of the calendar for the direct entry and placement test requirements for each of these courses.

See the Registration section of this calendar for information about the [Math Placement Test](#) (MPT).

### Lab/Course Relationship

Many courses require that students complete a lab and/or tutorial. Students should ensure that they are aware of lab/tutorial requirements and the timetable for these components. Students should note that it is necessary to pass both labs and lectures to receive credit for the course.

The cost of the lab is included in the tuition fee, except for lab manuals and some field trip costs.

# Liberal Studies

---

## GENERAL INFORMATION

The Bachelor of Arts with a major in Liberal Studies is an interdisciplinary undergraduate degree in the liberal arts tradition. Students acquire foundational knowledge and utilize the critical approaches and research methods central to the fields of study associated with the Humanities, Social Sciences, and Sciences.

During their first two years of study, students take required Liberal Studies core courses and courses in the Humanities, the Sciences, and Social Sciences. This academic foundation prepares Liberal Studies students for the sustained critical inquiries and focused research projects central to their upper level coursework.

In addition to their upper level coursework, all Liberal Studies students complete three one credit "exploratory" Tutorials in advance of embarking upon a three or six credit Graduating Project on a research topic of their choice. The Graduating Project functions as a capstone course in which students synthesize their learning and knowledge in an original undergraduate research and/or creative project.

The Bachelor of Arts with a major in Liberal Studies and the Minor in Liberal Studies foster the development of the focused analytical skills upon which creative cross-disciplinary problem-solving builds. A liberal arts education prepares graduates to pursue a wide range of professional, educational, and personal opportunities. Graduates have gone on to pursue careers in education, law, library and information sciences, finance, professional/graduate programs, and other related fields.

For more information, please see [www.capilanou.ca/liberal-studies/](http://www.capilanou.ca/liberal-studies/).

## LIBERAL STUDIES MAJOR

The Bachelor of Arts with a major in Liberal Studies is an interdisciplinary degree that builds upon foundational knowledge acquired within the Faculty of Arts and Sciences. Lower- and upper-level coursework in combination with undergraduate research opportunities enable Liberal Studies students to succeed in their current studies, chosen careers, and the lifelong pursuit of knowledge, while contributing as responsible citizens in a rapidly changing world. Students who complete a Bachelor of Arts with a major in Liberal Studies develop an individualized course of study grounded in their academic and professional interests. Liberal Studies graduates pursue diverse careers in fields requiring strong writing, research, and problem-solving skills as well as embarking upon professional and graduate-level degrees in fields as varied as architecture, counselling psychology, education, information sciences, law, and social work.

For more information, refer to [www.capilanou.ca/liberal-studies/](http://www.capilanou.ca/liberal-studies/).

## Admission

Students pursuing a major in Liberal Studies must be admitted to the Faculty of Arts and Sciences.

## Declaration

Students intending to graduate with a major in Liberal Studies must meet the Faculty of Arts and Sciences admission standards and notify the Registrar's Office of their intention to declare the major prior to application for graduation.

## Curricular Requirements

During their first two years of study, Liberal Studies students acquire foundational knowledge and utilize the critical approaches and research methods central to the fields of study associated with the Humanities, Social Sciences, and Sciences.

Students take required Liberal Studies (LBST) core courses and elective courses in the Schools of Humanities; Science, Technology, Engineering & Mathematics (STEM); and Social Sciences. This academic foundation prepares Liberal Studies students for the sustained critical inquiries and focused research projects central to their upper-level coursework. All Liberal Studies students complete three one-credit "exploratory" Tutorials in advance of embarking upon a three or six credit Graduating Project on a research topic of their choice. The Graduating Project is a capstone course in which students synthesize their learning and knowledge in an original undergraduate research and/or creative project.

Students pursuing a Bachelor of Arts with a major in Liberal Studies must complete all of the program requirements as listed in the [program profile](#).

## Credential Awarded

Upon successful completion of the major program, students are eligible to receive a **Bachelor of Arts with a Major in Liberal Studies**.

## TRANSFERRING IN FROM OTHER PROGRAMS OR INSTITUTIONS

When transfer arrangements already exist with other institutions, the process of credit transfer is carried out through the Registrar's Office. This program currently has transfer agreements with Douglas College, Langara College, and Okanagan College. When no such arrangements exist, students are required to submit a detailed course outline or syllabus containing a statement of the course content, assignment profile, general course objectives, and learning outcomes. These submissions will be made via the Registrar's Office. The documents will be reviewed by faculty in the appropriate department. When equivalency in all of these areas can be found with a particular Capilano University course, equivalent credit may be awarded.

In such cases, the prior course will substitute for a degree requirement. Liberal Studies students may transfer up to 90 credits from other post-secondary institutions. Of the remaining 30 credits, 24 of these credits must be upper-level Capilano courses.

The Faculty of Arts and Sciences recognizes that there are occasions on which applicants may have met some of the program requirements or learning outcomes from sources other than prior post-secondary study. In such case, prior learning assessments may be conducted to grant credit for prior learning as appropriate. Such dispensation will normally be granted only to students seeking entry in years two or three of the Bachelor of Arts degree as it is expected that all students will complete their upper-level credits at Capilano or at a recognized post-secondary institution subject to the limits imposed by the Capilano University residency requirements. (See the Graduation section in this calendar.)

## FURTHER INFORMATION

100- and 200-level Arts and Sciences courses can be taken at the North Vancouver and Sechelt campuses. All 300- and 400-level courses are delivered at the North Vancouver campus.

## WHO SHOULD APPLY?

New and current students may apply for admission to the Bachelor of Arts with a major in Liberal Studies.

Arts and Sciences students may apply for direct admission into the degree in their first year or request a change in program status at any point after admission so long as they remain in good academic standing.

Capilano students originally accepted into other program areas at university who meet the Faculty of Arts and Sciences admissions standards and remain in good academic standing may also apply for admission to the Bachelor of Arts with a major in Liberal Studies.

Applicants who are 20 years of age or older who lack the minimum Arts and Sciences admission requirements may apply as mature students. Written requests for admission as a mature student to the Faculty of Arts and Sciences will be considered by the Admissions Office in consultation with an Academic Advisor and the Liberal Studies Coordinator. Applicants should provide, in writing, details of other qualifications or experiences and an academic transcript of education completed.

## ADMISSION REQUIREMENTS

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status
- A minimum grade point average of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## ADMISSION/APPLICATION NOTES

For Capilano University's general admissions information with respect to prospective Faculty of Arts and Sciences students from other provinces and other countries, see [www.capilano.ca/requirements](http://www.capilano.ca/requirements)

Full- and part-time degree students are admitted throughout the academic year in the Fall, Spring and Summer terms.

## LIBERAL STUDIES MINOR

A minor in Liberal Studies provides an opportunity for students completing applied baccalaureate degrees at Capilano University to expand their studies beyond the framework of their program. The minor builds upon the foundational knowledge acquired in the departments housed in the Faculty of Arts and Sciences. With a combination of LBST core and discipline-based courses, the minor provides students with a sustained opportunity to interrogate and participate in different ways of knowing and exploring the world around us. Completion of this credential will illustrate a student's willingness and ability to think and work with critical insight in areas beyond their primary areas of expertise and training.

For more information, refer to [www.capilano.ca/liberal-studies/](http://www.capilano.ca/liberal-studies/).

## Admission

Students pursuing a minor in Liberal Studies must be admitted to a baccalaureate degree program at the university. Students in the Bachelor of Arts with a major in Liberal Studies are not eligible for this minor.

## Declaration

Students pursuing a minor in Liberal Studies must declare their intention prior to graduation.

## Curricular Requirements

Students completing a minor in Liberal Studies take a combination of LBST core courses and general Arts and Sciences courses. The minor in Liberal Studies concludes with an upper-level project-based interdisciplinary course. At the upper level, students select two courses from the following: LBST 330 - Methods of Inquiry; LBST 335 - Grand Challenges-An Interdisciplinary Approach; LBST 400 - Case Studies in Arts & Sciences; or LBST 401 - Case Studies in Contemporary Issues.

Students pursuing a minor in Liberal Studies must complete both the requirements for the minor and the requirements for their major or baccalaureate degree program.

## GENERAL INFORMATION

Humanities courses help students to understand their past and present, and prepare them for life in a rapidly changing world. In Humanities courses, students will learn how to understand the different contexts in which they live. At Capilano University, Humanities courses may include hands-on practice, such as visiting art galleries, producing a publication, studying other cultures and languages, and critically thinking about both how societies function and the core values upon which they are built. By studying in the Humanities, students will have the opportunity to write analytically and thoughtfully about various aspects of the world.

## ART HISTORY

### General Information

Art history concerns itself with visual culture both past and present. Visual art is explored and analyzed in order to understand how it is composed and constructed and how it functions as a carrier and producer of meaning within society. Analytical tools that promote the critical decoding of images, so relevant in today's world, are emphasized in all art history courses.

For more information, please see [www.capilano.ca/ahis/](http://www.capilano.ca/ahis/)

### Transfer Credit

Art history courses offered at Capilano University are transferable to UBC, SFU, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## CHINESE

### General Information

All courses in Mandarin Chinese consist weekly of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes on a weekly basis).

Students with a competence in the language beyond the level of the course in which they are registered will be required to withdraw. For example, native speakers of Mandarin and/or other Chinese dialects and those who have taken Mandarin courses in high school are not allowed in the first year courses. Students with some knowledge of Chinese must consult with the instructor for placement. University rules governing such students differ within departments, but the Languages department has correspondence dealing with matters relevant to credit transfer and point of entry. In order to avoid misunderstanding, students are invited to discuss these problems with the department prior to enrolment.

Students who are not sure of their language level must consult the instructor.

For more information, please see [www.capilanou.ca/languages/chinese](http://www.capilanou.ca/languages/chinese)

### Transfer Credit

All Chinese courses at Capilano University transfer to other post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## CREATIVE WRITING

### Associate of Arts Degree - Creative Writing

Creative writing involves the study and production of literary and non-literary texts through focused experimentation with language. Proceeding from the idea that good writing is produced at the intersection of expansive reading, informed critical thinking, and participation in a vibrant writing community, the Associate of Arts degree in Creative Writing combines instruction and practice in both creative and critical writing, hosts a literary readings series, supports a student magazine (*The Liar*), and provides scholarships, bursaries, and awards.

Students in the first year of the program work in several genres (poetry, fiction, drama, screenwriting, mixed-genre, and new media). At the second-year level, students are expected to focus on poetry, fiction and/or children's literature. Students at all levels are encouraged to develop their work to the point where it would become acceptable for publication.

While the Associate of Arts degree in Creative Writing is designed to stand on its own, students who complete the program will obtain first and second-year transfer credit in both English and Creative Writing, allowing them to major or minor in either subject should they decide to transfer to another university.

For more information, please see [www.capilano.ca/creative-writing/](http://www.capilano.ca/creative-writing/)

### Admission Requirements

## ENGLISH

### General Information

English Studies at Capilano University provide a valuable introduction to the many diverse literatures, languages and cultures that constitute our world. The wide selection of courses and resources available reflect the variety of programs and professional degrees that English as a creditable discipline can facilitate. Presenting students with the principles and techniques of university-level writing and reading, English study remains fundamental to an array of opportunities and professional goals including freelance writing, teaching, publishing, law, art, social work, and business, among many others.

For more information, please see [www.capilano.ca/english](http://www.capilano.ca/english)

### Transfer Credit

All English courses (except for ENGL 010) transfer to other British Columbia universities. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

For first-year English transfer credit to the universities, students must take two courses of:

ENGL 100, 103, 107 or 109.

For second-year English transfer credit to other universities, English majors should take English 200/201; all other second year students can take any two second-year level English courses.

### Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.

### Associate of Arts Degree - English

The Associate of Arts Degree - English offers small, discussion-oriented classes where students have the opportunity to think critically about English literature written in traditional and experimental modes, in a wide

variety of genres and in the context of contemporary issues. Their reading could include Chuck Palahniuk's *Fight Club*, Mary Shelley's *Frankenstein*, George Bowering's *Changing on the Fly*, Kathy Acker's *My Mother: Demonology*, Michael Ondaatje's *The English Patient*, and much more. The program is designed to stand alone as a two-year Associate of Arts degree or to facilitate transfer to a minor or major in English at another British Columbia university.

For more information, please see [www.capilanou.ca/english](http://www.capilanou.ca/english)

### **HISTORY**

#### **General Information**

The study of History is not about memorizing a series of names, dates, and events, but rather a dynamic, interpretive encounter with the whole range of human ideas, emotions, creations, and activities.

The Department of History offers students a range of lower and upper level courses in a variety of areas, time periods, and topics. These courses are one term in duration which allows students to sample many different areas within the discipline.

Please note that 100-level and 200-level history courses have no prerequisites.

For more information, please see [www.capilano.ca/history/](http://www.capilano.ca/history/)

#### **Transfer Credit**

100 and 200 level history courses at Capilano (including WGST 220) transfer to SFU, UBC, UNBC and UVic and count as Humanities credit for the Associate Degree. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

#### **Admission Requirements for the Arts and Sciences Program**

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## JAPANESE

### General Information

All courses in Japanese consist of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (taking approximately 45 minutes on a weekly basis).

In order to provide for the most appropriate student placement, students with Japanese 9, 10 or Beginners 11 credit should register in JAPN 100; students with Japanese 11 credit should register in JAPN 101, not JAPN 100. Students with Japanese 12 credit with a minimum C grade should register in JAPN 200.

Students who have studied Japanese elsewhere **cannot** register in JAPN 100. Students with competence in the language beyond the level of the course in which they are registered will be required to withdraw.

The instructor is available for consultation regarding placements. Students who are not sure of their language level should contact [kmito@capilanou.ca](mailto:kmito@capilanou.ca) prior to registration. For more information, please see [www.capilanou.ca/languages/japanese](http://www.capilanou.ca/languages/japanese)

### Transfer Credit

All Japanese courses are transferable to other post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## PHILOSOPHY

### General Information

The word philosophy comes from the Greek word *philo* meaning 'love', and *sophia* meaning 'wisdom.' So philosophy means 'love of wisdom.' Philosophy courses are about the ultimate nature of things, including knowledge, reality, reasoning, the human mind, religious belief, truth, free will, human nature, democracy, as well as ethical issues in biology, medicine, law, politics, and the environment. The Philosophy department at Capilano University offers a wide range of first and second year arts and sciences courses introducing students to most of these issues.

Philosophy is the activity of creating thoughtful answers to many of our most important questions. Philosophy is excellent preparation for any profession, but the most important reason for studying philosophy is to satisfy human curiosity about fundamental problems concerning the nature of reality and how we ought to live. As Socrates said, "The unexamined life is not worth living."

For more information, please see [www.capilanou.ca/philosophy](http://www.capilanou.ca/philosophy)

### Transfer Credit

Philosophy courses offered at Capilano University have transfer credit to other universities in B.C. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## SPANISH

### General Information

All courses in Spanish consist of two lectures with an instructor plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes) each week.

SPAN 100 is for students with little or no knowledge of the Spanish language. Students with Spanish 11 credit should register in SPAN 101, and students with Spanish 12 credit should register in SPAN 200.

For beginning students, the sequence of courses is:

- [SPAN 100](#)
- [SPAN 101](#)
- [SPAN 200](#)
- [SPAN 201](#)

Native speakers of Spanish are not allowed to register in first year courses. If they wish to take a second year course, they must consult with a Spanish instructor prior to registration.

Students who are not sure of their language level should contact an instructor.

For more information, please see [www.capilano.ca/languages/Spanish/](http://www.capilano.ca/languages/Spanish/)

### Transfer Credit

All Spanish courses are transferable to post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

# School of Science, Technology, Engineering & Mathematics (STEM)

---

## GENERAL INFORMATION

Studies in the STEM fields—Science, Technology, Engineering & Mathematics—introduce you to the building blocks of our natural and scientific world. At Capilano, this means full support in the laboratory, computer lab, or learning centre that allows you to put the scientific method into practical application.

The following options are available from a wide range of options in the School of STEM.

### i. Non-Science Students

Students planning to continue studies in a non-science field at another university are advised to consider the following courses to fulfil their science requirement. Please note that transfer credit for a number of these courses is limited to non-science students. Students should refer to individual discipline areas in this calendar.

- ASTR 106, 107
- BIOL 104, 105, 112, 113

- CHEM 101, 130
- COMP 101, 106
- GEOG 112, 114
- MATH 101, 105, 108, 190
- PHYS 104

Please check the prerequisites shown in the individual course descriptions.

## ii. **General Science Students**

Capilano University's School of STEM offers courses in astronomy, biology, chemistry, computing science, mathematics & statistics, and physics. Many of these science courses satisfy transfer requirements for a wide range of programs, including: pre-medicine, pre-veterinary, pre-dentistry, oceanography, forestry, agriculture, pharmacy, home economics, rehabilitation medicine, and dental hygiene.

## iii. **Health Science Students**

BIOL 112 and CHEM 030 may fulfil biology and chemistry entrance requirements for Nursing and other programs in Human Health Sciences. BIOL 112/113 are also equivalent to first-year human anatomy and physiology in many health science programs. (See the online [B.C. Transfer Guide](#))

## iv. **Engineering**

### a. **Applied Science: Engineering Certificate**

Modeled on first-year engineering at the University of British Columbia (UBC), this program is designed for high-performing high school students and highly motivated post-secondary transfer students. Students who complete this program will be considered for admission to second-year engineering at UBC provided they satisfy the requirements shown on the UBC Engineering Transfer program website. Students completing this program can also apply to second-year engineering at other institutions.

### b. **Engineering Transition Program**

This program is aimed at mature students as well as recent high school graduates who are missing the prerequisites for a traditional engineering transfer program. Students who complete this program in two academic years with a grade point average of at least 2.8 on the most recent 30 credits as calculated by UBC will be considered for admission to second-year engineering. Students completing this program can also apply to second-year engineering at other institutions.

# ASTRONOMY

## General Information

Astronomy is the science that involves the study of celestial bodies and the universe as a whole. Two first-year courses are offered, ASTR 106 (without lab) and ASTR 107 (with lab). These are particularly suitable for meeting the Science and Lab Science requirements of various programs.

For more information, please see [www.capilanou.ca/physics](http://www.capilanou.ca/physics)

## Transfer Credit

Both courses are transferable to other BC post-secondary institutions. Please refer to the online BC Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for detailed information.

## Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status

## BIOLOGY

### General Information

Biology is an increasingly exciting and rapidly expanding science. As the science of life, biology not only encompasses the study of the chemicals and cells of which organisms are composed, but extends to the

study of global ecosystems and global biodiversity. Genetics, microbiology, cell biology, botany, zoology, ecology, evolution and conservation and restoration ecology are just a few of the fields of study embraced by the science of Biology.

Capilano University's Biology Department offers courses to meet a variety of educational needs. BIOL 104 and 105 meet the laboratory science requirements for Arts students and are general interest Biology courses. BIOL 112 and 113 are equivalent to first year human anatomy and physiology in many Human Health Science programs. (See online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca).)

Students planning a major in Biology or another life science, such as botany, cell biology, ecology, genetics, marine biology, microbiology, physiology, oceanography or zoology, should enrol in BIOL 110 and BIOL 111.

A complete selection of second year courses is available which meet the credit transfer requirements of all B.C. universities. Some of these courses may be included in the requirements for pre-professional programs, and for specific life science programs. Students who intend to enter professions such as agriculture, dentistry, medicine and pharmacy should consult the institutions offering the programs to determine the specific biology and other courses they require. \* Not all second year courses are offered each year\*. Students may also earn an Associate of Science Degree with a specialization in Biology. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information.

All biology courses except BIOL 200 and BIOL 202 require weekly laboratory periods and/or field trips. Lab manuals for those courses requiring them must be purchased. Some courses have field trips which have extra costs associated with them. Some courses may have material costs associated with them.

For more information, please see [www.capilanou.ca/biology](http://www.capilanou.ca/biology)

\*Refer to the above website for course offerings.

## Transfer Credit

All biology courses transfer to B.C. post-secondary institutions. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## CHEMISTRY

### General Information

All chemistry courses include weekly three-hour laboratory periods unless otherwise stated. The cost of the labs is included in the course tuition fee except for lab manuals and safety glasses. Students in second year labs must also have their own lab coats. Students are required to attend their first lab session or risk losing their seat in the course. Students may earn an Associate of Science Degree. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information or [www.capilano.ca/chemistry](http://www.capilano.ca/chemistry)

### Transfer Credit

Most chemistry courses carry transfer credit to other B.C. post-secondary institutions. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

### Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

### Recommended Sequence for potential Chemistry majors

#### First Year

#### Second Year

- CHEM 200/201
- Two of: CHEM 204, CHEM 205 or CHEM 206
- MATH 200 and 230
- Electives

#### Note

Students planning to pursue a major or honours program in chemistry should consult a faculty member as requirements differ with individual universities.

## COMPUTING SCIENCE

### General Information

Computing Science equips students with the fundamentals to understand digital communications, computation, and programming. We offer a range of courses well-suited to Engineering, Science, and Business students, and for any student wishing to improve their understanding of the technologies that are transforming our world. COMP 101 offers any student a broad introduction to how computers work and an opportunity to improve their computing skills. Engineering and Science students more interested in programming may choose to start with a hands-on programming course like COMP 106 or COMP 120. COMP 301 is open to all upper level students, and presents a fascinating look at the technologies that are transforming our workplaces, society, and culture. Students enrolled in these courses have excellent access to the University's computing facilities, and computing science courses provide a science credit in a variety of programs.

### Transfer Credit

Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

### Prerequisites

Students must earn at least a C- grade in a prerequisite before being permitted to proceed with a subsequent course. Students should note that while a C- is the minimum required to proceed, a better grade is recommended to ensure the best chance of success in the subsequent course and a satisfactory GPA for transfer to a university.

Students will not be allowed to retake a prerequisite once they have completed a subsequent course with a C- grade or better.

## ENGINEERING

### General Information

Capilano University is recognized provincially for producing high-quality engineering transfer students. The engineering transfer programs at Capilano are multidisciplinary, integrating the areas of chemistry, computing science, mathematics and physics through lectures, tutorial workshops, laboratories and hands-on projects. Seminars featuring invited speakers from other academic institutions, as well as from industry, are also used to complement the learning environment. Specifically Capilano University offers two engineering transfer programs: (i) the Applied Science: Engineering Program (a one-year certificate program) and (ii) the Engineering Transition Program (a two-year diploma program). Since both programs are university transferable, the student transfers directly into the second year of the engineering program at the receiving institution.

For more information, please see [www.capilanou.ca/engineering](http://www.capilanou.ca/engineering)

## Applied Science: Engineering Certificate

The Applied Science: Engineering Certificate provides students with a comprehensive first-year university transfer program in engineering and is aimed at strong academic high school graduates and highly motivated post-secondary students. Successful completion of this program ensures that students who transfer to an engineering degree program at another institution in British Columbia typically require only three additional years of study to complete their degree requirements.

### University Transfer

#### University of British Columbia (UBC)

The Applied Science: Engineering Certificate at Capilano University is modeled after first-year engineering at UBC. In accordance with the BCCAT articulated Engineering Transfer Program from Capilano University to the University of British Columbia, students who successfully complete the Applied Science: Engineering Certificate within one year (i.e., September to April) and meet a minimum Cumulative Grade Point Average (CGPA) established by UBC (currently at 2.8) are accepted into second-year engineering at UBC, and then compete on an equal footing with all first-year students for seats in the different disciplines of engineering. Please consult the [UBC Engineering Transfer Program Admissions website](#) for the most up-to-date information on transfer agreements. The Faculty of Applied Science at UBC offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in the following areas of engineering: Chemical, Chemical & Biological, Civil, Computer, Electrical, Environmental, Geological, Integrated, Materials, Mechanical, Mining, and Engineering Physics. Please see the [UBC Calendar](#) or the [UBC Engineering website](#) for more detailed information.

#### Simon Fraser University (SFU)

Students who complete the Applied Science: Engineering Certificate will be considered for admission to second-year engineering at SFU. The School of Engineering Science at SFU offers four-year programs leading to a Bachelor of Applied Science (B.A.Sc.) degree in Biomedical, Computer, Electronics, Systems Engineering and Engineering Physics. A Mechatronics Systems Engineering option is also offered at the SFU Surrey campus. Please consult the [SFU Calendar](#) or the [SFU website](#) for more detailed information including competitive cumulative grade point average.

## University of Victoria (UVic)

Students who complete the Applied Science: Engineering Certificate will be considered for admission to second-year engineering at UVic. The Faculty of Engineering at UVic offers programs leading to the Bachelor of Engineering (B.Eng.) degree in Biomedical, Civil, Computer, Electrical and Mechanical Engineering. UVic also offers a Bachelor of Software Engineering (B.S.Eng.). Please consult the [UVic Calendar](#) or the [UVic website](#) for more detailed information including competitive cumulative grade point average.

## Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- Pre-calculus 12 (A), or Calculus 12 (B) and Pre-calculus 12 (B), or MATH 105 (C-), or BMTH 054 (B), or Math Placement Test (Calculus MPT); and Physics 12 (B), or PHYS 104 (C), or BPHY 054 (B); and Chemistry 12 (B), or CHEM 101 (B), or BCHM 054 (B); and English 12 (C-) or English 12 First Peoples (C-).
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## Admission/Application Notes

### General

Entry into this program is limited to the fall term. Enrolment in the program is limited and students are selected on the basis of their academic record. Students who apply to the program after April risk having their applications denied due to a lack of available spaces in the program.

Qualified candidates are notified of their acceptance into the Applied Science: Engineering program by mail. Acceptance begins in February, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list. Depending on the number of applicants who accept or decline, additional offers will be made in July and August. Students who are offered a seat in the program must reply to the acceptance letter by a given deadline and submit a non-refundable deposit, to hold a seat in the program.

### Note

- Students with less than 73% in English 12 or English 12 First Peoples will be required to write the English Diagnostic Test (EDT) or Language Proficiency Index (LPI) prior to registering in an English course.
- Admission is competitive, so meeting the minimum requirements does not guarantee admission.

### Admission from Secondary School

Please see the program admission requirements. High school students are encouraged to graduate with Calculus 12 and at least one tech course if they intend to pursue an engineering program.

### Admission from Post-Secondary

Please see the program admission requirements. Students who have already completed some of the required courses in this program may have to repeat these courses, if accepted into the program. Students are encouraged to speak with the Engineering Convenor before applying to discuss if the program is right for them.

### Admission as a Mature Student

Students who have been out of school for a period of time and those who wish to begin their studies towards an engineering degree are encouraged to apply to the Engineering Transition program. Please see [Engineering Transition Diploma website](#) for information on this program.

### Engineering Transition Program

The primary objective of the Engineering Transition Program is to give mature students an opportunity to obtain an applied science degree, and subsequently, to become professional engineers. However, the program will also cater to recent high school graduates who aspire to become engineers but lack the prerequisites for entry into a traditional engineering transfer program.

### University Transfer

#### University of British Columbia (UBC)

The Engineering Transition Program at Capilano University was developed and optimized for transfer to UBC Vancouver (UBC-V). This two-year program provides transfer to second-year engineering at UBC-V and, once at UBC, ensures a reduced, manageable, second-year workload. Since its inception in Fall 2003, UBC-V has used a minimum cumulative grade point average (currently at 2.8) to admit Engineering Transition

program students, who have completed all components of the program profile within two consecutive academic years, into second year UBC-V engineering. The anticipated CGPA for admission into engineering at UBC-V for the 2017-2018 academic year is 2.8. Once accepted into second year, all students compete on an equal footing for seats in the different disciplines of engineering. The Faculty of Applied Science at UBC offers programs leading to the Bachelor of Applied Science (B.A.Sc.) degree in the following areas of engineering: Chemical, Chemical & Biological, Civil, Computer, Electrical, Environmental, Geological, Integrated, Materials, Mechanical, Mining, and Engineering Physics. Please consult the [UBC Calendar](#) or the [UBC Engineering website](#) for more detailed information.

Students interested in engineering programs at UBC Okanagan (UBC-O) should consult UBC-O's website for information on their program requirements.

#### Note

**For students entering the Engineering Transition Diploma program in Fall 2017 (completion Spring 2019):** Currently, UBC uses a minimum cumulative grade point average (CGPA) of 2.8 to admit Transition program students who have completed all components of the program profile into second year. UBC has advised that this minimum CGPA may change. If this occurs, the updated GPA information will be posted on the [Capilano University Engineering website](#).

For students who entered the Engineering Transition Diploma program in Fall 2016 (completion Spring 2018), the current minimum CGPA of 2.8 remains in effect.

#### Simon Fraser University (SFU)

Students who complete the Engineering Transition program will be considered for admission to second-year engineering at SFU. The School of Engineering Science at SFU Burnaby offers four-year programs leading to a Bachelor of Applied Science (B.A.Sc.) degree in Biomedical Engineering, Computer Engineering, Electronics Engineering, Engineering Physics and Systems Engineering, Mechatronics Systems Engineering is available at SFU Surrey. Please consult the [SFU Calendar](#) or the [SFU website](#) for more detailed information.

#### University of Victoria (UVic)

Students who complete the Engineering Transition program will be considered for admission to second-year engineering at UVic. The Faculty of Engineering at UVic offers programs leading to the Bachelor of Engineering (B.Eng.) degree in civil, electrical, mechanical, biomedical, software and computer engineering. UVic also offers a Bachelor of Software Engineering (B.S.Eng.) and a Bachelor of Science in Computer Science (B.Sc.) Please consult the [UVic Calendar](#) or the [UVic website](#) for more detailed information.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade of C+ in Pre-calculus 12, or a minimum grade of A in Pre-calculus 11, or a minimum grade of C- in MATH 097, or a minimum grade of B in BMTH 044, or Math Placement Test (Pre-calculus MPT or Calculus MPT); and successful completion of Chemistry 11 or BCHM 044; and successful completion of either English 12 or English 12 First Peoples.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## Admission/Application Notes

### General

To apply for admission to the Engineering Transition Program, students must complete the University's Application for Admission form with Engineering Transition as their program of choice. This can be done in person or online. This form, together with official transcripts and other pertinent documents should be received by the Registrar's Office before the end of April. Entry to the program is limited to the fall term. Enrolment is limited and students are selected on the basis of their academic merits and any relevant work experience. Students who apply to the program after April risk having their applications denied due to a lack of available spaces.

Qualified candidates are notified of their acceptance into the Engineering Transition Program by mail. Acceptance begins in February, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list. Depending on the number of applicants who accept or decline, additional offers will be made in July and August. Students must reply to the acceptance letter by a deadline, submitting a non-refundable deposit, to ensure a seat in the program.

### Note

- Students with less than 73% in English 12 or English 12 First Peoples will be required to write the EDT (English Diagnostic Test) or LPI (Language Proficiency Index) prior to registering in an English course.
- Admission into the Engineering Transition program is competitive, so meeting the minimum requirements does not guarantee admission.

### Admission from Secondary School

Please see the program admission requirements. High school students are encouraged to graduate with at least one tech course if they intend to study engineering.

### Admission from Post-Secondary

Please see the program admission requirements. Students who have already completed some of the required courses in this program may have to repeat these courses, if accepted into the program. Students are encouraged to speak with the Engineering Convenor before applying to discuss if the program is right for them.

### Admission as a Mature Student

Students who have been out of school for at least two years and who wish to begin their studies towards an engineering degree are strongly encouraged to apply. It is expected that mature students successfully admitted into the Engineering Transition Program will have an aptitude for math and science.

### Advancement in the Engineering Transition Program

For continuation in the Engineering Transition program, the student must normally satisfy all of the following requirements:

- complete the prerequisite for MATH 116 in the Fall term of Year 1
- complete the prerequisite for MATH 126 prior to the start of the Fall term of Year 2
- maintain a minimum CGPA of 1.8 in all core courses
- be able to complete all program requirements within two consecutive academic years (Fall of Year 1 to Spring of Year 2)

These requirements must also be met in order to be eligible for graduation. Students not eligible for graduation may continue as Science students or apply to another program.

## MATHEMATICS AND STATISTICS

### General Information

Patience, problem solving, critical thinking and discipline - these are among the skills that improve when you learn mathematics. Studying mathematics opens doors and benefits future scientists, doctors, teachers, lawyers, sociologists, criminologists and many more. The Mathematics and Statistics department offers first and second-year courses in mathematics and statistics as well as preparatory courses. For more information, see [Associate Degrees](#) in Arts and Sciences: General Information or the website [www.capilano.ca/math](http://www.capilano.ca/math)

### Entry Courses

For the prerequisite requirements for each of the following entry courses check the [Mathematics Placement Test](#) (MPT) section and the individual course listing.

#### 1. Preparatory

MATH 097 is a course designed for students who need to improve their algebraic skills in order to prepare for a precalculus course or a course that requires algebraic skills. It serves as a prerequisite for MATH 101 (Introduction to Statistics), Math 105 (Precalculus Mathematics) and MATH 190 (Mathematics for Elementary Teachers).

#### 2. Contemporary Mathematics

MATH 123 is a course designed for students who wish to improve their critical thinking, numeracy and quantitative skills. It serves as a prerequisite for MATH 101 (Introduction to Statistics) and MATH 190 (Mathematics for Elementary Teachers).

#### 3. Precalculus

MATH105 is a precalculus course designed to prepare students to take calculus. Although MATH 105 is recognized by post-secondary institutions as an equivalent course to Pre-calculus12 taken in high school, it is common for students having taken this high school math course to take MATH 105 in preparation for calculus.

#### 4. Calculus I

MATH 108 is a calculus course designed primarily for students planning to pursue a business or life science program, whereas MATH 116 is oriented to the sciences. Students in programs which require a full year (two terms) of calculus should take Math 116 followed by Math 126.

#### 5. Introductory Statistics

MATH 101 is an introductory statistics course designed primarily for non-science students wanting to fulfil a science or math elective requirement.

## 6. Mathematics for Elementary Teachers

MATH 190 is a course designed for future elementary school teachers. This course is required by elementary education programs in BC. This course is not normally available for credit to students in science programs.

## Math Placement Tests (MPT)

The Mathematics and Statistics Department offers placement tests for students who lack the prerequisites listed in the Prerequisite Table for entry courses. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 097 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 097 is one month or longer. For more information please contact the Advising Centre or the School of Science, Technology, Engineering & Mathematics (STEM), or visit the Mathematics and Statistics department website at [www.capilano.ca/math](http://www.capilano.ca/math)

Students wanting to enrol in an entry level course listed in the table must write a placement test if they do not satisfy the prerequisite requirements for the course. Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation.

**Table 3. Prerequisite Table for Entry Courses**

Capilano Math Course	Minimum Grade Requirement - Any One of the Courses Listed							
	Pre-calc 11	Pre-calc 12	Found. 11 or 12 or BMTH 048 or MATH 123	BMTH 043	BMTH 044	BMTH 054	MATH 097	MATH 105

MATH 105	A	C+			B		C-	
MATH 108		B				C+		C-
MATH 116		A <sup>1</sup>				B		C-
MATH 190	C		C	B	C+		D	

<sup>1</sup>or at least a "B" grade in both Pre-calculus 12 and Calculus 12

## Specific Program Requirements

Students should use the following three sections as guidelines for selecting math courses at the first-year level. Due to the specialized needs of some programs, the Mathematics and Statistics department advises students to consult an advisor or math instructor for appropriate course selection.

### 1. Science and Engineering

Students planning to pursue science or science related programs are required to take MATH 116 and 126. Engineering students should consult the Engineering section in the Calendar. Common first year courses for science students are:

- MATH 116 and 126
- PHYS 114/115
- CHEM 110/111
- ENGL (6 credits)

## 2. Arts, Social Science

To fulfil a one-year science elective requirement non-science students typically take MATH 101 or 190, although any of the precalculus/calculus combinations also meet this requirement.

## 3. Business, Economics

Students planning to pursue a business or economics program may wish to take MATH 108 (and MATH 105 if the prerequisite requirements for 108 are not met).

## Graphing Calculator

The Mathematics and Statistics department believes that the graphing calculator greatly enhances mathematics instruction and learning. Students enrolling in any course, with the exception of MATH 097, MATH 190, and MATH 300 are required to have a graphing calculator. Specific recommendations on make and model can be found online at: [www.capilano.ca/math](http://www.capilano.ca/math)

## Transfer Credit

Math courses at Capilano carry transfer credit to other BC post-secondary institutions. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for transferability to other B.C. institutions.

## The Mathematics Learning Centre

The Math Learning Centre (MLC), located in the Birch Building (BR289), provides individual assistance with mathematical or statistical problems related to any course at the University. The MLC is staffed by faculty from the Department of Mathematics and Statistics. The instructor schedule is posted outside the MLC and on the [MLC website](#).

The MLC has two large study areas: one room where students may work in groups and another room for silent, independent study. In addition, there is a video/computer room equipped with computer stations, a printer and a video station where students may view videos on topics in calculus, precalculus, algebra and statistics. A library of mathematical and statistical reference texts is available for students to use in the MLC or to borrow for a period of time.

## Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## PHYSICS

### General Information

Physics involves the study of matter, energy, space and time over a range of scales from sub-atomic to astronomical. All first-year physics courses except PHYS 116 include a weekly two-hour laboratory period. The cost of labs is included in the course tuition fee except for lab manuals. For more information, please see [www.capilano.ca/physics](http://www.capilano.ca/physics)

### Transfer Credit

Physics courses at Capilano carry transfer credit to other B.C. post-secondary institutions. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

Students with Physics 12 planning to transfer to UBC should take PHYS 114 or PHYS 114 and 115, depending on their plans. Consult the UBC Calendar for specific program requirements.

## Recommended Sequence for potential Physics majors

### FIRST YEAR

- PHYS 114/115 Students not qualified to take PHYS 114 should first take PHYS 104
- CHEM 110/111
- MATH 116 and 126
- ENGL (six credits)
- Non-science Elective or Geology, Biology or Computing Science (six credits)

Students interested in honours physics should consult Physics instructors.

## SCIENCE

### General Information

An understanding of the science involved in various activities in our lives enriches our appreciation of them. This upper-level SCI course, which assumes no previous science background, is directed to students pursuing Bachelors degrees in non-Science areas, and is suitable for meeting the Science requirements of these programs.

### Admission Requirements

#### Admission Requirements for the Arts and Sciences Program

- British Columbia Secondary School Graduation (Grade 12) or equivalent or Mature Student status

- A minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses. Please see the [Admission section](#) of this calendar for a complete list of courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## School of Social Sciences

---

### GENERAL INFORMATION

Studies in the Social Sciences enable you to explore and understand the dynamic relationships between and among people and societies. At Capilano, this may include hands-on activities such as conducting original research or going on field trips to see particular elements of human society in action.

## APPLIED BEHAVIOUR ANALYSIS PROGRAMS

### General Information

The Applied Behaviour Analysis - Autism (ABA-A) programs at Capilano offer a number of options for individuals who are interested in this field:

- **Bachelor of Arts Degree - Applied Behaviour Analysis (Autism).** Students who enroll in this ABA program on a full-time or part-time basis may earn a Bachelor's degree. This degree, with its coursework and practicum experiences, will enable a graduate of the program to be eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behaviour Analyst (BCaBA).
- **Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma.** If you have an existing degree in the Arts or Sciences, you may qualify for admission to the post baccalaureate diploma, which can also be completed on a full-time or part-time basis. This credential, with its coursework and practicum experiences, will also enable a graduate of the program to be eligible to write the Behavior Analyst Certification Board® exam and become a Board Certified Assistant Behaviour Analyst (BCaBA).
- **ABA and Autism Courses.** It is possible to take just a few of the courses offered in the program based on interest and/or need. These university credit courses are extremely helpful to classroom teachers, learning support and resource teachers, education assistants (EAs), early childhood educators, music therapists, current behaviour interventionists and parents. For ABA courses within the ABA program that have been approved by the Teacher Qualification Service (TQS), please contact the ABA Coordinator or the TQS office ([www.tqs.bc.ca](http://www.tqs.bc.ca)).
- **Continuing Education Credits Units (CEU's).** Current Board Certified Behavior Analysts (BCBAs) and Board Certified Assistant Behavior Analysts (BCaBAs) are able to earn Type 1 Continuing Education (CE) credits by taking Capilano ABA courses.
- **BCBA and BCaBA Exam Preparation.** For those preparing to write their BCBA or BCaBA certification exams, we offer an advanced course, ABA 443 Advanced Topics in ABA, which offers excellent exam preparation opportunities.

### Bachelor of Arts in Applied Behaviour Analysis (Autism)

#### General Information

Applied Behaviour Analysis - Autism is a unique degree program in British Columbia that has tremendous potential to improve the lives of families who are currently struggling to find competent professionals in the field of behaviour analysis. At present it is estimated that 1 in 68 children meet the criteria for Autism Spectrum Disorder and applied behaviour analysis is the only scientifically validated treatment that has been shown to be effective. Graduates of the program will have the requirements towards eligibility to write the BACB exam to become certified Assistant Behaviour Analysts™ and work under the supervision of Board Certified Behaviour Analysts™.

## Applied Behaviour Analysis (Autism) Post Baccalaureate Diploma

### General Information

The Applied Behavior Analysis - Autism post-baccalaureate program allows students with an existing Bachelor's degree to obtain the necessary coursework and practicum experience to qualify for the Board Certified Assistant Behavior Analyst™ (BCaBA) exam. Under the supervision of Board Certified Behavior Analysts™, BCaBA certified graduates are qualified to work in a variety of agency or home-based teams to provide services to children and youth diagnosed with autism spectrum disorders. Please note that this program does not qualify for government student loan funding.

### Admission Requirements

- Completion of a recognized Bachelor's degree in Arts or Sciences

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview
- One letter of reference. One page letter of interest. It will be necessary to provide documentation of a minimum of 300 hours of experience as a Behaviour Interventionist prior to the September start of the program. Please contact the ABA-A program coordinator for assistance in obtaining work/volunteer experience.

## Admission Notes

The Post Baccalaureate in Applied Behaviour Analysis- Autism is not designed for students who have completed the Bachelor of Arts in Applied Behaviour Analysis as this is a duplication of coursework.

## Application Deadlines

Applications to the program should be completed by the end of April. Successful short-listed candidates will then be contacted in the month of May. If seats remain in the program, applications will be accepted on an ongoing basis. The start date for the diploma program is yearly in September.

## ANTHROPOLOGY

### General Information

Anthropology is the study of humankind, offering views on the human condition from evolutionary and comparative perspectives. By developing an understanding and appreciation of cultural and biological diversity, courses in anthropology should be beneficial to all students. Students who have career aspirations as anthropologists may find work in teaching, research, or museum studies. They may also work as consultants to governments, corporations, and First Nations groups or Indigenous organizations.

Major branches of anthropology are social anthropology, archaeology, and biological anthropology. Students intending to take third and fourth year courses in any of these branches at UBC should take ANTH 121, 123, and any other 200-level anthropology course. Students intending on taking upper level courses in archaeology or biological anthropology at SFU should take ANTH 123, 124, 232 and 233. Those intending on taking third and fourth year courses in social anthropology at SFU should take ANTH 121, and at least one 200-level course numbered from 200-240 (excluding ANTH 232 and ANTH 233).

For more information, please see [www.capilano.ca/anthropology](http://www.capilano.ca/anthropology)

### Transfer Credit

Anthropology courses at Capilano transfer to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## GEOGRAPHY

### General Information

Geography courses are offered for students who are interested in pursuing a career in geography as well as for those students desiring both Arts and Science electives, or for those who wish to have a better understanding of cultural and physical landscapes. The study of geography opens the doors to a wide variety of fields including: teaching, urban planning, forestry, resource management, tourism, recreation, economic consulting, mining, fisheries, geographic information systems, meteorology, and map making. The focus of geography is on the environment in which we live. These courses in geography will provide a whole new perspective on the world.

For more information, please see [www.capilano.ca/geography](http://www.capilano.ca/geography)

## POLITICAL STUDIES

### General Information

Political Studies courses assist students in preparation for careers in journalism, law, business management, international banking, market research, arbitration, urban and regional planning, the foreign service, consulting,

labour negotiations, international development, and education. Those hoping to bring about change in their own communities in areas such as health, education and the environment, choose politics as their vocation. That's because political studies is concerned with power — what it is and who gets it, how it is used and how it is abused. Along with understanding power and the role it plays locally, nationally, and internationally, political studies students graduate with excellent research skills and effective oral and written communication skills — all very much in demand in the new global economy.

For more information, please see [www.capilano.ca/political-studies](http://www.capilano.ca/political-studies)

## Transfer Credit

All Political Studies courses at Capilano are transferable to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## PSYCHOLOGY

### General Information

Psychology courses teach students theory and research findings that can help them to understand themselves and others. Students can apply what they learn about parenting, interpersonal skills, problem solving, stress management and emotional intelligence to their lives and their work. Psychology courses also help students think critically about social issues and the claims of pop psychology. Courses in psychology are required for careers in many occupations including teaching, child-care, health care, and business.

As most of our second year courses are offered only once a year, students who wish to major in psychology should be aware of the various first and second year course requirements of SFU, UBC, or other transfer institutions, so they can take the courses they need for entry into third year at other universities.

Talk to any of our faculty about career options, our course offerings, and/or transferability, or see our website for further information: [www.capilano.ca/psychology](http://www.capilano.ca/psychology)

### Transfer Credit

Psychology courses at Capilano transfer to a number of institutions including SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## Associate of Arts Degree - Psychology

The Associate of Arts Degree - Psychology is a two-year academic credential that provides students with a strong foundation in psychology and experience in a broad range of course offerings in Arts and Sciences. The program outlined is designed to stand alone as a two year associate degree or to facilitate transfer to

four year institutions, such as Simon Fraser University, and completes the first two years of the four year degree program.

## SOCIOLOGY

### General Information

Courses in Sociology will help the student to understand personal and global events in a relevant and meaningful way, and to cope with an increasingly complex society. Sociology challenges many of our everyday assumptions about the world and emphasizes a critical approach towards our most important institutions. A major in Sociology can lead to work in many areas, including: teaching, social work, criminal justice, criminology, industrial sociology, communications, journalism and other media jobs, demography, urban planning, international development, and government research.

For more information, please see [www.capilano.ca/sociology](http://www.capilano.ca/sociology).

### University Transfer Credit

All Sociology courses at Capilano transfer to SFU, UBC, UNBC and UVic. All 200 level courses will provide the SFU transfer student with assigned credit toward second-year courses. The UBC transfer student will be provided with unassigned credit towards a major.

Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## Discussion Series

---

### CHATLIVE DISCUSSION GROUP

ChatLive is a series of face-to-face discussions, facilitated by a faculty member, where students discuss thought-provoking topics and current issues with other students. Students who attend a minimum of three ChatLive sessions will receive a ChatLive notation on their academic transcript.

For more information, please see the [ChatLive](#) website.

### EARTHWORKS EVENTS

EarthWorks is an environmental stewardship initiative. Its mission is to educate and inspire students as well as members of the campus and local community to understand complex environmental issues from a multi-disciplinary perspective enabling all to take action for positive change. Earthworks hosts a yearly lecture and film series as well as several environmental stewardship activities on campus. Students who attend a minimum of three EarthWorks events will receive an EarthWorks notation on their academic transcript.

For more information, please see the [EarthWorks](#) website.

# Business & Professional Studies

## General Information

---

The world of business is constantly changing, often challenging and always demanding. People with solid business skills are called to every walk of life. They play an integral role, whether they run a small business or a multinational corporation, whether they work in an office of one or a company employing thousands around the globe.

Law offices, professional sports teams, humanitarian organizations and local government – they all need people with a business education. The skills and knowledge gained at Capilano can be applied to any organization or career, regardless of the path you choose.

Capilano offers a variety of employment-related programs. The programs offered are under constant review to make certain that students are taught the latest techniques and skills. Advisory committees, composed of employers, review and recommend content of all programs.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year diploma programs or degree programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor's spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

## TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

## GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

## ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

## **PRACTICUMS**

For some practicums, students may be required to have a Criminal Records Check.

## **STUDENT COURSE AND WORK LOAD**

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

## **DIPLOMA IN CAREER PROGRAMS**

To be eligible for a Career program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

## **CERTIFICATE IN CAREER PROGRAMS**

To be eligible for a Career certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

# **School of Business**

---

## **GENERAL INFORMATION**

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

In this section you will find information on the following programs:

- [Business Administration Diploma](#)
- [Bachelor of Business Administration \(BBA\) Degree](#)
- [International Management Graduate Diploma](#)
- [International Management Graduate Certificate](#)
- [North American and International Management Graduate Diploma](#)
- [North American Business Management Applied Post Baccalaureate Diploma](#)
- [North American Business Management Post Baccalaureate Diploma](#)
- [Evening Certificate Programs](#)
- [Retail Business Fundamentals Certificate](#)
- [Accounting Assistant Certificate](#)

- [Accounting Assistant Diploma](#)

We continually review and update our programs according to market needs so that our graduates have the skills employers demand. A review of our programs by our Advisory Board, graduates, students and faculty led us to accentuate our training in problem-solving, written and verbal business presentations, and team work. This gives our graduates an edge in today's highly competitive job market, and gives them the expertise to succeed in the workplace of the future. Our graduates proceed to occupations such as:

- Accountant
- Advertising Account Manager
- Entrepreneur
- Event Producer
- Financial Analyst
- Financial Planner
- Human Resources Manager
- Labour Relations Officer
- Lending Officer
- Operations Manager
- Production Manager
- Project Manager
- Promotion Manager
- Retail Specialist
- Research Coordinator
- Sales Representative/Sales Manager
- Store Manager/Owner
- Training & Development Officer

In the past, many of our graduates have developed careers with large corporations such as Kellogg's, Hershey's, Chevron, ICBC, BBDO Advertising, The Future Shop, Labatt Breweries, Brights Wines, BC Ferries, and BC Hydro. The entrepreneurial skills gained in the program have also led many graduates to administrative jobs in small and medium sized businesses such as Minerva Technologies, Seanix Technology Inc., Western System Controls, and Sierra Consulting.

For more information, please see [www.capilanou.ca/business](http://www.capilanou.ca/business)

## **School of Business Start Dates**

A student can commence studies in the School of Business in the fall (September), spring (January), or summer (May) terms. Most students complete the 60-credit Business Administration diploma program in two years.

## **Mature Student Status**

Applicants who are 20 years of age or older and lack the minimum program admission requirements may apply as mature students. Written requests for admission as a mature student will be considered by the Admissions Office in consultation with an academic advisor or program coordinator. Applicants should provide written details of other qualifications or experiences and an academic transcript of education completed. An interview may be required with an academic advisor or with a program coordinator for other programs.

Mature students with significant business experience may have the option of completing the Business Administration diploma in less than two years. This can be achieved by combining an increased term course load, by attending school for consecutive terms, or by acquiring credits through the Prior Learning Assessment (PLA) process. PLA Information can be found in the Admission and Readmission section of the University Calendar. A student wishing to complete their diploma in less than two years must consult a business administration faculty advisor for assistance with their program plan.

## **Articulation Agreements**

### **Secondary Schools**

Formalized agreements have been articulated with the Burnaby, Coquitlam, Vancouver, North Vancouver, West Vancouver, and Sunshine Coast school districts whereby:

Students attaining a B or better in Accounting 11 and Financial Accounting 12 can apply for dual credit for Capilano's BFIN 141 Accounting. Application forms are held by high school counsellors and require high school instructor signatures.

### **University**

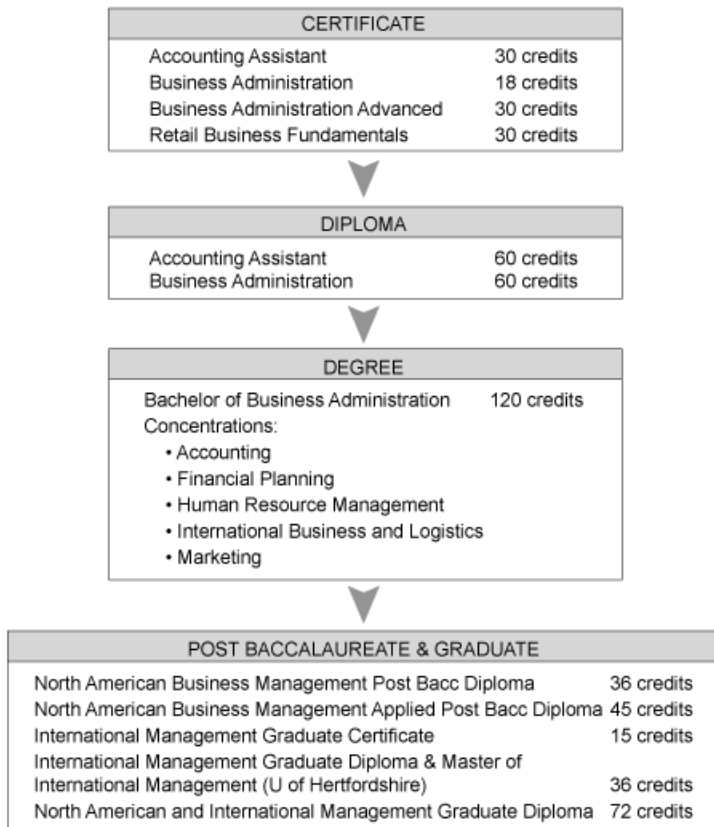

A block transfer agreement of 60 credits exists for students who have completed the Business Administration diploma program, with the following universities: University of Northern British Columbia and Thompson Rivers University - Open Learning. Contact the School of Business for further information.

## **Program Flexibility**

Whether you choose part-time or full-time studies in the School of Business, you will be able to accumulate credits toward a certificate, diploma, or degree. We have designed our programs to suit your needs as well as the needs of employers. The flexibility of our programs allows you to start with Capilano University, build your own educational package today, and continue to learn with us in the future. This "laddering" concept proves your education can be adapted to fit your changing environment and that of industry.

The School of Business at Capilano University offers a variety of programs, from a Bachelor of Business Administration (BBA) degree, Advanced Business or Business Administration diplomas, to numerous certificates. Many courses are transferable from one credential to another, making it easier for students to advance to higher levels.

## School of Business Offerings

## Transferability

Students who have already completed degrees or taken other college or university courses may apply to have those credits transferred towards the Capilano University School of Business. To ensure a smooth transition, please provide the Registrar's Office with transcripts and course outlines when you apply. A student must complete at least:

- 50% of the School of Business requirements at Capilano University to receive a Capilano University business diploma or certificate
- 25% of the School of Business requirements at Capilano University to receive a Capilano University business degree

To receive a Business degree from Capilano University, student transferring more than 60 credits from another institution must complete 30 credits of course work at Capilano, including BADM 460, BADM 470, two 400 - level Business electives and six upper level Business electives or core courses. A minimum of 45 credits at the 300 or 400 level are required.

## Prior Learning Assessment (PLA)

The School of Business is committed to the recognition of prior learning. Prior Learning Assessment (PLA) recognizes demonstrated learning for credits which have been acquired through life or work experiences. You can obtain PLA credits for selected courses. For further information contact the Capilano University School of Business. There is a fee for PLA assessment equal to the regular course costs.

## Study Abroad Programs

The School of Business has developed exchange programs with several universities and colleges around the world, which allows business students the opportunity to take part in a unique educational and cultural experience. When you embark on a study abroad adventure, you will:

- Study at a university or college in a foreign country
- Pay Capilano University tuition fees
- Receive transfer credit for courses completed
- Establish lifelong friendships with people from different countries
- Encounter new education and cultural experiences
- Learn a new language
- Visit museums, galleries and historical sites
- Show future employers that you are open to new experiences and opportunities

## Professionalism at Capilano

Our graduates have achieved an excellent reputation based on professional performance and positive attitude. Our classes stress the importance of maintaining that reputation. As future leaders and business administrators, students must be prepared to model appropriate professional behaviour while engaged in University and University-related activities. This is the type of behaviour expected from a professional manager or leader.

## English Requirement

All Business Administration diploma students must complete the English 100 course, or equivalent, to graduate. To be eligible for English 100 you must have the appropriate prerequisite. See the EDT information in the Registration section in this Calendar. It is preferred that you take the English 100 course in the *first term* or prior to completing your first year as it is a general prerequisite for all second year level courses.

## Accounting/Finance Designations

Many of the courses offered in the Diploma and Degree programs are transferable to the Chartered Professional Accountant (CPA) and the Certified Financial Planner (CFP). Please refer to the online guides at [bccpa.ca](http://bccpa.ca) or [fpsca.ca](http://fpsca.ca) for more information.

## **BUSINESS ADMINISTRATION DIPLOMA PROGRAM**

Graduates of the two-year Business Administration diploma program have the skills and knowledge required to be effective managers in a demanding and changing workplace. Our graduates have achieved an excellent reputation based on professional performance and a positive attitude.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

The first year of the diploma program provides a solid foundation in general business knowledge with courses in accounting/finance, communications, marketing, and organizational behaviour. The second year offers the opportunity to concentrate in a particular area. Six of the 10 second-year courses are electives: four business electives and two breadth electives. Use these electives to concentrate your studies, focus on career goals, or broaden your education.

Business electives must be courses offered by the School of Business at Capilano University (BADM, BCPT, BFIN, BMKT, or IBUS courses). You can use the business electives to commence concentration in any of these management areas:

- Accounting
- Financial Planning
- Human Resource Management
- International Business and Logistics
- Marketing

A full-time course load provides a minimum of 20 instructional hours weekly (typically, one course equals four instructional hours). We suggest that at least 40 hours weekly of outside studies and preparation time will be required.

For more information, please see [www.capilanou.ca/business/Business-Administration-Diploma](http://www.capilanou.ca/business/Business-Administration-Diploma)

## INTERNATIONAL MANAGEMENT GRADUATE DIPLOMA PROGRAM AND MASTERS OF INTERNATIONAL MANAGEMENT (UNIVERSITY OF HERTFORDSHIRE)

### General Information

Today, over 35% of Canada's jobs relate to international trade. In the future, the continued globalization of trade will have a significant impact on Canada's role on the world stage. These factors make an international business education very valuable in the business world. This program offers undergraduate business students an opportunity to specialize in the area of international business management.

The program aim is to provide a range of subject matter and learning experiences that both meet the needs of a diverse student group and offer opportunities for multicultural interaction. The program is a contemporary, critical, integrated and applied program of study offered at a graduate level.

During this one year program students expand their international learning experience and complete 6 months of the program abroad at [Hertfordshire University](#) in England. There students benefit from an international study abroad experience as well as learn from international faculty. This provides an excellent opportunity to create lifelong connections with students from around the world. During the final summer term students complete their final integrated international business plan or research report.

The structure of the program is designed such that students can consolidate their understanding of a wide range of business-related disciplines, and of the relationships between functions within organizations, while building up specialist knowledge of the distinctive challenges of communicating, operating and marketing effectively across international borders.

A wide range of skills are developed during the program including international business strategy, international finance, global e-business, working with multicultural teams, and developing an awareness of differences in the cultural, socio-economic and political context of business operations. Students develop the ability to critically analyse complex international business problems and generate and evaluate options leading to effective solutions.

### Admission Requirements

- Completion of a Bachelor of Business Administration at Capilano University with a cumulative GPA (CGPA) of 3.0 or higher; or completion of a NA Business Post Baccalaureate Diploma at Capilano University with a CGPA of 3.0 or higher; or completion of a 4 year undergraduate business degree,

economics degree or equivalent from a recognized institution with a CGPA of 3.0 or higher; or a degree equivalent professional qualification with a CGPA of 3.0 or higher approved by the Programme Chair.

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- For non-Capilano University graduates, a personal interview will be conducted before acceptance into the program if the student is residing in Canada. A phone or Skype interview will be conducted if the student is living abroad.

## **NORTH AMERICAN BUSINESS MANAGEMENT POST BACCALAUREATE DIPLOMA PROGRAM**

This one year post-baccalaureate diploma program provides international students as well as recent immigrants to Canada with the foundational management knowledge, skills and decision-making tools needed to do business in an often diverse and turbulent North American economic environment. Managers in countries around the world who want to do business with Canadian or U.S. companies must be able to respond to rapid changes in technology, resource allocation, structural shifts in the economy, geographic differences, changes in consumer preferences, competitive approaches, and shifts in the employment market.

This program focuses on a broad set of topic areas within the business field. Subjects include advanced Canadian communications and interactions, businesses structure and operation, business performance and strategy, North American corporate law, finance and cross border strategic human resource management. Students will study Canadian multiculturalism, effective North American business management practices and project management. In addition, students learn about team leadership, social responsibility and corporate ethics.

The program concludes with a two-month work practicum which helps students increase their knowledge and confidence and enables a hands-on experience in a North American work environment. This also provides an excellent networking opportunity to support students in pursuing a future business career locally or internationally.

### **Further Information**

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings. Faculty have extensive experience and expertise in their subject area.

### **Career & Educational Opportunities**

Upon completion of this one year program, students will increase their ability to:

- Secure employment with a North American company;
- Work with a North American based company operating abroad; or
- Assist an international company expand their services, products or operations to North America;
- Be prepared to successfully enter into a Masters level business program such as an MBA or MSc in International Business.

Graduates of this program will gain the qualities and transferable skills necessary for successful employment in North America or abroad.

## **Transferability/Transfer Credit/PLA**

Graduates of this North American Business Management Post Baccalaureate Diploma with a CGPA of 3.0 or higher may ladder into the International Management Graduate Diploma. Some may also choose to continue on to an MBA program in Canada or elsewhere.

## **Admission Requirements**

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 2.0 or higher with preference given to students with a 2.5 or higher on your final two years of study. Students with backgrounds other than business degrees, economics degrees or the equivalent will be required to complete a Business Essentials course.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): internet=75, or International English Language Testing System (IELTS)=6.0 overall, and no one score less than 5.5 and a min score of 6.0 in writing, or Canadian Academic English Language Assessment (CAEL)=60, or Pearson Test of English (PTE Academic)=50, or Capilano University EAP 090 with a minimum B+ grade.
- Two page letter of intent. The letter must be written by the applicant, and will be evaluated for thoughtfulness of response and quality of writing. Resume or experience summary.

## **Admission/Application Notes**

This program is not designed for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework.

The English Language proficiency requirements will be waived if the student has successfully completed an undergraduate degree at a university where study was in English and the student was based in that university's home country during study.

## **Who Should Apply?**

The North American Business Management Post-Baccalaureate Diploma offered by Capilano University's School of Business is designed to prepare students for work in and with North American organizations. It is designed for students who are graduates of recognized undergraduate degree programs in a variety of disciplines from universities around the world. No prior work experience is required.

This program is for international undergraduate students as well as international students studying in B.C. International students applying will have completed an undergraduate degree in their home country, at Capilano (non-BBA) or other institution. Recent immigrants to Canada with an undergraduate degree may also be interested in adding this additional year of study to gain North American Business expertise.

This post-baccalaureate diploma is specifically valuable to international students wishing to gain in-depth knowledge of the North American management culture.

## NORTH AMERICAN BUSINESS MANAGEMENT APPLIED POST BACCALAUREATE DIPLOMA PROGRAM

### General Information

This accelerated two year applied post-baccalaureate diploma program provides international students as well as recent immigrants with the foundational management knowledge, skills and decision-making tools needed to do business in an often diverse and turbulent North American economic environment. The condensed delivery of this program allows students to complete this 2 year program in 4 terms (16 months).

Today's North American business environment is highly dynamic. Managers who want to do business with Canadian or U.S. companies must be able to respond to rapid changes in technology, resource allocation, structural shifts in the economy, geographic differences, changes in consumer preferences, competitive approaches, and shifts in the employment market. This program focuses on a broad set of topic areas within the business field. Subjects include advanced Canadian communications and interactions, businesses structure and operation, business performance and strategy, North American corporate law, finance and cross border strategic human resource management.

Students study Canadian multiculturalism, effective North American business management practices and project management. In addition students learn about team leadership, social responsibility and corporate ethics.

The program provides an extensive opportunity for students to gain hands-on experience working with one or more Canadian companies. After 10 months of course work the program concludes with a two-month applied work practicum in July and August followed by a second full term practicum allowing students to increase their knowledge and confidence working in a North American business environment. This also

provides an excellent networking opportunity to support students in pursuing their future business career goals locally or internationally. Students have an extended opportunity to apply their new North American business management skills and knowledge in a Canadian work environment.

## **Further Information**

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings.

## **NORTH AMERICAN AND INTERNATIONAL MANAGEMENT GRADUATE DIPLOMA PROGRAM**

### **General Information**

The North American and International Management Graduate diploma is a two year graduate diploma program which provides international students with foundational management knowledge skills and decision-making tools needed to do business in an often diverse and turbulent North American and International economic environment. Today's global business environment is highly dynamic. Managers in countries around the world who want to do business with Canadian or U.S. companies must be able to respond to rapid changes in technology, resource allocation, structural shifts in the economy, geographic differences, changes in consumer preferences, competitive approaches, and shifts in the employment market.

The program aim is to provide a range of subject matter and learning experiences that both meets the needs of a diverse student group and offers opportunities for multicultural interaction. The program is a contemporary, critical, integrated and applied program of study offered at a graduate level within the area of North American and International Business. Students also complete a 2 month work practicum in Canada between the first and second year of study.

The first year of this program focuses on North American specific business issues and trends. A broad set of topic areas within the business field are explored. Subjects include advanced Canadian communications and interactions, North American businesses structure and operation, business performance and strategy, North American corporate law, finance and cross border strategic human resource management. Students study Canadian multiculturalism, effective North American business management practices and project management. In addition, students learn about team leadership, social responsibility and corporate ethics.

During the second year of the program, students specialize in international business strategy and international finance, and develop an awareness of differences in the cultural, socio-economic and political context of business operations. Students develop and apply the ability to critically analyze complex international business problems and generate and evaluate options leading to effective solutions.

In year two of the program, students expand their international learning experience by completing a 6 month term at the University of Hertfordshire in England. There, students benefit from an international study abroad experience as well as learn from international faculty. This is an excellent opportunity to create lifelong connections with students from around the world who aspire to become leaders in international business.

The structure of the program is designed such that students can consolidate their understanding of a wide range of business-related disciplines, and of the relationships between functions within organizations, while building specialist knowledge of the distinctive challenges of communicating, operating and marketing effectively in North America and across international borders. This joint masters program requires a final research component in the area of international business.

Lectures are supported by guest speakers, group projects and current readings. Classes are offered face to face and mixed mode.

## **Admission Requirements**

- Completion of an undergraduate degree from a recognized institution with a cumulative GPA (CGPA) of 2.0 or higher with preference given to students with a 2.5 or higher on your final two years of study. Students with backgrounds other than business degrees, economics degrees or the equivalent will be required to complete a Business Essentials course.
- Students must produce evidence of their English Language Proficiency: Test of English as a Foreign Language (TOEFL): internet=75, or International English Language Testing System (IELTS)=6.0 overall, and no one score less than 5.5 and a min score of 6.0 in writing, or Canadian Academic English Language Assessment (CAEL)=60, or Pearson Test of English (PTE Academic)=50, or Capilano University EAP 090 with a minimum B+ grade.
- Two page letter of intent. The letter must be written by the applicant, and will be evaluated for thoughtfulness of response and quality of writing. Resume or experience summary.

## **Admission/Application Notes**

This program is not designed for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework. International graduates from Capilano University will require special permission and alternate course approval from the School of Business.

The English Language proficiency requirements will be waived if the student has successfully completed an undergraduate degree at a university where study was in English and the student was based in that university's home country during study.

## **Who Should Apply?**

International students applying will have completed an undergraduate degree in their home country, at Capilano (non-BBA) or other institution. Those who have studied business in their home country and are currently living abroad or in Canada will be most interested in this program. This 2 year graduate program is primarily designed for international undergraduate students from around the world and international students studying in B.C. Recent immigrants to Canada with an undergraduate degree in a related discipline may also be interested in this two year program to gain North American Business and International Management specific expertise. International students who have graduated from a North American business degree program may be eligible for advanced standing to this program. This program is NOT for students who have completed the Capilano University Bachelor of Business Administration as this is a duplication of coursework, and should apply for the one year International Management Graduate Diploma instead.

International students wishing to gain in-depth knowledge of the North American management culture and who wish to pursue a career in companies where international activities play an important role will most benefit from this program. The program provides individuals with an opportunity to gain valuable high level North American specific and international business skills that are beneficial to a business career in any industry or sector. Unlike many graduate or masters level programs, this program is open to students who have no work experience.

## **Graduation Requirements**

- During the second term of the second year of this program, students are required to do a full study abroad semester at the University of Hertfordshire in England.
- In the research component of the program (term 6), students have the option to write a business plan or to undertake a supervised and integrated research report. The research component is at a level of rigor expected of Masters students, it provides sufficient flexibility so that students can engage in meaningful research in a rapidly changing world.

## **Credentials**

North American and International Management Graduate Diploma - Capilano University

Masters in Science, International Business (MSc) - University of Hertfordshire

## **Career & Educational Opportunities**

The program includes a two-month work practicum after year one which helps students increase their knowledge and confidence with hands-on experience in a North American work environment. This also provides an excellent networking opportunity to support students in pursuing their future business career goals locally or internationally.

Graduates of this program are equipped for careers in a wide range of international organizations, including the not for profit sector, small and medium-sized enterprises seeking to expand internationally, and firms with home bases in Canada and the U.S. As well students will have the skills required to work with multi-national companies based in Asia, Africa, Eastern Europe and Latin America, as well as other established Western multi-national companies.

## **Further Information**

International students are expected to maintain a minimum course load of 9 credits per semester.

The School of Business at Capilano University stresses a balanced combination of classroom learning and hands-on business education. Class sizes are limited which allows faculty to maintain direct contact with students. Lectures are supported by guest speakers, group projects and current readings.

## **Faculty**

The Capilano University School of Business faculty teaching in this program have extensive expertise in their area of discipline. They bring current international business knowledge to the classroom, sharing their many years of international business and teaching experience.

## **RETAIL BUSINESS FUNDAMENTALS CERTIFICATE**

This program offers the student some unique options for those interested in the retail marketing side of business and can be a stand-alone pathway to an exciting career in retail marketing or it can also be used as 24 credits toward the Business Administration diploma program.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class size is limited, which allows faculty to maintain direct contact with all of their students. This program integrates classroom study with related on-the-job experience and skills.

Upon successful completion of the Retail Business Fundamentals program, a student could then go on to complete the Business Administration Diploma requirements taking the courses listed in year two of the Business Administration diploma program. Upgrade of Math or English may be required.

Students who ladder into the Business Administration diploma program from the Retail Business Fundamentals certificate program will be required to take three additional School of Business credits if they continue on to years 3 and 4 of the Bachelor of Business Administration degree program.

For more information, please see [www.capilano.ca/retail-business](http://www.capilano.ca/retail-business)

## APPLIED BUSINESS UNIT

### Accounting Assistant Programs

#### Accounting Assistant Certificate

##### General Information

The Accounting Assistant Certificate program is a full-time, eight month program offered in September. This program provides students with training in accounting, general office procedures, and computer applications. A two-week work practicum is included in this training program.

Graduates find employment as accounting assistants, accounts receivable or payable clerks, accountants for small and medium-sized firms, or they perform accounting functions in their own businesses. In addition, graduates of this program who are wanting to take more advanced courses leading towards a diploma, degree or a professional accounting designation are encouraged to contact our School of Business as they will receive credit for some courses.

Students who achieve a minimum grade of B in the following courses will receive credit from the School of Business:

- BTEC 252 may substitute for BADM 106
- BTEC 117 and 217 may substitute for BFIN 141
- BTEC 125 and 126 may substitute for BCPT 123 and a business computing elective
- upon completion of the Accounting Assistant program, BTEC 211 may substitute for CMNS 220

For more information, please see [www.capilanou.ca/accounting-assistant](http://www.capilanou.ca/accounting-assistant)

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- SLEP (Secondary Level English Proficiency) test for EAP students (post-secondary level required).
- Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

### Admission/Application Notes

While a student might meet the English requirements for the Accounting Assistant program, other departments or programs within the University might require a TOEFL, EDT or LPI.

## Accounting Assistant Diploma

### General Information

Graduates of the two-year Accounting Assistant Diploma program have the skills and knowledge required to be effective employees in entry level accounting positions in a demanding and changing workplace. Our graduates have the necessary practical accounting skills, computer skills and basic management skills that ensure success at the workplace.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community.

In the first year of the diploma program, students will gain an understanding of both manual and computerized accounting systems, the ability to apply this knowledge to business situations, and an appreciation of the importance of organizational behaviour skills. In the second year, students will gain a solid foundation in general business knowledge with courses in management, quantitative methods, business law, finance, economics, and communications.

The first year of the Accounting Assistant Diploma program is eight months of full-time coursework. The students are scheduled together creating a cohesive and supportive learning community. Flexibility is a key feature of the second year of the program. Students have the option of completing the second year of the Accounting Assistant Diploma on a full-time basis, or work and complete the courses part-time in either the day or evening.

## **School of Communication**

---

### **GENERAL INFORMATION**

The School of Communication offers degree and diploma programs in a wide variety of areas related to professional communication practice. Bridging the gap between theory and application, the communication programs are designed to guide students in the development of key communication skills and abilities and to give them the critical and analytic skills required of communication professionals. The following programs are available through the School of Communication:

- [Bachelor of Communication Studies](#) (120 credits)
- [Communication Studies Diploma](#) (60 credits)

For more information, please see [www.capilano.ca/cmns](http://www.capilano.ca/cmns)

## Information for Prospective Students

Communication programs are designed for the diverse needs of students. Our bachelor's degree builds on both critical, analytic and applied communication skills and provides advanced study in areas of professional communication leading to a variety of careers. For those with an academic focus, the Communication Studies diploma is a 2-year transfer program leading into year 3 of Simon Fraser University's bachelor's degree.

Students wishing to enrol in a communication program should write directly to the School of Communication after applying for general admission to the university. Please write to: School of Communication, Capilano University, 2055 Purcell Way, North Vancouver, BC, V7J 3H5, or telephone 604.990.7939. The email address is [cmns@capilano.ca](mailto:cmns@capilano.ca).

Many communication courses are university transfer courses. Students wishing to enrol in open sections of communication courses must meet general university admission requirements.

## COMMUNICATION COURSES

Communication courses cover a wide variety of subjects from writing, editing and public speaking skills, to critical analyses of digital media, to how to put together an effective public relations campaign. Our lower level courses serve as an introduction to both applied communication skills and the critical study of media, communication and culture. Our upper level courses focus on specific areas of professional practice and development and involve intensive study of communication issues as well as the application of professional principles to communication projects.

The School of Communication also designs and delivers courses tailored to the needs of various career and professional programs. Among the programs we serve are Business Administration, Outdoor Recreation and Tourism Management, and Legal Administrative Assistant. Students admitted to these programs can register for the required communication courses. By special request, students may be able to register in these courses even if they are not admitted to a particular program.

Many communication courses carry credit as electives for students in Arts & Science, and Business programs, and many of our courses are open for general registration, particularly at the upper (300/400) level. However, please note that the School of Communication cannot guarantee seats in program courses to students not registered in a communication program.

## University Transfer

Most communication program courses transfer to one or more British Columbia universities. All courses in the Communication Studies diploma transfer to Simon Fraser University, and many professional writing courses are university transferable at the first- or second-year level. As university transfer status changes over time, students are advised to consult the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for the most up-to-date information.

## **BACHELOR OF COMMUNICATION STUDIES DEGREE**

### **General Information**

The Bachelor of Communication Studies (BCS) combines the critical analysis of communication, media and culture with applied communication skills. It directs these towards both scholarly investigation of and practical experience in specific areas of professional communication, including:

- Public and media relations
- Communication ethics, policy and law
- Critical media and communication studies
- Professional writing, editing and publishing
- Negotiation, mediation and crisis communication
- Intercultural, organizational and interpersonal communication

The general aim of the BCS is to supply its students with the professional competencies and critical thinking perspectives necessary for diverse careers or graduate-level study in communication fields.

In years 1 and 2, students are introduced to key theoretical frameworks and critical traditions as well as to foundational communication skills (writing, editing and public speaking). In year 3, students take advanced seminars that explore areas of strategic communication practice. In year 4, students enrol in project-based courses that bridge the classroom and the real world and through which they can build experience in communication as a professional practice. Students also complete either a capstone practicum or graduating project.

### **Further Information**

All courses in the BCS are delivered on the North Vancouver campus of Capilano University. Students enrolled in full-time study (5 courses per semester) can expect to complete the program within 4 calendar years. Students may elect to enrol part-time, with the expectation that it will take longer to complete the program, depending on the course load students are willing to take on.

Students should expect to spend about 1 hour of preparation (not including assignments) for every hour of class time (approximately 8 hours per week per course). Courses often include both individual and group assignments and it is expected that students exercise a degree of professionalism in completing such assignments, including showing initiative in the co-ordination and management of course work.

## **Career & Educational Opportunities**

The Bachelor of Communication Studies prepares students for careers in:

- Public relations
- Media relations
- Publishing, writing, & editing
- Communication research and policy analysis
- Social media management
- Communication co-ordination & management

It also supplies a rigorous academic foundation for students interested in pursuing graduate level study in communication or cognate areas such as sociology, cultural studies, political studies, journalism or literary studies.

## **Transferability/transfer credit/PLA**

Students are able to enter the BCS at three points – at first, second, or third year. Students transferring into the BCS at a stage later than direct first year admission must meet the general admission requirements noted below, and (if they completed post-secondary studies at an institution other than Capilano) initiate the credit transfer process described in the next paragraph. Such students should consult with a program advisor to determine their stage in the degree curriculum and to plan course selection to ensure timely completion of degree requirements.

Students wishing to transfer credits from other post-secondary institutions must ensure that the courses they seek equivalency for correspond in substance to program requirements in the BCS. The transfer process is initiated by the students through the Capilano Registrar's Office. For courses taken at other British Columbia post-secondary institutions, please refer to the ([www.bctransferguide.ca](http://www.bctransferguide.ca)) to check transferability.

The School of Communication at Capilano University recognises that there are occasions on which applicants may have met program objectives or outcomes in ways other than through recent prior post-secondary study. In such cases, prior learning assessments may be conducted to grant credit for prior learning as appropriate.

## **Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- English 12 or English 12 First Peoples or equivalent with a minimum grade of "B"
- For students with previous post-secondary experience, a minimum cumulative GPA of 2.5 (on a scale of 4.33) or equivalent.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- A letter of intent and resume must be submitted by all students with previous post-secondary experience, and may be requested of other applicants.

## **Admission/Application Notes**

- Please note that the admission requirements are minimum requirements. Admission is competitive.

- ENGL 100 is a required course in the Bachelor of Communication Studies. In order to enroll in any English course, students must submit the results of the Capilano University English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) unless they meet the EDT/LPI exemptions listed in the university calendar or on the Capilano website at [www.capilanou.ca/english/English-Diagnostic-Test](http://www.capilanou.ca/english/English-Diagnostic-Test).

The Bachelor of Communication Studies (BCS) runs over eight semesters, with core courses and communication electives generally being offered in Fall and Spring semesters. A limited number of communication courses are offered in the Summer, so students wishing to continue their studies in the Summer semester are encouraged to take non-communication elective credits.

Admissions to the BCS are competitive, based on a maximum total annual intake of approximately 100 students. Applications remain open until the program is full. We begin reviewing applications in February of each year, and we encourage interested applicants to apply starting in January. Applications are reviewed individually by program faculty and admissions are granted on a first come-first served basis. We reserve a percentage of seats annually for students applying directly from high school. Students will be notified by email of the outcomes of the application process.

Students who meet the BCS admission requirements but apply after the program intake has been reached are encouraged to apply to General Arts & Sciences and to reapply in a subsequent year as a transfer student. Courses taken in Arts & Science can generally count as electives towards the Bachelor of Communication Studies.

Information meetings are generally held in March, April, May and October. Students should consult the School of Communication web pages for details: [www.capilanou.ca/cmns](http://www.capilanou.ca/cmns).

## Who Should Apply?

The BCS is designed for those interested in a range of communication professions, and will enable and support their interest by establishing, broadening, and diversifying their academic knowledge and professional skills. The program is of interest to those embarking on careers in the communication fields, or those with work experience seeking professional advancement or a career change.

## Application Deadlines/Admission Dates

The BCS admits students on a first come-first served basis until the program is full. The total annual intake is approximately 100 students. We begin considering applications in February and continue until all seats are taken. Applications for Fall admission are best submitted between January and May. We reserve a number of seats for students applying directly from high school, since such applications cannot be fully considered until interim grades are posted in May.

## **COMMUNICATION STUDIES DIPLOMA PROGRAM**

### **General Information**

Communication Studies is a new and growing field whose central concern is to examine the role played by communication practices, processes and media in human societies. Communication studies promotes a critical exploration of connections between the structures of human communication (media technologies, industries, and policies) and their impacts on meaning-making, social relationships, cultural practices, power and the economy.

The Communication Studies Diploma is a 60-credit program consisting of 10 communication courses – all of which transfer to SFU's Communication BA program – plus 10 academic electives.

Learning outcomes include the ability to think discerningly about communication issues; the development of critical media literacy; an understanding of key historical and contemporary social and ethical issues in media and communication; and an awareness of the various ways in which communication practices support social life and culture.

For more information, please see [www.capilano.ca/cmns/Communication-Studies-Diploma/](http://www.capilano.ca/cmns/Communication-Studies-Diploma/)

## School of Legal Studies

---

### GENERAL INFORMATION

Capilano University's Paralegal Program was designed to meet the needs of the legal community by providing substantive and skills-based legal education for paralegals. The first Diploma (full-time) and Certificate (part-time) options were developed in 1976. The curriculum and course content were designed with input from the BC Law Society and mirrored the American Bar Association requirements for paralegal education. In 2010, a four year full-time degree option was added. The School of Legal Studies is a member of the British Columbia Paralegal Association and the American Association for Paralegal Education.

There are three Paralegal program options offered at Capilano University:

1. The full-time two-year [Diploma](#) option is designed for people who may not have current legal experience, but who have at least two years post-secondary education or equivalent learning experience.
2. The part-time [Certificate](#) option is designed for people currently employed in a legal setting and who have at least two years legal administrative assistant experience or equivalent learning experience (see below under Paralegal Certificate, Admission Requirements).

There are two delivery options:

- a) Evening and Saturday (summer term only) option for those living locally.
  - b) Online option for those living outside of the Greater Vancouver area.
3. The full-time four-year [Degree](#) option is designed for those who have no post-secondary education or legal experience. It will also appeal to students with some post-secondary education, perhaps even another degree, who would like to have a degree in this field. High school graduates with high academic standing are eligible.

For more information, please see [www.capilano.ca/paralegal](http://www.capilano.ca/paralegal)

## **What is a Paralegal?**

A paralegal is a person qualified by education, who is employed by a lawyer, corporation, or government agency and who performs specifically delegated substantive legal work, for which a lawyer is responsible.

Some examples of work performed by paralegals are:

1. interviewing clients and witnesses
2. drafting pleadings, wills, probate, intellectual property, conveyance and corporate documents
3. legal research
4. file management
5. assisting in trial preparation

## **Career Opportunities**

Paralegals find careers in different areas, including:

- Interviewing clients
- Personal injury
- Corporate and commercial
- Family law
- Wills and estates
- Insurance law
- Real property
- Intellectual property
- Aboriginal law
- Collections

Paralegals work in:

- Private law firms ranging in size from large international or national firms to medium-sized firms to small firms and sole practitioners
- Corporate legal departments including energy companies such as BC Hydro, telecommunications companies, and mining companies
- Government offices, such as the federal Department of Justice and BC's Ministry of Justice
- Non-profit agencies and societies.

For more information, please see [www.capilano.ca/paralegal/](http://www.capilano.ca/paralegal/).

## **Policy for Challenging Courses**

Capilano University's Academic Policies and Procedures provide for five methods for challenging courses: Exemption, Substitution, Transfer Credit, Prior Learning Assessment and Course Challenge. These procedures are not available for all courses in the Paralegal Program. For explanations of these methods, see the Academic Policies on the Capilano University [Policies & Procedures webpage](#).

Please [contact](#) the department for further details or with any questions.

## **BACHELOR OF LEGAL STUDIES (PARALEGAL) DEGREE**

The Bachelor of Legal Studies (Paralegal) is a four-year, full time degree designed for high school graduates who are interested in the law and becoming a paralegal. It will also appeal to students with some post-secondary education, perhaps even another degree who would like to have a degree in this field.

Students in this option attend classes during the day at Capilano University's North Vancouver campus. They complete courses in substantive law, procedural law and legal skills. Courses offered are preset and require students to attend classes during the fall and spring terms (from September through April) for four consecutive years.

Upon completion of the four-year course of studies, students must complete a practicum under the supervision of a lawyer. Students are paid by their employer during this practicum.

At the end of a successful practicum, the student is eligible for graduation. Faculty work closely with students and with the legal community to assist students in obtaining successful practicum placements.

## PARALEGAL DIPLOMA

Students in the full-time two-year Diploma option attend classes during the day at Capilano University's North Vancouver campus. They complete course studies in substantive law, procedural law and legal skills. Courses offered are preset and require students to attend classes during the fall and spring terms (from September through April) for two consecutive years.

Upon completion of the two-year course of studies, students must complete a six-month practicum under the supervision of a lawyer. Students are paid by their employer during this practicum.

At the end of a successful practicum, the student is eligible for graduation. Faculty work closely with students and with the legal community to assist students in obtaining successful practicum placements.

For further information about the Diploma option, please visit the School of Legal Studies website at [www.capilano.ca/paralegal/Paralegal-Diploma](http://www.capilano.ca/paralegal/Paralegal-Diploma)

## PARALEGAL CERTIFICATE

The Paralegal Certificate is a part-time option designed for students who are working in a law office, legal department or other legal setting. Students study substantive law and legal skills courses while gaining their procedural law skills on the job. Some procedural law courses, such as Litigation Procedures, are available as electives.

The Paralegal Certificate is available in two delivery modes: onsite and online. The curriculum is the same for both; the only difference is the method of delivery. For registration purposes, we use two names to describe this program option based on delivery mode. **Paralegal Certificate** refers to regular onsite delivery where students attend lectures in person at a set time. Onsite courses are held in the evening at a downtown Vancouver location - currently the BCIT campus on Seymour Street (with the exception of LAW 210 Legal Research, which takes place at the North Vancouver campus on Saturdays).

**Paralegal Certificate (Online)** refers to online delivery where students learn at a distance without physically attending classes. For admission to the Paralegal Certificate (Online) option, preference is given to students living outside the Greater Vancouver area. Local students are generally expected to register in the Paralegal Certificate; however, they may be able to register in online courses in the event of seat availability or exceptional circumstances.

This online certificate option was the first fully online credential for paralegals available in Canada, and it has been a source of paralegal education for students in BC, across Canada, and around the world for over a decade (including the US, Cayman Islands, Virgin Islands, Czech Republic, Netherlands, Hong Kong, New Zealand and United Arab Emirates).

Please note that the credential obtained after completing all the credit requirements is the same - Paralegal Certificate - regardless of the delivery method of your courses and the name used to describe the program option when you registered. The following information applies to both the onsite and online versions of the Certificate option, unless otherwise noted.

For more information, please see [www.capilano.ca/paralegal/Paralegal-Certificate](http://www.capilano.ca/paralegal/Paralegal-Certificate)

## Further Information

Students are required to take LAW 101, 110, and 210 **before** enrolling in the remaining core courses or electives. Students start with either LAW 101 (September), LAW 110 (January), or LAW 210 (May) in their first year cycle. If after completing these three required courses, the remaining required courses, LAW 200 and LAW 300, are not available in the terms immediately following, students may enroll in electives until they become available.

## Fees and Expenses

Please see the [Fees and Fee Payment](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid and Awards](#).

## Paralegal Certificate

Intakes:	Campus	Terms	Full/Part Time
	Off Campus	Fall	Part-Time
	Off Campus	Spring	Part-Time
	Off Campus	Summer	Part-Time

Certificate requirements must be completed within five years of commencing the program. The five-year period may be extended in exceptional circumstances.

Continuation Requirements: Any student whose cumulative grade point average falls below 3.0 (B) after completing LAW 101, LAW 110 and LAW 210 may be required to withdraw from the program in consultation with the Chair. Any student whose cumulative grade point average falls below 2.0 (C) will not be permitted to continue in the program.

Graduation Requirements: Students must complete all courses in the curriculum (the five required courses and 15 credits of electives) and achieve a cumulative grade point average of 3.0 (B) or higher in order to graduate. Students who complete the course requirements without being admitted in the certificate option (for instance, by taking the courses in the degree or diploma option, or transferring in credits from other institutions) and without two or more years of legal work experience will not be eligible to graduate automatically. In these circumstances students must complete up to two years full-time relevant work experience in consultation with the Chair before being eligible to graduate.

## LEGAL ADMINISTRATIVE ASSISTANT PROGRAM

### Legal Administrative Assistant Certificate Program

#### General Information

This eight-month career program covers five main areas of law providing a fundamental understanding of the legal system in B.C. Students are trained in legal terminology and procedural rules. They will review

relevant legislation and acquire necessary skills in the formatting and handling of legal documents. Typing, legal office procedures, hands-on computer technology and a two-week legal office work practicum are included in the curriculum.

A Capilano University certificate is granted upon successful completion of the program.

For more information, please see [www.capilano.ca/paralegal/legal-admin-assistant](http://www.capilano.ca/paralegal/legal-admin-assistant)

## **Career Opportunities**

The exacting field of law offers excellent career opportunities for students graduating as legal administrative assistants.

This very specialized program provides intense training in traditional administrative assistant skills as well as legal procedural courses including: civil litigation, wills and probate, corporate law, conveyancing and mortgaging, family, legal office procedures and basic securities procedures. Upon completion of the program, students find employment in specialized, as well as general, law offices.

Once working in the legal field, many graduates of the Legal Administrative Assistant program proceed to the part-time Paralegal Certificate program, available evenings and also as an online option for those outside the Vancouver area.

Legal Administrative Assistant program graduates who have achieved a cumulative B+ average and who have obtained employment in a law firm, government law department or corporate law department are now eligible to enter the Paralegal Certificate part-time program. This allows them to further their education in the evening while earning a salary and gaining valuable experience in the legal support field.

## School of Global Stewardship

---

### ASSOCIATE OF ARTS DEGREE - GLOBAL STEWARDSHIP

#### General Information

The two-year Global Stewardship Associate of Arts degree program was initially designed for young people pursuing careers in the not-for-profit sector, either internationally or in Canada. But over the years, graduates of the program have gone into a wide variety of careers, including international development, social work, journalism, teaching, law and even nursing. Students in the program study in cohort (that is, together) a wide range of courses in world politics, environmental biology, geography, economic history, anthropology, world history, languages, literature and philosophy as a means to understanding the global forces at play today. They also take management courses, and partake in seminars delivered by leaders in the not-for-profit sector in order to hone their leadership, teamwork, communication, budgeting and time-management skills. They also gain hands-on service learning experience volunteering with a non-government organization, either locally or overseas. Graduates receive an Associate of Arts degree, which is easily transferable to any university in B.C. and recognized by a number of universities across Canada.

For more information, please see [www.capilanou.ca/global-stewardship](http://www.capilanou.ca/global-stewardship).

#### Career Opportunities

According to the Voluntary Sector Human Resources Council, nearly 900,000 Canadians work for pay in the voluntary sector, about the same number that work in the construction, mining, and oil and gas industries combined. The number of people working internationally for non-governmental organizations is unknown, but they most certainly number in the millions. Graduates of the Global Stewardship Program enter this network of not-for-profit employees early in their academic career. Those who want to pursue such a career will most certainly go on to complete their bachelor's degree, and possibly a masters in the future. Other graduates of the Global Stewardship Program are pursuing careers in teaching, social work, nursing, and international law. Graduates of the Global Stewardship Program are eligible for the paid internship positions supported by CIDA.

#### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade point average of 2.0 (60%) calculated on English 12 or English 12 First Peoples and three academic Grade 12 courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview
- Letter of intent and letters of recommendation.

## HUMAN KINETICS DIPLOMA PROGRAM

### General Information

The Human Kinetics diploma is a two-year program designed for students wanting to enter the health and fitness profession and/or for those planning to transfer to another institution to complete their Human Kinetics or Kinesiology degree. The program offers 2 streams of study, Exercise Science and Physical Education.

The Exercise Science stream is designed for students interested in developing a body of knowledge primarily in the biological and physical sciences and applying this knowledge to the study of human movement. This will prepare students for specific study in exercise physiology, biomechanics, psycho-motor control, exercise psychology and exercise management.

The Physical Education stream is designed for students interested in developing a body of knowledge primarily in the sociological, pedagogical, concepts of teaching and coaching. This stream of study will prepare students in coaching, health and physical education, fitness instruction, recreation programming and leadership.

For more information, please see [www.capilanou.ca/human-kinetics](http://www.capilanou.ca/human-kinetics)

### Transfer Credit

The Capilano University Human Kinetics diploma program is modeled after the degree program offered by the University of British Columbia. Graduates of this program can apply to UBC for entry into third year

studies in one of the following streams: Kinesiology and Health Science, Physical and Health Education, or Human Kinetics Interdisciplinary.

Many of the courses offered in the Capilano University Human Kinetics program are transferable to other post-secondary institutions. Please refer to the online B.C. Transfer guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for further information.

## Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade point average of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Two reference names and a letter of interest giving reasons why the applicant is interested in the study of Human Kinetics and a brief description of career goals.

## Admission/Application Notes

Applications to the program will only be considered for students seeking full-time (minimum 9 credits of study per term) status. Interested students must complete the University's application for admission form identifying Human Kinetics as their choice of study. A letter of interest giving the reasons why the applicant is interested in the study of Human Kinetics, the chosen stream of study (Exercise Science or Physical Education), a brief description of career goals must accompany the University application form, and two reference names.

The Human Kinetics program is limited to 80 students. The application deadline for this program is March 15th. The document deadline is March 31st.

Students selected for the program will be notified by mail.

### Note

1. Exercise Science students are required to complete 12 credits of first year science courses in three of the following areas: biology, chemistry, math and physics.
2. Students planning to enter the Faculty of Education at UBC should meet with an advisor to plan an appropriate course of study and choose those elective credits which comply with the requirements of the Faculty of Education.

## School of Outdoor Recreation Management

---

### GENERAL INFORMATION

The School of Outdoor Recreation Management at Capilano University stresses practical, field-based, outdoor learning, combined with academic study in the classroom. Our instructors are experienced in the outdoor recreation industry and help students turn their passion for the outdoors into rewarding careers in this vibrant industry. Our class sizes are limited, allowing students to benefit from direct contact with their instructors. All School of Outdoor Recreation Management certificates and the diploma can be laddered into the Bachelor of Tourism Management.

In this section you will find information on the following program:

- [Outdoor Recreation Management Diploma Program](#)

Our programs are continually updated to ensure that students learn the latest skills and techniques needed by outdoor recreation employers. On-going consultations with employers, graduates, students and faculty, allow us to ensure the content of our programs is relevant to current and emerging industry needs.

Graduates from the School of Outdoor Recreation have developed careers in a variety of areas, including:

- Outdoor education
- Wilderness guiding and instructing (e.g. rafting, hiking, canoeing, sea kayaking, professional scuba diving, mountain biking)
- Parks (e.g. interpreters, wardens, information hosts, programmers)
- Trail design and building

## OUTDOOR RECREATION MANAGEMENT DIPLOMA PROGRAM

### General Information

This 16-month (including Summer term), full-time diploma program is delivered in BC's "super natural" environment. The Outdoor Recreation program builds on the Mind, Body and Spirit of the student to meet the growing demand in the dynamic and challenging nature-based tourism industry.

The curriculum includes adventures into BC's wilderness areas, such as backpacking experiences in the Coast Mountains and sea kayaking on the West Coast of Vancouver Island. Field trips emphasize environmental studies and the development of leaders.

Our program has earned an excellent reputation for its top-quality management and technical skills, and employment contacts. Over the past three decades, we have expanded our network of practicum placements, both locally and overseas, keeping us in touch with the latest developments and providing access to exciting career prospects.

For more information, please see [www.capilanou.ca/outdoor](http://www.capilanou.ca/outdoor)

### Career Opportunities

The well-established Outdoor Recreation Management program provides excellent training for a wide range of careers in parks, resorts, community recreation, adventure tourism, and environmental education. Careful practicum placements and an increasing variety of career opportunities ensure that graduates readily find employment in the field.

### Transfer to the Bachelor of Tourism Management Degree

The intent of the degree is to provide the most up-to-date knowledge, innovations, technologies, and management techniques for administrators and entrepreneurs in the tourism industry. The degree requirements include core business, tourism and outdoor recreation foundation courses, general education requirements, specified and elective courses at the upper level, and a number of defined elective credits. The credits earned in the Outdoor Recreation Management diploma satisfy most core business, tourism and outdoor recreation foundation courses, and elective requirements. For a detailed brochure about the degree, please contact Capilano University at 604.984.4960 or see the [Bachelor of Tourism Management Degree](#) section of the Calendar.

## School of Tourism Management

---

### GENERAL INFORMATION

Programs within the School of Tourism Management are on the leading edge of tourism education in British Columbia. In an industry that is ever evolving with the increasing global demand for innovative tourism experiences, Capilano University's tourism programs deliver the knowledge and skills graduates need for rewarding and successful careers in this dynamic industry. Our experienced instructors help students turn their passion into vibrant careers in this global industry. Our class sizes are limited, allowing students to benefit from direct contact with their instructors.

In this section you will find information on the following programs:

- [Hotel and Resort Management Post Baccalaureate Diploma Program](#)
- [Tourism Marketing and Development Post Baccalaureate Diploma Program](#)
- [Bachelor of Tourism Management Program](#)
- [Tourism Management Co-op Diploma Program](#)
- [Tourism Management for International Students Diploma Program](#)
- [Tourism Marketing Citation Program](#)

Our programs are continually updated to ensure that students learn the latest skills and techniques needed by tourism employers. On-going consultations with our Industry Advisory Committee, as well as with employers, graduates, students and faculty, allow us to ensure the content of our programs is relevant to current and emerging industry needs.

Graduates from the School of Tourism Management have developed careers in a variety of areas. Examples of jobs our graduates have achieved include:

- Sales manager, destination marketing organization
- Managing director, inbound tour company

- General manager, tourism attraction
- Manager, sales and marketing, tour company
- Manager, food & beverage, international 5-star hotel
- Manager, sales & operations, tour operator
- Human resources supervisor, ski resort
- Program coordinator, special events company
- Events manager, golf course
- Tourism information officer, chamber of commerce
- Airline attendant, major international carrier
- Frontline staff, cruise ship

Admission into our programs is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

For more information, please see [www.capilano.ca/global-community](http://www.capilano.ca/global-community)

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor's spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

## **Transfer to and from Other Institutions**

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

## **Graduate Employment**

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

## **Admission Dates**

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

## **Practicums**

For some practicums, students may be required to have a Criminal Records Check.

## Co-operative Education

Some Career programs include a co-op education option. Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs. For more information, see [www.capilano.ca/global-community](http://www.capilano.ca/global-community).

## Student Course and Work Load

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

## **BACHELOR OF TOURISM MANAGEMENT PROGRAM**

### **General Information**

#### **Program Overview**

Worldwide, in 2016 there were over 1.2 billion international tourism arrivals. British Columbia alone hosts more than 5.6 million international overnight visitors a year through the services of almost 18,000 tourism related companies.

Capilano University's Bachelor of Tourism Management program prepares students for management positions within the tourism industry. The program emphasizes business skills and knowledge, in a framework of sustainability, community engagement and global consciousness, and engaged and experiential learning. Students cover a broad variety of topics including specific skill areas such as human resources, marketing and promotions, accounting and finance, product development, risk management, strategic planning and project management.

In addition, students gain practical experience working in the tourism industry through their certified co-op work placement and also receive a variety of opportunities to network and build connections with the tourism industry throughout the program, both of which contribute to being job-ready on graduation.

This program is designed to accommodate full-time and part-time students. All courses needed for degree completion are offered at Capilano University.

#### **Tourism Career Opportunities**

Our degree graduates possess a skill set that allows them to move into career positions that are permanent, year-round, and have clear opportunities for advancement. They are prepared for supervisory or management positions with a high level of responsibility and contribution. Graduates also have the skills needed to make a foray into small business ownership as an entrepreneur in the tourism industry. In addition, graduates may choose to pursue graduate studies in tourism or related fields.

Our graduates work in a variety of tourism sectors, including accommodations, activities, tour operators, travel services, attractions, destination marketing organizations, transportation and tourism services within governments. Recent graduates are in a variety of management positions, and more specialized positions such as:

- Director of Sales & Marketing
- Event or Program Coordinator
- Travel Designer or Consultant
- Account Executive for Regional Sales, Corporate Relations or Meeting and Conventions Sales
- Business Development Manager

#### **Transferring in From Other Programs**

Students who have already completed degrees or taken other college or university courses may apply to have those credits transferred towards the Capilano University Faculty of Tourism and Outdoor Recreation programs. To ensure a smooth transition, please provide the Registrar's Office with transcripts and course outlines when you apply. A student must complete at least:

- 50% of the Faculty of Tourism and Outdoor Recreation requirements at Capilano University to receive a Capilano University diploma or certificate.

- 25% of the Faculty of Tourism and Outdoor Recreation requirements at Capilano University to receive a Capilano University Tourism Management degree. For students transferring 60 credits or more from another institution to receive a Bachelor of Tourism Management degree from Capilano University, the student must complete 30 credits of course work at Capilano, including TOUR 440 or TOUR 435, and nine 300/400 - level Tourism required or elective courses.

Students who have completed a Capilano University citation, certificate or diploma from the School of Tourism Management or the School of Outdoor Recreation Management are eligible to ladder into the BTM program with up to 60 credits. All admission requirements must be met - completion of a citation, certificate or diploma that ladders in is not a guarantee of admission.

## TOURISM MANAGEMENT CO-OP DIPLOMA PROGRAM

### General Information

#### Program Overview

Worldwide, in 2016 there were over 1.2 billion international tourism arrivals. British Columbia alone hosts more than 5.6 million international overnight visitors a year through the services of almost 18,000 tourism related companies.

Completing a Tourism Management Diploma provides graduates with a theoretical and practical introduction to tourism industry. It stresses career entry skills, as well as provides a foundation of business skills and knowledge. Students gain experience working in the tourism industry through their certified co-op work placement and also receive a variety of opportunities to network and build connections with the tourism industry throughout the program, both of which contribute to being job-ready on graduation.

The program emphasizes business skills and knowledge, in a framework of sustainability, community engagement and global consciousness, and engaged and experiential learning. Students cover a broad variety of topics including specific skill areas such as human resources, marketing and promotions, accounting and finance, product development, risk management, strategic planning and project management. Graduates of this program may ladder into the third year of the Bachelor of Tourism Management degree.

This program is designed to accommodate full-time and part-time students. All courses needed for diploma completion are offered at Capilano University.

#### Tourism Career Opportunities

Career opportunities on graduation include a variety of front line-positions, which is where most people begin their tourism career. These positions require a basic understanding of the industry and the ability to anticipate, respond to, and satisfy customer needs. The knowledge gained through the Tourism Management Co-op

Diploma allows students in these front line positions to be strategically positioned in order to move into higher level positions as they gain experience.

Our graduates work in a variety of tourism sectors, including accommodations, activities, tour operators, travel services, attractions, destination marketing organizations, transportation and tourism services within governments. Recent graduates are in a variety of positions such as:

- Guest Services Agent
- Tour Guide
- Visitor Information Counselor
- Front Desk Agent
- Travel Consultant
- Concierge

## TOURISM MANAGEMENT FOR INTERNATIONAL STUDENTS DIPLOMA PROGRAM

### General Information

#### Program Overview

The Tourism Management for International Students Diploma educates students in the tourism and management skills necessary for a successful career in large and small travel businesses, including hotels and resorts, attractions, entertainment, conferences, and special events. This program is designed for international students with English as a second language.

The "culture" of Capilano University's School of Tourism Management is truly enjoyed with courses such as Cross Cultural Tourism, Tourism Policy and Planning, Adventure Eco-Tourism, and Special Events Planning.

In addition, there is a strong business and management focus, with special tourism courses in communications, marketing, revenue management, financial planning, computer applications, human resource management, and product development.

Practical Canadian work experience is acquired by our international students through an 8-week practicum program. A special "Practicum Preparation" course is offered to our students before this work experience, to ensure that students enjoy their opportunity to work in Canada.

The diploma program offers:

- Field trips, guest speakers, and other "hands on " tourism activities
- High quality, intensive, full-time instruction
- Experienced instructors in tourism
- Eight-week work experience in Canada
- Access to the Bachelor of Tourism Management degree program offered by Capilano University for those who successfully complete the diploma and meet Bachelor of Tourism Management degree admission requirements
- International credential in tourism management
- Blended classes with Canadian and international tourism students
- Support from Capilano University's Centre for International Experience
- Academic writing support
- Student success coaching
- Connections to tourism industry professionals

## TOURISM MARKETING CITATION PROGRAM

### General Information

The Tourism Marketing Citation introduces students to a career in the tourism industry, focusing on basic skills required in sales and marketing roles. It is designed for individuals seeking a career in tourism who wish to further develop their skills prior to laddering into the Bachelor of Tourism Management or Tourism Management Co-op Diploma.

Students complete introductory courses in computers, business communication, and the tourism industry, as well as two specific marketing courses, and may select one elective from a variety of offerings. Students may enroll in the Tourism Marketing Citation while upgrading Math and English grades for admission into other programs.

### GENERAL INFORMATION

The certificate, advanced certificate, and diploma programs are designed with and for professionals currently employed by municipalities, First Nations governments, regional districts, improvement districts, and supporting agencies in British Columbia. They are designed so that the students can combine their full-time professional responsibilities with part-time studies.

The purpose of these programs are to provide opportunities for participants to gain increased knowledge of the political and organizational realities of local governments in B.C. as well as to critically assess opportunities for change within these systems. It is expected that participants will be more effective managers, leaders and change agents as a result of their involvement in the program.

All PADM courses are developed with senior practitioners in the field and educators familiar with current issues facing local governments. Each course offers participants extensive opportunities for skill building, discussion and interaction with a widely diverse group of leading academic and local government figures. For more information, please see [www.capilano.ca/local-govt/](http://www.capilano.ca/local-govt/)

## LOCAL GOVERNMENT ADMINISTRATION PROGRAMS

### Local Government Administration Certificate

#### General Information

The certificate consists of four required courses and one elective course. All courses are in-person seminars, providing opportunities to learn through group exercises, presentations, discussion and direct interaction with experts from the field. On completion of the program requirements, successful candidates will be eligible to receive a Local Government Administration certificate.

Capilano also offers five “MATI” (Municipal Administration Training Institute) courses in partnership with the Local Government Management Association of BC (LGMA):

- MATI Leadership in Local Government Organizations (PADM 204)
- MATI Advanced Communications for Local Government Professionals (PADM 205)
- MATI Managing People in Local Government Organizations (PADM 207)
- MATI Community Planning for Local Government Professionals (PADM 208)
- MATI The Successful CAO - Local Government Advanced Management (PADM 308)

These courses (except PADM 308) satisfy the elective requirement of the Local Government Administration certificate.

#### Further Information

On successful completion of the Local Government Administration certificate, students can pursue further studies in Local Government Administration with Capilano University, the Provincial Board of Examiners, Thompson Rivers University or the University of Victoria.

The Local Government Administration certificate program ladders into the Local Government Administration advanced certificate and diploma programs (see information below) and to Thompson River University’s Bachelor of Public Administration.

The four core courses in the Local Government Administration certificate are recognized by the provincial Board of Examiners and are transferable for credit toward their certificates, which are recognized by Local Government employers across BC. For more details about the Board of Examiners Certificate Programs and Scholarships, see [www.cscd.gov.bc.ca/lgd/gov\\_structure/board\\_examiners](http://www.cscd.gov.bc.ca/lgd/gov_structure/board_examiners) or call 604.356.0954.

Students who have successfully completed the Local Government Administration certificate (with a minimum C+ grade) may apply for block transfer credit to the University of Victoria's Diploma in Local Government Management. Students will be allowed transfer credit for three unspecified courses (9 credits).

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status or permission of the program coordinator.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## Local Government Administration Advanced Certificate

### General Information

The Local Government Administration advanced certificate is a multi-disciplinary program which builds upon the foundation of the Local Government Administration certificate by enhancing individual knowledge and skills. Through the program students will learn to be more effective in their current and future roles as leaders and change agents in municipalities, regional districts, First Nations governments, improvement districts and related agencies throughout British Columbia.

Students successfully completing the Local Government Administration advanced certificate will improve their understanding of current local government issues, public policy development, and corporate administration, while also improving their research, communication and management skills. Students will choose among elective courses in local government leadership, human resources/managing people and community planning in addition to other post-secondary electives from a wide variety of subject areas. All courses in the program can be applied toward the Provincial Board of Examiners certificates.

The advanced certificate is best suited to students who:

- Wish to continue their studies beyond the certificate level and enhance their knowledge and skills
- Are able to take courses offered in a six day residential format (MATI)
- Have taken other post-secondary courses from Capilano University or another institution that can be considered for transfer credit

The program consists of 7 required courses (21 credits) and 8 elective courses (24 credits). At least one elective course (3 credits) must be from Capilano University's Public Administration program. This program is based upon existing courses currently offered by Capilano University and a minimum of 8 courses (24 credits) must be completed at Capilano University.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status or permission of the program coordinator.

- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## Local Government Administration Diploma

### General Information

The Local Government Administration diploma is a multi-disciplinary and applied program which builds on the Local Government Administration certificate and advanced certificate. The diploma is designed for professionals currently working in local government who wish to achieve more in depth understanding, knowledge, and skills in this field. The program is designed so that the students can combine their full-time professional responsibilities with part-time undergraduate studies over three to five years.

Students successfully completing the Local Government Administration diploma will gain a thorough understanding of a wide range of local government issues. They will be able to identify, analyze and recommend solutions to workplace challenges while also strengthening their research, communication and management skills. Students will complete all currently offered PADM courses in addition to other post-secondary electives from a wide variety of subject areas.

The diploma is best suited to students who:

- Wish to continue their studies beyond the certificate level and enhance their knowledge and skills
- Are able to take courses offered in a six day residential format (MATI)
- Have taken other post-secondary courses from Capilano University or another institution that can be considered for transfer credit

The program consists of 9 required courses (27 credits) and 11 elective courses (33 credits). This program is based upon existing courses which are currently offered by Capilano University. A minimum of 10 courses (30 credits) must be completed at Capilano University.

All courses in the program can be applied toward the Provincial Board of Examiners certificates, which are recognized by local government employers across British Columbia.

### Admission Requirements

## Local Government Leadership Development Certificate

### General Information

The new Local Government Leadership Development Certificate program addresses the growing demand for a new program designed specifically for local government management professionals who seek to improve their leadership skills and equip themselves for more senior positions. Through this program, local government professionals will gain the knowledge, skills, and abilities they need to be effective managers and leaders in their organization.

The Local Government Leadership Development Certificate program is designed for professionals who work for a British Columbia municipality, regional district, First Nation government or related organizations, with at least two years in a management or supervisory role. On completion of the program, graduates can ladder into the Local Government Administration Advanced Certificate and Diploma Programs at Capilano University, pursue related degrees at Capilano or other post-secondary institutions and also certificates granted by the Provincial Board of Examiners.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status or permission of the program coordinator.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Current employment in a municipality, regional district, First Nation Government, Improvement District or supporting agency (or permission of Program Chair), with at least two years in a management or supervisory role.

# Education, Health & Human Development

## General Information

---

The Faculty of Education, Health & Human Development offers a diverse spectrum of programs ranging from preparatory studies to post baccalaureate certificates. Our learners are as diverse as our programs. Whether studying in early childhood, English for Academic Purposes, adult upgrading, music therapy, health studies or other programs, the focus is on providing current, relevant content to ensure graduates are well prepared for the next level of study or for employment.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

## TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

## GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

## ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

## PRACTICUMS

Students are required to have a Criminal Records Check.

## STUDENT COURSE AND WORK LOAD

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking full-time studies.

# **School of Education & Childhood Studies**

---

## **GENERAL INFORMATION**

The School of Education and Childhood Studies offers students the opportunity to focus on school based support (Education Assistant) or study the early years (Early Childhood Care and Education). The programs in the School of Education and Childhood Studies promote critical thinking and inquiry and provide students with a strong emphasis in theory and practice that reflects pedagogies of social equity, justice, diversity and support for those who present with a wide range of abilities. The programs support the provision of meaningful learning experiences for all children from birth to grade 12.

## **Application Deadlines, Admission Dates**

Early Childhood Care and Education (ECCE) program applications are accepted for the Fall term and Education Assistant program applications are accepted for the Summer term of each year.

## **International Opportunities**

In conjunction with Capilano University's International Joint Partnership Projects and Study Abroad, several international opportunities have been offered for ECCE students and alumni. These include Kindergarten work placements in locations such as Beijing, China and study abroad courses in locations such as England, Sweden and Finland.

Currently there are no active Study Abroad or exchange programs being offered. For more information call 604.984.4960.

## **Regional Campuses**

All courses are offered at the North Vancouver campus. Select courses may be offered online or at the Squamish and Sechelt campuses.

For information on program offerings at the Squamish and Sunshine Coast campuses please contact the respective campus directly or the ECCE Department: [ecce@capilanou.ca](mailto:ecce@capilanou.ca)

## EDUCATION ASSISTANT CERTIFICATE PROGRAM (EA)

### General Information

The Education Assistant (EA) evening/weekend program prepares students to work in inclusive educational settings with children and adolescents, Kindergarten to Grade 12, who have diverse learning needs. EA students are trained to support children and youth who present with a wide range of abilities so that these children can participate fully as members of a community of learners.

Education Assistants work under the direction of classroom teachers or resource teachers and give special attention to students with physical, learning or emotional needs by:

- implementing individualized or group instruction in communication skills, life skills, behaviour management techniques and adaptive physical education
- assisting in the modification of curriculum, assignments and tests to accommodate students' special needs
- attending to and providing personal assistance to students in toileting, positioning, mobility, feeding, grooming and dressing
- transferring and assisting students to and from wheelchairs, desks, special equipment and work areas
- supporting all students in inclusive classroom environments

This program prepares students for a variety of para-professional duties in school, and includes theoretical studies and practical applications for working with children and adolescents who need extra support.

For more information, please see [www.capilanou.ca/education-assistant](http://www.capilanou.ca/education-assistant)

### Who Should Apply?

Successful EA applicants have an aptitude for working with children or adolescents, are patient, interested in education and learning, consider schools to be interesting and exciting places, and show initiative while working in a world of rapidly changing ideas.

## School of Allied Health

---

### GENERAL INFORMATION

When you choose a career in the health care you open the door to many rewarding possibilities: from the newborn to the elderly, you provide care and support to those with a range of abilities and challenges. It's a vocation for those who value dignity, trust, respect, responsibility and collaboration. At Capilano you can choose from several areas of study from a four year degree to a six month certificate. Each program offers

students an integrated learning experience combining theoretical study with practical applications of new skills in real life settings.

## **HEALTH CARE ASSISTANT CERTIFICATE**

### **General Information**

The Health Care Assistant program is a 745 hour certificate program recognized throughout B.C. Graduates of the program are qualified to work in any level of continuing care, including home support, adult day-care, assisted living, and complex care (including special care units).

The program integrates health care theory with 270 hours of practice in actual care settings. Students learn to provide person-centered care with the goal of promoting and maintaining the physical, emotional, cognitive, social and spiritual well-being of clients. Clinical practicums take place in a variety of continuing care facilities, home support agencies, and/or assisted living sites.

### **Program Intakes**

Up to two programs may be offered each year in North Vancouver and on the regional campuses. For current offerings please see the program website: [www.capilanou.ca/hca](http://www.capilanou.ca/hca).

### **Admission Requirements**

- Applicants must either: have BC Secondary School graduation; or be a minimum of 18 years of age with a minimum of Grade 10 English; or, obtain Mature Student Status.
- Applicants must meet the English Language Competency requirements as specified by the BC Care Aide and Community Health Worker Registry. See the Admission Notes on the program website for a complete listing of the English Language Competency requirements for this program: <http://www.capilanou.ca/hca/Health-Care-Assistant-Certificate-Admission-Requirements/>.
- Applicants may be required to attend an interview.
- Covering letter (stating reasons for wishing to apply to this program), resume and 3 written reference letters. Criminal record check required, see Admission Notes.

### **Admission/Application Notes**

- All students who are interested in the HCA program are strongly encouraged to attend an information session.
- Capilano University is required by the Ministry of Public Safety and Solicitor General to carry out a Criminal Record Check under the Criminal Records Review Program for all applicants. The required Criminal Record Check is arranged by Capilano University. There will be a nominal fee payable by the applicant. Details will be provided at the information session or by request to the Department.
- After acceptance to the program, students will be required to submit additional documentation as required by relevant health authorities in order to participate in a practicum. Students must complete the practicum to be eligible for program completion. At minimum, this includes the following:
  - Standard first aid including CPR (level C) with Automated External Defibrillator (AED);
  - TB skin test and/or chest x-ray to rule out active TB;
  - Successful completion of Food Safe Level 1 within 3 years prior to program commencement.
  - Up to date Immunizations in accordance with Practice Education Guidelines of BC.

- The activities of the HCA program involve bending, lifting up to 23 Kg (50 lbs), squatting, standing, and walking for extended periods (can be up to 8 hours). Additionally, during clinical practicums, students will care for clients who are at end of life and some who may be aggressive due to their cognitive status.
- The following is recommended:
  - 40 hours of volunteer work at a Complex Care Unit.

## Career Opportunities

The number of people needing continuing health care, home care and support in assisted living in our community is increasing, and there is an ever-growing demand for qualified men and women to work full-time, part-time or as a casual care provider in this field.

## Graduate Employment

Graduates of this program are qualified to work with clients/residents in any level of continuing care, including home support, adult day-care, assisted living, complex care (including special care units), and selected acute care units. The potential for employment is excellent. Employers require a criminal record check and ask applicants to complete an English placement test.

## BACHELOR OF MUSIC THERAPY PROGRAM

### General Information

The Music Therapy program at Capilano offers the third and fourth years leading to the Bachelor of Music Therapy. This degree program is designed so that students may enter third year with a variety of backgrounds: music, general arts, education, or nursing etc. All four years may be completed at Capilano University.

This program provides students with the opportunity to gain knowledge and develop competencies in such areas as music therapy and practice; clinical disorders; assessment, planning and intervention; improvisation and music of many eras and cultures; interpersonal skills and group dynamics; basic research, and documentation.

The program blends academic and experiential course work. Students deepen their experience of music, creative expression and the role of the arts. They are encouraged to explore their values, beliefs, feelings and communication patterns, to increase their effectiveness in the field. They have field work in a different setting for each of the four terms, in which they are given increasing responsibility to design, implement and evaluate their own treatment programs, under clinical supervision.

Continuance in the Music Therapy program will be contingent upon an adequate level of personal, academic and clinical skills as jointly evaluated each term by the Music Therapy faculty. Music therapy is a helping profession in which music therapists work with clients who are in a state of disability. In the therapist/client relationship, there is an assumption that the therapist is in a well enough state of health and well-being to mediate client difficulties with an appropriate clinical approach. In other words, the therapist must function in clinically suitable ways, be emotionally stable and able to respond generally vis-a-vis the client's needs. The therapist is the helper. The role of the Music Therapy program, in addition to student education, is to safeguard the standards of practice of the professional music therapy community through monitoring student readiness to work with members of the community-at-large who are at risk because of disability, disease, cultural and social deprivation, and otherwise disadvantaged. Safety of clients is essential.

Music therapists use the creative process inherent in musical participation to assist individuals and groups to improve their mental, physical and emotional functioning. Music therapists work with deep emotions in special therapeutic programs, run exercise and dance programs, lead choirs, instrumental ensembles and music appreciation groups as they contribute to therapeutic goals. Music therapy is increasingly identified by health care professionals as an effective catalyst for client motivation, stimulation and communication.

Graduates of the Capilano University Music Therapy program receive a Bachelor of Music Therapy.

For more information, please see [www.capilanou.ca/music-therapy](http://www.capilanou.ca/music-therapy)

## **Career Opportunities**

Graduates of the program work with all age groups, with a wide range of physiological, cognitive and emotional disorders, in a variety of clinical settings or in private practice. They are trained to work as part of a health care team.

## **Accreditation**

This course work fulfils the educational requirements for professional accreditation by the Canadian Association for Music Therapy.

A supervised pre-professional practicum is also required before graduation, to fulfil the accreditation requirement for clinical work.

## **Admission Requirements**

- 45 specific university transfer course credits as listed in the Basis of Admission section of the program requirements.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Audition and portfolio

## **Application/Admission Notes**

A complete Information and Application Package, including audition and interview information, is available on the program [website](#).

The Music Therapy Information and Application Package is recommended to assist you in preparing for entry to third year, including information on the portfolio, audition and interview process. As part of the audition and interview process the following skills will be assessed: basic guitar skills (folk style), volunteer or work experience with people with special needs, computer skills (word processing) and piano skills. Please view the program website or send your mailing address to [mtherapy@capilanou.ca](mailto:mtherapy@capilanou.ca)

Portfolio submission deadline: April 15th.

## **REHABILITATION ASSISTANT DIPLOMA PROGRAM**

### **General Information**

A Rehabilitation Assistant, also known as an "OTA/PTA/SLPA" or "RA", is a para-professional who works as a member of the health care team under the supervision of and in collaboration with occupational therapists, physiotherapists and speech-language pathologists to support patients or clients of all ages who have experienced disease or injury. This work, most frequently in the areas of gerontology, neurology and orthopaedics, may be carried out in a variety of settings including hospitals, rehabilitation clinics, extended care facilities and in the community in which we live.

The two year Rehabilitation Assistant Diploma program at Capilano University is designed to provide students with opportunities to develop the knowledge, skills, values and attitudes necessary to provide a vital supporting role in delivering efficient and effective rehabilitation services within the public and private health care delivery system. Working closely with peers and instructors, the program prepares students to be well-rounded RA's by delivering an integrated approach consisting of scientific knowledge, professional skills, rehabilitation theory and practical skills, case study integration and clinical fieldwork. Students will also learn how to apply the principles and practices of Rehabilitation Assistance in their everyday work

Graduates of the program will:

- demonstrate professional behaviour
- promote optimal client independence
- develop, implement and modify treatment plans with clinical supervision
- provide training which enables clients to develop, maintain or restore physical, psychosocial, cognitive and/or communication skills according to the plan
- train clients/significant others in a variety of mobility, communication, self-care, work and leisure activities
- apply strategies to manage cognitive and psychosocial skills
- observe and report to the clinician and team on services delivered
- provide administrative and operational support to a rehabilitation service such as scheduling clients, managing inventory and treatment information, manufacturing and assembling special equipment and wheelchairs.

## School of Access & Academic Preparation

---

### GENERAL INFORMATION

The School of Access and Academic Preparation offers adult learners the opportunity to complete prerequisites for entry to a wide range of programs both at Capilano and other colleges and universities. Our focus is on a student centered experience where you study in small classes with knowledgeable instructors who understand the diverse needs and experiences that adult learners bring to their studies. Programs are offered at all three of the university campuses as well as in many community locations around the lower mainland and in our regional communities. The Adult Basic Education program, the English for Academic Purposes program and the College and University Preparation program are designed to prepare students who lack course prerequisites for university transfer and career/vocational programs. The Access Work Experience programs provide practical knowledge and support for students who have barriers to employment.

Many of these courses are taught in 1.5 hour classes that meet twice a week for an academic term (15 weeks). In addition, considerable independent study is required outside of the formal instruction period. Certain courses offered in the Faculty of Arts and Sciences departments may also satisfy the student's upgrading needs.

Some courses in the School of Access and Academic Preparation have no tuition fees for Canadian citizens or landed immigrants. International students pay International student fees (please see the [Fees & Fee Payment](#) section of the website).

For more information, please see [www.capilano.ca/education-health-development](http://www.capilano.ca/education-health-development)

### ADULT BASIC EDUCATION

#### General Information

The Adult Basic Education (ABE) program enables students to upgrade their knowledge of English, mathematics, biology, chemistry, physics, history, social studies and computers. Students may select from one to five subjects, depending upon their educational and occupational goals. Students can pursue any of the following goals:

- academic studies (including university and college programs)
- preparation for employment
- personal desire to upgrade or refresh mastery of a subject
- secondary school qualifications demanded by employers
- vocational training (including apprenticeships)
- career training
- technical training

The program operates from September to June, offering instruction in 1.5 hour classes. Both self-paced and term-paced classes are offered. Placement in courses is based on pre-registration assessment of academic background.

Many students benefit by enrolling in ABE courses while registered in university transfer or career/vocational programs at the University.

Students who need more than four months to complete a course may re-register if they are attending and progress is satisfactory. Students who finish a course before the end of the term may immediately register for the next higher course in the given subject.

For more information, please see [www.capilano.ca/abe](http://www.capilano.ca/abe)

**Class times are as follows:**

Morning classes:	8:30 a.m., 10 a.m., and 11:30 a.m.
Afternoon classes:	1 p.m., and 2:30 p.m.
Evening classes:	6 p.m.

## **Admission Requirements**

Students should be at least 18 years old and preferably out of the public school system for a minimum of one year. Exceptions will only be made with departmental approval. Students should apply at least three months prior to anticipated date of entry. Students with English as a second language may be referred to the English for Academic Purposes department before enrolling in ABE classes.

## **How to Apply**

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University, Birch building, room 230  
2055 Purcell Way, North Vancouver, B.C.  
V7J 3H5  
Phone: 604.984.4900  
Fax: 604.984.1798

**Note**

All students must participate in an assessment/interview before registration in order to determine the course(s) or program which best meets their educational goals. Students may not be accepted into the program if, after assessment and interview, it is determined that their learning needs will not be met by the program. Call (604) 983-7578 to book an assessment/interview.

Offerings and procedures at the Sunshine Coast campus are slightly different. Contact the local campus reception desk or ABE coordinator.

## **Registration**

**Regular attendance and satisfactory progress** are conditions for re-registration in ABE courses. Students may be directed to other programs if their attendance and performance in ABE does not match their stated educational goals.

**Note**

Offerings and procedures at the Sunshine Coast campus are slightly different. Contact the local campus reception desk or ABE coordinator.

## **ABE Certificates & Diploma**

To be eligible for a diploma or a certificate, a student must have achieved a cumulative grade point average of 2.00 or higher.

The **B.C. Adult Dogwood Graduation Diploma**, issued by the Ministry of Education, Skills and Training, provides an alternate route for adults to achieve a Grade 12 standing to post-secondary institutions in B.C.

**Intermediate & Advanced Certificates** are issued by Capilano University and provide prerequisites for career and vocational programs throughout the province.

**Fundamental** level instruction provides basic reading and writing skills and number skills.

ABE certificates/diploma also satisfies most employers' high school requirements. Certain high school courses may qualify as transfer credit toward ABE certificates.

Advanced and Provincial level ABE courses may be used for transfer credit towards a B.C. Regular or Adult Dogwood Certificate.

The ABE program offers courses at four levels as outlined in the chart below.

### Adult Basic Education - Levels of Instruction

Courses	Fundamental	Intermediate	Advanced	Provincial Level
BENG	011 and/or 021*	031*	040 or 041*	053 and 054*

## **ACCESS WORK EXPERIENCE**

### **General Information**

Education Employment Access combines classroom activities with practical work experience opportunities for students with barriers to employment. The classroom component includes courses geared towards helping the student gain the knowledge, skills and attitude needed to be an employee.

These courses include essential skills, employability strategies, communication and interpersonal skills. Some of the methods used are: discussion, hands-on practical skill assessment and development, oral presentation, interview techniques, group work, case studies and field trips.

The work experience component provides practical training opportunities in a variety of work settings. Employers have the workplace and the employee management expertise that allow students to grow and improve their knowledge of worksite skills, behaviours and expectations.

University supervisors understand each student's unique strengths and limitations and have knowledge of potential strategies to make workplace accommodations. Both the employer and the university contribute essential support and insight that can make a positive difference in each student's growth.

For more information, please see [www.capilano.ca/access](http://www.capilano.ca/access)

## Education and Employment Access Certificate Program

### General Information

The Education and Employment Access program provides both technical knowledge and personal and practical skills training through a combination of classroom theory and on-the-job experience. Class instruction emphasizes the development and maintenance of skills which may be used in employment situations with an emphasis on customer service. Students meet with faculty to discuss an individual plan.

For more information, please see [www.capilano.ca/access/Education-Employment](http://www.capilano.ca/access/Education-Employment)

### Student Profile

Students who will find the Education and Employment Access program beneficial are those with disability issues which may include learning disabilities, physical disabilities and barriers to employment that still allow them to meet employment requirements.

### Admission Requirements

- Interview

### Admission/Application Notes

Interested applicants are invited to contact the department directly. A paper application will be completed during the interview process.

Interviews take place between May and September each year.

### Fees and Expenses

Please see the [Fees and Fee Payment](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid and Awards](#).

## **COLLEGE AND UNIVERSITY PREPARATION PROGRAM**

### **General Information**

The object of the program is to improve the participation and success rates of students who are planning to attend post-secondary institutions. The program helps students to gain confidence at college and university by developing academic skills while gaining academic qualifications.

Typical students in the program include those who want to:

- try school again after at least one year away;
- refresh their skills and improve their GPA before entering a college or university program;
- upgrade high school courses in a supportive learning environment;
- develop skills for participating in computer-based/online courses, but would like to be introduced to this technology with the help of a teacher in the classroom;
- explore career and education choices before selecting a further program of study.

Students may start the program in either September or January. The program is full-time (classroom activities Monday through Thursday, plus online activities) for 15 weeks. Students should begin the application process as soon as possible prior to the start of classes.

The program makes extensive use of computers. In addition to two computer courses, the English, Math and Career Planning courses use computers for portions of the course content. Learners do not need strong computer skills to enter the program, just the desire to improve their skills using computers.

There is a computer lab dedicated to the program, and there is one computer for each student. These are instructor-led classes supported by a computerized Learning Management System. Attendance and participation are keys to student success. The maximum class size is 20 students.

For more information, please see [www.capilanou.ca/cup](http://www.capilanou.ca/cup)

## Program Objectives

Students will gain confidence working in a post-secondary setting, and acquire life and academic skills useful for pursuing:

- career and vocational programs at a university, college or technical institute;
- university or university transfer programs at a university/college;
- skills to become a successful online student;
- further academic upgrading to pursue a chosen course of study.

At the completion of the program, students will have created their own personal educational plan to guide and assist them in reaching their educational and career goals.

## Program Content

### Required Courses (Course Credits)

At least one level in each of the following subjects:

- BCMP - Computer Studies
- BENG - English
- BMTH - Basic / Business Mathematics
- EDCP - Education and Career Planning

The above courses have multiple levels. Students are placed in a level best suited to their abilities. All courses in the program are articulated with Adult Basic Education, and may be used towards The B.C. Adult Dogwood Graduation Diploma.

### Typical Schedule

The students' schedule will be similar to the following:

	Monday	Tuesday	Wednesday	Thursday	
10:00-11:30		Study Skills/Career Planning		English	
11:30-1:00	English		Computers	English	
1:30-2:30	English	Math	Computers	Math	
2:30-4:00		Math		Math	

## Admission Requirements

- Grade 10 or permission of the department.
- Must have completed some ESL course work. Level and grade requirement to be determined by Department.
- Interview
- 18 years age and out of high school for a year or department approval. Students must contact the program assistant or coordinator to schedule an interview and an English, math and computer assessment. A program application is also required.

## How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Phone: 604.984.4900  
Fax: 604.984.1798

## Admission/Application Notes

Please contact the program assistant or coordinator to schedule an assessment and interview.

## Registration

Students are given an assessment interview before registering in the program. The assessment and interview are to help place the student at their correct levels for the various courses.

## Attendance

Regular attendance is essential to ensure student success. Regular attendance, participation and satisfactory progress in all subject areas are requirements for continued enrolment in the program. Students may be directed to other programs if their attendance and progress does not meet either the program's stated goals, or the students' stated educational goals.

## Citation Requirements

In order to receive a citation from the College and University Preparation program, students must successfully complete one course from each of the four areas of study (Education and Career Planning, Mathematics, Computers, English).

## COMMUNITY LEADERSHIP AND SOCIAL CHANGE DIPLOMA

### General Information

The Community Leadership and Social Change Diploma is an innovative program that prepares students for rewarding careers in the community development and non-profit sector in Canada. The curriculum and class room environment reflect the principles of community development, social change and social justice. Students gain an in-depth and critical understanding of the history, theory and current practice of CD in North America. They develop skills in applying leading edge community development research and planning methods in various community settings. Through experiential learning opportunities, they become facilitators of community processes that build consensus and foster non-violent and collaborative dialogue. In their final term, students take a leadership role in a Capstone Project, applying their knowledge and skills in a particular role in a specific community sector such as literacy, food security, health promotion etc. But most importantly, students will form deep and lasting relationships with people from all sectors, cultures, and classes and with organizations serving all parts of our community in all aspects of community life.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status, OR completion of the Community Capacity Building Citation
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview
- Active as a volunteer in the community

### Who Should Apply

Do you care about your community and want to make a difference? Are you a community volunteer who enjoys working in a collaborative way with others? Do you want to be a leader in creating social change to create a safe, healthy, equitable, sustainable and just world? Then you are the perfect person to apply for this program!

### How to Apply

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University, Birch building, room 230

V7J 3H5  
Phone: 604.984.4900  
Fax: 604.984.1798

### Application Notes

Information sessions will be held throughout the year in the community. Attendance at an information session is strongly recommended. Information about the application process will be provided at those meetings.

Visit our website at [www.capilano.ca/cdo/CLSCdiploma/](http://www.capilano.ca/cdo/CLSCdiploma/) or contact the department directly to get more information: 604-984-1759.

## Fees and Expenses

Please see the [Fees and Fee Payment](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid and Awards](#).

## Graduate Employment

The National Survey of Non-profit and Voluntary Organizations (NSNVO), last conducted in 2003, indicates that there are approximately 161,000 non-profit and voluntary organizations in Canada with over 2 million employees and revenues exceeding \$112 billion. British Columbia's non-profit and voluntary organizations employed 113,000 people not including those who worked in hospitals, universities and colleges; a workforce larger than the total employment in the forestry, fishing, and mining, oil and gas. Twenty five percent of organizations experienced difficulty attracting qualified staff and as many as 50% had difficulty securing qualified volunteers.

In this program students develop working relationships with staff, management and volunteers in various community organizations in their community. Successful graduates may find employment as program coordinators, fundraisers, volunteer coordinators, settlement workers, health promotion workers, or food network coordinators. They will develop a personal pathway to leadership in community development that could involve transferring to a degree program, working in the non-profit sector, being active as a leader in their community or working independently as a project consultant.

## Program Location

Two required courses - CLSC 100 and CLSC 105 - will be offered only at a community location in Vancouver on Wednesday evening. The remaining required courses will be offered at Capilano University, North Vancouver Campus, during the weekday.

## Service Learning

Two service learning courses provide students with an opportunity to gain credits for doing what they love: volunteering in their community. In addition to required community volunteering, these courses will include faculty support, coaching and specific thematic seminars. A Capstone course can also be used to earn credit and undertake a specific community project.

## COMMUNITY CAPACITY BUILDING PROGRAM

### General Information

Designed in collaboration with community organizations and funders, the Community Capacity Building program is ideal for those who volunteer with community organizations and who are considering a part-time or full-time career in this work.

This citation program consists of two 3-credit courses and will provide students with a background in the concepts of community development and the practical skills required in entry-level community positions, such as:

- peer volunteer coordinator,
- outreach worker,
- recreational activity coordinator,
- wellness worker,
- support group facilitator, or
- community research assistant.

Classes are offered in community settings and emphasize interaction, reflection, and practical experience under the guidance of instructors who have many years of experience in community work.

### Registration

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact Kathy Coyne at 604.986.1911, local 7885.

### Fees and Expenses

## ENGLISH FOR ACADEMIC PURPOSES

### General Information

The English for Academic Purposes (EAP) department offers permanent residents and international students a variety of intermediate, advanced and post-secondary preparatory English courses to help them improve their competency in English for work, daily life, and post-secondary study. Courses cover reading, writing, grammar, speaking and listening skills.

EAP courses are offered part-time and full-time.

For more information, please see [www.capilanou.ca/eap](http://www.capilanou.ca/eap)

### Programs

The four month terms begin January, May and September. There are two different programs:

### Full-Time Intensive Program

The full-time intensive program is designed for students who wish to improve their English skills rapidly and who wish to pursue academic studies. These courses consist of integrated language skills: reading, writing, speaking, listening, grammar, pronunciation and vocabulary. Please note that EAP 050, 060, 070 and 080 are 15 credits each. EAP 090 is 12 credits. EAP 100 and 101 are three credits each. Maximum class size is 18 - 20 students. International students should register to study in the full-time intensive program to obtain the utmost benefit from their experience at Capilano University.

Depending on the results of the EAP Placement Test, students may enter at one of five full-time levels:

Level	Courses	Hours/Week
English for Academic Purposes Foundation 1	EAP 050	20
English for Academic Purposed Foundation 2	EAP 060	20
English for Academic Purposes 1	EAP 070	20
English for Academic Purposes 2	EAP 080	20
English for Academic Purposes 3	EAP 090	16
English for Academic Purposes 4A	EAP 100	4
English for Academic Purposes 4B	EAP 101	4
Reading and Writing Support for Academic Courses	EAP 099	4

At the EAP 090 and EAP 100 and 101 levels, students may be allowed to take a combination of EAP and Arts & Sciences/School of Business courses at the same time, depending on the results from EAP 080 and EAP 090 or external tests such as ELA, TOEFL, IELTS or CAEL.

International students who need additional reading and writing support at the EAP 090-100 levels may take EAP 099. This course can also be taken concurrently with all other 100 level academic courses at Capilano University to support academic success.

### Part-Time Program

Domestic students may enrol in part-time evening courses at a variety of levels depending on their EAP Placement Test (EPT) results. Each course consists of four hours of instruction per week. Please note part-time evening courses may not be offered every term.

Level	Speaking & Listening	Reading & Vocabulary	Writing & Grammar
Lower Intermediate	ESL 031	ESL 038	ESL 039
Upper Intermediate	ESL 041	ESL 048	ESL 049
Lower Advanced	ESL 051	ESL 058	ESL 059
Upper Advanced	ESL 061	ESL 068	ESL 069
Capilano Preparatory	ESL 071	ESL 078	ESL 079

### Capilano Academic English Preparation

At Capilano University, students can begin their academic studies while completing their EAP studies.

- When students complete EAP 080 with a B, they are permitted to register in EAP 090 plus 1 (one) Arts and Sciences or Business course.
- When they complete EAP 090 with a B, they are permitted to register in EAP 100 and 101 plus 2 (two) Arts and Sciences or Business courses.

- When they complete EAP 100 and 101 with a B+ in each course, they may enrol in a full-time Arts and Sciences or Business program.

**Note**

No other test (e.g. TOEFL) score is needed for students who follow this route to Arts and Sciences or Business.

## Placement Testing of EAP Students

English for Academic Purposes (EAP) students may submit ONE of following English assessment tests to ensure placement at the appropriate EAP level:

1. The Capilano University EAP Placement Test. The EAP Department will contact you about testing dates and times.
2. The English Language Assessment test (ELA), which is available only in Vancouver. A letter allowing you to take this test is available from the Centre for International Experience at Capilano University, or the Registrar's Office.

For full entry into Arts and Sciences/School of Business courses, students must provide proof of English proficiency if English is not their first language. Students must do ONE of the following:

1. Achieve a grade of B+ in EAP 100 and 101, **OR**
2. Take an external language test. Students require:
  - A TOEFL\* score of 560 (paper-based score) or 83 (internet-based score), or
  - An IELTS score of 6.5 overall with no score less than 6, or
  - A CAEL score of 70, or
  - An English Language Assessment test (ELA) score of 145. The ELA is available only in Vancouver. A letter allowing you to take this test is available from the International Student Centre at Capilano University, or the Registrar's Office.
  - PTE score of 56

\* **Capilano University TOEFL code=0505**

See the [English Language Requirement](#) section of the calendar for other ways to meet this requirement.

## Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- The following is required: a valid English Language Assessment (ELA) test score of a minimum of 32 OR the EAP Placement Test.

## Business Administration Pathway

### General Information

The Business Administration Pathway is a program designed to assist students in EAP who plan to continue their studies in Business Administration. The program consists of 8 months (two semesters), combining English for Academic Purposes with Business Administration courses. Students in the Pathway take all courses in a term together as a cohort. During each term, Business Administration courses are taken concurrently with EAP support courses. The EAP course content directly relates to and supports the course content of one of the Business Administration courses being taken. EAP instructors collaborate with the Business Administration course instructors to meet the specific needs of the students. Students in the program must successfully complete EAP 090 with a minimum B grade to continue into the second term. Students who successfully complete EAP 100 and EAP 101 with a minimum B+ grade in both courses will continue with the Bachelor of Business Administration and/or the Business Administration Diploma coursework until they are eligible for their Business credential.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent.
- Principles of Math 11 (C) or Foundations of Math 11 (C) or Applications of Math 12 (B) or Apprenticeship & Workplace Mathematics 12 (B) or BTEC 115 (B-)
- Students must produce evidence of their English Language proficiency. The standard required is: Test of English as a Foreign Language (TOEFL): paper=520, internet=67, or English Language Assessment (ELA)=114, or International English Language Testing System (IELTS)=5.5 overall, and no one score less than 5.0, or Canadian Academic English Language Assessment (CAEL)=40, or Pearson Test of English (PTE Academic)=47 or Capilano University EAP 080 with a minimum B grade.

## CAREER ACCESS CENTRE

### General Information

The Career Access Centre (CAC) makes courses available that may be offered at the North Vancouver and regional campuses, as well as in community settings. Site-specific CAC courses are made available for our community-partnered programs as required and are a part of the ongoing programs being offered there. Students enroll in on-campus CAC courses either as additional support for existing programs, or combined to provide a full-time cohort program. These courses provide support and bridging for low-income learners accessing Capilano University services and preparatory programs.

Available components include English and Math upgrading, English as a Second Language (beginner), computer literacy, transition skills, orientation/ coaching, and student success. Each course can be customized to fit the needs of the learners within the program.

### Registration

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact 604.986.1911, local 3679.

# Fine & Applied Arts

## General Information

---

Capilano offers a variety of employment-related fine and applied arts programs in media, motion picture, visual and performing arts.

The highly trained faculty of artists active in their fields makes certain that students are taught the timeless traditions of their chosen craft as well as the latest techniques and skills. Relevancy is ensured by advisory committees composed of employers, alumni, and other experts who review and recommend content of all programs.

Programs range from short certificates to four year degrees. A limited number of students are selected for each program. Applications are considered based on the criteria established for each program area, which may include an interview, audition or portfolio review. In general, Grade 12 graduation is required for applicants, although some students may be admitted on the basis of experience and ability.

Contact the individual program areas for current information as requirements and profiles may change due to the continual assessment within these programs.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials and the instructor's spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before applying for a program.

## TRANSFER TO AND FROM OTHER INSTITUTIONS

There is an agreement among public post-secondary institutions in British Columbia to accept completed courses and provide equivalent credit for these courses. The decision to accept courses for transfer always rests with the receiving institution.

Transfer credits are granted to students for acceptable work completed at other institutions. Students wishing to transfer credit should present the required documentation to the Registrar's Office for consideration. Full information on the transfer of specific courses is available from the [BC Transfer Guide](#), the Registrar's Office, and the program area.

## GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent.

## ADMISSION DATES

Students contemplating entrance are encouraged to apply early as enrolment may be limited because of space and equipment limitations. Applicants may be required to have an interview, a portfolio review, and/or an audition prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

## **PRACTICUMS**

Several programs include a practicum or short period of work placement as part of their program requirements. Students gain relevant experience in their area of interest through the practical application of the knowledge and skills learned in the classroom.

For some practicums, students may be required to have a Criminal Records Check.

## **STUDENT COURSE AND WORK LOAD**

Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking the full-time studies of this program.

## **CERTIFICATE PROGRAMS**

To be eligible for a certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University.
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

## **DIPLOMA PROGRAMS**

To be eligible for a diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano University;
2. Achieved a cumulative grade point average of 2.0 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

# **IDEA School of Design**

---

## **GENERAL INFORMATION**

The IDEA School of Design offers a full-time 4-year degree program in Visual Communication, with an embedded full-time 3-year advanced diploma.

- Bachelor of Design in Visual Communication (124 credits)
- Visual Communication Advanced Diploma (93 credits)

## **BACHELOR OF DESIGN IN VISUAL COMMUNICATION**

### **General Information**

Built on the highly successful 3-year IDEA diploma program in illustration and graphic design, the Bachelor of Design is a career-oriented 4-year undergraduate degree program that prepares students for employment as visual communicators. This is an intensive, full-time program with all-day classes. Students enjoy dedicated lab or classroom desk space, and fees include equipment such as a camera, materials kit, laptop computer, and professional association membership fees.

The Bachelor of Design is a cohort program, but a small number of seats in some first year classes are open to other students at Capilano. The program has a career focus, and courses are taught by industry professionals.

## **What is Visual Communication?**

Visual communication encompasses a variety of subject areas and outcomes, all of which involve the ability to think strategically and communicate visually, whether it's through traditional media like drawing and painting, or through print, digital media, or the design of services or experiences. In years 1 and 2 students are introduced to key foundational concepts and industry-relevant skills. In year 3 optional concentrations in branding, interactive design, and illustration are available. In year 4 students prepare for professional practice, host a graduation show and undertake a two-month industry practicum.

## **The IDEA Program Legacy**

Students and graduates of the IDEA diploma program (the foundation of the Bachelor of Design) are highly regarded by industry – both for design and illustration – and consistently win more student awards and scholarships than any comparable program in British Columbia. This tradition of excellence continues in the Bachelor of Design. The final IDEA program grad show can be seen at: [www.ideagradshow.com](http://www.ideagradshow.com).

## **Career Opportunities**

The aim of the Bachelor of Design is to prepare students with the professional competencies and creative perspectives increasingly required by businesses and organizations of all kinds. Graduates enjoy careers in communication/interactive design studios or advertising agencies, work in-house in a diverse array of industries, build freelance or contract-based practices, and work in fields such as publishing, exhibit design, packaging design, gaming and concept art.

## **Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade of C in either English 12 or English 12 First Peoples
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview required if portfolio review is successful
- Two letters of reference, written submission documents, and an online portfolio. Portfolios are reviewed by an admissions committee on the basis of drawing, design, use of colour, creativity, media variety, skill and presentation. Applicants whose portfolios meet the standards of the program will be required to submit a sketchbook for review, attend an interview, and complete tests in drawing, written communication, and creative thinking.

## **Admission/Application Notes**

Contact the department or view the program website for information about application deadlines.

Please note that ENGL 100 is a required course in the first term of the Bachelor of Design. In order to enroll in any English course, students must submit the results of the Capilano University Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) unless they meet the EDT/LPI exemptions listed in the university calendar or on the Capilano website: [www.capilano.ca/english/English-Diagnostic-Test/](http://www.capilano.ca/english/English-Diagnostic-Test/)

## Portfolios

Portfolios are reviewed by an admissions committee on the basis of drawing, design, use of colour, creativity, media variety, skill, and presentation. Applicants whose submission meets the standards of the program will be required to submit a sketchbook for review, attend an interview, and complete tests in drawing, written communication, and creative thinking.

Portfolio Content:

- Include no fewer than 15 and no more than 20 samples of work
- Work can include a limited number of photographs, 3D or sculpture, and design or digital pieces, but should ultimately showcase the very best of the applicant's abilities
- All work must be produced, drawn, designed or photographed by the applicant, and must represent current abilities
- Imaginative, experimental designs and drawings using a variety of mediums are encouraged
- We recommend you include some drawings/paintings rendered directly from life rather than from photographic reference. Examples could include still life, portrait, figure, landscape or interior setting.
- Choose work that looks finished; leave out material that best suits a sketchbook, which will be evaluated separately.

Portfolio Submission:

Portfolios are submitted through the online portal SlideRoom. For more information, please refer to the department website:

[www.capilano.ca/programs-courses/art-design/degree/Bachelor-of-Design-in-Visual-Communication/](http://www.capilano.ca/programs-courses/art-design/degree/Bachelor-of-Design-in-Visual-Communication/)

# **School of Motion Picture Arts**

---

## **GENERAL INFORMATION**

The School of Motion Picture Arts offers a wide range of full-time programs that prepare students for a variety of career paths in the film production industry. The largest of these, the Motion Picture Arts degree, is a four year program designed specifically for emerging, entrepreneurial filmmakers. A one year certificate and two year diploma are other motion picture options.

For more information please see [www.capilano.ca/film](http://www.capilano.ca/film).

## **ANIMATION PROGRAMS**

### **General Information**

Capilano University has a long history of training artists and animators for successful careers in the Animation industry. We have intensive training programs in both traditional and 3D computer animation that lead to careers in animation as designers, storyboard artists, layout artists, 3D modelers, texture artists and animators.

In July and August we offer an intensive Animation Fundamentals summer program for students looking to learn the foundation skills necessary to create a solid animation portfolio. This program is a great way to develop your skills and portfolio before entering our full-time programs.

For those interested in a career in animation, we offer two full-time training programs including a two-year 2D Animation & Visual Development diploma and a two-year 3D Animation for Film and Games Diploma.

In this section you will find information on the following programs:

- [Animation Fundamentals Citation](#)
- [2D Animation & Visual Development Diploma](#)

## Portfolios

Prospective students should download the animation admissions package from our website at [www.capilanou.ca/animation](http://www.capilanou.ca/animation). This package contains all the information, procedures and portfolio requirements necessary to apply for admission to any of the animation programs.

## Open House

The animation department hosts open house events in the fall and spring each year. This is a great opportunity for those interested to find out more about our programs, tour our facilities, meet students and instructors and have your portfolio reviewed.

Please contact the department at 604.983.7516 for dates and times or check out our website at: [www.capilanou.ca/animation](http://www.capilanou.ca/animation)

## Professional Standards

All animation students are required to adhere to high standards of academic performance and professional behaviour.

## Part-Time Evening Courses

Part-time, non-credit courses in Life Drawing are offered through [Continuing Studies & Executive Education](#). These courses are designed for prospective applicants who want to develop their drawing skills before they commit to a full-time animation program. Contact Continuing Studies & Executive Education at 604.984.4901 for details.

## Animation Fundamentals Citation Program

### General Information

This eight-week, full-time program provides students with a broad foundation of skills related to the animation industry. It is designed for individuals seeking a career in animation who want to further develop their skills and portfolio prior to entering either the full-time **2D** or **3D** Programs.

### The Program

This program introduces students to the process of creating traditional and computer animation. Participants have an opportunity to learn and practise animation techniques through hands-on exercises. The following topic areas are covered: Animation Principles and Timing, Drawing for Animation, Design Basics for Animation, and Digital Animation.

### Program Start Date

A maximum of twenty-four students will be accepted each summer. The program runs during the months of July and August.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status. Applicants who have not graduated must be at least 18 and have completed grade 11 or equivalent.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and portfolio

### Fees and Expenses

Please see the [Fees and Fee Payment](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid and Awards](#).

## 2D Animation & Visual Development Diploma Program

### General Information

The 2D Animation & Visual Development diploma program will prepare students for successful careers in the animation industry where artistic skills are in high demand. Drawing, design and animation skills are emphasised in this program. Successful graduates may find employment as character designers, storyboard artists, concept artists, layout artists, background painters or animators. They may also transfer into degree programs or become self-employed, working on commercials, illustrations, interactive games or their own independent films. This program reflects the substantial changes in the technological environment of animation production and the diverse but competitive new opportunities for graduates.

The program has very close ties with the animation community and hires its instructors from the industry. Studio tours, industry guest speakers and networking opportunities with successful alumni give students a strong push towards their future careers. Paid studio internships exclusive to Capilano University's 2D Animation & Visual Development students allow for an early introduction to the industry. CapU's recent animation grads have found work at many studios including: DHX Media, Bardel Entertainment, Atomic Cartoons, Titmouse Animation, Rainmaker, Gree International, Nerd Corps, Kickstart Entertainment, Slap Happy Cartoons and East Side Games.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and portfolio.
- Applicants may be required to complete a drawing exercise.

## **3D Animation for Film and Games Diploma Program**

### **General Information**

3D Animation for Film and Games is an intensive two-year diploma that gives artistically- and technically-minded students with drive and ambition a chance to become successful digital artists in film, animation, and video game industries.

Behind the animated 3D characters, digital environments of movies, and fantastical worlds of video games stands a talented and motivated force of digital artists whose passion and creativity drive the entertainment industry. Their artistic talent, fused with cutting edge computer graphics technologies, bring images and stories to life, create memorable characters and instil admiration in viewers.

It is no secret that the entertainment industry is highly competitive. Consequently, our training methods are designed to give graduates a significant advantage in becoming a professional: we train students in traditional skills of design, anatomy, drawing, and composition. In order for an idea to become a successful design or animation, its core artistic message must be identified and distilled into a clear concept that incorporates all necessary visual elements such as form, colour, mood, and setting. Digital artists, like traditional designers, are visual communicators and therefore must have an excellent command of the visual language.

Following a concept is the process of digital production. Uniqueness of our technical training lies in the creative application of digital tools. We give our graduates an advantage by teaching them how to make software do what they need, rather than simply training them how to push buttons in different applications. Our graduates are technical problem solvers, and are able to research, assess, and implement complex technologies, a skill that is highly valued in the industry.

As a result of our approach, Capilano graduates evolve from students into an independent creative force. Because of a strong traditional foundation, they continue to appreciate core artistic values and build upon them. As digital artists, they are able to research, learn, and implement complex computer graphics technologies successfully and efficiently.

Capilano has been successfully training 3D artists and animators for over fifteen years, and is well known among local and international studios for producing top talent. Our computer labs and facilities, located in the state-of-the-art Bosa Centre for Film and Animation, are the best and largest in Western Canada. Over the years, our graduates have continued to build and enjoy successful careers in major studios in Vancouver and abroad, such as Electronic Arts, Pixar Animation, Relic Entertainment, Bardel Animation, Nerd Corps, and many others. Capilano graduates are highly sought after because of our unique training, professional calibre portfolios, and industry-ready skills.

### **Career Opportunities**

Upon completion of the program, graduates may find careers in:

- Concept art and design
- 3D modeling and texturing
- Digital sculpting and design
- Lighting and compositing
- Technical direction
- Character rigging
- Character animation

### **Program Start Date**

A maximum of 25 candidates will be selected for admission each September.

## **DIGITAL VISUAL EFFECTS PROGRAM**

### **General Information**

The Digital Visual Effects training program will train and create the next generation of digital artists and film makers.

There is an applied art within motion picture production that is the nexus between live action and digital animation: Visual Effects. Television, film and visual effects studios, both local and abroad, have an increasing demand for well trained visual effects artists. With the success of locally produced films such as District 9, Elysium, Night at the Museum 1 and 2, 2012, Final Destination, The Watchmen, A Team, Percy Jackson, the Twilight franchise, and Sucker Punch, as well as the amazing amount of television productions being completed in BC, local companies are looking to fill the demand for skilled visual effects artists.

The program's goal is to train industry-ready visual effects artists with the necessary background, motivation, work ethic, skills and aesthetics to become leaders in the field. The program will cover everything you need to know from conceptual development through to technical production to empower graduates with the skills to confidently engage in the complex and fast changing technical and creative environment of the visual effects industry.

### **Program Objectives**

Graduates of the Digital Visual Effects program will be able to:

- Work with complex computer graphics technologies to create key visual effects shots using advanced effects software including compositing, matchmoving, rotoscope, 3D modelling and texturing, 3D simulation and effects.
- Build a professional portfolio and demo reel of original creative effects projects with the potential to produce these projects independently.
- Analyze and apply the appropriate use of technology specific to the creative needs of a visual effects production.
- Analyze and implement the technical, conceptual and artistic processes necessary to produce high quality visual effects work as independent filmmakers, or as part of the production pipeline for a studio's visual effects team.
- Demonstrate a professional and collaborative attitude, excellence in interpersonal skills and communications, and understand the roles, responsibilities and relationships within a production team.

### **Graduation Requirements**

In order to graduate from the Digital Visual Effects program, the students must successfully complete all the component courses. Students must also successfully complete all courses in one term before continuing to the next term.

### **Career Opportunities**

Graduates of the Digital Visual effects will have the necessary technical, artistic and creative skills to work in the visual effects industry on film, television and other media related projects. Graduates may find work as visual effects artists specializing in rotoscope, matchmove, compositing, 3D effects and simulation, lighting or technical direction.

Graduates may continue their training in a related discipline including Capilano Universities Digital Animation program.

## Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature student status
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview, and portfolio and/or demo reel of relevant work. Please visit [www.capilano.ca/vfx](http://www.capilano.ca/vfx) for portfolio requirements and submission advice.
- Applicants will be expected to provide the following: A letter of intent indicating their interest in the visual effects field and any previous related experience (if applicable).

## Who Should Apply

This program is well suited to students who have excellent artistic vision, a passion for film and animation as well as a great problem solving and technical skills.

The program is open to high-school graduates, graduates of film, animation and visual art programs and self-trained artists wanting to develop new skill-sets for entry into the visual effects workforce.

## DOCUMENTARY CERTIFICATE PROGRAM

Focusing on the growing market for smaller scale productions, this certificate program provides students with skills needed to produce, write and edit documentary or specialized productions. The program covers the development, pre-production, production, post-production and packaging stages. It also covers a thorough understanding of the genre, focusing on writing, camera techniques, picture and sound editing and business management.

Graduates will have a solid foundation of knowledge and skills necessary to pursue a career in independent filmmaking. The students will have a demonstrable understanding of both "above the line" job functions (writing, producing, directing, financing) and "below the line" job functions (art direction, cinematography, picture editing, special effects and budgeting). Further, their creative efforts will be informed by a thorough understanding of the history of world cinema and its effects on current film trends.

## Program Objectives

Upon completion of the program, students will be able to:

- Demonstrate a commitment to non-fiction stories and their expression in a visual form.
- Perform the fundamentals of producing, directing and writing for documentary and specialty production.
- Apply the aesthetic, intellectual and philosophical dimensions of specific documentary genres, paying particular attention to the principals of documentary writing and production.
- Employ effective research strategies into a variety of subject areas for different documentary sub-genres such as history, politics, culture, and performing arts.
- Conceptualize and develop a documentary or specialized production considering funding, planning, writing and presenting or pitching.
- Demonstrate technical understanding of and work with all necessary video and audio production equipment.
- Perform audio and video editing in postproduction - story structure and a comprehensive understanding of aesthetic and technical elements of post production.
- Understand and execute other aspects of production including fundraising, promotion, distribution and film festival competition.

- Employ the breadth of aesthetic understanding through knowledge of the history of documentary production and analysis of the documentary as a persuasive means of communication to achieve social goals through the point-of-view documentary.

## GRIP WORK FOR DIGITAL IMAGING AND FILM PROGRAM

This program will consist of one 3-credit course called, "Grip Work for Digital Imaging and Film". In response to industry demand the program has been designed with an intensive one-month schedule, consisting of four weeks of instructions, five days per week.

The program will consist of a combination of classroom lectures and practical demonstrations followed by extensive practical experience with the gear, and with grip work and lighting setups in a close approximation of true on-set and location shooting conditions. Industry experts will lead the courses, and frequent guest lecturers will place the knowledge into a working context.

All aspects of the new paradigms of digital imaging, from the underlying technology to the special considerations from a grip work standpoint will be thoroughly and rigorously studied and practically applied through exercises designed to exactly mimic the working conditions of real-world filmmaking.

### Career Opportunities

The motion picture and video production industries require skilled, experienced and well trained people to continue attracting high levels of local production. The grip department is one of the largest on-set departments and generally requires a significant number of skilled craftspeople. The film sector has been one of our fastest growing industries over the past ten years.

### Program Objectives

Upon successful completion of the program, the student should be able to:

- Identify various types of lighting and grip equipment as well as cranes, dollies and various types of fabrics
- Prepare grip and electric equipment for operation

- Assist with lighting the set
- Perform basic “check-in” and “check-out” procedures for rental house equipment
- Set-up for photography
- Work on-set safely and as part of a team
- Practise WCB safety procedures as they pertain to the film industry
- Maintain equipment

## Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent or Mature Student status
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

## INDIGENOUS INDEPENDENT DIGITAL FILMMAKING PROGRAMS

### General Information

The Indigenous Independent Digital Filmmaking (IIDF) programs at Capilano University have provided basic production training for Indigenous students since the spring of 2000. The certificate and diploma programs are a response to the expanding demand for trained professionals in all areas of the Indigenous production industry. The industry is growing and so are the opportunities for creative, committed and skilled producers, writers, directors and technicians. The Indigenous Independent Digital Filmmaking programs are committed to providing Indigenous students with high-quality production training from the Indigenous perspective. Instructors are experienced, connected and respected Indigenous professionals working in the industry. IIDF student participants come from all areas of the country.

Through a combination of lectures, hands-on instruction, and production projects, students receive instruction and practical experience in all aspects of the film and television production process, from initial concept to finished production. All aspects of the program are related to Indigenous production.

In addition to lectures, hands-on instruction and project work, students have the opportunity to participate in a work experience practicum. This enables students to obtain on-the-job experience in the professional production environment and make connections with industry experts and potential employers.

Upon completion of the full IIDF diploma program students are eligible to apply for enrollment in the 3rd year Motion Picture Arts bachelor degree program at Capilano University.

For more information, please see [www.capilanou.ca/iidf](http://www.capilanou.ca/iidf).

## **Career Opportunities**

Career opportunities in all areas within the TV and film industry sector are expanding. The creation of the Aboriginal People's Television Network (APTN) established a national network for Aboriginal people. The Canadian feature film industry has also grown rapidly. This industry development has greatly expanded the opportunities for Indigenous people to build careers in the film and television industries. Most opportunities involve contract employment. While there are staff production positions with broadcasters and production companies, the major opportunities are in the field of independent production. Employment is typically by contract for a specific production or series. Graduates of the IIDF certificate program have obtained entry level positions as production assistants, camera assistants, editing assistants and in some cases been mentored into production manager positions. Graduates of the IIDF diploma program have obtained further opportunities as camera operators, editors, writers, production managers and have developed their own production companies.

## **Indigenous Independent Digital Filmmaking Diploma Program**

IIDF diploma program students learn to identify story development techniques in traditional Indigenous storytelling and explore the historic treatment of Indigenous identity in film & TV industry as it relates to their present role in the industry. They learn advanced use of appropriate technology tools: video camera, lights, sound, grip, and editing equipment. Students apply management practices and procedures, proper set etiquette and crew teamwork for the assembly, organization, management and leadership of small crews of digital technicians using industry standard production protocols. IIDF students learn principles of directing narrative stories from script analysis to methods for establishing creative collaborative relationships with actors in the pursuit of creating memorable performance for their short narrative productions, as well as techniques for factual documentation for the purpose of executing documentary productions.

## **Admission Requirements**

## Indigenous Independent Digital Filmmaking Certificate Program

IIDF certificate program students learn research, development and analysis techniques for factual documentation and fiction storytelling, which includes development of scripts and production packages. Students learn the basic level of the appropriate technology tools: video camera, lights, sound, grip and editing equipment. They also learn the process for assembling, organizing, managing and leading small crews of digital technicians using industry standard production protocols. IIDF students also learn effective interpersonal oral and written communication in the presentation of their portfolio, funding applications, festival submissions, and contract bids. In this culturally rich environment the IIDF students are familiarized with culturally respectful practices and protocols when filming Indigenous content, as well as respectful professional practices for the film and TV industry.

## MOTION PICTURE ARTS

### Bachelor of Motion Picture Arts

The Bachelor of Motion Picture Arts (BMPA) combines practice and protocol in the field, opportunities for technical, aesthetic, and creative innovation, and integrated theoretical and critical perspectives that will allow graduates to be active contributing members of the industry, society, and community. This degree is ideally suited to high school graduates, students who have tried other programs but want more specific training, and those who have some industry background and want to get a degree.

### Career Opportunities

Graduates of the BMPA will have story, entrepreneurial, technical craft and professional skills necessary to acquire and develop work in the creative media industries.

### Program Objectives

Within the context of the filmmaking process, graduates of the degree program will be able to:

- Apply their knowledge of story and story development to documentary and narrative projects on all platforms;
- Combine and apply both practical and theoretical knowledge;
- Collaborate creatively;
- Define and implement creative solutions;

- Give and receive constructive feedback on the performance of team members;
- Orchestrate a detailed industrial process;
- Manage time and budget on large projects over extended periods of time;
- Use technology as a tool to create innovative and authentic stories;
- Develop a convergent approach to creative content;
- Develop partnerships in global and local industry that will sustain their entrepreneurial initiative;
- Market and distribute projects;
- Develop innovative business models and strategies to build sustainable companies;
- Understand the role of film and the film industry in Canada's culture and economy;
- Identify potential areas/sectors of employment;
- Identify opportunities for further study.

### **Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English 12 or English 12 First Peoples or equivalent with a minimum average of 72% on all Grade 12 high school subjects.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Personal interview.
- Letter of intent.

### **Admission Notes**

- Please note that English 100 is a required course in the first term of the Bachelor of Motion Picture Arts program. In order to enroll in any English course, students must submit the results of the Capilano University Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) unless they meet the EDT/LPI exemptions listed in the University calendar or on the website at [www.capilanou.ca/english/English-Diagnostic-Test](http://www.capilanou.ca/english/English-Diagnostic-Test)
- The letter of intent does not need to be in a particular format, should not exceed two pages and should outline the applicant's interest in the program and reason for applying.
- The interview will take place at the Bosa Centre with a panel of two faculty members. The applicants/ students will be evaluated on their demonstrated level of commitment, willingness to learn and ability to model professionalism.

### Approved Quantitative/Analytical Courses for Capilano University Degrees

Please refer to the [Graduation](#) section of the calendar for a complete listing of approved quantitative and analytical courses.

## Motion Picture Arts Diploma Program

The Diploma Program emphasizes the acquisition of a broad foundation in technical film skills, preparing the students for entry-level into almost every facet of film production, while simultaneously developing their creative and critical abilities in storytelling through the motion picture arts.

### Career Opportunities

Major motion picture production in B.C. is a multi-million dollar industry requiring well-trained personnel to fill its entry level requirements. Further, the growth of B.C.'s independent film industry must be fuelled by new, talented, and well-trained filmmakers.

### Program Objectives

Students will gain a solid foundation of knowledge about the film industry.

Upon successful completion of the diploma program, students will be able to:

- Understand and undertake basic motion picture production technical skills, including sound recording, camera work, lighting, and grip work;
- Understand and execute the protocols of professional film set procedures including assistant director and location management duties;
- Apply the creative principles a writer uses to develop a screenplay;
- Analyze a script for production purposes and conceive a visual strategy for telling a story using motion picture arts;
- Demonstrate basic film directing skills;
- Demonstrate keys to success, including attitude, teamwork, and how to market oneself.

## Motion Picture Arts Certificate Program

This program is designed for students who wish to gain an understanding of the basic functions of a film set and the professional practices of an industry-standard production. Areas of study include story development, pre-production, production, and post-production, with a focus on film crafts (camera, lighting, sound, grip, sets, props, etc.) technical skills and professional behaviour. Lecture, labs and project work are combined to create a realistic and effective learning environment. The goal is to prepare students for an entry-level position in the professional motion picture industry and to provide a foundation for independent filmmaking.

### Career Opportunities

Major motion picture production in B.C. is a multi-million dollar industry requiring well-trained personnel to fill its entry level requirements. Further, the growth of B.C.'s independent film industry must be fuelled by new, talented, and well-trained filmmakers

### Program Objectives

The program is designed to provide a solid foundation of knowledge about the film industry.

Upon successful completion of the certificate students will be able to:

- Describe the motion picture production process from concept to completion at an introductory level;
- Apply appropriate management practices and procedures;
- Develop small-scale project budgets;
- Demonstrate an introductory understanding of the roles of the producer, writer and director;
- Undertake proper set etiquette and crew team work;
- Understand the basic creative principles the writer uses to develop a screenplay;
- Be able to breakdown a screenplay for production purposes;
- Know how to schedule a small scale post-production process;
- Demonstrate the basic uses of digital post-production systems;
- Understand the general roles of the various crew positions on a set;
- Understand the theories of production design and demonstrate the basic practical skills of set design, construction, painting and set dressing;
- Successfully undertake the scripting, development, pre-production, production, post-production and delivery of short independent films;
- Demonstrate keys to success, including attitude, teamwork, and how to market oneself.

## School of Performing Arts

---

### BACHELOR OF PERFORMING ARTS DEGREE

#### General Information

The Bachelor of Performing Arts (BPA) is a full-time, cohort-based capstone program that enrolls 25 students in a fourth year. Students earn the last 33 credits of a 120-credit bachelor's degree over nine months. The degree is conferred by the two-partner consortium of Capilano University and Douglas College. In the BPA program, students examine the historical and cultural context of the performing arts in Canada and around the world. They investigate, critique, and challenge the sociopolitical and cultural environment of the performing arts industry - what gets made, why, and how. At the same time, students do practical coursework in fundamental business skills, such as grant writing, founding an arts organization, and individual career development. While doing so, students also form a production company which creates, develops and mounts its own full production - an original, interdisciplinary performance event designed to reflect the creative interests and formal skills of the company members themselves. The program's 12-credit production phase challenges students to explore, master and apply the interdisciplinary performance theory and skills they have studied, putting it to highly practical use.

There will be considerable variety in the individual educational pathways students follow to be eligible for the BPA program. The program itself is the final (capstone) year, contributing 33 credits towards a bachelor's degree.

The program is intended for students who want to practice as a professional performing artist, arts manager, administrator or cultural entrepreneur, or those who wish to continue on to graduate studies in the performing arts. To be eligible for admission, applicants will have some post-secondary education and training in at least one performing arts discipline.

#### Overview

The program will run May - January, with classes during the summer and fall semesters, and the capstone Interdisciplinary Production (project) in January.

In general, the 120 credits in the Bachelor of Performing Arts will comprise the following:

#### Film Crafts Department

- 60-90 credits in a performing arts program (depending on the p.a. credential)
- + 0-27 additional credits, as needed (breadth, English, upper-level electives)
- = 87 minimum credits needed prior to entry into the BPA capstone year
- + 33 credits 4th year BPA program course work

- = 120 minimum total credits (BPA degree earned)

## Admission Requirements

- Diploma in an approved program, or equivalent, at one of the Partner Colleges, or at another post-secondary institution. GPA of 2.5.
- Interview, audition, portfolio
- CV, including relevant artistic/arts mgmt experience, primary artistic & other creative disciplines, number of years you have been practicing. Sample/portfolio of work; if primary discipline is performative, audition with interview. Can include image/data/audio/video samples of work (max 3). Two reference letters. Applicant's Statement of Intent: as you see your future, what are the ways you can imagine working as an artist.

## Admission/Application Notes

Please note that as part of your application you will be required to attend an interview and/or audition. Auditions will be scheduled for those applicants whose background is in a performance discipline. Applicants whose specialization is management/stagecraft/design, or another non-performance discipline, are asked to provide samples of their work and to attend an interview.

## ARTS AND ENTERTAINMENT MANAGEMENT PROGRAMS

### General Information

The Arts and Entertainment Management department offers two programs of study; a one-year Certificate program and a two-year Diploma program. Both programs offer a comprehensive overview of the business side of the arts and entertainment industry and prepare students for a fast-paced career in a growing and dynamic sector.

### Advanced Arts and Entertainment Management Certificate

The Advanced Arts and Entertainment Management certificate program provides students with the skill-sets, job experience, and contacts necessary to gain employment in the industry. This one-year program requires two years of post-secondary training or work experience equivalent and offers students a unique blend of course work and practicum experience in the arts and entertainment industry. Students gain an overview of all aspects of arts and entertainment management, including marketing, resource development, and financial, tour, production, and artist management in both the commercial and non-profit cultural sectors. The classroom-based course work for the program commences in the first term (May – August) with the practicum placements following in successive terms.

Practicum placements are an essential part of this program. The students gain practical experience and cultivate relationships with one or more cultural organizations in the community working for professional arts and entertainment organizations. Past placements have included the Arts Club Theatre, 604 Records, Dexler Entertainment, PuSh Festival, Mint Records, Vancouver International Children's Festival, Universal Music Canada, Coastal Jazz and Blues Society, and Nettwerk Records. Our graduates have found employment with Sam Feldman and Associates, Vancouver East Cultural Centre, Arts Club Theatre, Firehall Arts Centre, Bard on the Beach, and Live Nation, to name just a few.

## Arts and Entertainment Management Diploma

The Arts and Entertainment Management diploma program offers a comprehensive overview of the business side of the arts and entertainment industry and prepares students for a fast-paced career in a growing and dynamic sector.

The program provides students with a well-rounded and thorough education in all aspects of the industry. Course work includes artist and tour management, marketing and resource development, venue and festival management, production and financial management, as well as hands-on lab work in the University's performing arts theatre.

Practicum work placements are an essential part of this program. Students cultivate relationships within the arts and entertainment community by working for professional organizations such as artist management and record companies, as well as a variety of arts and cultural organizations in the commercial and non-profit sector, including theatre companies, dance organizations, performing arts venues, and festivals.

The Arts and Entertainment diploma program uniquely blends course work with hands-on training and affords students the opportunity to customize the program to meet their career objectives. The program is uniquely suited to those students with an entrepreneurial spirit and a strong passion for arts and entertainment.

## CONDUCTING IN MUSIC CERTIFICATE PROGRAM

### General Information

Capilano University offers five music programs: a one-year Conducting in Music certificate, a two-year Music Diploma (Classical Music), a two-year Jazz Studies Diploma, a four-year Bachelor of Music (Jazz Studies) and a four and a half year Bachelor of Music Therapy.

Graduates of the Conducting in Music certificate program will be able to conduct choral and instrumental ensembles effectively and confidently. The program is designed so that currently active teachers and musicians may take the program while continuing to work.

Courses will include conducting, conducting pedagogy, ensemble and languages. The core conducting course will focus on fundamental conducting techniques including patterns, cues, cut-offs, phrasing, tempo changes, expressive gestures, use of the left hand, baton technique, choral and orchestral conducting. Conducting pedagogy will include watching and discussing recorded performances, attending live performances, observing rehearsals and discussing various approaches to conducting.

All participants will be required to sing in one of the University ensembles and will be required to take two terms of Spanish, German or French.

## Admission Requirements

- Two-year Diploma of Music, Bachelor of Music Degree or Bachelor of Education Degree, Performance or Teacher's ARCT from Royal Conservatory of Music or equivalent. Students who have completed the first year of the Music Diploma may be considered for admission based upon an interview.

## JAZZ STUDIES PROGRAMS

### General Information

Capilano University offers a four-year [Bachelor of Music \(Jazz Studies\)](#) and a two-year [Jazz Studies Diploma](#).

The Bachelor of Music (Jazz Studies) teaches comprehensive abilities in jazz performance, composition, and pedagogy within the context of an enriched liberal arts education. Our goal is to educate musicians who understand and value the rich history and traditions of jazz, who will be prepared to contribute to the evolution and growth of the art form in the future, and who will be equipped to engage creatively with current trends in music. Jazz is an applied art form and the program demands the achievement of high standards in performance, improvisation, composition, and arranging.

For more information, please see [www.capilano.ca/jazz-studies](http://www.capilano.ca/jazz-studies)

### Career Opportunities

The two-year Diploma program is intended to provide its students with the skills necessary to develop careers as self-employed music professionals.

The four-year Bachelor of Music (Jazz Studies) balances and integrates the instruction of jazz, traditional music, and general academic electives to provide a highly detailed and rich artistic education. Teaching music within the public school system will be a goal for many graduates and the Jazz Studies program may cover all the necessary music requirements for acceptance into fifth year teacher education programs. Capilano graduates teach in dozens of school districts across BC and beyond. For those who wish to teach at the college or university level, the Bachelor of Music (Jazz Studies) provides a thorough preparation for

many graduate programs in music. Since 1995, graduates from the Jazz Studies program have been admitted into graduate programs at a variety of Canadian and American universities in the areas of composition, education, conducting, and performance. For those who wish to pursue music as self-employed professionals, this degree is a unique and attractive option. Graduates often build varied careers in music and related fields based upon a successful layering of skills. For example, some are following up the Jazz Studies degree with the Advanced Arts and Entertainment Management Certificate program (also offered at Capilano University), or with specialized training in business or technology relevant to the commercial music industry. Many graduates apply their musical skills in varied careers combining teaching, touring and performing music in a wide variety of styles, and working with music technology.

## **Bachelor of Music in Jazz Studies: Third and Fourth Years**

The four years of study required for the Bachelor of Music (Jazz Studies) are offered at Capilano University. Following completion of the Jazz Studies two-year Diploma program, students choose from two overlapping streams for the remainder of the degree: Education or Performance/Composition. These streams share a core curriculum, but differ in the proportion of large and small ensembles, private lessons, improvisation, music and academic electives required for graduation. Students from other post-secondary jazz programs are welcome to apply to the Jazz Studies program (see Transfer of Credit in this section of the Calendar).

## **Facilities**

The Jazz Studies program facilities include practice rooms, a recording studio, a 300 seat theatre, and specialized music classroom spaces. A Mac computer lab is also available and includes software for word processing, music notation, MIDI sequencing, and audio/video editing.

## **Faculty**

Jazz Studies faculty members comprise some of Canada's top professional jazz performers and composers as well as renowned academic researchers and pedagogues.

## **Transfer Credit**

The Jazz Studies program grants transfer credit for courses taken at other post-secondary institutions if they have suitable equivalency. Because of the wide variations that exist in approach and emphasis in music programs, the Jazz Studies program reserves the right to examine for competency according to our course requirements before transfer credit is approved.

Transfer of performance instrument courses, keyboard skills, and ear training credits will be possible only up to the placement level determined by the audition and by keyboard and ear training test results.

## **Transfer Between Undergraduate Programs**

While no formal articulation agreements are in place between Capilano University's Bachelor of Music in Jazz Studies program and other undergraduate jazz diploma and degree programs, Capilano University has accepted applications for transfer into its Bachelor of Music (Jazz Studies) from other post secondary institutions.

## **How to Apply**

[Apply for Admission/Readmission](#) online. Supporting documents should be submitted to:

Registrar's Office Capilano University, Birch building, room 230  
2055 Purcell Way, North Vancouver, B.C.  
V7J 3H5

Phone: 604.984.4900

Fax: 604.984.1798

## Information for Prospective Students

Information meetings, auditions and placement tests are held in May. Please call 604.984.4951 for meeting times and audition appointments.

## Admission/Application Notes

Upon completion of the two-year Jazz Studies Diploma or equivalent transfer credit, a student may apply to one of the degree options for third year entry. Students may be permitted to register in some upper level courses before the completion of their diploma with the permission of the instructors involved, but official acceptance into the degree program is necessary before any opportunity to graduate should be anticipated. Transfer students should not anticipate immediate acceptance into the third year of the degree program, as there are normally some diploma level courses that must be completed before admission to the degree. Admission to a Jazz Studies degree program will be reviewed after submission of an application for admission and the requirements for the two-year Jazz Studies diploma have been met. (See Graduation Requirements, Two-Year Diploma.)

## Fees and Expenses

Please see the [Fees and Fee Payment](#) section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see [Financial Aid and Awards](#).

## Jazz Studies Diploma Program

### Two-Year Diploma

Students will be awarded a two-year diploma in Jazz Studies upon completion of the first two years of requirements as outlined below.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade point average of 2.0 (60%) calculated on English 12 or English 12 First Peoples and two academic Grade 12 courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview and audition. Auditions include an interview, performance, aural skills assessment, sight-reading assessment, and theory entrance exam.

### Jazz Studies Diploma

## Bachelor of Music in Jazz Studies Degree Program

### Four-Year Degree

Students must complete all courses outlined in one of the following areas of study to be eligible for the Bachelor of Music in Jazz Studies:

- Bachelor of Music in Jazz Studies - Education
- Bachelor of Music in Jazz Studies - Performance/Composition

### Admission Requirements

- Cumulative GPA of 3.00 in the Capilano Jazz Studies Diploma or equivalent transfer.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Interview which may include performance components. For transfer students: in addition to the above, an audition process to determine program placement. The audition may include evaluation of theory, keyboard skills, technique, improvisation, and aural skills.

### Further Information

#### Education: Primary and Secondary Music Teaching

Teaching in the public school system requires certification from the BC College of Teachers. Education music classes are designed to prepare students for B.Ed. programs. The number and type of these academic requirements vary for primary and secondary teachers and are subject to change from time to time. It is recommended students consult with their desired teacher education program to ensure they will meet the specific requirements for entry.

#### Bachelor of Music in Jazz Studies - Education

Intakes:	Campus	Terms	Full/Part Time
	North Vancouver	Fall	Both

Students whose primary instrument is the drum set or a mallet percussion instrument must have 3.0 credits of Percussion Ensemble in order to graduate.

Breadth elective credits for the degree must include a minimum of 3 credits designated as Quantitative/Analytical.

Placement in ENSJ courses will be determined by the department following an audition in the first week of classes.

Continuation Requirement: To continue from year three to year four, a student must achieve a cumulative GPA of 3.00 or better.

A maximum of 4 credits of ENSM courses may be used as credit for the degree. Students choosing ENSM rather than ENSJ courses will be taking 2.0 credits per semester rather than 1.5 credits and therefore will graduate with more credits by the end of their program.

Students who intend to continue to teacher training at UBC or elsewhere must consult with those programs to be sure their breadth elective, ENSJ, and ENSM choices meet the current requirements for either primary or secondary school teacher training programs.

## MUSIC DIPLOMA PROGRAM

### General Information

Capilano University offers five music programs: a two-year Diploma in Music (Classical Music), a two-year Diploma in Jazz Studies, a one-year Conducting in Music certificate, a four-year Bachelor of Music (Jazz Studies) and a four-year Bachelor of Music Therapy.

The Diploma in Music program provides a rich learning environment, which nurtures the artistic and creative potential within each student. The program integrates theoretical, historical and performance studies, offering concentrations in piano, voice, guitar, strings, woodwinds, brass, percussion and composition. Students benefit from frequent recitals and masterclasses on their primary instrument, allowing them to develop confidence and self-expression in performance. Small class sizes with innovative and creative teaching enhance the students' educational experience and prepare them for a wide array of professions in the music

field. Participation in the university's award-winning choir allows for concert and touring opportunities, while developing ensemble skills and rehearsal techniques. This two-year Diploma is transferable toward a Bachelor of Music Degree and also provides the foundation for further studies in Music Therapy, Music Education and the Liberal Arts. All courses in the Diploma in Music program are transferable to the School of Music at the University of British Columbia and to the Faculty of Music at the University of Victoria. Capilano University students have also received transfer credit to the following universities: Alberta, Brandon, Calgary, Carleton, Dalhousie, Guelph, Lethbridge, Manitoba, McGill, Regina, Simon Fraser, Toronto, Western Ontario, Western Washington and York.

For more information, please see [www.capilanou.ca/music](http://www.capilanou.ca/music)

## **Career Opportunities**

Graduates of the program who have pursued further studies have successfully developed rewarding careers in the following fields: Elementary, Secondary and Post-Secondary Education, Private Music Instruction, Conducting, Composition, Musicology, Performance (Voice and Instrumental), Music Therapy, Music Criticism and Music Publishing.

## **Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade point average of 2.0 (60%) calculated on English 12 or English 12 First Peoples and three academic Grade 12 courses.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.
- Audition, theory test, ear test, interview.

## **Admission/Application Notes**

Applicants planning to enrol in any Arts and Sciences English course at Capilano University must take Capilano University's English Diagnostic Test (EDT), or the Language Proficiency Index (LPI), which is given through Paragon Testing Enterprises. For more information, see the [English department](#) website for test dates and times. As some students may be exempt from this requirement, please review the Registration section of the University calendar.

## **Audition Requirements**

All students planning to enter the Diploma in Music program must audition. This process includes performance of repertoire, an ear test, an interview and a theory exam. Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (Rudiments).

Auditions are held in January through May. Space permitting, auditions for late applicants are also held in August. Due to enrolment demands and to be eligible for entrance scholarships, applicants are strongly advised to schedule their audition as early as possible. To schedule an audition please contact the music office at 604 984 4951 or e-mail [music@capilanou.ca](mailto:music@capilanou.ca).

The audition process consists of the following four parts:

### **1. Repertoire**

Applicants must perform two contrasting selections, preferably by memory and not to exceed 15 minutes. One copy of each selection must be provided for the audition committee. A list of repertoire studied within the last two years and a letter of reference from the applicant's current teacher should be presented at the audition, if possible. Where an accompanist is needed, it is suggested the applicant provide his or her own pianist or perform without accompaniment (an accompanist provided by the University may be available on certain audition dates).

Sight-Reading may be required at the discretion of the audition committee.

Performance Level Required:

- Piano: Royal Conservatory of Music Grade Ten or equivalent.

Applicants below this level may enrol in a preparatory year.

- Voice: There is no specific grade level required. An ability to perform in a language other than English is an advantage, but not required.
- Wind/Brass/Strings/Guitar/Percussion: Royal Conservatory of Music Grade Six or equivalent.

The above grade levels are approximate guidelines and those applicants who are below the indicated level and demonstrate good potential for future growth and development will be given consideration.

## 2. Musicianship Skills Assessment

- a) Tap or clap a short rhythmic excerpt
- b) Identify intervals within an octave (ascending and descending)
- c) Identify chords (major, minor, dominant and diminished sevenths in root position)
- d) Pitch Matching (match one to three pitches with the voice after being heard on the piano)

## 3. Interview

Applicants will be asked about their musical background and future music, career and personal goals.

## 4. Theory Exam

Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (pitch, key signatures, scales, rhythm, intervals, chords, transposition and musical terms).

Applicants who have successfully completed the Royal Conservatory of Music Grade Two Rudiments Exam will be granted exemption however are required to bring a copy of their RCM certificate to the audition.

Those applicants who do not successfully pass the Theory Exam may enrol in PMI 060 (Musicianship Skills Training).

## THEATRE PROGRAMS

### General Information

The Theatre department offers two three-year diploma performance programs and a two-year diploma in Technical Theatre.

- [Acting for Stage and Screen Certificate](#)
- [Acting for Stage and Screen Diploma](#)
- [Musical Theatre Diploma](#)
- [Technical Theatre Diploma](#)

The Theatre department also has openings in some of its Theatre history courses for non-theatre students.

For more information, please see [www.capilanou.ca/theatre](http://www.capilanou.ca/theatre)

### Mission and Goals

The Theatre department and its production company are committed to inspire bold, passionate and dedicated exploration of the art of performance and entertainment technology. We embrace the values of collaboration, discovery and the pursuit of excellence through practical skills taught in a variety of professional environments. Our highest aim is to graduate dedicated and ethical artists who will contribute positively to the Canadian and global entertainment industries.

### Facilities

Performance classes are held in the Arbutus Studio adjacent to the BlueShore Financial Centre for the Performing Arts, which houses the department's season of plays. The Centre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Students in the Theatre department enjoy exceptional access to these facilities and assist in running the theatres in a hands-on educational experience.

### Productions

Each year, the Capilano University Theatre department produces a season of full length plays in the BlueShore Financial Centre for the Performing Arts. These productions also offer students practical experience in technical theatre and design, as well as exposure to guest directors and designers. Students may participate in productions by registering in a practicum course. **Students who wish to participate in productions should not register in any courses which are scheduled Monday - Friday, 5:30 - 10:30 p.m. or Saturdays, 10:00 a.m. - 6:00 p.m.**

## Acting for Stage and Screen Diploma Program

### General Information

The diploma in Acting for Stage and Screen provides three years of integrated training in acting for theatre, film and television. The goal is to provide each student with the skills necessary to begin a professional acting career in live theatre, television and film. The first year is comprehensive and introduces students to acting, improvisation, technical basics, history, and analysis for both the stage and screen. In the second and third years of the program students study directing and increasingly specialize in performance and professional skills. Upon graduation, students will have developed the actor's instrument of voice and body, learned text interpretation, and the scale of delivery for film, television and stage. Students will have performed in safe classroom environments, student produced theatre and film projects, and Theatre Department productions. Students will have met with professionals for master classes and assessment, and will have developed audition material and a résumé. This training will prepare them to enter the industry.

### Acting for Stage and Screen Program Goals

The Acting for Stage and Screen Program provides a thorough grounding in the skills required to create, direct and act in a variety of styles with a focus on performance for stage and screen.

### Non-Theatre Students

The Theatre department also has openings in some of its Theatre history courses for non-theatre students.

## Acting for Stage and Screen Certificate Program

### General Information

The certificate in Acting for Stage and Screen provides one year of comprehensive training in acting, improvisation, technical basics, history and analysis for both stage and screen. The certificate is for students who want to work towards a university degree, applying their theatre skills to further study in arts or education faculties. Certificate and diploma students share classes and performance opportunities. Upon graduation, certificate students may apply for the diploma program or may transfer to the University's Arts and Sciences, and could complete an Associate of Arts degree.

### Acting for Stage and Screen Program Goals

The Acting for Stage and Screen Program provides a thorough grounding in the skills required to create, direct and act in a variety of styles with a focus on performance for stage and screen.

### Non-Theatre Students

## Musical Theatre Diploma Program

### General Information

The Musical Theatre diploma program provides three years of comprehensive training in acting, dancing, singing, theatre history and criticism, technical theatre, acting for television and film, and the practical application of those skills in performance situations. The goal of this program is to provide each student with the skills necessary to begin a professional career in acting and musical theatre. Students will be expected to audition for all the department productions, as well as perform in their own studio productions every term. Upon graduation, students will have successfully participated in all of the required courses and performances, produced their own shows, and studied with theatre professionals who assess their progress.

### Musical Theatre Program Goals

The Musical Theatre program provides a thorough grounding in the skills required to sing, act and dance in a variety of styles with a focus on performance in musical theatre.

### Transfer Credit

Please consult the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for the most recent information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

### Information for Prospective Students

1. Contact the School of Visual and Performing Arts (604.984.4911) before the end of March for an information package which describes the application process. Late applicants will be considered if space permits.
2. Make an appointment through the School of Visual and Performing Arts in March for auditions, which are held in late April/early May. Auditions requirements will be included in your information package.
3. Students are required to take an English Diagnostic Test before registering in any Theatre programs.
4. Students interested in early auditions in January for the following September intake should obtain a letter from a drama teacher or a theatre professional. Applications for early auditions are accepted in the School of Visual and Performing Arts until early December.
5. Diploma students should pre-register once they successfully complete the audition process.

## Technical Theatre Diploma Program

### General Information

The Technical Theatre diploma program at Capilano University prepares graduates to work behind the scenes in the live entertainment industry and some areas of the film and television industry. This two-year program offers practical, hands-on training in lighting, painting, props, sound, set construction and stage management.

Our graduates are currently working for theatre companies, festivals, scene shops, special events, and lighting and sound companies. Some are also working in the film and television industry as grips, carpenters, painters and props people.

### Technical Theatre Goals

The Technical Theatre program provides a thorough grounding in technical production skills required by a variety of entertainment media.

### Facilities

Performance classes are held in the Arbutus Studio adjacent to the BlueShore Financial Centre for the Performing Arts, which houses the department's season of plays. The Centre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Theatre students enjoy exceptional access to these facilities and assist in running the theatres in a hands-on, educational experience.

The Theatre department produces a series of plays in which students work in settings simulating professional conditions. The goal is to foster professional discipline and to provide opportunities for students to practise skills learned in the classroom.

Faculty and professional guest artists are the directors and designers for the plays produced by the Theatre department in the BlueShore Financial Centre for the Performing Arts. Shows in this facility are technically challenging and provide valuable experience for student technicians.

In addition to the department productions, students have the opportunity to work on a wide variety of events that take place in the BlueShore Financial Centre for the Performing Arts. Students are involved with the set up and operation of professional, touring theatre productions, folk, jazz, and pop concerts, and a host of other events.

Revues produced in the Arbutus Studio have different goals. They resemble the kind of theatre produced for Fringe Festivals and small companies. In this more intimate venue, students have the freedom to explore.

Students are given the opportunity to assume leadership roles, and the production teams are expected to be self-reliant.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement for students whose primary language is not English: Test of English as a Foreign Language (TOEFL): paper=560, internet=83, or English Language Assessment (ELA)=145, or International English Language Testing System (IELTS)=6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment (CAEL)=70, or Pearson Test of English (PTE Academic)=56 or Capilano University EAP 100 and 101 with a minimum B+ grade in each course.

# Continuing Studies & Executive Education

## Continuing Studies & Executive Education Division

---

Capilano University's Continuing Studies & Executive Education division is an outreach arm and strategic business unit of the University that provides learners with quality workshops, courses, programs and services that recognize an individual's desire to continually learn, grow, contribute and share through Continuing Studies, and that provides business leaders, managers and organizations with open enrolment and custom in-house seminars, workshops, programs and services that address specific skills and knowledge gaps and help individuals and businesses meet their personal and organizational performance goals through Executive Education. There are no prerequisites for admission to non-credit courses, but occasionally a certain level of proficiency is recommended.

Continuing Studies & Executive Education (CSEE) courses are not listed in the Capilano University calendar—they are advertised in seasonal calendars distributed throughout the North Shore and other areas in the Lower Mainland. Continuing Studies & Executive Education is on the web at [www.capilano.ca/csee](http://www.capilano.ca/csee)

### EXECUTIVE EDUCATION

Capilano's Executive Education (Exec Ed) offers a portfolio of open enrolment courses for individuals as well as custom solutions for organizations. Courses focus on fundamental management areas such as leadership, business strategy, marketing and strategic communications, human resources, project management, operations, and entrepreneurship. Exec Ed is on the web at [www.capilano.ca/execed](http://www.capilano.ca/execed)

### CONTINUING STUDIES

Capilano University's Continuing Studies offers a portfolio of non-credit courses for adults in arts, business, careers, computers, languages, writing, and more. Continuing Studies is on the web at [www.capilano.ca/continuingstudies](http://www.capilano.ca/continuingstudies)

### Continuing Studies Serious Fun Summer Camps

During the summer, Continuing Studies & Executive Education offers Serious Fun Summer Camps for kids, youth and teens. Serious Fun combines fun with meaningful learning. The camps range from digital media, photography and art to science, filmmaking and more.

Summer camps are listed in the Serious Fun Summer Camps calendar published in early spring (mid to late March) and on the web at [www.capilano.ca/summer-camps](http://www.capilano.ca/summer-camps)

### CSEE CUSTOM SOLUTIONS FOR ORGANIZATIONS & GROUPS

Continuing Studies & Executive Education (CSEE) offers a range of learning and development solutions (courses, seminars, workshops, programs, facilitated sessions) for domestic and international organizations and groups that are designed to address specific knowledge and skills gaps and deliver on a range of learning outcomes.

Customized training solutions at CSEE can be delivered on campus, at the client's workplace, or at another location of the client's choice. Offerings range from intensive, short-term immersion to longer, in-depth programs of study. Each custom offering is designed to deliver relevant, interactive, outcomes-based, and

quality learning experiences. All custom offerings are facilitated by leading subject matter experts, who bring real-world insight, industry experience, and extensive academic backgrounds to the classroom.

International participants may enrol in programs that offer short-term non-credit English Second Language (ESL) and Canadian culture homestay, or ESL combined with career skills training in professional areas such as business administration, computers, tourism and others.

## ABT Online

---

**ABTO 100      Online Learner Success**  
**0.00 credits      (5,0,0) hrs              02 wks**

This course prepares the learner to be successful in the online environment. Through instruction, tutorials, small group experiences, and ongoing self-assessment the learner will be provided with an opportunity to adopt methods which will enhance his/her success in the online environment.

**ABTO 101      Computers and the Internet**  
**1.50 credits      (4,3,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

This course has been designed to give the learner a basic introduction to the Internet, computers and an operating system. Students will learn essential terms and concepts; how to work competently in a Windows environment; and effective file and disk management for Windows and the Web browser.

**ABTO 102      Administrative Procedures**

**1.50 credits      (2,1,0) hrs              15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

The dynamic office of today requires that office workers demonstrate the ability to communicate effectively, think critically, apply problem-solving skills and work effectively with other members of the office team. The rapid pace of change in the office of today demands that office workers have the ability to develop new skills and understand new processes as jobs evolve. In this course, students will master essential organizational skills and develop efficient office practices in preparation for entry into the contemporary office.

*Note:* ABTO 101 and 111 are recommended as prerequisites or co-requisites.

**ABTO 103      Records Management**

**1.50 credits      (4,5,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Technology continues to change the role played by today's office worker. This course will provide the student with the knowledge, skills and abilities to face these challenges and new responsibilities in dealing with both manual and electronic files.

*Note:* ABTO 111 is recommended as a prerequisite or co-requisite.

**ABTO 110      Keyboarding I**

**1.50 credits      (4,0,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

This introductory course is designed to give the learner the ability to keyboard accurately and proficiently using the touch method, proofread quickly and accurately, and key at a speed of 25 net words per minute.

**ABTO 111      Word Processing I**

**1.50 credits      (4,2.5,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

This course is designed to teach the student the basic functions of a word processing program required in the preparation of correctly formatted business documents such as letters and memoranda. Although Microsoft Word 2000 is used to complete this course, many of the skills obtained are generic and transferable to other word processing software programs.

**ABTO 112      Keyboarding II**

**1.50 credits      (4,5,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite and ABTO 110

Keyboarding II is an individualized course designed to improve accuracy and speed.

**ABTO 113      Word Processing II**

**1.50 credits      (4,2.5,0) hrs              08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Word Processing II is a continuation of Word Processing 1. This course will cover additional instruction and practice with letter styles, tables, charts and reports, plus many advanced features such as merging, macros, outlines, graphics and styles.

*Note:* ABTO 110 and 111 are recommended as prerequisites or co-requisites.

**ABTO 114 Spreadsheets I**

**1.50 credits (4,2,0) hrs 08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Using Microsoft Excel, the student will acquire a working knowledge of electronic spreadsheets in this course.

**ABTO 115 Database**

**1.50 credits (4,2.5,0) hrs 08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Using Microsoft Access, the student will acquire a working knowledge of electronic database management systems in this course.

**ABTO 116 Presentation Software**

**0.75 credits (16,4,0) hrs 01 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Using PowerPoint 2000 Presentation software, the student will apply appropriate design concepts to present data and information in a colourful and well-organized format. Students will learn how to use design templates, apply various attributes and include a variety of objects to create, modify, save and deliver professional presentations.

**ABTO 117 Outlook**

**0.75 credits (0,0,15) hrs 06 wks**

*Prerequisite:* ABTO 100 is a prerequisite or corequisite

This course is an introduction to Outlook, including hands-on training in the use of e-mail for on-line communications, calendar for managing important dates and appointments, and contacts for the creation and maintenance of an address database.

*Note:* Recommended pre-requisite: ABTO 113 and 40 wpm keyboarding speed.

**ABTO 118 Desktop Publishing**

**1.50 credits (0,0,3) hrs 10 wks**

*Prerequisite:* ABTO 100 is a prerequisite or corequisite

This course is a study of desktop publishing functions; elements of page design and organizational tools; and process, planning, design, and production. Students will apply word processing and desktop publishing software and skills, as well as integration elements, to produce publications such as letterheads, flyers, brochures, business forms, web pages, and newsletters.

*Note:* Recommended pre-requisite: ABTO 113 and 40 wpm keyboarding speed.

**ABTO 120 Business English**

**3.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Employers continually report that job applicants with appropriate language skills are hard to find. This course focuses on correct English usage in a business environment and provides a comprehensive review of grammar, punctuation, and style as well as business spelling and vocabulary development.

**ABTO 121 Business Communications**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Using accepted writing techniques, you will plan, organize and write correct and effective "reader friendly" business documents appropriate for use in today's global business environment. You will acquire a practical knowledge of how to write business letters, reports, memos, and electronic messages.

**ABTO 122 Website Design and Maintenance**

**1.50 credits (0,0,3) hrs 10 wks**

*Prerequisite:* ABTO 100 and 111 are prerequisites or corequisites

This course will provide the student with the skills required to design and create a Website and to complete routine Website maintenance and updates.

**ABTO 123 Transcription**

**1.50 credits (0,0,5) hrs 06 wks**

*Prerequisite:* ABTO 100 and 111 are prerequisites or corequisites

This hands-on course, using a student's keyboarding, computer, grammar and wordprocessing skills, will provide the student with the skills required to transcribe a variety of business documents from digital audio files.

**ABTO 130 Business Calculators and Mathematics**

**1.50 credits (4,2,0) hrs 08 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Good math skills are a valuable tool in today's business environment. They are required for applications such as accounting, electronic spreadsheets, database management, and office procedures. This course will provide the learner with an opportunity to develop necessary numeracy skills in order to function effectively in an entry-level office support position.

**ABTO 131 Accounting Level I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

This course is an introduction to manual accounting. Emphasis will be placed on fundamental accounting principles and their application in day-to-day business situations.

**ABTO 132 Accounting Level II**

**3.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Accounting II is an intermediate level manual accounting course. The course, presented in the context of a merchandising business, provides the learner with additional knowledge and skills to deal with common manual accounting systems for sales, purchases, taxes, inventory and payroll. Specialized journals, combined journals, year-end procedures and worksheets, GST/PST, bad debts and merchandise inventory as well as payroll concepts and principles, tax responsibilities and annual reporting will be included. Upon completion of the course, the learner will be able to prepare detailed financial statements including a classified balance sheet and an income statement with a cost of goods sold section.

*Note:* ABTO 130 and 131 are recommended as prerequisites or co-requisites.

**ABTO 133 Spreadsheets II**

**1.50 credits (2,1.33,0) hrs 15 wks**

*Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Using Microsoft Excel, the student will acquire an advanced knowledge of electronic spreadsheets in this course. ## Adult Basic Ed.- Biology

---

**BBIO 036      ABE Intermediate Biology**  
**1.00 credit    (1.5,0,1.5) hrs      15 wks**

This course is an introduction to the chemistry and composition of living things. Topics studied include: the organization and functions of cells, the digestive, respiratory, circulatory, nervous, skeletal and muscular systems, and human nutrition. Laboratory investigations are included.

*Note:* This course is equivalent to BSCI 033. Duplicate credit will not be granted for this course and BSCI 033.

**BBIO 043      ABE Advanced Biology I**  
**1.00 credit    (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BBIO 036 or Science 10 with a minimum grade of C+ and completion of ABE Science Assessment

Topics include cell structure and function, cell division, evolution, plant physiology. Laboratory exercises are included.

*Note:* BENG 030 or ENGL 010 are recommended prerequisites

**BBIO 044      ABE Advanced Biology II**  
**1.00 credit    (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BBIO 043

Topics include diversity and life histories of microbes, plants and animals, behavioural ecology, biosphere, ecosystems, and human population concerns. Laboratory exercises and field trips are included. BBIO 043 and 044 together prepare students for many career/vocational programs.

**BBIO 053      ABE Provincial Biology I**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BBIO 036 and BCHM 036, or Science 10 with a minimum grade of C+ and completion of ABE Science Assessment

Topics include cell structure and function, cell division, cell metabolism, genetics, and DNA. Includes laboratory exercises.

*Note:* BENG 041 and BCHM 043 are recommended prerequisites

**BBIO 054      ABE Provincial Biology II**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BBIO 053

Topics include tissues and organ systems, homeostasis, circulation, immunity, digestion, respiration, excretion and reproduction. Includes laboratory investigations. BBIO 053 and 054 together prepare students for many health-related programs and college level post-secondary programs for which Biology 12 is a prerequisite.

## Adult Basic Ed.- Chemistry

---

**BCHM 036      ABE Intermediate Chemistry**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

This is an intermediate course in chemistry. Students will be introduced to intermolecular forces of attractions, the organization of the periodic table, categorize a compound as ionic or covalent, and write the formulas of simple compounds.

**BCHM 043      ABE Advanced Chemistry I**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BCHM 036, or completion of the Adult Basic Education Math Assessment Test and Science 10 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

Students will learn principles and methods of chemistry including atomic structure, periodic trends, writing formulas, and determining the names of both inorganic and organic formulas. Reaction types and the relation of chemistry to society will be covered. Includes laboratory investigations.

**BCHM 044      ABE Advanced Chemistry II**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BCHM 043 and BMTH 033

This is a continuation of BCHM 043. Students will use the mole concept to solve quantitative problems, learn some applications of the gas laws, prepare and dilute solutions. Properties of acids and bases including pH will be investigated. Includes laboratory investigations.

**BCHM 053      ABE Provincial Chemistry I**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BCHM 044 with a minimum grade of C-, or completion of the Adult Basic Education Math Assessment Test and Chemistry 11 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

Students will learn principles and methods of chemistry including organic nomenclature, thermochemistry, chemical reaction rates, oxidation-reduction, and some applications of electrochemistry. Includes laboratory investigations.

**BCHM 054      ABE Provincial Chemistry II**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BCHM 053 and BMTH 043

This is a continuation of BCHM 053. Students will explore the concepts of chemical equilibrium, solutions and solubility, chemistry of weak acids and bases, neutralization.

## Adult Basic Ed.- Computers

---

**BCMP 021      Fundamental Level - Introduction to Micro Computers**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

A self-paced credit course introducing word processing and the use of the Internet.

*Note:* This course is equivalent to CDCO 021. Duplicate credit will not be granted for this course and CDCO 021.

**BCMP 031      ABE Intermediate Level Computer Studies**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 021 or equivalent

A paced credit course offering an introduction to commonly used business software such as word processing, spreadsheets and the Internet. Also included is an introduction to Windows disk and file management.

*Note:* This course is equivalent to CDCO 031. Duplicate credit will not be granted for this course and CDCO 031.

**BCMP 041      ABE Advanced Level Computer Studies**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 021 or equivalent

A paced graded course offering both an introduction to commonly used business software and essential computer concepts and terminology. Software used includes: word processing, spreadsheets, graphics, Windows, and the Internet. Computer concepts include examination of: processors, storage devices, input/output devices, computer communications, security, ethics, ergonomics, and purchasing considerations.

**BCMP 051      ABE Provincial Level Computer Studies**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 021 and BCMP 041 with a minimum B- grade

A paced graded course offering an introduction to fundamentals of the Internet. The major focus is web page authoring. Other topics include: e-mail, discussion groups, and Web search engines.

**BCMP 052      ABE Provincial Level Computer Studies**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BCMP 051 and BMTH 031 with a minimum B- grade

A paced graded course offering an introduction to computer programming. Students will analyse problems, design solutions, develop programs, test, de-bug and document the software they write.

**BCMP 053      ABE Provincial Computer Studies, Online & Current Technology**

**2.00 credits (1.5,0,1.5) hrs 15 wks**

In this course, students learn to utilize common cloud-based applications such as: word processing, spreadsheets, presentations, online collaboration, photo-editing, online storage and backup. These are the most common applications students would utilize in the workplace or in support of their other university classes. Additional topics include: electronic contact, time and calendar management, anti-virus and anti-malware protection, and cross-platform (PC, Mac, tablet, smartphone) inter-operability.

## Adult Basic Ed.- English

---

**BENG 011 Basic Literacy Level English**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

A course in basic reading and writing. Students focus on the composition of words and basic sentences.

**BENG 021 Fundamental Level English: Writing Skills, Spelling, Word Attack**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

An introductory fundamental course in reading and in writing of sentences and short paragraphs.

**BENG 031 Intermediate Level English**

**2.00 credits (1.5,0,1.5) hrs 15 wks**

An intermediate course in writing. Most ABE students enter the English program at this level. Students write a series of paragraphs and two longer compositions.

*Note:* This course is equivalent to CDEN 031. Duplicate credit will not be granted for this course and CDEN 031.

**BENG 040 Advanced Level English: Short Report Writing**

**2.00 credits (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BENG 031

A short-report writing course with a vocational/technical emphasis in its subject matter and approaches to writing. Students develop the summarizing, note-taking, and outlining skills necessary to organize information from a variety of sources into well-written reports.

**BENG 041 Advanced Level English: Advanced Report Writing**

**2.00 credits (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BENG 031

An advanced course in short-report writing. Students develop the summarizing, note-taking, and outlining skills necessary to organize information from a variety of sources into well-written reports. BENG 041 has a technical/academic emphasis in its subject matter and approaches to writing and includes introductory work in literary analysis and evaluation for students proceeding to BENG 052.

**BENG 043 ABE Advanced Level English Part 1**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

This course is an Advanced Level English course focusing on summarizing and report writing. This course develops the rhetorical and organizational strategies needed to write paragraphs and construct academic arguments in essay form.

**BENG 044 ABE Advanced Level English Part 2**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

This course is an Advanced Level English course that focuses on summarizing and report writing, and introduces students to literary analysis. This course develops the rhetorical and organizational strategies needed to write paragraphs and construct academic arguments in essay form.

**BENG 052 Provincial Level English - Critical Reading and Writing**

**2.00 credits (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BENG 041 with a minimum B- grade

A provincial level course in essay writing. Students study and write a variety of essays to prepare for written work at the university transfer level or equivalent in diploma programs. BENG 052 has an academic/literary emphasis in its subject matter and approaches to writing.

**BENG 053 ABE Provincial Level English Part 1**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BENG 041, or BENG 043 and 044

This course is a Provincial Level English course focusing on academic writing, foundational post-secondary research skills, and research essay writing. The course aims to develop the reasoning, research, and synthesizing skills needed to succeed in a post-secondary environment.

**BENG 054 ABE Provincial Level English Part 2**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BENG 041, or BENG 043 and 044

This course is a Provincial Level English course focusing on reading, research, academic analysis, and academic essay writing. The course aims to develop the reasoning, research, and synthesizing skills needed to succeed in a post-secondary environment.

## Adult Basic Ed. - Fund English

---

**BENF 001 ABE Fundamental English 1**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

A course in basic reading and writing. Students focus on the composition of sounds, words and basic sentences.

*Note:* This course is equivalent to CDEN 001. Duplicate credit will not be granted for this course and CDEN 001.

**BENF 002 ABE Fundamental English 2**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

A course in basic reading and writing. Students focus on increasing their knowledge and ability to read words and develop basic sentence skills.

*Note:* This course is equivalent to CDEN 002. Duplicate credit will not be granted for this course and CDEN 002.

**BENF 003 ABE Fundamental English 3**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

A course in basic reading and writing. Students focus on increasing their knowledge and ability to read words, develop basic sentence skills including punctuation.

*Note:* This course is equivalent to CDEN 003. Duplicate credit will not be granted for this course and CDEN 003.

**BENF 004      ABE Fundamental English 4****1.00 credit      (1.5,0,1.5) hrs      15 wks**

A course in basic reading and writing. Students focus on listening, reading and writing for a variety of purposes with the introduction of critical thinking skills.

*Note:* This course is equivalent to CDEN 004. Duplicate credit will not be granted for this course and CDEN 004.

**BENF 005      ABE Fundamental English 5****1.00 credit      (1.5,0,1.5) hrs      15 wks**

A course in basic reading and writing. Students focus on reading using literary and information texts along with writing longer passages, using a variety of writing processes.

*Note:* This course is equivalent to CDEN 005. Duplicate credit will not be granted for this course and CDEN 005.

**BENF 006      ABE Fundamental English 6****1.00 credit      (1.5,0,1.5) hrs      15 wks**

A basic course in reading and writing. Students focus on reading novels and short stories using a variety of strategies along with writing longer, detailed paragraphs.

*Note:* This course is equivalent to CDEN 006. Duplicate credit will not be granted for this course and CDEN 006.

## Adult Basic Ed. - Fund Math

---

**BMAF 001      ABE Fundamental Mathematics 1****1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on place value and counting to 100, add or subtract whole numbers to 20 without carrying or borrowing, and explain simple geometric shapes.

*Note:* This course is equivalent to CDMA 001. Duplicate credit will not be granted for this course and CDMA 001.

**BMAF 002      ABE Fundamental Mathematics 2****1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on place value to 1,000,000, add whole numbers with carrying or subtract whole numbers with borrowing, know multiplication facts to 100, convert time notation. They will be able to explain and calculate the perimeter of simple geometric shapes.

*Note:* This course is equivalent to CDMA 002. Duplicate credit will not be granted for this course and CDMA 002.

**BMAF 003      ABE Fundamental Mathematics 3****1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on the division of whole numbers, the metric system, and be able to explain and calculate the area of simple geometric shapes.

*Note:* This course is equivalent to CDMA 003. Duplicate credit will not be granted for this course and CDMA 003.

**BMAF 004      ABE Fundamental Mathematics 4**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving decimal fractions, conversion of measurements within the metric system, and will be able to calculate the perimeter and area of simple geometric shapes with decimal fractions.

*Note:* This course is equivalent to CDMA 004. Duplicate credit will not be granted for this course and CDMA 004.

**BMAF 005      ABE Fundamental Mathematics 5**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving common fractions, convert fractions to decimals, convert decimals to fractions, convert measurements within the metric system, and calculate the perimeter and area of simple geometric shapes using formulas.

*Note:* This course is equivalent to CDMA 005. Duplicate credit will not be granted for this course and CDMA 005.

**BMAF 006      ABE Fundamental Mathematics 6**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* ABE Math Assessment

This is a course in basic mathematics. Students will focus on calculations involving ratio and proportion, solve various problems involving percent, calculate sales tax, percent wage increase and discounts on purchases.

*Note:* This course is equivalent to CDMA 006. Duplicate credit will not be granted for this course and CDMA 006.

## Adult Basic Ed.- Geography

---

**BGEO 052      Provincial Level Geography**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BESC 041 or BSOC 041 and BENG 041 (or equivalent).

A study of interactions between the people of B.C. and their geographic environment. Students will discover the diverse regions of B.C. and the set of geographic and human attributes that make each region distinct. Students will assess the success of people's adaptations to their geographic environment, with a focus on mutual sustainability of land, air, water, living and earth resources, and human populations.

## Adult Basic Ed. - History

---

**BHST 052      Provincial Level History**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 041 or equivalent

A survey of 20th century history, including major issues in present day geopolitics.

## Adult Basic Ed. - Math

---

### **BMTH 011      Whole Numbers and Decimals**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

A course in basic addition, subtraction, multiplication and division of whole numbers and decimals.

### **BMTH 021      Fundamental Level Mathematics**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

Whole numbers, fractions, decimals, ratio and proportion, percent, powers and roots, averages and graphs. This course is designed to prepare students for an intermediate course in mathematics.

### **BMTH 033      Introductory Algebra**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BMTH 021 or placement by the instructor

This course covers properties of the Real number system. It is an introduction to algebra, basic operations with algebraic expressions, equations in one variable, inequalities and problem solving. This is the first of the two courses required to complete an ABE Intermediate level in mathematics.

### **BMTH 034      Intermediate Algebra and Geometry**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BMTH 033 with a minimum C+ grade

This course covers measurement of perimeter, area and volume; theorem of Pythagoras, right angle trigonometry; systems of equations in two variables; graphing linear relations; slope, intercepts. This is the second of the two courses required to complete ABE Intermediate level in mathematics.

### **BMTH 041      Advanced Level Business Math**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BMTH 034

This course covers the use and interpretation of formulas and principals used in Canadian business and commerce, solving problems of business or commerce such as computing interest, payroll, taxes and amortization.

### **BMTH 043      Advanced Algebra I**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BMTH 033/034 or Math 10 with a minimum B- grade or higher or placement test

This course covers radical equations, exponent laws, polynomials and rational expressions, factoring, complex fractions, quadratic equations.

*Note:* This is the first of two courses required for ABE Advanced level in mathematics.

### **BMTH 044      Advanced Algebra II and Trigonometry**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BMTH 043 with minimum C+ grade or higher

This course covers functions and relations, quadratic functions, maxima and minima, transformations of relations, tangent theorems, trigonometry, right triangles, functions of angles in standard position, Sine and Cosine laws.

*Note:* This is the second of two courses required for ABE Advanced level in mathematics.

### **BMTH 047      Advanced Foundations Mathematics 1**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BMTH 034 or completion of the Adult Basic Education Math Assessment

In this course students will investigate problem solving, inductive and deductive reasoning and proof and pattern recognition. In addition, students will explore graphing and slope, rate problems, spatial reasoning, proportion and scaling. This course will use trigonometry, including the sine and cosine law to solve problems involving lines, angles and triangles.

**BMTH 048 Advanced Foundations Mathematics 2**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BMTH 047

In this course students will explore elements of statistics such as normal curve, standard deviation, z-test, confidence intervals and applications of statistics. Systems of linear inequalities will be solved graphically. Students will investigate quadratic functions including graphs of parabolas, vertex, intercepts, roots and axis of symmetry.

**BMTH 053 Precalculus I**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* Math 11 with a minimum B- grade or MATH 096 or BMTH 044

This course covers functions, graphs, transformations, exponential and logarithmic functions.

*Note:* This is the first of the two courses required for an ABE provincial level in mathematics.

**BMTH 054 Precalculus II**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BMTH 053 or equivalent

This course covers circular functions, trigonometric identities and equations; polynomial and rational functions.

*Note:* This is the second of the two courses required for ABE provincial level in mathematics.

## Adult Basic Ed. - Physics

---

**BPHY 036 ABE Intermediate Physics**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

This is an intermediate course in physics. Students will solve problems using System International (SI) units and will convert between units of the same dimension, employ the concept of force and the use of free body diagrams to determine if an object has an unbalanced force acting upon it, and solve problems involving motion.

**BPHY 043 ABE Advanced Physics I**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BPHY 036, or completion of the Adult Basic Education Math Assessment Test and Science 10 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test. Students will learn the safe use and limitations of basic laboratory equipment. The concepts of forces, momentum and energy will be explored. Motion in two dimensions will be studied. Includes laboratory investigations.

**BPHY 044 ABE Advanced Physics II**

**1.00 credit (1.5,0,1.5) hrs 15 wks**

*Prerequisite:* BPHY 043

This is a continuation of BPHY 043. Students will explore concepts in electrostatics, analysis of electrical circuits, waves and sound, optics and thermodynamics.

**BPHY 053      ABE Provincial Physics I**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BPHY 044 with a minimum grade of C-, or completion of the Adult Basic Education Math Assessment Test and Physics 11 with a minimum grade of B and the Adult Basic Education Science Reading Comprehension Test

The study of motion in two and three dimensions. Students explore the concepts of force, momentum and energy in more detail than in BPHY 043. Includes laboratory investigations.

**BPHY 054      ABE Provincial Physics II**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BPHY 044 and BMTH 044

Students will explore the concepts of electric field, circuit analysis, magnetic field, waves and optics. Includes laboratory investigations.

## Adult Basic Ed.- Science

---

**BSCI 021      Fundamental Level General Science**  
**1.00 credit      (1.5,0,1.5) hrs      15 wks**

An introduction to the basic scientific concepts and language of general science.

## Adult Basic Ed.-Social Studies

---

**BSOC 031      Intermediate Level Social Studies**  
**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 021 or equivalent

An introduction to the fundamental principles of economics. Canadian history, government legal system and the development of analytical and interpretive skills.

**BSOC 041      Advanced Level Social Studies**  
**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 031 or equivalent

A study of economic, political, and social issues in Canada. Students will learn basic skills of social analysis that will enhance their ability to participate in decisions and policies that affect their economic, political and social interests.

## Adult Basic Ed - Psychology

---

### **BPSY 051      ABE Provincial Level: Social Psychology**

**2.00 credits      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BENG 041

This course is a combination of sociological and psychological theory, research and practice. It is for students wishing to enter the field of health, human service work, and early childhood education, or who wish to go on to more advanced sociology and/or psychology courses. Topics include psychological and sociological theory, individual and group behaviour, interpersonal communications and relationships, adult development, and abnormal behaviours.

## Advertising

---

### **ADVR 130      Strategic Development and Media Planning for Advertising**

**3.00 credits      (27,4.5,0) hrs      02 wks**

This course begins with the analysis of a client brief and the development of a creative brief for the advertising of a product, service and event. The course introduces aspects of marketing strategies for conceptual development. It provides students with an understanding about how to use the creative brief to customize the right media plan for the right client and the right target audience. It also covers an introduction of resources available to media planners and buyers, as well as effective media plan executions based on data gathered.

### **ADVR 133      The Big Idea**

**3.00 credits      (27,4.5,0) hrs      02 wks**

This course focuses on the conceptual process used in the advertising industry. This course covers interpretation of the creative brief for the development of a multi-media campaign. The emphasis is on creating umbrella concepts and creative strategies that meet client objectives.

### **ADVR 135      Evolution of Conceptual Advertising**

**3.00 credits      (27,4.5,0) hrs      02 wks**

This course covers the origins of advertising and the art of persuasion in America beginning in the 1950s. It introduces the what, when, where, why and who in the industry past and present. It includes a survey of notable advertising agencies, their philosophies and project milestones. It provides an overview of the parameters of effective visual communication, contexts and the human factor.

### **ADVR 137      Art Direction and Agency Process**

**3.00 credits      (27,4.5,0) hrs      02 wks**

This course focuses on the advertising agency process. This course also introduces the fundamentals of collaboration within an agency. It further explores the role of the art director in the creation and execution of advertising concepts.

### **ADVR 139      Fundamentals of Brand Identity**

**3.00 credits      (27,4.5,0) hrs      02 wks**

Branding concentrates on the principles and power of the brand. This course defines what a brand is and explores the regional and global impact it has on modern society. This course also covers the analysis of brand strategies, brand essence and brand communication.

# Animation

---

## **ANIM 010 Animation Principles and Timing**

**2.00 credits (7,4.5,0) hrs 04 wks**

This course is an introduction to the procedures used to create animated characters with life, weight and personality. Students will learn how to create movement frame-by-frame, using drawings and objects.

## **ANIM 020 Design Basics for Animation**

**2.00 credits (7,4.5,0) hrs 04 wks**

Students will be introduced to design as it applies to commercial animation production. This will include: basic perspective skills; character design; posing; layout design; colour design and storyboard design.

## **ANIM 030 Drawing for Animation**

**2.00 credits (7,4.5,0) hrs 04 wks**

Students will learn how to improve their drawing skills through observation and practice. Gesture drawing from the model will be emphasized in this course with the focus on quick sketches that capture the form and weight of the model. Basic anatomy will be introduced and students will maintain a weekly sketchbook of drawings.

## **ANIM 040 Digital Animation and Design**

**1.50 credits (5,2.5,0) hrs 04 wks**

This course will introduce the student to computer-generated animation and the tools used to create 2-D character animation digitally. Students will learn to apply the traditional principles of animation to digital characters.

## **ANIM 103 Design Elements in Animation I**

**3.00 credits (4,0,0) hrs 15 wks**

Students will be introduced to the importance of design in character animation. Line, shape, negative space, volume, and colour will be studied. The relationships of these elements (proximity, balance, rhythm/repetition, proportion, variety and size) will be emphasised. Three dimensional models will be created to understand structure. Through drawn exercises, students will learn to create strong character poses that communicate effectively with the audience. Students will study various artistic styles in animation and work individually and as part of a team to create effective, original character models.

## **ANIM 104 Studio: Gesture and Form**

**2.25 credits (3,0,0) hrs 15 wks**

In this course, students will learn how to visualize and draw what they actually see rather than what their minds tell them they see. Through the practice of drawing from the live model, students will learn to create drawings that are accurate and clear in their presentation of weight, proportion, structure, volume and balance. Students will learn to quickly capture the essence of a model's pose through gesture drawing.

## **ANIM 105 Survey of Western Cinema: Animation**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to the history and development of character animation as an entertainment medium from the early 1900s to the present. Students will learn about the artists, executives, studios and animated cartoon characters that entertained audiences and built a unique industry.

## **ANIM 106 Animation: Quadrupeds and Effects**

**3.00 credits (8,0,0) hrs 08 wks**

*Prerequisite:* ANIM 116 and 117

Students will be introduced to more complex character animation involving quadrupeds and effects animation. Animal anatomy and movement including walks, runs and jumps will be practiced with an emphasis on acting and composition in a three-dimensional space. An introduction to effects animation will study how the laws of physics pertain to the movement of smoke, fire, water and other natural phenomena.

**ANIM 107      Character Animation I**  
**3.00 credits    (8,0,0) hrs          08 wks**

*Prerequisite:* ANIM 116 and 117

In this course, students will increase their understanding of timing, animation principles, design and efficient production methods to create original animated performances. Acting and dialogue are the focus of this course. Students will be introduced to digital production methods used in the industry, create their own digital character rigs and will use this knowledge in the creation of their own believable animated sequences.

**ANIM 108      Design Elements in Animation II**  
**2.25 credits    (3,0,0) hrs          15 wks**

*Prerequisite:* ANIM 103

Students will continue to develop their abilities in the design and creation of hand drawn characters that emphasise appeal and personality. Students will study a wider range of artistic styles and incorporate these styles into their own designs. The role of the character/prop designer as part of a design team will be studied. Students will create an original concept package for an animated production that includes multiple characters in the same original style.

**ANIM 109      Studio: Advanced Drawing Techniques I**  
**2.25 credits    (3,0,0) hrs          15 wks**

*Prerequisite:* ANIM 104

Students will develop their drawing and visualization skills and will increase their ability to accurately render the human form in movement. This course introduces students to the anatomical design of the human form and the relationships of bone and muscle of the human body in action and at rest. Gesture drawing for animation will continue to be developed.

**ANIM 110      Production Design for Animation**  
**1.50 credits    (2,0,0) hrs          15 wks**

*Prerequisite:* ANIM 103

Students will be introduced to the skills required to create effective background designs. Perspective drawing, composition of the stage, lighting, research and proper use of the animation camera will be emphasised in this course.

**ANIM 116      Animation: Timing and Principles**  
**3.00 credits    (8,0,0) hrs          08 wks**

This course is an introduction to how animators create the illusion of life through the manipulation of single images. The five conditions of motion are studied as they pertain to movement and how that movement is interpreted by the viewer. Principles of animation are introduced and students will incorporate them as a means to create hand drawn animation that is believable and entertaining.

**ANIM 117      Animation: Introduction to Character Drawing**  
**3.00 credits    (8,0,0) hrs          08 wks**

This course emphasises the movement of bipeds and the process of key animation. Students will learn to create hand drawn animation of human and anthropomorphic characters that evoke a sense of weight and believability. Students will be introduced to sound recording, sound breakdown and animating to pre-recorded

dialogue in order to create animation performances. Acting for animation will be a continuous theme throughout this course.

**ANIM 200      Character Animation II**  
**4.50 credits      (6,0,0) hrs      15 wks**

*Prerequisite:* ANIM 107

Students will utilize their understanding of animation principles and timing to create strong, believable performances with more complex characters. Traditional methods of classical animation on paper will be taught. Students will produce fully animated sequences with an emphasis on acting and performance.

**ANIM 201      Visual Storytelling**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* ANIM 108

Students will be introduced to the role of the story artist in the animation industry and learn the industry-standard methods used to create storyboards for animation. Students will explore one or more software packages used by studios in the creation of storyboards and animatics. Students will use the theory and practices learned in this course to plan their animated projects in the following term.

**ANIM 202      Studio: Advanced Drawing Techniques II**  
**2.25 credits      (3,0,0) hrs      15 wks**

*Prerequisite:* ANIM 109

This course continues to develop the observational drawing skills of the students as they learn the techniques required to use more design in their life drawing. Students will shift their focus from purely analytical and accurate drawing of the human form to a more aesthetic and creative drawing process.

**ANIM 203      Digital Production Tools for Animation**  
**2.25 credits      (3,0,0) hrs      15 wks**

*Prerequisite:* ANIM 107

Hand drawn animation has evolved to include complex digital software in the production of animated projects. Knowledge of these tools has become a requirement for graduates seeking careers in animation. This course focuses on procedures used to create and animate digital 2D characters using industry-standard software. The techniques that students learn in this course will prepare them for more complex digital projects in the final term.

**ANIM 204      Advanced Production Design for Animation**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* ANIM 110

In this course, students will learn to utilize design theory and practices in the creation of more complex and effective background designs. Advanced perspective techniques, research skills and lighting design will be used to create original hand drawn environments that become the stage for the animated actors.

**ANIM 205      Character Animation III**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* ANIM 200

This course focuses on the creation of feature quality character animation. Students will work with original and classic characters in the design and animation of scenes that are professional in their execution and believability. Emphasis will be on the animation of multiple characters, expressive dialogue and continuity in animated sequences that focus on storytelling.

**ANIM 206      Studio: Drawing Master Class**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ANIM 202

In this course, students will apply the skills and techniques developed in previous studio classes to create work that exhibits mastery in the drawing of the human form, draped and undraped. Students will have their work critiqued and gain experience critiquing the work of others. Students will create their final portfolio pieces in this course and develop a sketchbook of drawings from life experienced on and off campus.

**ANIM 207 Visual Development and Concept Design**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ANIM 204

In this course, students will learn of the roles and skill requirements of the concept artist and the visual development artist in commercial animation production. Utilizing digital drawing and compositing tools, students will create finished artwork that will become a major part of their portfolios. Students will develop both a personal style of their own and the ability to produce work in established styles. Colour theory and the use of colour as a story device will be explored.

**ANIM 208 Professional Studies in Animation**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ANIM 200 and 203

This course enables students to attain superior skills in one area of production. Students choose what they want to excel at and with the help of the instructor, plan the steps that will ensure post-graduate success. The instructor will work with students to develop projects that provide outstanding content for their portfolios and/or demo reels. Included in this course are studio tours, networking opportunities with successful alumni and guest speakers.

**ANIM 209 Animation: Emerging Technologies**

**1.50 credits (4,0,0) hrs 08 wks**

*Prerequisite:* ANIM 200

This course will explore the latest innovative technologies and applications that pertain to animation, from interactive input devices to film and game production in entertainment and education. The course will introduce students to new opportunities and career path alternatives. Students will study how animation and its applications have evolved, learn about the latest uses of animation and attempt to hypothesise where their own skills may be used in the future.

**ANIM 210 Entrepreneurship in the Animation Industry**

**1.50 credits (4,0,0) hrs 08 wks**

This course is designed to introduce students to entrepreneurship: owning and operating a business that makes use of the technical and creative skills of the artist/ animator. The course focuses on the tasks required to succeed as a freelance artist as well as what is needed to create one's own business, including a business plan, marketing research, financing, accounting, taxation, marketing, and human resource management.

**ANAR 161      2D Introduction to Animation II**  
**6.00 credits    (8,0,0) hrs          15 wks**

*Prerequisite:* ANAR 151

*Note:* This course is intended only for students at institutions in China.

**ANAR 162      2D Design Foundations II**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 152

*Note:* This course is intended only for students at institutions in China.

**ANAR 163      2D Animation Storyboarding**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 153

*Note:* This course is intended only for students at institutions in China.

**ANAR 164      2D Anatomy for Animation**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 154

*Note:* This course is intended only for students at institutions in China.

**ANAR 251      3D Fundamentals of Animation I**  
**6.00 credits    (8,0,0) hrs          15 wks**

*Prerequisite:* ANAR 151, 152, 153, 154, 161, 162, 163 and 164

*Note:* This course is intended only for students at institutions in China.

**ANAR 252      3D Model and Texture I**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 151, 152, 153, 154, 161, 162, 163 and 164

*Note:* This course is intended only for students at institutions in China.

**ANAR 253      3D Animation and Timing I**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 151, 152, 153, 154, 161, 162, 163 and 164

*Note:* This course is intended only for students at institutions in China.

**ANAR 254      3D Animation Imaging I**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 151, 152, 153, 154, 161, 162, 163 and 164

*Note:* This course is intended only for students at institutions in China.

**ANAR 261      3D Fundamentals of Animation II**

**6.00 credits    (8,0,0) hrs          15 wks**

*Prerequisite:* ANAR 251

*Note:* This course is intended only for students at institutions in China.

**ANAR 262      3D Model and Texture II**

**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 252

*Note:* This course is intended only for students at institutions in China.

**ANAR 263      3D Animation and Timing II**

**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 253

*Note:* This course is intended only for students at institutions in China.

**ANAR 264      3D Animation Imaging II**

**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* ANAR 254

*Note:* This course is intended only for students at institutions in China.

## Anthropology

---

**ANTH 121      Introduction to Social Anthropology**

**3.00 credits    (4,0,0) hrs          15 wks**

A survey of social anthropology to include the study of communication, economic systems, kinship and family patterns, social control, political organization, religion, and the arts. Also includes understanding the methods and effects of culture change. Examples of different cultural practices will be drawn from societies throughout the world.

**ANTH 123      Introduction to Archaeology**

**3.00 credits    (4,0,0) hrs          15 wks**

An introduction to the theoretical foundations and methods of Archaeology, including the techniques used to discover, reconstruct, and interpret the past. Examples will be drawn from archaeological research around the world.

**ANTH 124      Introduction to Biological Anthropology**

**3.00 credits    (4,0,0) hrs          15 wks**

An introduction to the theoretical foundations and evidence for human origins as presented by Archaeology and Biological Anthropology. The biological and cultural evolution of humankind as indicated through a study of evolutionary theory, primate behaviour, skeletal remains, and archaeological discoveries.

**ANTH 200      Intermediate Social Anthropology**

**3.00 credits    (4,0,0) hrs          15 wks**

This course will familiarize students with the major theoretical and methodological traditions within anthropology. These will be critically examined and the influences on contemporary anthropology assessed. The issues and debates surrounding such topics as social organization, representation, ethics, gender, tradition, religion, subsistence practices and the dynamic nature of culture may be explored in a variety of ethnographic case studies.

**ANTH 202 Anthropology and the Environment**

**3.00 credits (4,0,0) hrs 15 wks**

The study of the interaction of people, culture and environments, emphasizing human adaptive strategies. Focus of the course will vary each semester, exploring such topics as subsistence patterns, systems of knowledge in traditional cultures, modernization and globalization, and current issues.

**ANTH 204 Ethnic Relations**

**3.00 credits (4,0,0) hrs 15 wks**

A study of the relations between ethnic groups. The construction, maintenance and expression of ethnic boundaries and identities will be examined within a variety of cultural contexts, including Canada. The course will address the social construction of difference and will offer perspectives on racial stereotyping, the politics of representation, the expression of ethnic popular culture and its wider consumption. Processes, such as de-colonization and globalization which have been involved in the rise of ethnic consciousness will be analysed, together with theoretical concepts through which ethnicity may be comprehended.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 205 Multiculturalism**

**3.00 credits (4,0,0) hrs 15 wks**

The course examines multiculturalism in Canada with comparative material drawn from other parts of the world. The creation and impact of multiculturalism will be addressed from historical and cultural perspectives. Topics covered may include: history and reality of Canadian immigration, the changing cultural landscape, maintenance of culture and identity, and the influence of official policy.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 206 First Nations of British Columbia**

**3.00 credits (4,0,0) hrs 15 wks**

A study of the cultural history, diversity, and complexity of the indigenous peoples and cultures of British Columbia. The archaeological past, traditional lifeways, and current issues are examined.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 208 Indigenous Peoples of North America**

**3.00 credits (4,0,0) hrs 15 wks**

A survey of the cultural history and social organization of indigenous peoples of the North American continent including Canada, the United States and Mexico. An examination of traditional lifestyles including family, political, religious and ecological patterns; and current issues.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 209 Anthropology of Latin America**

**3.00 credits (4,0,0) hrs 15 wks**

This course is a survey of the indigenous societies of South America, Central America, and Mexico. Course subject matter will be addressed from an archaeological and cultural anthropological perspective and will include: a review of traditional lifeways of indigenous cultures in different regions of Latin America (including social organization, political structure, economy, and belief systems); an analysis of the impact and effect of European contact and policy on indigenous peoples, including assimilation strategies and resistance

movements; and an examination of in Latin American societies today, including contemporary issues, patterns of change, and the maintenance of various traditional practices.

**ANTH 222 Eating Culture: An Anthropology of Food**

**3.00 credits (4,0,0) hrs 15 wks**

This course will address the deceptively simple question of why do we eat what we do? It will explore human food systems from our nutritional needs, through our classification of resources into edible and inedible, and how we acquire ingredients, cook them, and then share them through meals. Food reaches into everyone's existence, and as such it offers us an opportunity to uncover and begin to understand our cultural similarities and differences expressed through our food habits. The course will draw upon ethnographic material from many cultures, and utilise current debates in the relatively new field of the anthropology of food.

**ANTH 225 The Anthropology of Music**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to the study of music as a fundamental expression of culture. Through diverse case studies, students will explore the ways in which music and music-making are embedded within complex cultural systems, by examining the relationships between music and other components of human societies. Prior knowledge or study of music is not required for this course.

**ANTH 230 Anthropology of Religion**

**3.00 credits (4,0,0) hrs 15 wks**

This course will introduce students to the anthropological study of religion by considering some of its major topics, such as magic, witchcraft, shamanism and rites of passage. It will also provide rich ethnographic case studies as examples of the practice of religion in a variety of cross-cultural contexts.

*Note:* This course is equivalent to ANTH 130. Duplicate credit will not be granted for ANTH 130.

**ANTH 232 Archaeology of Africa, Asia and Europe**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ANTH 123

This course will familiarize students with the nature of archaeological research in Africa, Asia and Europe. The primary focus is on providing a survey of cultural adaptations, from the first evidence of culture to the earliest civilizations. Theoretical, legal, and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in Africa, Asia and Europe are also examined.

**ANTH 233 Archaeology of the Americas**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ANTH 123

This course will familiarize students with the nature of archaeological research in the Americas. The primary focus is on providing a survey of cultural adaptations, from the initial peopling of the continents to the period of European contact. Theoretical, legal and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in the Americas are also examined.

**ANTH 240 Visual Anthropology**

**3.00 credits (4,0,0) hrs 15 wks**

This course will introduce students to visual anthropology. Students will examine a wide variety of artistic traditions from around the world by exploring such topics as cross-cultural aesthetics, the function of art, the role of artists, and art and ethnicity.

*Note:* This course is equivalent to ANTH 140. Duplicate credit will not be granted for ANTH 140.

**ANTH 241 Archaeology Field School**

**6.00 credits (2,9,0) hrs 15 wks**

This practical field course focuses on the identification, recording and recovery of archaeological remains. The majority of the time is spent in the field. When the course is offered during a seven week summer session, the course hours each week are doubled.

*Note:* Permission of instructor is required to register.

**ANTH 249 Comparative Cultures: A Field Study in Anthropology**

**3.00 credits (4,0,0) hrs 15 wks**

An interdisciplinary course to consider in depth a particular geographic area and its people. Comparative institutions, cultural ecology, contemporary issues, methods of observation and study. Students and instructor study in the field.

**ANTH 320 Archaeology and Popular Culture**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

This course examines archaeology in popular culture from a critical perspective, focusing on understanding the nature of popular culture and how social scientists study it, and evaluating the way archaeology, archaeologists, and the human past are portrayed in media, tourism, theme parks, and advertising.

**ANTH 323 Learning from the Past: The Relevance of Archaeological Research**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including ANTH 123

From environmental degradation to technological advances that forever change the way we live - many of the themes that characterize our modern society can also be seen in the archaeological record of past societies. This course examines some of the most significant developments that occurred during the early course of human existence, such as the origins of agriculture, the nature and causes of warfare in ancient societies, and issues deriving from early versions of "global politics" and "global economies" in the ancient world. We will conclude by critically evaluating the contribution of archaeological research on past societies to addressing current problems in our own.

*Note:* ANTH 232 and/or 233 are recommended

**ANTH 340 Stuff: The Anthropology of Material Culture**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

Stuff, the perfect term to capture humanity's material baggage, and this course explores, from an anthropological perspective, the way people make stuff, and how stuff makes people. It follows the journey of stuff from point of origin, through exchange, display, consumption, and destruction. This will be explored through two decades of anthropological ideas about material culture that culminates in a new theory of materiality that will make anyone look with fresh eyes at their own possessions. The course will explore the creation of commodities, cross-cultural encounters through material culture, the representation of stuff in museums, and will finally examine private possessions, consumption, and ultimately reflect on how our stuff defines us today.

**ANTH 342 Life's Passage: The Anthropology of Aging**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH

This course will examine the way culture shapes the formation of identity for its members throughout their lifespan. Aging will encompass the whole lifespan from the moment of birth to death. It will provide a cross-cultural exploration the processes of aging through the lenses of gender, kinship, social organization, religion, politics and economics. Particular emphasis will be placed on understanding the acquisition of status and the societal roles that accompany each life stage.

**ANTH 350 Ethnology of a Selected Region**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of 100 or 200-level ANTH  
This course will draw upon ethnographic material, and will provide an integrated description and ethnological analysis of the cultures, their historical and present day economic, social, political, and religious ways of life of selected ethnic groups from different regions around the world. The selection of the region may vary from one semester to the next. See the Anthropology Department website for the specific focus for a specific semester.

**ANTH 420 Contemporary Topics in Anthropology**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework  
This course explores contemporary issues in anthropology, including current debates in the discipline. Specific topics will vary from year to year, but may include, for example, examinations of anthropology's response to globalization, anthropology and the military, representations of the 'other', or debates on ethical concerns in research.

*Note:* ANTH 121 or 123 or another first or second year ANTH course is recommended

**ANTH 490 Directed Studies**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level ANTH course  
Students will work with an Anthropology faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Anthropology website for complete details on the application process.

## Applied Behaviour Analysis

---

**ABA 100 Introduction to Behaviour Principles**

**3.00 credits (4,0,0) hrs 15 wks**

This course will introduce students to the basic principles of the science of behaviour and the application of that science to real world problems through course readings, activities, lectures, and assignments. Basic principles such as reinforcement, punishment, and instructional techniques will be discussed.

**ABA 101 Observations of ABA in Community Settings**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABA 100  
This course will introduce students to the application of basic principles of the science of behaviour in real world settings. Students will collect observational data in each setting and discuss with their peers and Instructor during class meetings. Settings will include preschool, school-aged, and adult services as well as a recreational setting.

**ABA 200 A Survey of Applied Behaviour Analytic Applications**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABA 100  
This course will introduce students to a variety of applications of Applied Behaviour Analysis across a range of settings and applications. Students will learn about a range of clinical applications from assigned readings, activities, and class lectures. Topics will include: education, medicine, business and industry, human health and sports, gerontology, and sustainable societies.

**ABA 201            Observation Practicum**  
**3.00 credits    (0,0,4) hrs            15 wks**

*Prerequisite:* ABA 101 and ABA 200

This course will build upon content from ABA 100, 101 and 200 and allows students to observe and document the application of behavioural principles in a real world setting of their choosing by following a particular client or program. These placements may include one of the following: preschool, school, adult, or recreational setting.

**ABA 310            Practicum I - Interventionist**  
**3.00 credits    (0,0,6) hrs            15 wks**

Students will gain practical experience in the design and implementation of behavioural programs with individuals. All students will work in community-based agencies, attend and complete agency orientation, meet agency guidelines for volunteers and/or employees, and will be supervised by community agency and Psychology Department faculty.

**ABA 312            Single Subject Research Design and Statistics**  
**3.00 credits    (4,0,0) hrs            15 wks**

This research methods course focuses on procedures and issues related to the design, implantation and analysis of single subject research, also referred to as small N research. It covers general methodological information as well as specific details about single subject methods in applied settings. The course also introduces issues and applications of statistical procedures to single subject and time series data.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**ABA 313            Supporting Individuals with ASD and Their Families Across the Lifespan**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* ABA 344

The course will address the critical professional skills of how to collaborate with and effectively support families that have a child with autism from diagnosis through adulthood. Students, in their professional careers, will encounter various types of families (i.e., cultural diversity, family structure, etc.) and the need to consider family factors in intervention and support strategies is essential. This course will also address 'special topics' in programming for children, adolescents and young adults, and further prepare service providers to create appropriate curriculum throughout the lifespan for individuals with ASD.

**ABA 322            Developmental Psychopathology**  
**3.00 credits    (4,0,0) hrs            15 wks**

The primary goal of this course is for students to begin to answer one primary question: How can knowledge of normal development inform our efforts to elucidate the etiology of disorders, to assess and classify child psychopathology, and to develop effective treatments for childhood disorders? This course will examine the major stages of development and the biological, psychological, and sociocultural changes that occur for individuals and families over the lifespan, as well as the interconnection of these influences in the development of pathology.

*Note:* PSYC 204, 212, 222 are recommended

**ABA 325            Human Neuropsychology**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course introduces the student to the field of human neuropsychology. It begins with a review of neuropsychology but the material will be covered in greater detail and depth than in the 200-level biopsychology course. The course will also provide a detailed overview of the investigative techniques used in neuropsychology and neuropsychological assessment tools along with discussions of laterality and cognitive neuropsychology. The second half of the course will address topics in applied neuropsychology

including neural development and developmental disorders, brain damage, plasticity and recovery of function after neurological trauma.

*Note:* PSYC 212, 225 and 230 are recommended

**ABA 341 Applied Behaviour Analysis I: Principles of Behaviour**

**3.00 credits (4,0,0) hrs 15 wks**

Applied Behaviour Analysis is the application of the basic principles of behaviour to the participants involved. The field is based on a scientific approach to human behaviour and has resulted in various techniques that are effective at changing behaviour. The goal of this course is to acquaint you with the various principles and their applications.

**ABA 342 Applied Behaviour Analysis II: Procedures for Behaviour Change**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABA 341

This course covers behavioural assessment, behaviour change procedures, programming strategies for the generality of behaviour change, emergency procedures, and staff training and management. In addition, the class presents an overview of ethical and social issues in Applied Behaviour Analysis. It is the second of two parts. The two classes are based on the Behaviour Analyst Certification Board's® Behaviour Analyst Task List - third edition. Applied Behaviour Analysis II builds on the goals and objectives of Applied Behaviour Analysis I.

**ABA 343 Ethics and Professional Standards**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed to provide students who are pursuing training in Applied Behaviour Analysis (ABA) with the opportunity to learn ethical principles and laws pertinent to the practice of ABA. An additional focus will be on developing and maintaining effective relationships with mental health professionals.

**ABA 344 Autism Spectrum Disorders - I**

**3.00 credits (4,0,0) hrs 15 wks**

This is an overview of autism spectrum disorders (ASD). The course is an examination of the psychological, physiological, social, and educational characteristics of individuals who have been identified as having autism, pervasive development disorder, Rett's disorder, Asperger's syndrome and childhood disintegrative disorder. By the end of this course, students will demonstrate knowledge and skills related to: The definition and characteristics of persons with autism spectrum disorders, causes and prevalence of ASD as well as changes throughout the lifespan.

*Note:* PSYC 204 recommended

**ABA 345 Behavioural Assessment and Positive Behavioural Support**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABA 342

The purpose of this course is to introduce students to the philosophy and methods of behavioural assessment and positive behavioural support with persons who engage in challenging behaviour in school and community contexts. Topics covered will include principles of behaviour change, summary hypothesis statements and competing behaviour pathway diagrams, design of multi-component behaviour support plans, and the design of plans that are both technically sound and contextually-appropriate.

**ABA 346 Autism Spectrum Disorders - II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ABA 344

This is an overview of autism spectrum disorders (ASD), such as Rett's Disorder, Asperger's Disorder and Atypical Autism. The course is an examination of the psychological, physiological, social, and educational

characteristics of individuals who have been identified as having ASD. By the end of this course, students will demonstrate knowledge and skills related to: The definition and characteristics of persons with ASD, causes and prevalence of ASD as well as changes throughout the lifespan.

*Note:* PSYC 204 recommended

**ABA 410      Practicum II - Assistant Behavior Analyst®**

**12.00 credits    (0,0,25) hrs      15 wks**

*Prerequisite:* ABA 312, 342, and 343

Students will gain practical experience in the design and implementation of behavioural programs with individuals. All students will work in community-based agencies, attend and complete agency orientation, meet agency guidelines for volunteers and/or employees, and will be supervised by community agency and Psychology Department faculty. To obtain 350 hours of the 500 supervised hours required towards certification as an Associate Behavior Analyst®.

**ABA 411      Practicum III - Assistant Behavior Analyst®**

**3.00 credits    (0,0,11) hrs      15 wks**

*Prerequisite:* ABA 410

Students will gain practical experience in the design and implementation of behavioural programs with individuals. All students will work in community-based agencies, attend and complete agency orientation, meet agency guidelines for volunteers and/or employees, and will be supervised by community agency and Psychology Department faculty. To obtain 150 hours of the 500 supervised hours required towards certification as an Associate Behavior Analyst®.

**ABA 412      Directed Studies in Applied Behaviour Analysis**

**3.00 credits    (0,0,4) hrs      15 wks**

*Prerequisite:* ABA 342

This directed studies course integrates and expands the knowledge and skills learned during the two Associate Behavior Analyst® practicums. Students will present an in-depth case study which includes integration and critical analysis of relevant research literature and applied resources.

**ABA 415      Adults with Developmental Disabilities: ABA Interventions**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* ABA 342

This course will introduce students to commonly encountered issues and topics for adults with Autism Spectrum Disorders and other Developmental Disabilities (e.g., intellectual disability, Down's Syndrome, multiple disabilities, etc.). Topics will include: person centred planning, health and self-care, community and daily living skills, house, social skills and employment, literacy, and post-secondary education.

**ABA 426      Assessment and Intervention Planning for Young Children with ASD**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* ABA 341 and 344

In this course students will build upon concepts previously learned in ABA principles and Autism courses to gain a better understanding of how to design programming for young children with ASD. Students will be introduced to a range of commonly used assessment tools and strategies for effective assessment. This will be followed by discussion of individual child goal-setting. Students will be expected to choose effective short-term and long-term goals for young children receiving home or clinic-based intervention. Finally, students will spend several classes learning more about how to break down and effectively teach complex skills including language, social, play and adaptive daily living skills.

**ABA 443      Advanced Topics in Applied Behaviour Analysis**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* ABA 342

Advanced Topics in Applied Behaviour Analysis expands on the behaviour-analytic knowledge base developed in ABA 341 and ABA 342 with a focus on mastery and application on a full range of basic behavioural principles. Students are expected to complete weekly assignments based on the Behaviour Analyst Certification Board® task list (3rd edition) in order to prepare for and actively participate in class discussions and clinical application exercises. Emphasis will be placed on applying principles in "real-life" clinical situations. Additionally, content relevant to consulting skills will be included.

## Art History

---

**AHIS 100      The History of Art I**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course studies the history of art beginning with the pyramids of Egypt and concluding with the Gothic Cathedrals and Italian fresco paintings of the High Middle Ages in Europe. An understanding and appreciation of art are the aims of the course, and through lectures and class discussions, students will develop an eye for seeing and appropriate terms to describe the works shown. Our involvement with the art of the past clearly reveals how changing styles in architecture, painting, and sculpture are influenced by the historical context and the political, social, and religious thought of each period.

**AHIS 101      The History of Art II**  
**3.00 credits      (4,0,0) hrs              15 wks**

Beginning with the art of the Italian Renaissance, this course studies the history of painting, sculpture, and architecture to the start of the twentieth century. Individual artists including Leonardo, Michelangelo, Rembrandt, Goya, Van Gogh and Picasso are studied in addition to the larger period styles. Because works of art so perfectly reflect their age, the economic, social, and religious ideas of each period will be closely considered.

**AHIS 103      First Nations Art of the Northwest Coast**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course will examine the diverse and rich artistic production of the Northwest Coast First Nations peoples, both pre-contact and contemporary. Carving, knitting, weaving, screen printing and painting will be discussed as well as mixed media, performance and installation work.

**AHIS 104      Introduction to Visual Culture I**  
**3.00 credits      (4,0,0) hrs              15 wks**

Using illustrated lectures, discussions, field trips and assignments, participants in Art History 104 will be introduced to the means of visual communication that have served the needs of diverse cultures and individuals throughout history. We will define the basic terminology of art and visual media, examining the interaction of form and content. In surveying selected examples from various genres and media we will investigate the many purposes of art through an examination of its past and present roles within diverse societal and political contexts.

**AHIS 105      Introduction to Visual Culture II**  
**3.00 credits      (4,0,0) hrs              15 wks**

Using illustrated lectures, discussions, field trips and assignments, participants in Art History 105 will be introduced to issues in art history with relevance to contemporary discourse. Topics range from ritual and spirituality in art, representations of gender, sexuality, politics, identity and the body, to images of nature, war, death and commemoration. We may also look into aspects of photography, advertisement, modern

architecture, censorship, and the role of museums. In surveying selected works from various genres and media, we will investigate the many past and present functions of art within societal and political contexts.

**AHIS 106 Pre-Columbian, African and Northwest Coast Indigenous Art**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces the student to aspects of Pre-Columbian art, Northwest Coast Native art and African art. The art, architecture and performing arts of indigenous peoples will be examined in the context of cultural, religious and social issues. Students will learn about civilizations that flourished in Mexico prior to the Spanish Conquest. A section on the art of the Northwest Coast peoples will illuminate the achievements of local indigenous cultures and their inherent relationship with the environment. In the component on African art, students will study the early history of African art and later artistic developments in a variety of regions ranging from Senegal to Zaire.

**AHIS 107 The Art of India, China and Japan**

**3.00 credits (4,0,0) hrs 15 wks**

Explore exotic Indian temples, ancient Chinese burials and Japanese shrines in this introductory course to Asian art. Indian, Chinese and Japanese works of art will be examined in the light of cultural, religious, social and political issues to emphasize the close connections between art and society. In particular, the impact of Hinduism, Buddhism and Confucianism on the arts will be examined. Students will gain insights into the evolution of important periods, styles and artistic traditions in Asian art. Consideration will be given to a wide range of art forms, including the performing arts and the Japanese tea ceremony.

**AHIS 109 Women and Art History**

**3.00 credits (4,0,0) hrs 15 wks**

This course is an examination of how women have been represented in the art of the past, as well as an investigation of women artists throughout history. The focus is on North America and Europe. The course will discuss issues such as how gender differences are upheld and critiqued in visual images, and the obstacles women artists have faced. The significant ways in which feminist inquiry has changed the practice of art history will be a key theme.

*Note:* This course is equivalent to WMST 130 and WGST 230. Duplicate credit will not be granted for WMST 130 or WGST 230.

**AHIS 210 History of Modern Art (19th Century)**

**3.00 credits (4,0,0) hrs 15 wks**

This course studies the mainstreams of modern art beginning with the paintings of Jacques Louis David produced during the French Revolution and concluding with the art of Cezanne. Emphasis is given to individual artists, and works by Goya, Delacroix, Monet, Van Gogh, Gauguin and others are studied in depth. Aesthetic revolutions and counter-revolutions are explored in conjunction with the social and political upheavals of the 19th century, where issues of class, gender and race come to the fore.

**AHIS 211 History of Modern Art (20th Century)**

**3.00 credits (4,0,0) hrs 15 wks**

This history of 20th century art begins with the work of Picasso and Matisse and studies the impact of revolutionary movements of art such as Futurism, Constructivism, Dada, and Surrealism. America's post war contribution - Abstract Expressionism, Pop, Minimalism, Conceptual and Earth Art - is studied, leading to a full discussion of the issues of Post Modernism and art into the 21st century. The aim of this course is to demystify modern art by studying the underlying concepts and theories, which will reveal how closely art expresses the ethos of contemporary life.

**AHIS 215 Art and Technology**

**3.00 credits (4,0,0) hrs 15 wks**

Artists offer unique perspectives on technologies. The topic of art and technology has recently been given a new impetus as artists have become interested in digital technologies and cutting-edge bio-technologies (cloning, genetic engineering). Yet the relationship between art and technology is not new, but ancient. Examining their interaction is vital, particularly given our current situation of rapid change. The topic will be of interest to students in both the humanities and the sciences.

**AHIS 220      Early Renaissance Art in Italy**

**3.00 credits      (4,0,0) hrs              15 wks**

This course traces the origins of the Early Renaissance in Italy, beginning with the art of Giotto and focusing attention on the creators of the new style, the architects, sculptors and painters of Florence, Arezzo, Mantua and Venice. The intellectual, religious and political climate of the fifteenth century, linked to the expression in this new art, will also be considered, as will the emerging importance of private patronage.

**AHIS 221      High Renaissance and Mannerist Art in Italy**

**3.00 credits      (4,0,0) hrs              15 wks**

This course studies the art of the High Renaissance and the emerging view of the artist as sovereign genius. The work of Leonardo, Michelangelo and Raphael is examined in depth. Focus is then given to the artists of the Mannerist School, whose highly subjective and artificial style dominates the latter part of the 16th century. The contributions of the Venetians as well as the architecture of Palladio will also be considered.

**AHIS 231      History of Textile Art I**

**3.00 credits      (4,0,0) hrs              15 wks**

This course first studies the textile traditions of the Near East by considering Ancient Egypt and its great linen manufactories, and the silk guilds of the Byzantine Empire, as well as tracing the influence of Sassanian designs. Cotton and the central role it played in the struggle for Indian independence is highlighted as we move further east to consider the evolution of the Dragon Robes of China and the kimonos of Japan. This study concludes with textile designs and tapestries produced in Medieval and Renaissance Europe where the important contributions of such leading artists as Raphael and Rubens are fully considered.

**AHIS 232      History of Textile Art II**

**3.00 credits      (4,0,0) hrs              15 wks**

This course first explores the textile traditions of Africa and the Americas. The textiles of the Kuba of Africa, Ancient Andean cloth and Contemporary Mayan textile designs are examined as important artistic expressions of these cultures. Navaho weaving and the great tradition of the Chilkat Dancing Blanket of the Pacific Northwest are also studied as examples of cultural expressions. Our attention then focuses on the effects of the Industrial Revolution on textile practices and the contributions of William Morris and the Arts and Crafts Movement. The course concludes with a discussion of 20th century textiles and explores the work of some of the leading contemporary textile artists.

**AHIS 241      Modern Architecture**

**3.00 credits      (4,0,0) hrs              15 wks**

This course will survey modern architecture from its roots in the later Industrial Revolution through present-day production, taking into account changes in technology, socio-cultural context, architectural theory and paradigms of globalism and environmental awareness. Many prominent architects will be discussed as well how broader trends and movements such as the Arts-and-Crafts, International Modernism, Brutalism and Postmodernism have impacted the architecture of Greater Vancouver.

*Note:* AHIS 100, 101, 104 or 105 would be useful

**AHIS 250      Art and Nature Now: Environmental Crisis**

**3.00 credits      (4,0,0) hrs              15 wks**

This course takes an in-depth look at art and the environment, in particular the changing perceptions of nature in art through time and, more currently, art activism and art collaboration in relation to climate change, ecological crisis, and the anthropocene. This course looks at how artists have examined the human relationship to the landscape and the planet, from earth art, to repurposing trash, to developing visual strategies to accompany protests and enhance advocacy. The course includes examples of contemporary First Nations art and local Vancouver artists.

**AHIS 251 Fortune, Fame, Forgery: Art and Business**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines the intersections of art and the market, how art becomes an investment, how auction houses function, and the criminal element that tries to cash in through art theft and forgery. We will examine a number of case studies to understand the world of art and business, from Sotheby's to museum intrigues to critical reviews to the elite world of experts, art collecting, and donor gifts.

**AHIS 252 Vancouver Art & Culture: Past and Present**

**3.00 credits (4,0,0) hrs 15 wks**

Always in the vanguard of global exchange, the dynamic and intercultural metropolis of Vancouver is an exciting model of the trans-global city of the future. Multiple on-site visits make this course an enriching, participatory and interactive experience for both local and international students, allowing them to better understand, through exposure to, the West Coast and Canadian culture in which they are living and working, and its connections with global art markets.

**AHIS 260 Fabric and Society**

**3.00 credits (4,0,0) hrs 15 wks**

This course will introduce students to the study of textiles from the prehistoric period to the present day. Students will learn how humans use cloth to serve functional, decorative, expressive and communicative needs. Through illustrated lectures, class discussions, assignments and field trips the course will thematically examine the role of textiles within society. Topics will include textiles as narratives, identity, social status, political alliance or protest, religious affiliation, spiritual expression, fashion and technological development. Studies will be drawn from a selection of ethnic, social or historical groups from around the world.

**AHIS 305 History of Photography**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

This course surveys the history of photography from its technical beginnings in the 1830s to the use of photographic technologies in current postmodern practice. The course focuses on selected practitioners and aesthetic movements from the 19th and 20th centuries as well as the interaction of photography with mass media, including commercial photography and photojournalism. Emphasis is placed on the socio-political and aesthetic roles photography plays in culture and its use as "evidence" in classification, photojournalism, anthropology, and forensics.

**AHIS 315 Art of the Baroque**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

The Art of the Baroque examines the rise of the Baroque as a style and an ideology from its origins in the art and architecture of Counter-Reformation Rome, and follows the dissemination of Baroque tendencies through the countries of 17th-century Europe, including Flanders, Spain, France, the Dutch Republic, and England. The course traces the close interrelationships between art, architecture, politics, religion, and science at the start of the modern period.

**AHIS 320 Art, Activism, and Citizenship**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

This course examines major examples of art activism from the mid-twentieth century to the present and uses a variety of readings to shape understandings of both historical and contemporary issues in relation to art production: war and conflict, poverty and homelessness, the environment and climate change, technological change, and corporate capitalism and globalization.

**AHIS 325 Approaches to Art**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 AHIS credits at the 100 or 200-level

Through close reading and discussion of influential art-historical texts this course will critically survey various approaches that have characterized the interpretive discourse on art from the Renaissance to the present day. Topics will include (auto-) biography, stylistic/formal analysis, connoisseurship, iconography and iconology, patronage and reception, social history, Marxist perspectives, psychoanalytic approaches, semiotics and structuralism, postmodernism, postcolonialism, deconstruction, feminism and gender studies.

**AHIS 330 Art and Trauma**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 AHIS credits at the 100 or 200-level

This course will examine how visual art attempts to represent social, national, political, and individual trauma. Looking at case studies from history and the present, theories concerning the body are raised, as well as questions about how various groups buttress their power through threat and the spectacle of violence, how artists respond to instances of torture, genocide, war and disease, and the range of spectator responses to challenging, difficult, and gruesome images.

**AHIS 335 Canadian Content: Art, Land and National Identity**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 AHIS credits at the 100 or 200-level

This course will examine how the visual arts have been implicated in the construction of Canada as a nation. Indigenous, French, and British traditions have contributed to contemporary understandings of Canada as a nation distinct from all others, but at the same time, inextricably linked to wider histories of settler colonialism, nationalism, and globalization. These broad themes will be illuminated through a critical analysis of specific topics and media, including photography, landscape, gender, ethnicity and the role of museums/art galleries.

**AHIS 410 Museums and Collecting: The Rhetorics and Rituals of Display**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level AHIS

This course provides an in-depth look at how museums and galleries structure perceptions of art and function as public and/or private spaces. Students will examine a number of case studies to better understand the diversity of practices and institutions.

**AHIS 425 Outcasts and Others in Western Art**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course critically analyzes images of the so-called "Other" in Western art. Western art is crowded with bodies that dominant powers have violently suppressed. In considering case studies from medieval times to the present, we re-evaluate maligned societal "types" - witches, criminals, peasants, shepherds, beggars, prostitutes, homosexuals, non-Europeans and non-Christians, the mentally ill and disabled – who have typically been marginalized or excluded from dominant culture. Select readings and images will be studies

to expose the ideologies that privilege some people and subordinate others. The contexts include colonialism, xenophobia, patriarchy, religious strife, psychiatry, and medicalization of sexuality, and race.

**AHIS 430      DRAWN! The Art of Graphic Novels, Memoirs, Histories**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course, through power-point presentations, seminar-style class discussions, and readings, examines the unique contributions of graphic novels, memoirs, and histories. Major examples will be examined and interpreted. Students will become familiar with their stylistic innovations, the image-text relationship, and how artists use the concepts of time and space in this visual medium.

**AHIS 490      Directed Studies**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level AHIS course

Students will work with an Art History faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Art History website for complete details on the application process.

## Bachelor of Performing Arts

---

**BPAC 400      Contemporary Cultural Practices****3.00 credits      (4,0,0) hrs      15 wks**

This course examines pivotal movements in Western art and performance during the modernist period of the late 19th century to the mid 20th century. Through analysis of historical and socioeconomic contexts, students explore how artistic disciplines coexist and influence each other. Students identify and examine the parameters and principles behind the paradigm shift that led to new artistic concepts and innovative forms in music, film, video, theatre, dance, writing and visual arts.

**BPAC 401 Canadian Cultural Policy and the Performing Arts**

**3.00 credits (4,0,0) hrs 15 wks**

This course provides an overview of public and private arts funding in Canada, including its historical development, institutional structures and the formulation and execution of municipal, provincial and federal policies. Through this process they will gain important insights into how public, foundation, private funding and earned revenue can be harnessed to enable meaningful arts production.

**BPAC 402 Advanced Production Planning I**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines and analyzes the organizational structures and systems in arts and entertainment management. Students explore how performing arts organizations function and how production, distribution and support of arts and cultural products intersect in the Canadian context.

**BPAC 403 Studies in Interdisciplinary Creation and Collaboration**

**6.00 credits (2,0,9) hrs 15 wks**

Students will gain experience in the collaborative creation of interdisciplinary work, while being exposed to the techniques, aesthetics and priorities of different performance art forms with a focus on finding ways to create work that weaves together the skills and experience of all the members of the cohort. By the end of the term students should have a deeper understanding of a range of possible approaches to the creation and development of original performance.

**BPAC 404 Contemporary Performance Practices**

**3.00 credits (4,0,0) hrs 15 wks**

This interdisciplinary course extends the exploration begun in BPAC 400. Using several theoretical frameworks students identify and analyze factors that created a new arts climate after the second World War. Students will critically engage with the work of artists from this "postmodern" period, including artists who are currently practicing. The course surveys art movements across disciplines with a focus on hybrid or interdisciplinary performance.

**BPAC 405 Advanced Production Planning II**

**1.50 credits (1,0,1.8) hrs 15 wks**

*Prerequisite:* BPAC 402

Continuing from BPAC 402, this course guides students through the business and technical side of producing an interdisciplinary performance production. The work involved in funding, marketing, and presenting the performing arts production in BPAC 407 will be divided up among the students. Each student will assume responsibility for a portion of it. A job description outlining the duties and responsibilities of each student will be developed and agreed upon at the beginning of the course.

**BPAC 406 Strategic Career Planning**

**1.50 credits (2,0,0) hrs 15 wks**

This course provides students with knowledge of critical aspects of the Canadian infrastructure and the tools necessary to make informed choices in strategic career planning. Throughout, students explore the interaction between the individual performing artist and Canadian cultural institutions and learn how to network effectively and make professional connections. Knowledge and skills learned will include

preparation of contracts, appropriate use of copyright law, interview techniques, publicity and marketing elements.

**BPAC 407      Interdisciplinary Performance and Production**

**12.00 credits    (2,0,10.6) hrs      20 wks**

*Prerequisite:* BPAC 402 and 403

Students will create a company to produce an original interdisciplinary performance. Students demonstrate an understanding of the core concepts of the business of the performing arts by fulfilling all requirements of production and performance including creation of original material, planning and execution of technical elements, marketing, booking, budgeting and financial management, performance(s) and debriefing, assessment, and evaluation.

## Basic Education & Career Plan

---

**BECP 021      Basic Education and Career Planning Fundamental**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

This course introduces students to the fundamental skills they need to succeed in an education or career path. Students will explore a variety of study skills, familiarize themselves with the University's resources, develop a variety of research strategies, explore methods for developing good working relationships and research several of their chosen career choices. This course uses mixed mode classroom and online course management format.

**BECP 041      Basic Education and Career Planning Advanced**

**1.00 credit      (1.5,0,1.5) hrs      15 wks**

*Prerequisite:* BECP 021

Upon completion of this course, students will have developed detailed career plan including information on a chosen educational institution research, a financial plan and an action plan. Students will connect with University faculty and staff for support and guidance. Students will also analyze their skills and use this analysis to present themselves to future employers through interviews, resumes and covering letters. This course uses mixed mode classroom and online course management format.

## Biology

---

**BIOL 104      Human Biology**

**4.00 credits      (4,3,0) hrs      15 wks**

This course provides a perspective on the biology of the human animal. It explores humans from the level of our chemical components to the cooperation of organ systems which sustain life. The basic concepts of biochemistry, cell structure and function, digestion and nutrition, reproduction, genetics, and evolution are covered. This is an interesting and engaging laboratory science course designed primarily for students who do not plan to take further courses in biology. Laboratory exercises include microscopy, dissections, genetic analysis and experimentation.

*Note:* Students who plan to study nursing or other health sciences are encouraged to take Biology 112 and 113.

*Note:* Credit will only be granted for one of BIOL 104 or 112.

**BIOL 105      Environmental Biology**

**4.00 credits (4,3,0) hrs 15 wks**

This course, designed primarily as a laboratory science elective for non-science students, examines a wide range of environmental issues from a biological perspective. Basic principles of ecology are developed and the impact of modern society on the environment is assessed. The overall focus is global, however, basic ecological principles are developed using British Columbian and other Canadian examples. Major environmental issues relevant to Canada are also stressed. Major topics include ecological concepts, conservation and endangered species, air pollution and global warming, water resources, and water pollution.

*Note:* This course serves as a Canadian Studies credit.

**BIOL 106 Introductory Biology I  
1.50 credits (2,0,0) hrs 15 wks**

*Corequisite:* BIOL 107

This course is intended for students planning to continue in biology or related disciplines, but who lack the prerequisites for BIOL 110. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

**BIOL 107 Introductory Biology II  
4.00 credits (4,3,0) hrs 15 wks**

*Corequisite:* BIOL 106

This course is intended for students planning to continue in biology or related disciplines, but who lack the prerequisites for BIOL 110. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

**BIOL 110 General Biology I  
4.00 credits (4,3,0) hrs 15 wks**

This course provides a foundation in the basic concepts of Biology and is the standard course for students who plan to major in Biology and/or to take further courses in the sciences. Major topics include experimental methods and hypothesis testing in the biological sciences and the value of science, the chemistry of life, cell structure and function, cellular reproduction, and the chromosomal and molecular basis of inheritance.

*Note:* Students should have some knowledge of basic chemistry and cell biology. Biology 12 and Chemistry 11 are recommended.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BIOL 111 General Biology II  
4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* BIOL 106 and 107 or BIOL 110

The objective of this course is to complete the survey of biological concepts begun in Biology 106 & 107 and Biology 110. Biodiversity of living forms and their evolutionary relationships, classification schemes, an introduction to the structure, function and evolution of representative systems in plants and animals, evolution of populations, speciation and extinction, ecology and biogeography are the subject areas emphasized. These topics, along with those previously covered in the prerequisite courses, will provide the background needed for students who plan to major in Biology or related disciplines

**BIOL 112 Human Anatomy and Physiology I for Health Sciences  
4.00 credits (4,3,0) hrs 15 wks**

This course provides a foundation in the study of human anatomy and physiology. It introduces the fundamental concepts of biochemistry, cell biology, human heredity and molecular biology. The anatomy and physiology of the endocrine, digestive and reproductive systems is covered as well as the study of fertilization, embryonic and fetal development. Laboratory exercises include microscopy, dissections, genetic analysis and experimentation. The course along with Biology 113 satisfies the human anatomy and

physiology requirements for some Human Kinetics programs, most nursing programs and other health science programs in BC.

*Note:* Biology 12 and Chemistry 11 are recommended

*Note:* Credit will only be granted for one of BIOL 104 or 112.

**BIOL 113 Human Anatomy and Physiology II for Health Sciences**

**4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* BIOL 112, or BIOL 104 with a minimum grade of C+

This course is a continuation of Biology 112. The anatomy and physiology of the integumentary, muscular-skeletal, cardiovascular, respiratory, nervous, urinary and lymphatic systems is examined. Emphasis is also given to the maintenance of overall health as well as the study of select diseases pertaining to the systems examined. Laboratory sessions provide practical study of the selected systems and introduce techniques used to make physiological evaluations. The course along with Biology 112 satisfies the human anatomy and physiology requirements for some Human Kinetics programs, most nursing programs and other health science programs in BC.

**BIOL 200 Genetics I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* BIOL 111 or BIOL 113 with a minimum C- grade; and CHEM 111

This course is an introduction to the principles and mechanisms of heredity. Emphasis will be placed on an analytical approach to transmission genetics, genetics of humans, introductory molecular genetics, quantitative genetics, and population genetics.

*Note:* There is no laboratory for this course.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BIOL 202 Nutrition**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* BIOL 104 or 112 and BIOL 113, or BIOL 110 and 111, or BIOL 106 and 107 and 111, and Chemistry 11

This is an introductory course in human nutrition. The course includes the study of the anatomy and physiology of the gastrointestinal tract and the chemistry, metabolism and biological roles of carbohydrates, lipids, proteins. Nutritional requirements for human growth, development, energy and longevity are covered as well as both the environmental and genetic basis of nutritional disorders and nutritional individuality.

**BIOL 208 Ecology**

**4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comprehensive introduction to modern ecology. Interactions between organisms and the environment will be studied at the individual, population, community, ecosystem, and global levels. Laboratory exercises will introduce students to aspects of experimental design and data analysis, and will include several field trips to explore a variety of local ecosystems.

*Note:* The course includes a three day fieldtrip to Garibaldi and Lillooet ranges.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BIOL 210 Morphology of Vascular Plants**

**4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comparative study of the vascular plant groups, the pteridophytes, gymnosperms and angiosperms. It emphasises the evolution, morphology, ecology and function of each of the groups and includes discussions of problems in plant morphology.

**BIOL 212      Invertebrate Zoology****4.00 credits      (4,3,0) hrs      15 wks***Prerequisite:* BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade

This course is a comparative survey of the major phyla and classes of invertebrates with emphasis on phylogeny, adaptive biology and ecology of each group. The course is designed around the major unifying concept of evolution. It introduces issues of contemporary interest in the field of invertebrate zoology. The laboratory complements the lecture components.

*Note:* The course includes a three-day field trip to the Bamfield Marine Station.

**BIOL 213      Vertebrate Zoology****4.00 credits      (4,3,0) hrs      15 wks***Prerequisite:* BIOL 106, 107 and 111 or 110 and 111 with a minimum C- grade

This course is a comparative survey of the major classes of vertebrates, emphasizing phylogenetic relationships of chordates and craniates, and evolutionary trends and functional anatomy of organ systems. The laboratory and field trip components of the course complement the lecture material and allow observations of representative vertebrates as well as the study of their natural history.

*Note:* The course includes a three-day field trip to the Okanagan Valley.

**BIOL 214      Cell Biology****4.00 credits      (4,3,0) hrs      15 wks***Prerequisite:* BIOL 111 or BIOL 113 with a minimum C- grade and CHEM 200 as a prerequisite or co-requisite

This course is an integrated study of the structure and function of cells and their components. Ultrastructure of cell organelles as determined by electron microscopy will be related to the molecular functions of cells. Emphasis will also be placed on the techniques used to study cells, the evolutionary origin of cells and their components, and on comparisons between specialized cell structure and function. The laboratory exercises will use modern methods of microscopy and separation techniques in a detailed study of cell structures and their functions.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BIOL 215      Biochemistry****4.00 credits      (4,3,0) hrs      15 wks***Prerequisite:* CHEM 201 as a prerequisite or co-requisite and BIOL 214

This course examines the fundamental principles and basic facts of biochemistry starting with protein structure and enzyme functions. Cell energetics, biosyntheses and mechanisms which control cell metabolism will also be considered. The laboratory will use the current techniques of biochemistry to conduct experimental analyses of the molecular functions of cells and tissues.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BIOL 222      Microbiology****4.00 credits      (4,3,0) hrs      15 wks***Prerequisite:* BIOL 214 is a prerequisite and BIOL 215 is a prerequisite or co-requisite

This course is a comprehensive introduction to microbiology. The main focus is on the basic biology of prokaryotic microorganisms, including their cell structure, metabolism, genetics, and ecology. Other topics include viruses, eukaryotic microbes, microbial diseases and the immune response. The lab provides practical experience in standard microbiological techniques.

**BIOL 240      Pathology****3.00 credits      (4,0,0) hrs      15 wks***Prerequisite:* BIOL 113 or HKIN 275 or BIOL 111 with a minimum grade of C-

This course introduces students to key concepts of pathophysiology and disease. Students who have successfully completed this course will have gained a sound understanding of how the human body operates in healthy and chronically perturbed states (disease).

**BIOL 305      Ecological Principles for Sustainability**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course will focus on the ecological principles that are needed to support critical thinking about sustainability. Students will learn about the dynamics of ecological systems and how they respond to natural and human disturbance. This knowledge will be applied to understand how ecological systems may be managed in ways that enhance rather than compromise their natural resilience.

**BIOL 350      Natural History of BC**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* Successful completion of 45 credits of post-secondary courses at the 100-level or higher

Students will be introduced to the natural history of BC's animal and plant species as well as the link between geological and biological history which is responsible for the geographic distribution of living things. BC's fascinating geological and climatic history has played an important role in determining the province's present assemblage of flora and fauna and its high level of biodiversity compared to the rest of Canada.

*Note:* This course is intended for students in the 3rd or 4th year of a degree program

**BIOL 351      Global Biogeography**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* Successful completion of 45 credits of post-secondary courses at the 100-level or higher

Students will be introduced to the relationship between earth's geological and biological history and the evolutionary processes which combine to determine the global distribution of plants, animals and ecosystems. Major biomes, such as the tundra, boreal forests, tropical rainforests, grasslands and deserts and their characteristic vegetation and faunal groups will be included in the studies.

*Note:* This course is intended for students in the 3rd or 4th year of a degree program

**BIOL 352      Evolution of Life**

**3.00 credits    (3,0,1) hrs      15 wks**

*Prerequisite:* Successful completion of 45 credits of post-secondary courses at the 100-level or higher

This course will introduce students to Evolutionary Biology. It will focus on the process of evolutionary change and the resulting patterns of biological diversity. Recent advances and applications of evolutionary thought to human evolution, medicine, agriculture and conservation will be discussed.

*Note:* This course is intended for students in the 3rd or 4th year of a degree program

**BIOL 353      Brain Health**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of post-secondary courses at the 100-level or higher

This course addresses brain anatomy and physiology and the pathophysiological basis of selected neurodegenerative diseases. Major topics include the brain's role as a controller of vital biological processes and factors influencing brain homeostasis and health. Effective strategies for the prevention of brain disease and restorative care will be examined.

*Note:* The following courses are recommended as prerequisites: BIOL 112/113; or BIOL 104/113 with a minimum grade of C+; or BIOL 110/111; or HKIN 190/191; or EDUC 166/267; or EDUC 350

**BIOL 354      Physiology of Disease**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of post-secondary courses at the 100-level or higher

This course will provide an overview of the molecular pathology of selected chronic diseases. Topics covered include the physiological function of cardiovascular, pulmonary, metabolic, neuromuscular and immunological systems and the pathology underlying selected chronic diseases of these systems. The response of such systems to acute and chronic exercise as well as the link between physical inactivity and disease development and prevention will be examined.

*Note:* The following courses and program are recommended as prerequisites: BIOL 112/113; or BIOL 110/111 and BIOL 213; or BIOL 104/113 with a minimum grade of C+; or HKIN 275; or RADP diploma

## Business Administration

---

### **BADM 101      Management** **3.00 credits      (4,0,0) hrs              15 wks**

Students study current management practices. This is a foundational course that prepares students for more in-depth study of topics such as human resource management, managing change, performance management and corporate social responsibility in 3rd and 4th year courses. Students also develop and practice effective public speaking and business presentation skills. The course instructors use the study of contemporary business issues to reinforce course concepts.

### **BADM 102      Quantitative Methods** **3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* Principles of Math 11 (C) or Pre-calculus 11 or Foundations of Math 11 (C) or BMTH 044 (C) or BMTH 048 (C) or MATH 096 (C) or MATH 097 (C) or Applications of Math 12 or Apprenticeship & Workplace Mathematics 12 (B) or Foundations of Math 12 or Principles of Math 12 or Pre-calculus 12 or BMTH 054 or BTEC 115 (B-)

This course provides a strong foundation in the mathematics of finance and business. The student will utilize standard financial models in analysis, problem solving, and decision-making. Computer spreadsheet applications are utilized.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

### **BADM 103      Supervisory Skills** **3.00 credits      (4,0,0) hrs              15 wks**

This is a study of the human elements in organizations, with emphasis on group behaviour. Concepts include persuasion, guidance and understanding of the individual within the group. Students will learn applications in human relations management, i.e. leadership, power, authority, group dynamics, formal and informal organization, communications, conflict, and the introduction of change. This course is offered at the Sechelt and Squamish campuses only.

### **BADM 106      Organizational Behaviour** **3.00 credits      (4,0,0) hrs              15 wks**

The objective of this course is to allow the student to develop the necessary skills and conceptual tools to both understand and deal effectively with human behaviour in organizations. These skills are of at least two kinds:

1. Interpersonal, that is, relating more effectively with other individuals and groups, and
2. Analytical, to be able to perceive and understand situations accurately, and make effective decisions based on this understanding.

### **BADM 107      Business Law I**

**3.00 credits (4,0,0) hrs 15 wks**

This course will introduce students to the components of the Canadian legal system, and will examine the effect of both common and statute law on business relationships. Students will gain exposure to the basic principles of Canadian business law through legal topics such as constitutional, tort, contract, property, corporate and employment law.

**BADM 201 Business Information Systems**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 post-secondary credits

Students will be required to apply the concepts and theories learned in their first year courses to solve integrated business problems in a logical and literate manner. The importance of accurate, dependable, management information for problem solving will be illustrated through case study analysis and a major group project.

**BADM 202 People Management**

**3.00 credits (4,0,0) hrs 15 wks**

This course provides the student with practical and applied general human resources management skills. Emphasis is placed on current legislation affecting the workplace and on day-to-day management issues.

**BADM 203 Introduction to Strategic Management Concepts**

**3.00 credits (4,0,0) hrs 14 wks**

*Prerequisite:* 15 post-secondary credits from the International Business Administration program

This course will provide the student with an overall appreciation and insight into current strategic management practices within modern business and industry. There will be a focus on the methods of strategic management and business analyses.

**BADM 204 Introduction to Strategic Management**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* BFIN 241 is a prerequisite or co-requisite

This course brings together the content of all previous Business Administration courses. There will be a focus on the methods of strategic management and business analyses that utilize the entire cross-section of skills that have been developed in the previous terms of study.

**BADM 206 Directed Study I**

**3.00 credits (0,0,6.66) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework

This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

**BADM 210 Business Statistics**

**3.00 credits (4,0,0) hrs 15 wks**

This course provides a strong foundation in basic business statistics. It covers some of the most commonly used methods for: converting raw data into meaningful information (Descriptive Statistics), computing the chance that a certain event will occur in the future (Probability), drawing conclusions about a population based on sample data (Inferential Statistics), and determining whether a relationship between two variables exist and, if so, how strong this relationship is (Simple Linear Regression and Correlation).

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**BADM 218 Leadership in Teams**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* BADM 101 and 106 or BTEC 252

This course develops the student's understanding of the theory and practical applications required to be an effective team leader. Students will demonstrate abilities and skills in a variety of team environments designed to develop practical and valuable leadership experience.

**BADM 268 Entrepreneurship/Small Business Management**

**3.00 credits (4,0,0) hrs 15 wks**

Skills needed in problem solving and researching the small business environment will be learned and applied. Business owners, managers and would-be decision makers are encouraged to take this course. The instructor and guest lecturers from the business community will lead students through detailed aspects of business from finance to human relations. The production of the business plan will be discussed and part of a plan will be written.

**BADM 270 Business Administration Current Issues I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 post-secondary Business Administration credits

The course will highlight topics of special interest, such as Intercultural Business Practices, Strategic Management, and Marketing the Olympics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

**BADM 274 Business Administration Special Topics I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 post-secondary Business Administration credits

The course will highlight topics of special interest, such as European Union, Globalization, and Canadian Demographics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

**BADM 301 Operations Management**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* BADM 210

Of special interest to generalist managers and operators of small businesses, this course familiarizes the student with the principles, practices, and functions of production-operations management, using modern decision-making aids. Foundation skills in production and control (inventory, quality and cost) are examined using computing devices and procedures.

*Note:* Working knowledge of Excel is expected.

**BADM 302 Human Resource Management**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 post-secondary credits

This course provides the student with a basic, functional understanding of current personnel/human resource-management concepts and applications in developing small and larger business. Special emphasis will be placed on the concept of human resource management being the responsibility of all management, not just the personnel department.

**BADM 303      Industrial Relations**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 post-secondary credits

This course introduces students to Canadian labour and employment relations. This includes both union and non-union work settings and some of the primary legislation governing those settings. Also studied is the interaction between unions and management and the resulting impacts on business. Course instructors use a combination of case studies, assignments, discussion forums and lectures to explore these topics.

**BADM 305      Leadership**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* BADM 106 or BTEC 252 plus 42 post-secondary Business Administration credits

This course will provide the student with an understanding of what effective leadership means and how he or she can be a more effective leader. This will be done through a combination of theoretical work, discussions with community leaders and through the development of critical leadership skills and competencies. Specific competencies will include conflict resolution skills, coaching skills, and facilitation skills.

**BADM 306      Directed Study II**  
**3.00 credits      (0,0,6.66) hrs              15 wks**

*Prerequisite:* 54 credits of 100-level or higher coursework

This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

**BADM 307      Advanced Business Law II**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* BADM107, or an introductory college or university course in commercial or contract law

This course will expand upon the legal principles studies in BADM 107 including a more complex examination of constitutional, tort, contract, property, corporate and employment law. Students may also gain exposure to additional legal topics such as legal devices for securing credit, mortgages, labour, bankruptcy and insolvency, competition law, insurance law and creditor's remedies.

**BADM 310      Quantitative Methods III**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* BADM 102, BADM 210 and BCPT 122 or BCPT 123 or BTEC 124 or 149

This course provides the student with a practical understanding of the application and theoretical foundation of commonly used techniques in statistical modelling, particularly Linear Regression and Time Series Analysis. Data analysis software is extensively used in these applications. Linear Programming Models will also be introduced and graphical and computer-generated solutions will be developed and analyzed.

**BADM 318      Project Management**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 60 post-secondary credits

All business leaders must know how to manage projects and yet it is the least understood of important and fundamental leader attributes. A project can be defined as any activity that is not repetitive. It can be as small as the implementation of a word processing system, or as large as the designing, building and equipping of a new industrial complex, such as an oil refinery. Project management is the mechanism by which organizations cope with the introduction of new systems, products and processes, and any changes

outside the normal day-to-day operations. This essential ability is the key to the survival of most enterprises. The goal of this course is to cover all aspects of project management: qualitative and quantitative with many practical examples in both business and technology.

*Note:* This course is equivalent to NABU 318. Duplicate credit will not be granted for this course and NABU 318.

**BADM 320      Special Topics in Business Administration I**  
**3.00 credits      (4,0,0) hrs              15 wks**

## Career Access Transition Skills

---

### **CACT 002 Career Access Centre Transition Skills**

**0.00 credits (2,0,0.75) hrs 16 wks**

Students are assisted in the process of developing transition skills as they move from high school, employment or unemployment to the post secondary setting. The university environment is demanding and requires a large amount of self-motivation and personal responsibility. Students are helped to design and implement plans for personal and academic success. Topics and areas of instruction include: decision making and problem solving, stress and time management, goal setting and career/educational planning, self advocacy and empowerment, and communication and conflict resolution skills.

### **CACT 004 Career Access Centre Transition Skills**

## CDO - Computers

---

**CDCO 021 CDO Computer Studies Fundamental****1.00 credit (0,0,2) hrs 15 wks**

This course is intended for students who are new to computers. They will gain confidence and competence in performing basic computer operations and understand concepts and vocabulary they will encounter when using, buying, and discussing computers. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BCMP 021. Duplicate credit will not be granted for this course and BCMP 021.

**CDCO 031 CDO Computer Studies Intermediate****2.00 credits (0,0,2) hrs 30 wks**

*Prerequisite:* CDCO 021

This course is intended for students who have a basic understanding of computers. Students will gain competence in intermediate computer skills: using the internet, word processing, spreadsheets, and presentation programs. They will understand concepts and vocabulary they will encounter when using, buying, and discussing computers. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BCMP 031. Duplicate credit will not be granted for this course and BCMP 031.

## CDO - English

---

**CDEN 001 CDO English Fundamental 1****1.00 credit (0,0,2) hrs 15 wks**

This course will introduce students to basic reading, writing, discussion and listening skills. Students will learn to write for a variety of purposes using learned sight words, simple sentence structure and basic punctuation. This course will prepare students for CDO English Fundamental 002. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 001. Duplicate credit will not be granted for this course and BENF 001.

**CDEN 002 CDO English Fundamental 2**

**1.00 credit (0,0,2) hrs 15 wks**

This course will help students to learn and practice reading strategies to increase their fluency. Students will write for a variety of purposes using assigned vocabulary, basic sentence structure and punctuation. This course will prepare students for CDO English Fundamental 003. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 002. Duplicate credit will not be granted for this course and BENF 002.

**CDEN 003 CDO English Fundamental 3**

**1.00 credit (0,0,2) hrs 15 wks**

This course will teach students to increase their reading strategies. Students will learn to summarize texts as well as distinguishing fact versus opinion. The course will introduce students to writing with correct verb tense, sentence and paragraph structures. This course will prepare students for CDO English Fundamental 004. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 003. Duplicate credit will not be granted for this course and BENF 003.

**CDEN 004 CDO English Fundamental 4**

**1.00 credit (0,0,2) hrs 15 wks**

This course will prepare students to understand and reflect on a variety of reading material and to differentiate between literal and inferential meaning. Students will learn to write for a variety of purposes using compound words, contractions, possessives and basic punctuation. Students will also be introduced to note taking. This course will prepare students for CDO English Fundamental 005. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 004. Duplicate credit will not be granted for this course and BENF 004.

**CDEN 005 CDO English Fundamental 5**

**1.00 credit (0,0,2) hrs 15 wks**

This course teaches students to interpret, summarize and analyse the material they are reading including a short novel. Students will learn about the writing process and learn to write and edit paragraphs. This course will prepare students for CDO English Fundamental 006. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 005. Duplicate credit will not be granted for this course and BENF 005.

**CDEN 006 CDO English Fundamental 6**

**1.00 credit (0,0,2) hrs 15 wks**

This course will teach students to discuss, summarize, interpret and form opinions about a selected material. The course will prepare students to write expanded, detailed paragraphs with a variety of punctuation and to proofread written work. This course will prepare students for CDO English Intermediate. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENF 006. Duplicate credit will not be granted for this course and BENF 006.

**CDEN 031 CDO English Intermediate**

**2.00 credits (0,0,2) hrs 30 wks**

This course assists students to obtain a basic understanding and competence in written communication. Students will learn to combine sentences into clear paragraphs and compositions in preparation for higher level English courses. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BENG 031. Duplicate credit will not be granted for this course and BENG 031.

## CDO - Math

---

**CDMA 001 CDO Math Fundamental 1**  
**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

This fundamental math course provides an introduction to number sense, addition, subtraction, estimating, time and shapes. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 001. Duplicate credit will not be granted for this course and BMAF 001.

**CDMA 002 CDO Math Fundamental 2**  
**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

In this fundamental math course, students will learn number sense, addition, subtraction, Multiplication, making change, time and perimeter. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 002. Duplicate credit will not be granted for this course and BMAF 002.

**CDMA 003 CDO Math Fundamental 3**  
**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

In this fundamental math course, students will learn Number Sense, Multiplication, Division, Change, Time and the Metric System. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 003. Duplicate credit will not be granted for this course and BMAF 003.

**CDMA 004 CDO Math Fundamental 4**  
**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

In this fundamental math course, students are introduced to Decimals and Measurement. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 004. Duplicate credit will not be granted for this course and BMAF 004.

**CDMA 005 CDO Math Fundamental 5**

**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

In this fundamental math course, students work with decimals and fractions. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 005. Duplicate credit will not be granted for this course and BMAF 005.

**CDMA 006 CDO Math Fundamental 6**

**1.00 credit (0,0,2) hrs 15 wks**

*Prerequisite:* CDO Math Assessment

In this fundamental math course, students are introduced to ratio, rate, proportion, percent and statistics. The course may be offered in both self-paced and paced formats and delivered in various locations in the Capilano region by the Community Development and Outreach Department.

*Note:* This course is equivalent to BMAF 006. Duplicate credit will not be granted for this course and BMAF 006.

## Chemistry

---

**CHEM 030 Introduction to Chemistry**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed for those students who have had no previous chemistry, and who wish to go on in sciences. A study of atoms, molecules, the mole, chemical formulas, ionic and covalent bonding, balancing equations, simple stoichiometry problems, solutions, acids, bases and salts, equilibrium, gas laws.

**CHEM 101 Fundamentals of Chemistry**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* Chemistry 11 or CHEM 030 or CHEM 130 or BCHM 044; and Principles of Math 11 or Foundations of Math 11 or Precalculus 11 or BMTH 054

This course introduces students to the fundamental principles of chemistry including the concepts of nomenclature, stoichiometry, states of matter, chemical bonding, thermochemistry, equilibria, and nuclear science.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 110 Bonding and Structure**

**4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* Chemistry 12 or CHEM 101 or BCHM 054 with a minimum C+ grade; Math 12 or Pre-Calculus 12

A course for students who plan careers in science. A brief review of stoichiometry, nomenclature and the gaseous state; atomic structure; periodic trends; chemical bonding and molecular structure; an introduction to organic chemistry and intermolecular forces.

*Note:* Students having prerequisites that are more than three years old should consider taking CHEM 101.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 111 Chemical Dynamics and Energetics**

**4.00 credits (4,3,0) hrs 15 wks**

*Prerequisite:* CHEM 110 with a minimum C- grade and MATH 105 or 108 or 116 as a prerequisite or co-requisite

A course for students who plan a career in science. Kinetics, mechanism, substitution and elimination reactions in organic chemistry; equilibrium; acids, bases, salts and buffers; thermodynamics; solubility; redox equations and electrochemistry.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 130      Chemistry In Our World**  
**4.00 credits      (4,2,0) hrs                  15 wks**

In this course students will obtain a qualitative understanding about the chemical aspects of food, nutrition, drugs, our environment, and the chemical issues that confront us in the media. Thus the students will learn to develop an awareness of the influence of chemistry in our society.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 154      Chemical Principles for Engineers**  
**4.00 credits      (4,3,0) hrs                  15 wks**

*Prerequisite:* Chemistry 12 or CHEM 101 or BCHM 054 with a minimum B grade and Math 116 is a prerequisite or co-requisite

A course for engineering students only. A study of stoichiometry, atomic structure and bonding, the solid state, chemical kinetics, chemical equilibrium, thermodynamics and electrochemistry.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 200      Organic Chemistry I**  
**4.00 credits      (4,3,0) hrs                  15 wks**

*Prerequisite:* CHEM 111 with a minimum C- grade

A study of nomenclature, structure, and spectroscopy of alkanes, alkenes, alkynes, alcohols, ethers and alkyl halides. Also a study of infrared spectroscopy and nuclear magnetic resonance.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 201      Organic Chemistry II**  
**4.00 credits      (4,3,0) hrs                  15 wks**

*Prerequisite:* CHEM 200 with a minimum C- grade

Aromatic chemistry, aldehydes, ketones, acids and their derivatives, amines, nitro, azo, diazo and related compounds, heterocyclics, carbohydrates, protein chemistry, polymers, and natural products.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 204      Introduction to Physical Chemistry**  
**3.00 credits      (4,0,0) hrs                  15 wks**

*Prerequisite:* CHEM 111 with a minimum C- grade and MATH 116

This course is an introduction to chemical thermodynamics and its application to gas behaviour, chemical and phase equilibria, colligative properties, ionic solutions, electrochemistry and chemical kinetics.

*Note:* This course may not be offered every year.

**CHEM 205      Introduction to Bio-inorganic Chemistry**  
**4.00 credits      (0,6,0) hrs                  15 wks**

*Prerequisite:* CHEM 111 with a minimum C- grade

An introduction to the properties, bonding, structure and reactivity of coordination complexes and main group compounds. Modern spectroscopic methods, solid state chemistry and bio-inorganic chemistry will

also be covered. The laboratory component emphasizes the synthesis of inorganic compounds and the use of modern analytical instruments.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 206 Introduction to Analytical Chemistry**

**4.00 credits (0,6,0) hrs 15 wks**

*Prerequisite:* CHEM 111 with a minimum C- grade

The basic principles and techniques of analytical chemistry, including neutralization, complex-formation and gravimetric reactions. Various types of chromatography will be introduced along with an introduction to visible and ultraviolet spectroscopy, atomic absorption spectroscopy and electrochemical methods of analysis.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 250 Inorganic Chemistry for Engineers**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* CHEM 111

An introduction to the properties, bonding, structure and reactivity of transition metals and main group metals. An examination at production of these metals and their impact on the environment and their role as catalysts in many industrial processes.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 251 Physical Chemistry for Engineers**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* CHEM 111 and MATH 116

This course is an introduction to chemical thermodynamics, kinetics and equilibrium for engineering students. The laws of thermodynamics will be examined with applications toward numerous chemical reactions as well as phase equilibria and phase diagrams.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 252 Organic Chemistry for Engineers**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* CHEM 111

An introduction to the properties, bonding, structure and reactivity of numerous functional groups such as alkyl halides, alkenes, aromatics, alcohols, aldehydes, ketones and carboxylic acids. Current industrial processes will be presented with an emphasis on the synthesis and structure of polymers.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**CHEM 300 Chemistry and Society**

**3.00 credits (3,0,1) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Since the harnessing of fire over two million years ago, the ability of humans to exploit chemistry has been one of the most important factors in establishing our species as the dominant life form on the planet. This course will critically examine the benefits and perils associated with this central role of chemistry in human society. Topics covered will include chemistry and the environment, chemistry of life, medicinal chemistry, and others selected by the instructor.

# Chinese

---

## **CHIN 100      Beginning Chinese I**

**4.00 credits      (4,0.75,1) hrs      15 wks**

Introduction to Mandarin Chinese using the Pinyin system of pronunciation in Mainland China. For complete beginners (spoken and written) in Chinese. This course starts with basic tones and pronunciation to prepare students to speak the language. It also teaches basic grammar and the writing of about 150 Chinese characters.

*Note:* This course is not appropriate for students with training or background in Chinese (Mandarin or other dialects, written or spoken).

## **CHIN 101      Beginning Chinese II**

**4.00 credits      (4,0.75,1) hrs      15 wks**

*Prerequisite:* CHIN 100

CHIN 101 takes students who have learned basic Mandarin phonetics and about 150 Chinese characters. This course stresses conversational skills and listening comprehension using situational dialogues. Students will learn more grammatical structures and Chinese characters. They will also learn how to use a Chinese dictionary as a tool for further study.

*Note:* This course is not appropriate for students with training or background in Chinese (Mandarin or other dialects, written or spoken).

## **CHIN 200      Intermediate Chinese I**

**4.00 credits      (4,0.75,1) hrs      15 wks**

*Prerequisite:* CHIN 101 or Chinese 12

This course is for students who know the basics of Mandarin phonetics and grammar and approximately 300 Chinese characters, or for those who have completed CHIN 100 and 101. It teaches more Chinese characters, focusing on reading and writing of simple Chinese texts. Chinese literature is also introduced.

*Note:* This course is not appropriate for native speakers.

## **CHIN 201      Intermediate Chinese II**

**4.00 credits      (4,0.75,1) hrs      15 wks**

*Prerequisite:* CHIN 200

Continues the work of CHIN 200.

*Note:* This course is not appropriate for native speakers.

## **CHIN 300      Advanced Chinese I**

**4.00 credits      (4,0.75,1) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including CHIN 201

This course is the continuation of CHIN 201. It is designed to improve and develop students' acquisition of Mandarin using listening, speaking, reading, and writing skills at an advanced level. The course introduces literary texts on Chinese culture, social, and business customs through textbooks and reference materials from current media and other sources. A thematic approach is adopted throughout the course. It broadens students' knowledge of Chinese characters, complex sentence structures, essay writing and verbal communication in Chinese. It also develops skills using Chinese in presentations and discussions for general and career-related purposes.

## Cinematography

---

### **CINE 118 Applied Cinematography for Film and Video I**

**15.00 credits (16,0,8) hrs 15 wks**

This course focuses on professional, entry level curriculum and prepares students for cinematography positions in low budget film and video production.

### **CINE 119 Applied Cinematography for Film and Video II**

**15.00 credits (20,2,2) hrs 15 wks**

*Prerequisite:* CINE 118

This course builds on the skills acquired during CINE 118 to prepare students for cinematography positions in low budget film and video production.

## Communications

---

### **CMNS 105 International Interactions I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* EAP 080 with a minimum grade of B+

This course develops students' ability to use appropriate communication tools for face-to-face business interaction in a North American setting. Students learn behaviours expected in interactive situations such as meetings, presentations, speeches, and information and employment related interviews, and use communication tools of analysis, problem solving and modeling in face-to-face communications.

### **CMNS 110 Communications for the Medical Assistant**

**3.00 credits (4,0,0) hrs 15 wks**

A course in grammar, spelling, punctuation, and diction. Students also gain experience in proofreading, correcting, and revising short written assignments.

*Note:* This course is restricted to Medical Assistant program students.

### **CMNS 112 Introduction to Communication Studies**

**3.00 credits (3,0,1) hrs 15 wks**

This course seeks to foster a spirit of critical inquiry as to how communication and meaning-making processes relate to the structures and experience of everyday life. The course introduces students to problems, issues, and debates in media, communication technologies, communication systems, symbolic exchange, interpersonal and intercultural communication.

### **CMNS 115 Communications for Animation**

**3.00 credits (4,0,0) hrs 15 wks**

Students learn various communications skills necessary for success in the animation industry. Content includes presentation, writing and research skills, and scriptwriting for animation.

*Note:* This course is restricted to Animation program students.

### **CMNS 117 Exploring Popular Culture Through the Media: An Interactive Course for International Students**

**3.00 credits (4,0,0) hrs 15 wks**

An introductory course for international students that starts with the concept of cultural intelligence and goes on to explore communication and culture in business and academic life. The course encourages students to identify and reflect on vocabulary, cultural values, attitudes and behaviours as these are displayed in radio, television, popular music, cinema, the Internet, video games, books, magazines and newspapers, and uses these areas to assist with communications skill development.

**CMNS 120 Professional Writing for Artists**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed to provide communications skills for practicing artists who need to write professional materials. It includes instruction in document organization and structure, a toolbox approach to grammar and usage, and an introduction to academic writing of essays and reports. The course includes instruction in writing proposals, grant applications and materials for workshop delivery, as well as practice in professional presentations.

**CMNS 123 Fundamentals of Communication for Artists and Designers**

**3.00 credits (4,0,0) hrs 15 wks**

The objectives are to help students develop theoretical fundamentals of communications. Topics include interpersonal and group communications; mass media; basic research skills in selected communications topics related to imagery; and oral and written presentations that help students differentiate between description, analysis, critique and interpretation. The course also provides time for discussion of, and practice in, how to give and receive constructive criticism and positive feedback.

*Note:* This course is restricted to IDEA program students.

**CMNS 131 Business Writing for Documentary**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to business writing for the documentary industry. Students will write correspondence, proposals, fact sheets, production notes, media releases, and résumés using business formats.

**CMNS 132 Explorations in Mass Media**

**3.00 credits (3,0,1) hrs 15 wks**

This course examines the emergence and importance of mass media in society. It explores theoretical considerations and approaches in communication studies, including the role of mass media in democracy, political economy of media, critical studies and media structures. A number of media industries are examined, including print, broadcast, film and the Internet. This is a writing intensive course.

**CMNS 133 Business Writing for Digital Visual Effects**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to business writing for the visual effects industry. Students will write correspondence, proposals, production notes, media releases and resumes using business formats.

**CMNS 152 Business Communications Basics**

**3.00 credits (4,0,0) hrs 15 wks**

This writing for the workplace course covers letters, memoranda, and reports as well as a review of English basics in the context of business writing.

**CMNS 154 Communications in Outdoor Recreation and Tourism**

**3.00 credits (4,0,0) hrs 15 wks**

This writing for Outdoor Recreation and Tourism Management course covers reports, memoranda, press releases, articles, briefs and proposals.

*Note:* This course is restricted to WLP and REC program students.

**CMNS 159      Communications for the Legal Administrative Assistant**

**3.00 credits      (4,0,0) hrs              15 wks**

This course emphasizes English basics (grammar, spelling, punctuation, correct usage), proofreading skills, and business writing.

**CMNS 164      Advanced Communication and Interactions for Tourism Management International Students**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* CMNS 154

This course develops communication and academic skills needed for international students to continue their tourism education and understand the workplace environment. Topics will cover team, interpersonal, verbal and nonverbal, problem solving and critical thinking skills as well as notetaking, summarizing, outlining, and proposal writing skills.

**CMNS 174      Wilderness Leadership Communications**

**3.00 credits      (6,0,2) hrs              08 wks**

This course in writing and speech for wilderness-leadership professionals covers business correspondence, spoken presentations, and proposals.

*Note:* This course is restricted to WLP and REC program students.

**CMNS 185      Presentation Skills for Public Speaking**

**3.00 credits      (4,0,0) hrs              15 wks**

This course focuses on the dynamics of organizing material, overcoming shyness and developing poise as a speaker in a variety of contexts. Attention to research, voice training, nonverbal communication, and strategies for timing presentations are key components of this course. *Prerequisite:* CLSC 101, 102, 201 202 and ENGL 100, and CLSC 200 and 203 as a pre- or co-requisite

This course will provide students with an opportunity to coalesce their learning about community leadership in social change and focus it on a theme and/or project of their choice. Themes could include but are not limited to food security, environmental sustainability, community healing, adult literacy, community facilitation, health promotion, etc. Students will work interdependently, supervised and supported by their instructor; and collaboratively with a community partner where appropriate. They will design, research, and develop a specific project of interest and participate in assessing and evaluating the project and their own performance.

## Computing Science

---

**COMP 101      Computers and their Application**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* Applications of Math 11 or Foundations of Math 11 or Principles of Math 11 or Pre-calculus 11 or BMTM 044 or BMTM 048 or Math Placement Test (MPT)

An introduction to the basic concepts of computer hardware and software, operating systems, applications software and programming, and a study of some of the social and ethical implications of the increasing use of computers. Students will gain experience with a microcomputer operating system, various software packages including word processor and spreadsheet, and an interpreted programming language environment. Students will be introduced to the Internet, Web searching techniques and Web page development. The course also includes an introduction to problem solving, algorithm design and computer programming. This course serves as a good science option for students in Arts or Commerce.

**COMP 106      Programming with Robots**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* Applications of Math 11 or Foundations of Math 11 or Principles of Math 11 or Pre-calculus 11 or BMTH 044 or BMTH 048 or Math Placement Test (MPT)

An introduction to the basic concepts of hardware, software, and computer programming using Lego Mindstorms robots. In addition to fundamental programming concepts, students will also be exposed to a variety of topics in computer science, including robotics, hardware, operating systems, communication and social issues.

**COMP 107      Animated 3D Game Programming**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* Applications of Math 11 or Principles of Math 11 or Math 091 or BMTH 044 or Math Placement Test

An introduction to game development and programming in a 3D animation environment. This includes computer program design, implementation and testing in a high-level, object-oriented programming language. The course also exposes students to problem solving, algorithms, event-driven programming, the building of 3D animated games, the use of application programming interfaces (APIs), and graphics.

*Note:* Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and some familiarity with microcomputers running MS Windows.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 108      Software Applications and Their Customization**

**4.00 credits      (3,2,0) hrs              15 wks**

*Prerequisite:* Applications of Math 11 or Principles of Math 11 or MATH 091 or BMTH 044 or BTEC 115 or Math Placement Test (MPT) or permission of the instructor

Entry level Computing Science course. This course introduces the student to the basic concepts of information technology and computer applications. The student will learn how to use a microcomputer operating system effectively with emphasis on file management. Upon completion of the course the student should be proficient in using and customizing various software packages including word processor, spreadsheet, presentation software and data base software. The course also covers basic uses of the Internet and issues of security and privacy connected to it. The course serves as a preparation for the International Computer Driving License certification.

*Note:* Reasonable keyboarding skills and some familiarity with microcomputers running MS Windows

**COMP 115      Writing SOLID Code: Fundamentals**

**4.00 credits      (3,3,0) hrs              15 wks**

*Prerequisite:* Precalculus 12 or Foundations of Math 12 or MATH 105 or BMTH 054 or Math Placement Test (Precalculus MPT); or COMP 101 with a minimum B- grade

This course is intended for any students who wish to learn to write SOLID code. Students will learn to apply a suite of fundamental principles and strategies for thinking clearly about problems; managing complexity; designing creative, structured solutions; and to express their solutions in data and algorithms. Students will learn to evaluate and test their designs, and code them in a modern, high-level programming language, like Python.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 120      Computer Science for Engineers**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* COMP 106 or Pre-calculus 12 with a minimum A grade or Principles of Math 12 with a minimum A grade or MATH 105 with a minimum C- grade or MATH 107 with a minimum C- grade

An introduction to computational techniques applied to Engineering problems. The primary focus of the course is on computer systems, the development of algorithms, and computer program design, implementation, and testing. The course also exposes students to the wider discipline of computer science,

with topics including computer hardware and software, representation and manipulation of data, numerical analysis, and device interfaces.

*Note:* This course is intended for students in the Engineering program. Students are expected to have reasonable keyboarding skills and to have some familiarity in a Windows environment.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 121      Fundamentals of Programming**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* Principles of Math 12 with a minimum B grade, or MATH 105 with a minimum C- grade, or BMTH 054 with a minimum B grade

An introduction to the development of algorithms, computer program design, program implementation and testing in a high-level, object-oriented programming language. The course also exposes students to event-driven programming, the building of graphical user interfaces (GUIs) and the use of application programming interfaces (APIs) and graphics.

*Note:* Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with Windows environment required.

**COMP 126      Principles of Software Design**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* COMP 121 with a minimum C- grade

A study of the application of object-oriented programming concepts to the design of software of an intermediate level of difficulty. Advanced object-oriented programming features and techniques are employed. Introduction to data structures, sorting and searching algorithms.

**COMP 134      Programming in Java**

**1.00 credit      (1,0,1) hrs              15 wks**

*Prerequisite:* COMP 107 with a minimum B- grade or COMP 120 with a minimum C- grade

An introduction to the Java programming language for students with previous programming experience in another high-level language. Topics include the Java language and API, object-oriented design and programming, event-driven programming, and graphical user interfaces.

**COMP 165      Introduction to Multimedia and the Internet**

**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* Applications of Math 11, Principles of Math 11, BMTH 044 or MATH 091; or Math Placement Test (MPT)

The goal of this course is to introduce students, with little or no previous computer programming or web design experience, to the basic concepts underlying the Internet and computer programming for the web. Students will develop a broad understanding of how the Internet and World Wide Web work, how to create full-featured web sites, and learn the basics of Web programming.

*Note:* Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with microcomputers running MS Windows.

*Note:* This course serves as a good science option for students in Arts or Commerce.

**COMP 202      Foundations of Computer Science**

**3.00 credits      (4,0,1.33) hrs              15 wks**

*Prerequisite:* COMP 121 with a minimum C- grade

This course provides an overview of the discipline of Computer Science and its fundamental building blocks that unify hardware, software, algorithms and computational theory. It provides the foundation for further studies in computer architecture, operating systems, Net-centric computing, programming languages, compiler design, databases, theory of computation and artificial intelligence.

*Note:* This course may not be offered every year.

**COMP 210      Data Structures and Abstraction**

**3.00 credits      (4,0,1.33) hrs      15 wks**

*Prerequisite:* COMP 126 and MATH 116 with a minimum C- grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

A study of frequently used data structures and algorithms for manipulating them. This course emphasizes abstract data types and generic abstraction in object-oriented programming. Topics include lists, stacks, queues, sets, tables, trees and graphs, recursion, searching, sorting and analysis of algorithms.

*Note:* This course may not be offered every year.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 211      Computer Design and Architecture I**

**3.00 credits      (4,0,1.33) hrs      15 wks**

*Prerequisite:* COMP 126 and COMP 202 with a minimum C- grade; and MATH 116 with a minimum C- grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

An introduction to some fundamental concepts of computer design and architecture: data representation and coding, combinational and sequential digital logic, microprocessor operation, memory organizations and addressing schemes, instruction sets, assembly language, and operating system interfaces.

*Note:* This course may not be offered every year.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 212      Computer Design and Architecture II**

**3.00 credits      (4,0,1.33) hrs      15 wks**

*Prerequisite:* COMP 211 with a minimum C- grade

A study of the architecture and organization of current microprocessor-based computers, relating the instruction set architecture at the programmer's level of abstraction to the digital logic implementation at the hardware designer's level of abstraction.

*Note:* This course may not be offered every year.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 213      Introduction to Software Engineering**

**4.00 credits      (4,0,1.33) hrs      15 wks**

*Prerequisite:* COMP 210 with a minimum C- grade

An introduction to the concepts and practice of software engineering: systems analysis, user interface design, debugging, profiling, and testing methods, operating system interface, support tools and scripting languages, project management, user and system documentation.

*Note:* This course may not be offered every year.

**COMP 220      Data Structures and Algorithms for Engineers**

**4.00 credits      (4,2,0) hrs      15 wks**

*Prerequisite:* COMP 120 with a minimum C- grade and MATH 116 with a minimum C- grade

This course continues the development of methods for general modular program design from COMP 120. An emphasis is placed on specific algorithms and data structures which are applicable to a range of problems and techniques for analyzing algorithms and data structures in relation to program design.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**COMP 301      Computing Technologies in a Digital Culture**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including COMP 101

This course explores the implementations of computer technologies and their impacts on society. It focuses on linking an understanding of how these technologies work with the changes they bring to the areas of privacy, security, crime, intellectual property rights and social interactions. The course also covers a brief history of Computing Science and the Internet as a backdrop for understanding contemporary issues associated with increased computer usage, including those arising from current events, along with an examination of the environmental impacts associated with widespread adoption of computer technologies.

**COMP 320 Database Technologies and Applications**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including COMP 126

This course introduces fundamentals of various data management technologies and their applications in business and other aspects of society. Students will gain hands-on experience using various data management technologies, including relational database systems and other cutting edge data management paradigms. Students will also be able to explain how databases work, write programs to interact with databases, implement simple database designs, and apply their skills in other disciplines.

**COMP 330 Modern Scripting and OS Automation**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including COMP 126

Dynamic programming languages (also known as scripting languages) have been gaining in popularity in modern software development. The reason for this is simple - dynamic languages allow programmers to quickly write and test their software. When it comes to automating operating system tasks, dynamic languages are often the only choice available. In this course, we will study many of the popular dynamic languages, we explore their strengths and weaknesses, and find out how cutting edge applications are developed and deployed.

## Conducting

---

**COND 300 Conducting I**

**4.00 credits (4,0,0) hrs 15 wks**

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

**COND 301 Conducting II**

**4.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* COND 300

This course is designed to provide the student with the understanding of more advanced principles of conducting. The content is appropriate for all musicians planning on conducting choral and/or instrumental ensembles.

**COND 350 Conducting Pedagogy I**

**1.00 credit (1,0,0) hrs 15 wks**

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

**COND 351      Conducting Pedagogy II**  
**1.00 credit      (1,0,0) hrs              15 wks**

*Prerequisite:* COND 350

This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

## Costuming

---

**COST 100      Costume Cutting and Construction I**  
**4.50 credits      (2,4,0) hrs              15 wks**

This course focuses on the functions of a production costume shop. The primary focus will be on standard techniques and procedures in costume cutting and construction techniques in both the theatre and industries.

**COST 101      Costume Cutting and Construction II**  
**4.50 credits      (2,4,0) hrs              15 wks**

*Prerequisite:* Successful completion of 10.50 100-level Costuming credits

This course continues instruction in the techniques and procedures of a professional costume shop.

**COST 102      History of Costume I**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course teaches the evolution of costumes throughout the ages and the groundwork of understanding the historical and social relevance of costumes. History of Costume will concentrate on the two main elements of form and line of historical costumes highlighted by information on the materials and methods used in costume making.

**COST 103      History of Costume II**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* Successful completion of 10.50 100-level Costuming credits

This course focuses on the evolution of costumes from 1850 to the present. It concentrates on the two main elements of form and line of historical costumes highlighted by information on the materials and methods used in costume construction.

**COST 104      Wardrobe Management**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course explores the ways in which efficient theatre and film costume departments are organized and operated.

**COST 105      Film Costumer Project**  
**3.00 credits      (4,6,0) hrs              15 wks**

*Prerequisite:* Successful completion of 10.50 100-level Costuming credits

This course acknowledges the invaluable hands-on production skills learned during practical work on a film project. It includes project work in the planning, preparation and execution of on-set duties of a film costumer.

**COST 200      Costume Cutting and Construction III**  
**4.50 credits      (4,4,0) hrs              15 wks**

*Prerequisite:* COST 101

In a professional studio setting, this course continues to instruct students in the techniques and procedures of an industry costume department. Upon completion of this course, students will be able to demonstrate key skills in a range of costume construction techniques including industrial machine use, hand finishing, garment alteration and reconstruction, and flat pattern manipulation. Through assignments and projects students will develop a portfolio demonstrating mastery of costuming skills. This second year course is for students wishing to broaden their knowledge of advanced costume construction skills in order to prepare for entry level to the costuming industry.

**COST 202 Elements of Costume Design**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* COST 103

This course introduces the student to both the creative and administrative aspects of the field of costume design for stage and screen with the emphasis on the creative presentation of costume ideas and concepts.

**COST 203 Costume Skills Intensive**

**6.00 credits (8,0,16) hrs 08 wks**

*Prerequisite:* COST 200

In the final term of the program, students participate in a series of tutorials with outside professionals to gain experience in a range of specialty skills such as millinery, tailoring, special effects costuming, garment draping, corsetry, surface design, garment illustration

**COST 205 Advanced Film Costumer Project**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* COST 202

Students coordinate, fit, prep and act as costume set supervisors for the Motion Picture Arts second and third year student film projects providing the opportunity to be an active member of the film crew.

**COST 275 Costume Skills Intensive: Specialties**

**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in each area. Specialty skills studied may include, but are not limited to, any of: millinery, mask making, armour fabrication, shoe making , accessories building. Upon completion the successful student will be able to demonstrate proficiency in the specific area of costume specialty studied. This course is only offered in the spring term.

**COST 276 Costume Skills Intensive: Advanced Construction**

**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in each area. Advanced construction skills studied in this course will be selected from, but not limited to, the following: advanced flat patterning, garment fitting and alterations, period tailoring, advanced construction techniques, and garment draping. Upon completion the successful student will be able to demonstrate proficiency in the specific area of advanced costume construction skills studied. This course is only offered in the spring term.

**COST 277 Costume Skills Intensive: Special Effects**

**1.50 credits (8,0,16) hrs 02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are mentored by professionals experienced in

each area. Special effects skills studied will be selected from, but not limited to the following: special effects costuming, costumes for animation, surface design, advanced garment and fabric dying, advanced aging and distressing, and machine embroidery. Upon completion the successful student will be able to demonstrate proficiency in the specific area of costume special effects skills studied. This course is only offered in the spring term.

**COST 278      Costume Skills Intensive: Corsetry**  
**1.50 credits      (8,0,16) hrs      02 wks**

This course is intended for students possessing some knowledge of costuming skills. The subject is taught in industry standard costuming workshops where students are by professionals experienced in each area. Upon completion the successful student will be able to demonstrate proficiency in corsetry construction skills. This course is only offered in the spring term.

## Criminology

---

**CRIM 101      Introduction to Criminology**  
**3.00 credits      (4,0,0) hrs      15 wks**

This course is intended to introduce students to the analysis of the relationship between crime and society. The core concept is that crime is embedded in social structure and process and therefore must be understood in relation to, rather than apart from, normal social activity. A variety of classical and contemporary perspectives on the definition, causes and consequences of crime will be explored and student analysis of contemporary issues involving crime in Canadian society will be encouraged.

**CRIM 202      Surveillance and Social Control**  
**3.00 credits      (4,0,0) hrs      15 wks**

This course examines the impact of contemporary crime prevention, surveillance and security practices. Students will learn how social control is achieved through a widening network of public and private agencies, including social services, law enforcement and urban planners, who regulate and 'police' our everyday interactions at the local, national and global levels. The second part of the course will focus on the targeting of minority and protest groups who are constructed as 'risks' to society.

## Design

---

**DSGN 121      Design Fundamentals**  
**3.00 credits      (4,0,2) hrs      15 wks**

This course introduces design as a practice that addresses cultural and social issues by informing, persuading, and enlightening. Students are introduced to the basic visual components that create form and meaning, a variety of methods of visual organization, and appropriate use of colour in communication design. The course also examines the roles of research and theory in design, and how design methodology is based in problem-solving and iteration.

**DSGN 122      Creative Thinking for Designers**  
**3.00 credits      (4,0,2) hrs      15 wks**

This course focuses on idea generation and big picture thinking, and the themes of "design for good" and "sustainable design". Students work collaboratively with other areas of the University and/or the community

to solve problems using creative thinking techniques. Ways in which audiences interact with information are identified and related to visual communication problem solving.

**DSGN 320 Professional Development I**  
**3.00 credits (4,0,2) hrs 15 wks**

*Prerequisite:* 50 IDES/DSGN credits

Students work on developing personal branding and self-promotional materials, and will be paired with industry mentors to undertake comprehensive design, illustration, or interactive projects. The emphasis will be on creating exceptional work with distinctive concepts.

**DSGN 325 Design Thinking and Research**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 50 IDES/DSGN credits

This course examines how design thinking is used to identify new solutions to diverse problems. Using a case study approach, students explore ways that design thinking has been successfully used around the world, and how cultural differences can influence design. The emerging field of design research is explored, including the value of evidence-based design; how ethnographic research can uncover audience values; and how these values can be integrated into the language of design.

**DSGN 440 Professional Development II**  
**9.00 credits (12,0,0) hrs 15 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by industry and supported in a team-taught environment.

**DSGN 441 Professional Development II: Illustration Concentration**  
**9.00 credits (12,0,0) hrs 15 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by illustration professionals and supported in a team-taught environment.

**DSGN 442 Professional Development II: Branding Concentration**  
**9.00 credits (12,0,0) hrs 15 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by branding professionals and supported in a team-taught environment.

**DSGN 443 Professional Development II: Interactive Concentration**  
**9.00 credits (12,0,0) hrs 15 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course provides students with the opportunity to engage in professional development through the completion of major self-directed capstone projects. Students will demonstrate professional knowledge by using design thinking and research skills, advanced creative and conceptual abilities, and technical and traditional tools to an industry standard. Students are mentored by interactive design professionals and supported in a team-taught environment.

**DSGN 460 Professional Development III**

**3.00 credits (10,0,5) hrs 06 wks**

*Prerequisite:* 75 IDES/DSGN credits

This intensive course provides students with the opportunity to demonstrate a culmination of four years of knowledge, skills, and professional development. It includes two capstone projects: building a professional portfolio and presenting and participating in a graduation exhibition. Workshops in event management, campaign integration, studio photography, presentation skills, and exhibit design support the course.

**DSGN 473 Business Practices for Design Professionals**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course introduces visual communicators to the freelance environment. It covers essential knowledge about professional practice in the visual communication field including ethics, studio management, billing, record keeping, business networking, client maintenance, and marketing for self-promotion. Students create necessary business documents and produce self-promotion collateral.

## Digital Animation

---

**DIGI 130 3D Animation I**

**4.50 credits (6,0,0) hrs 15 wks**

In this course, students will be introduced to the fundamental principles of animation, and the laws of basic body mechanics. Through the study and application of classical animation techniques and timing, students will examine the importance of creating animated characters with weight, strong posing and believable performance.

**DIGI 132 3D Design for Production I**

**3.00 credits (4,0,0) hrs 15 wks**

In this course students will compare and contrast industry approaches to designing and creating original 3D characters, props and environments for use in video games, television and film projects. Students will research, analyze and apply the fundamental techniques of modeling, sculpting, texturing, lighting and rendering in the creation of original 3D assets. Through reference and research, students will develop an appreciation for what makes an appealing 3D design suitable for use in a production pipeline.

**DIGI 134 Technical Direction and Rigging I**

**3.00 credits (4,0,0) hrs 15 wks**

In this course students will be introduced to techniques for rigging 3D characters and objects for use in animated productions. Students will learn the production methodology used to create skeletons, expressions, controls and user interface systems that allow an animator to bring characters and objects to life. Students will learn troubleshooting techniques necessary to create assets ready for use in animated projects.

**DIGI 136 Life Drawing for Animators I**

**2.25 credits (3,0,0) hrs 15 wks**

The course concentrates on anatomical studies of the human form and extensive life drawing practice. Students will learn to reproduce complex anatomical form, poses, and gesture in realistic proportions. Through a variety of exercises students learn to capture the complexity of movement and gesture to create appealing drawings for animation. The study of life drawing and anatomy will impart a stronger appreciation of the human form and its use in the entertainment industry.

**DIGI 140      3D Animation II**  
**4.50 credits    (6,0,0) hrs          15 wks**

*Prerequisite:* DIGI 130

In this course students will continue to develop their acting, timing and animation skills to create memorable 3D character performances. This course will focus the students' efforts on dialogue, acting choices, character personality, body language, and pacing to create life-like characters. Further exploration and refinement of the principles of animation and how they are applied to create subtle acting nuances will help the students create a portfolio of professionally animated scenes.

**DIGI 142      3D Design for Production II**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 132

In this course students will continue to refine their 3D modeling, sculpting, texturing, shading and lighting skills introduced in 3D Design I to create production ready assets. Students will learn intermediate techniques in digital sculpture, shading, lighting and rendering to create professional looking 3D assets.

**DIGI 144      Technical Direction and Rigging II**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 134

In this course students will continue to investigate, research and create professional character rigs suitable for creating complex animated performances. Students will continue to explore and implement advanced rigging concepts using a variety of technologies designed to enable animators to achieve great animated performances. Students will use advanced simulation and procedural animation to speed up animation production.

**DIGI 146      Life Drawing for Animators II**  
**2.25 credits    (3,0,0) hrs          15 wks**

*Prerequisite:* DIGI 136

In this course students will continue to focus on life drawing of the human form with deeper investigation into gesture, form, structure and anatomy. Students will continue to study and draw from live models to solidify acquired knowledge and advance to intermediate studies in light, drapery and character design from life.

**DIGI 148      Concept Art and Design I**  
**2.25 credits    (3,0,0) hrs          15 wks**

*Prerequisite:* DIGI 136

In this course students will learn how to create appealing characters, props and environment designs for video game, television and film productions. Traditional and digital media techniques will be introduced in the creation of original concepts and artwork. Students will explore and utilize the visual language of design and story development to visually communicate ideas and themes effectively. A crucial element of the course is the ability to communicate and receive appropriate, respectful and constructive critique with regards to students' assignments.

**DIGI 149      Animation Action Analysis**  
**1.50 credits    (2,0,0) hrs          15 wks**

This course takes the student through numerous analytical studies of human and animal motion in order to build a fundamental understanding of movement. Animators and animation designers must understand how things move so that the laws of motion, timing and the principles of animation become inherent skills that allow the animator to focus on the performance of their "actors".

**DIGI 230      3D Animation III**  
**4.50 credits    (6,0,0) hrs          15 wks**

*Prerequisite:* DIGI 140

This course will refine a student's acting, posing and animation appeal to bring entertaining characters to life. Students will learn to define the subtle nuances of character animation while managing scenes with increased complexity and detail. Students will gain valuable experience animating physically realistic creatures in motion.

**DIGI 232      3D Design for Production III**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 142

In this course students will refine their technical and artistic process in the creation of advanced 3D characters, props or environments. Students will choose a career path and develop the specialized skills necessary to be a proficient production artist in the film or game industries. The course will focus on the creation of an online portfolio that showcases the students' creative talent.

**DIGI 234      Technical Direction and Rigging III**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 144

This course builds upon the students' knowledge of rigging technologies and facilitates the development of interactive animation rigs. Students will leverage animation class assignments adding technical elements including particles, rigid and soft body dynamics and cloth simulations. Students will plan and construct advanced rigging solutions based on a constructive needs analysis of relevant animation projects.

**DIGI 237      The Art of Visual Storytelling**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 146 and 148

In this course students will be introduced to the art of storyboarding and how it is used to visually communicate the emotional impact and pacing of a story. Students will explore and apply storytelling and artistic techniques that are used by studios in the creation of storyboards and animatics. Students will plan and present their final term animation project through the creation of original story ideas and concepts.

**DIGI 238      Concept Art and Design II**  
**2.25 credits    (3,0,0) hrs          15 wks**

*Prerequisite:* DIGI 146 and 148

Concept artists provide engaging, inspirational and appealing designs that push the creative limits of 3D production artists. This course will continue to refine and improve the students' drawing, digital painting and design techniques established in Concept Art and Design I. Students will delve further into the art of visual communication for electronic game, television and film productions and concentrate on creating unique and appealing production ready designs.

**DIGI 243      Look Development and Lighting**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* DIGI 232

Creation of a specific visual style is an integral part and the basis of all art direction in any animation, game or film project. This course focuses on industry techniques and approaches for creating realistic visual looks through a variety of technologies. Advanced shader creation, rendering and compositing techniques will aid students in the creation of a polished professional portfolio and demo reel.

**DIGI 245 Professional Portfolio Development**

**9.00 credits (12,0,0) hrs 15 wks**

*Prerequisite:* DIGI 230, 232 and 237

The animation industry demands specialists who are capable of producing exemplary work on tight timelines. This course enables students to attain outstanding skills in their chosen area of expertise. Students will identify a career specialty and create an industry-focused, self-directed portfolio and demo reel that targets the industry sector they wish to be employed in. Regular peer reviews, group critiques and mentoring sessions will provide critical portfolio feedback while developing students' creative evaluation and analytical skills. Instructors will work with students to plan and develop unique, creative projects and original content for their portfolios and/or demo reels. An emphasis will be placed on quality standards, professionalism, project management, and networking in the animation community.

## Discover Employability

---

**DEP 001 Job Search and Maintenance**

**3.00 credits (5,0,0) hrs 30 wks**

The focus of this course is to encourage students' needs to develop and use job search techniques and appropriate employment behaviours. Students will also be encouraged to practice self-advocacy in terms of their employment needs. An emphasis will be placed on developing interview skills with confidence.

**DEP 002 Health and Safety in the Workplace**

**3.00 credits (5,0,0) hrs 30 wks**

The focus of this course is to provide students with practical experience in a work situation including preparation prior to placement and follow-up concluding the practicum. Emphasis will be placed on making students aware of and knowledgeable about WHMIS, WCB rules, and occupational health and safety.

**DEP 005 Communications Skills**

**3.00 credits (5,0,0) hrs 30 wks**

The focus of this course is to extend students' awareness, knowledge and understanding of communication skills required for obtaining employment and to improve their ability to communicate effectively using a variety of media (e.g. computer, printed words, signs). Class time is comprised of discussions, talks, worksheets, field trips, role-plays, and hands-on experience. Students will be given instruction in computer skills. Students will be given opportunities to prepare resumes, cover letters, and thank-you letters using the Microsoft Word software program.

**DEP 006 Transitions**

**3.00 credits (5,0,0) hrs 30 wks**

To assist students in their transition from high school to employment and community involvement. The workplace is demanding and requires a student to be self-motivated and take personal responsibility. Building on the student's previous experiences, they will develop a greater understanding of workplace requirements, and an awareness of the tools they will need to be able to more actively participate in the workplace and the community.

**DEP 007 Money and Math**

**3.00 credits (5,0,0) hrs 30 wks**

This course provides students with strategies and opportunities to practice and improve a range of consumer related skills. Field trips are incorporated in the program.

**DEP 008 Social Skills**

**3.00 credits (5,0,0) hrs 30 wks**

This course provides students with an opportunity to discuss and develop the skills involved with effectively communicating in a diverse range of interpersonal roles and relationships (friend, neighbour, consumer, citizen).

**DEP 009 Work Experience**

**6.00 credits (0,0,25) hrs 30 wks**

To give the student practical work experiences in a range of working environments, including preparation prior to placement and follow-up concluding the practicum.

## Documentary

---

**DOCS 101 Documentary Equipment Field Use**

**1.50 credits (4,0,0) hrs 08 wks**

This course is designed to provide an operational understanding of professional video and audio production equipment including various cameras, lighting, sound and other essential production equipment used in field operations. The course offers instruction in both basic production skills and the skills required to make the equipment work on locations far from technical support. Despite being mostly technical in nature, the course will touch upon visual aesthetics and the importance of visual story telling.

**DOCS 102 Documentary Production I**

**6.00 credits (8,0,0) hrs 15 wks**

This course acknowledges the invaluable hands-on production skills learned during practical work on a video project. Students work on project planning, preparation, and execution. Working in a mentored environment, students plan, produce and edit individual and group student projects. Instruction is in the form of practical demonstrations, individual assistance, and supervised work on specific projects.

**DOCS 103 Sound Recording for Documentary**

**0.75 credits (4,0,0) hrs 04 wks**

This course is an intensive grounding in the art and science of recording sound for documentary filmmaking. The course features a foundational analysis of psychoacoustic principles, the use of professional sound recording equipment, techniques for recording sound on location, and introduction to the process of postproduction sound.

**DOCS 106 Documentary Story Part I**

**1.50 credits (4,0,0) hrs 08 wks**

Students explore the fundamentals of storytelling as they relate to film, from the basic three-act structure to developing theme, visual style and point-of-view. Focusing on the creative process of idea generation through story development to final treatment for a one-off/stand alone documentary or small unit production, the course will include the writing of material for the term projects and weekly in-class review of students' work.

**DOCS 107 Documentary Audio and Video Post-Production: Foundation**

**1.50 credits (4,0,0) hrs 08 wks**

This course is an intensive grounding in the art and science of storytelling through film editing. The course features a foundational analysis of editing principles, history and phases of postproduction, which include offline and online editing, sound editing, effects, graphics and format distribution.

**DOCS 108 Documentary Studies**

**3.00 credits (4,0,0) hrs 15 wks**

Learning how the masters did it, students explore how different aesthetic approaches to documentary film and video were informed by historical events, creative movements, technological and industrial developments, as well as the personal, artistic and political vision that shaped documentary versions of reality. Through immersion in the diverse language of the documentary form and aesthetics, students examine how their own philosophies and vision influence the creative choices they make to tell their own stories.

**DOCS 109 Directing the Documentary, Part I**

**1.00 credit (4,0,0) hrs 06 wks**

This course introduces the elementary skills needed to direct a documentary film. From ideation to pre-production, students will learn basic story development strategies and professional skills to turn their ideas into short non-fiction films. As they embark on the director's journey, students will learn how to develop their artistic voice as they apply the creative and professional processes to making a film, from research and writing to funding and networking opportunities and how to exploit them. During the course students will have the opportunity to develop their documentary ideas for Production I projects.

**DOCS 122 Documentary Production II**

**6.00 credits (4,2,6) hrs 15 wks**

*Prerequisite:* Successful completion of 15.00 100-level Documentary credits

Students continue to develop and master the hands-on production skills learned during the practical and theoretical courses of the first semester by preparing Project II, the final project of the program. Students work in a mentored environment on project planning, preparation, and execution on one or more student projects.

**DOCS 124 Advanced Lighting and Camera**

**1.00 credit (4,0,0) hrs 05 wks**

*Prerequisite:* DOCS 101

This course is an intensive grounding in the art and science of lighting and camera skills for documentary film. Students begin the visual development and preparation of Project II.

**DOCS 126 Documentary Story Part II**

**1.50 credits (4,0,0) hrs 08 wks**

*Prerequisite:* DOCS 106

In this course, students learn about different aesthetic approaches to story in the technical and theoretical courses of the program, and apply these documentary styles to their own work through a series of practical exercises to help develop their own perspectives and styles. Non-fiction genres to be explored include cinema vérité, compilation, personal essay, hybrid and experimental. The course will include the writing of material for preparing Project II.

**DOCS 129 Directing the Documentary, Part II**

**1.00 credit (4,0,0) hrs 06 wks**

*Prerequisite:* DOCS 109

This course explores the role of the director in the art of visual storytelling. Through the study of aesthetic and stylistic techniques in documentary non-fiction production, students will learn how to develop a storytelling voice and creative vision for a film, such as developing a point-of-view and coherent visual style. Carrying

this artistic vision into the field of production and post production, students will learn how to lead a creative team, how to plan and organize the direction of a scene, and how to direct for different genres, locations and situations. Students will also hone their interviewing skills and learn about the roles and responsibilities of becoming a documentary filmmaker.

**DOCS 131      Documentary Producing**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* Successful completion of 15.00 100-level Documentary credits

This course focuses on the materials needed and the methods used to secure financing for a documentary production. Students will identify appropriate sources of financing for their non-fiction projects and develop a basic understanding of project management and business affairs in the context of documentary production.

**DOCS 133      Sound Design for Documentary**  
**0.75 credits    (4,0,0) hrs          04 wks**

*Prerequisite:* DOCS 103

This course is an intensive grounding in the art and science of designing sound for documentary filmmaking. The course features a foundational analysis of sound editing principles, the use of professional post-production sound equipment, techniques for preparing sound for final mix, and mixing.

**DOCS 147      Documentary Audio and Video Post-Production: Advanced**  
**1.50 credits    (4,0,0) hrs          08 wks**

*Prerequisite:* DOCS 107

This course builds on the students' knowledge of post-production software while developing their story-telling skills through the articulation and manipulation of visual components related to colour, movement, and rhythm.

## Early Childhood Care & Ed.

---

**EDUC 121      Introduction to Centre Administration**  
**3.00 credits    (4,0,0) hrs          15 wks**

This course provides students with an overview of the British Columbia legislation, the administration of child care programs and the role and responsibility of staff in child care administration to ensure the health and safety of children in care.

*Note:* This course is equivalent to EDUC 221. Duplicate credit will not be granted for this course and EDUC 221.

*Note:* Students who receive credit for EDUC 220 and 271 cannot receive credit for EDUC 121 or EDUC 221 towards a credential in ECCE.

**EDUC 144      Theoretical Perspectives**  
**3.00 credits    (4,0,0) hrs          15 wks**

This course provides an introduction to the history and philosophy of ECCE. Major contemporary issues are examined. International childcare is discussed.

**EDUC 273      Curriculum Development II**  
**3.00 credits      (4,0,2) hrs              15 wks**

*Prerequisite:* EDUC 173

The student will acquire further knowledge, experience and skill in planning, implementing, and evaluating learning environments for groups of children.

*Note:* Students who receive credit for EDUC 273 cannot receive credit for EDUC 374 towards a credential in ECCE.

**EDUC 276      Applied Theory - Practicum I**  
**3.00 credits      (0.6,0,11.67) hrs      15 wks**

*Prerequisite:* EDUC 190, and EDUC 183 or EDUC 273 as a pre or co-requisite

The ECCE program includes three applied theory practicum courses. In each successive course, students extend their knowledge and skills developed in the previous practicum. This course is the second course in the sequence. Students will continue to develop skills in observing, documenting and understanding children and their play and develop programming that honours individual differences, family and cultural practices. Students will be expected to participate as a member of the teaching team.

**EDUC 277      Applied Theory - Practicum II**  
**3.50 credits      (0.6,0,11.67) hrs      15 wks**

*Prerequisite:* EDUC 276

The ECCE program includes three applied theory practicum courses. In each successive course, students extend their knowledge and skills developed in the previous practicum. This course is the third course in the sequence. Students will continue to develop skills in observing, documenting and understanding children and their play and develop programming that honours individual differences, family and cultural practices. During this practicum, the student will be expected to participate as a member of the teaching team.

*Note:* Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test.

*Note:* It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

**EDUC 281 Family, School and Community**

**3.00 credits (4,0,0) hrs 15 wks**

The teacher-family partnership will be examined with a focus on families with children birth to five years of age. The student will explore in-depth the skills and program qualities that establish mutually supportive relationships between home and centre.

*Note:* This course is equivalent to EDUC 371. Duplicate credit will not be granted for this course and EDUC 371.

**EDUC 348 Program Planning, Physical Care and Safety for Infants and Toddlers**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

The student will develop an awareness of the early childhood educator's role and responsibility in preparing a safe, healthy environment and in planning routine procedures for infants and toddlers. The focus will be on planning schedules, routines, space and program activities for infants and toddlers. Individual and small group activities which promote self esteem, language, social behaviours and self-help skills will be planned. Goal setting and effective guidance will be discussed.

*Note:* It is strongly recommended that students outside of the ECCE program have PSYC 204 or EDUC 350.

**EDUC 349 Applied Theory Infant/Toddler Practicum**

**5.00 credits (0.6,0,14) hrs 15 wks**

*Prerequisite:* EDUC 277 as a prerequisite; EDUC 348 as a pre or co-requisite

This practicum course requires a six week practicum in an inclusive centre for children birth-to-three years. Throughout the course students will reflect in depth upon their previous teaching experiences in relation to the current practicum placement. The intent of the practicum is to implement opportunities for planned and spontaneous programming and consider respectful interactions with young children. Furthermore, throughout the practicum a student will demonstrate advanced professional competencies, knowledge and reflective skills.

*Note:* Students must have 500 hours of work experience.

*Note:* Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

**EDUC 350 Advanced Child Development**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100 level or higher coursework and ENGL 100 as a pre or corequisite

This course engages in a critical analysis of current development research and theory focusing on children aged birth to eight. Critically examining the concepts such as readiness, inclusion, gender, diversity in order to understand how developmental theory can construct barriers to quality early childhood education.

*Note:* It is strongly recommended that students outside of the ECCE program have completed a course in child development such as PSYC 204.

**EDUC 352 Centre Operations**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100 level or higher coursework and ENGL 100 as a pre or corequisite

The student will gain knowledge of the broad concepts and principles involved in the effective administration and management of a child care centre and the skills required to fulfil the role of a manager/director/administrator.

**EDUC 354 Planning for Inclusive Practice**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course will examine strategies for collaborating with parents, adapting programs, implementing individual intervention goals and helping children to communicate with one another.

*Note:* It is strongly recommended that ECCE students complete EDUC 350 prior to or while taking EDUC 354. For students outside of ECCE it is strongly recommend that students complete PSYC 204 or EDUC 350.

**EDUC 356 Applied Theory Infant and Toddler Practicum A**

**2.50 credits (0.6,0,7) hrs 15 wks**

*Prerequisite:* EDUC 277 as a prerequisite; EDUC 348 as a pre or co-requisite

This course requires a three week practicum in an inclusive centre for children birth-to-three years. Throughout the course students will reflect in depth upon their previous teaching experiences in relation to the current practicum placement. The intent of the practicum is to implement opportunities for planned and spontaneous programming and consider respectful interactions with young children. Furthermore, throughout the practicum a student will demonstrate advanced professional competencies, knowledge and reflective skills.

*Note:* Students must have 500 hours of work experience.

**EDUC 357 Applied Theory Infant and Toddler Practicum B**

**2.50 credits (0.6,0,7) hrs 15 wks**

*Prerequisite:* EDUC 277 and EDUC 356 as prerequisites; EDUC 348 as a pre or co-requisite

This course requires a three week practicum in an inclusive centre for children birth-to-three years. Throughout the course students will reflect in depth upon their previous teaching experiences in relation to the current practicum placement. The intent of the practicum is to implement opportunities for planned and spontaneous programming and consider respectful interactions with young children. *Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

The course aims to give students the ability to interpret a broad and historical review of the development of the different concepts of globalization. A critical and questioning approach to the influences of global trends on child-rearing processes and development will be encouraged. The course will critically examine the concepts, terms, definitions and debates of globalization as influences for early childhood practitioners.

**EDUC 376 Global Perspectives on Literature and Literacy**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course will give the student an understanding of the concept of early literacy and its significance in early childhood care and education.

**EDUC 379 Role of the Pedagogista in ECCE**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course will give students the development tools and strategies for organizing the work of the pedagogista in ECCE organizations. On completion of the course, student will have the ability to define the role of pedagogista in our communities and be able to critically examine the ethics and politics in ECCE organizations. Students will also learn how to investigate the role of progettazione: concept and practice, and how to build listening and dialogue in communities of learning.

**EDUC 380 Advanced Studies of the Pedagogista**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* EDUC 379

This course is the second course in a 2-part sequence. This course continues to examine the philosophy as well as tools and strategies for organizing the work of the pedagogista in early childhood organizations. Key areas of study will include the pedagogy of listening within the context of particular ECCE learning communities; critical examination of the ethics and politics in early childhood organizations and perspectives on developing "progettazione".

**EDUC 381      Applied Theory: Advanced Practice in Early Years I**

**5.00 credits      (0.6,0,14) hrs      15 wks**

The Advanced Practice stream has two applied theory practicum courses. This course is the first course in the sequence. Please note this stream cannot be used to obtain a post basic license to practice from the BC Early Childhood Registry. The practicum placement will be in an approved setting which has an early years mandate. Students will gain advanced practice skills in programs supporting young children and their families. Students will conduct in-depth examination of the program delivery, mandate and legislation associated with the program. Student will incrementally demonstrate advanced practice, knowledge and reflective skills.

*Note:* It is the responsibility of the student to submit a written plan for an Advanced Studies practicum to the ECCE department and obtain faculty approval of the proposal prior to course registration. Students will be required to complete 6 non-ECCE credits relevant to their practicum which have been approved by the department.

*Note:* Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

**EDUC 382      Applied Theory: Advanced Practice in Early Years II**

**5.00 credits      (0.6,0,14) hrs      15 wks**

The Advanced Practice stream has two applied theory practicum courses. This course is the second course in the sequence. Please note this stream cannot be used to obtain a post basic license to practice from the BC Early Childhood Registry. The practicum placement will be in an approved setting which has an early years mandate. Students will gain advanced practice skills in programs supporting young children and their families. Students will conduct in-depth examination of the program delivery, mandate and legislation associated with the program. Student will incrementally demonstrate advanced practice, knowledge and reflective skills.

*Note:* It is the responsibility of the student to submit a written plan for an Advanced Studies practicum to the ECCE department and obtain faculty approval of the proposal prior to course registration. *Note:* Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test. It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

**EDUC 383      Curriculum - Outdoor Environments**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework, and ENGL 100 as a pre- or co-requisite

This course explores the notion of outdoor education and nature-based education in an early childhood context. The major emphasis will be on how children and educators can develop an ecological identity by engaging in outdoor spaces/curriculum.

**EDUC 384      Curriculum: Numeracy in the Early Years**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100

Based on the philosophy that play provides the foundation for children's growth and development, this experiential workshop course focuses on learning environments, curriculum planning, and teaching strategies that support children's engagement with concepts of numeracy. The course will focus on how young children use and understand mathematics in everyday life, in their play and in their daily living.

**EDUC 390      Applied Theory: Inclusive Practice Practicum**  
**5.00 credits      (0.6,0,14) hrs      15 wks**

*Prerequisite:* EDUC 277 as a prerequisite; EDUC 354 as a pre or co-requisite

This course is a six-week post-basic practicum. This advanced practicum will be in an inclusive centre for children ages birth to five years. In this course, the student will develop programming that honours individual differences, family and cultural practices. An in-depth examination of inclusive practice will be a guiding factor throughout the practicum. These skills will incrementally demonstrate the student's advanced professional, practice, knowledge and reflective skills.

*Note:* Prior to practicum placement, students must submit the following documentation in accordance with the Child Care Regulations: a resume, three references, criminal record check, medical report and TB test.

*Note:* It is recommended but not required that students have some experience working with children (birth to 5 years of age) as an employee or volunteer.

**EDUC 470      Issues and Perspectives on Young Children, Families & ECCE**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course examines the social, political, and economic factors and the relationships between these factors and families in a variety of cultural contexts. A study of socio-cultural theories will build a more complex picture of the relations between individual and cultural processes. Students will be able to formulate a professional response that includes families as active participants in the care and education of their children.

**EDUC 471      Leadership, Advocacy and Policy in ECCE**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course explores leadership, advocacy and policy within the context of current political and philosophical dialogues in ECCE. Key topics will include an examination of relevant legislation, government policies and regulations; roles of advocacy groups; policy development; relationships with governmental and non-governmental organizations and the role that Early Childhood educators play as advocates in a global context.

**EDUC 472      Contemporary Issues in ECCE**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course is designed to examine contemporary issues in early childhood care and education in order to expose students to current developments in the field. International, national and local aspects of early childhood policy, practice, professionalism, curriculum and learning environments will be considered. There will be an in-depth examination of a range of current political, social, professional and community issues relevant to early childhood practices.

**EDUC 473      Teacher as Researcher**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course is an introduction to the tradition of practitioner research in Early Childhood Care and Education. Students will learn the rudiments of critical teacher inquiry and explore research as an ongoing aspect of

one's teaching practice. The course focuses on the dispositions, concepts and skills involved in designing and conducting educational research projects. It introduces a range of qualitative research methodologies. Students will begin framing a research question and designing an independent research project.

**EDUC 474 Social Justice and Ethics in ECCE**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course will provide students with an understanding of various social justice frameworks and the complexities of translating them into early childhood care and educational practices. Topics include an examination of social justice issues from an ethical perspective; an assessment of power dynamics and privilege in contemporary and historical societies; and a focus on the relationships between ethics, early childhood care and education and human rights at both theoretical and practical levels.

**EDUC 475 Graduating Seminar**

**6.00 credits (2,0,4) hrs 30 wks**

*Prerequisite:* 28 credits of 300-level EDUC including EDUC 373, and EDUC 349 and 390, or EDUC 349 and 381, or EDUC 390 and 381, or EDUC 381 and 382. EDUC 470, 471, 473 and a 3 credit quantitative/analytical elective as pre- or co-requisites.

In the Graduating Seminar students will frame a research question and design an independent research project that they will conduct at an appropriate field placement. Students will be assisted in finding appropriate placements that provide work experience to help broaden students' knowledge of, and experience with leadership and management in areas related to early childhood. These may include, for example, provincial and regional offices; professional associations; parent and community organizations or childcare advocacy agencies.

**EDUC 476 Studio Research in ECCE: The Practice of Artistic Inquiry**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework and ENGL 100 as a pre or corequisite

This course explores artistic ways of knowing and researching in early childhood contexts. Students will be offered the opportunity to consider alternative forms of educational research, understand the arts as a mode of inquiry, and to conceptualize the early childhood art studio as space of research.

**EDUC 477 Young Children and the Arts**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework, and ENGL 100 as a pre- or co-requisite

This course explores ways that educators can facilitate children's artistic engagements and productions and support their fluency with/in different artistic media and processes. It aims to help educators develop sensitivities towards working with children in their experimentations and fabrications and consider how we might enter into what is already happening.

**EDUC 483 Curriculum: Outdoor Environments II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* EDUC 383

This course explores the notion of outdoor education and nature-based education in an early childhood context. The course includes an intensive field study component that involves students participating in outdoor activities. Picking up the threads that wove through EDUC 383, the major emphasis of this course will be gaining knowledge regarding how to ethically engage in outdoor spaces/curriculum with young children.

## Economics

---

### **ECON 100 Introduction to Economics**

**3.00 credits (4,0,0) hrs 15 wks**

This course traces the development of, and conflicting views on, the nature of economic systems throughout history. It focuses on the historical development of economic society and the divergent interpretations of the operation of capitalism as found in the writings of such economists as Adam Smith, David Ricardo, Karl Marx, J.M. Keynes and Milton Friedman. It also deals with contemporary issues and such basic concepts as supply and demand.

### **ECON 111 Principles of Microeconomic Theory**

**3.00 credits (4,0,0) hrs 15 wks**

This course presents a study of the theoretical constructs of consumer behaviour and the operation of business firms in the market economy under conditions of perfect competition, oligopoly, monopoly and monopolistic competition. Included is an evaluation of these different markets.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

### **ECON 112 Principles of Macroeconomic Theory**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111

This course presents a model of income determination and explains how the various parts of the macroeconomy are interrelated. Included is the study of the possible causes and solutions to unemployment and inflation and the importance of the international economy. Government fiscal and monetary policies are examined in detail.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

### **ECON 207 Managerial Economics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111, 112 and MATH 108 or 116 or equivalent

This course is the application of microeconomic theory to a variety of management and planning decisions such as output maximization and cost minimization given the constraints faced by firms.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

### **ECON 210 Money and Banking**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112

This course is designed to facilitate an understanding of financial markets and financial institutions both in Canada and in other major industrial countries. The course will examine current issues in the regulation of financial institutions and analyze the factors behind the determination of exchange and interest rates.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

### **ECON 211 Intermediate Microeconomic Analysis**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111, 112 and MATH 108 or 116

This course presents an in-depth look at such topics as consumer behaviour, production, exchange, equilibrium of the firm under different market structures, factor markets, and economic welfare.

### **ECON 212 Intermediate Macroeconomic Analysis**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111, 112 and Math 108 or 116

The course presents an in-depth look at such topics as income and employment theory, monetary theory, the open economy, economic fluctuations and growth.

**ECON 250 Economic History of the Pre-Industrial Era**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112

This course provides a broad sweep of economic history from the Old Stone Age to the Industrial Revolution. The economies of the prehistoric era, the river civilizations, classical antiquity and Europe in the middle ages are studied, while emphasis is placed on the transition from feudalism to early forms of capitalism in Europe.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**ECON 252 Economic History of the Industrial Era**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112, or 30 credits in Arts and Sciences or permission of the instructor

This course provides a study of the Industrial Revolution and subsequent economic growth in the context of several countries, including Canada. Contrast is made between the paths of development of today's industrial economies and those nations now attempting to industrialize.

**ECON 255 Understanding Globalization**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112

Examine the effects of globalization on the world's economic, political and social landscape. The course will focus on international trade, capital movement, division of production and migration.

**ECON 290 Public Policy I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112

The course involves an examination of the current government microeconomic policies which are important to Canada, including resource management, utility regulation and pricing, international trade, income distribution, taxation, education, health care and environmental protection.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**ECON 291 Public Policy II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ECON 111 and 112

The course involves an examination of current government macroeconomic policies, including fiscal and monetary policies, debt management policies, international finance and exchange rate management, federal provincial relations, etc.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**ECON 342 Economic Growth**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course will examine the causes and implications of differences in economic growth around the world. Economic theory is used to analyze issues of traditional fertility and mortality patterns, demographic transition, well-being and nutrition, international and internal migration, epidemics and growth spurts.

**ECON 350      Revolutions: Economics and the Economy****3.00 credits      (4,0,0) hrs              15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

This course, which requires no prior knowledge of Economics, will examine both the major changes in the way humans have organized their economic systems and in the ways in which these economic systems has been understood and explained. Among the major themes will be the decline in self-sufficiency, the rise of regional and national markets and the transition to a global economy.

**ECON 378      Economies of the World****3.00 credits      (4,0,0) hrs              15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

This course will examine the rise and fall of economic systems of the Four Cs - Co-operation, Command, Custom and Competition - over the ages. It will look at the features of each system, examining the strengths and weaknesses of each, and will explain why eventually most of them fail. This course will also explain where each of the isms - capitalism, socialism, feudalism, imperialism and market socialism - fits into this schema.

**ECON 380      The Chinese Economy:An Analysis of China's Economic Policies****3.00 credits      (4,0,0) hrs              15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

The course analyzes China's economic policies, providing students with the information they need to form their own view on China's economy, polity and society. Subjects to be analyzed include: why China rejected Western democracy, turned to communism and won the Revolution against the US backed Nationalists, the approach its leaders adopted for economic reforms, government economic development strategies, how the government addresses domestic issues, China's relations with the outside world, China's future reform policies, and other relevant topics.

**ECON 390      Effects of Public Policy on Business and the Economy****3.00 credits      (4,0,0) hrs              15 wks***Prerequisite:* 45 credits of 100-level or higher coursework including ECON 111, 112 and MATH 101

This course provides qualitative and quantitative methods, including benefit/cost analysis, to quantify the effects of public policies on the economy, business and consumers. It analyzes international trade and investment, resource management, environmental protection, competition, industry entry and pricing regulation and tax policies with a combination of lectures, case studies and class debates.

**ECON 490      Directed Studies****3.00 credits      (4,0,0) hrs              15 wks***Prerequisite:* 15 upper level credits, including a minimum of one 300-level ECON course

Students will work with an Economics faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Economics website for complete details on the application process.

## Education and Career Planning

---

**EDCP 020      Fundamental Education and Career Planning****1.00 credit      (4,0,0) hrs              15 wks**

This course prepares adults with basic and fundamental skills to successfully enter and sustain work or progress into other career-related education.

**EDCP 040      Education and Career Planning**

**2.00 credits      (4,0,2) hrs              15 wks**

*Prerequisite:* BENG 031

This course seeks to develop a foundation of skills, attitude, strategies and plans to enhance long term academic, career and life success through career exploration, educational planning, study skills and time management.

## Education Employment Access

---

**EEA 001              Assessment**

**3.00 credits      (4,0,0) hrs              15 wks**

Participants will engage in assessment inventories leading to specific employment and/or education opportunities. Assessment results will be documented to support students' goals.

*Note:* This course is equivalent to OCTR 001. Duplicate credit will not be granted for this course and OCTR 001.

**EEA 002              Portfolio**

**3.00 credits      (4,0,0) hrs              15 wks**

This course offers students the opportunity to create and develop both a print and e-portfolio. Students will reflect on what they have learned from the Assessment course and continue to build their portfolios with skills and certifications obtained throughout the program. Students will demonstrate using a portfolio for work search or in educational interviews.

**EEA 003              Employability Skills**

**4.50 credits      (4,0,0) hrs              30 wks**

This course is designed to raise students' awareness of the employability skills required to obtain successful employment. Students will identify and address personal and employment barriers.

*Note:* This course is equivalent to OCTR 003. Duplicate credit for this course and OCTR 003 will not be granted.

**EEA 004              Practical Communication Skills for Employment and Education**

**3.00 credits      (4,0,0) hrs              15 wks**

Students will learn skills and techniques required for effective customer service delivery and industry specific materials.

*Note:* This course is equivalent to OCTR 004. Duplicate credit for this course and OCTR 004 will not be granted.

**EEA 005              Work Experience Practicum**

**6.00 credits      (1.5,0,6) hrs              09 wks**

This course is designed to provide students with practical skills training and work experience with ongoing evaluations.

*Note:* This course is equivalent to OCTR 005. Duplicate credit for this course and OCTR 005 will not be granted.

**EEA 006              Transition Skills**

**3.00 credits      (4,0,0) hrs              15 wks**

This course is designed specifically for students who require more support in their transition from high school to either first year university, employment, further post-secondary courses and/or to more inclusive and active community involvement.

## Engineering (Applied Science)

---

**APSC 120      Introduction to Engineering**  
**1.00 credit      (1,0,0) hrs              30 wks**

This course uses guest speakers, video-taped material and field trips to provide students with an orientation to a career as a professional engineer. Attendance at scheduled activities is the only course requirement. Final "grades" are reported as CR (Credit Granted) or NC (No Credit Granted).

*Note:* For Engineering Transfer program and Engineering Transition program students only.

**APSC 130      Technical Drafting and Computer-Aided Design**  
**3.00 credits      (0,4,0) hrs              15 wks**

*Prerequisite:* Pre-calculus 12 or Math Placement Test (Calculus MPT)

In this hands-on lab-based course students will be introduced to hand drafting and computer-aided drafting techniques applied to engineering designs. Although it is intended for students in the Engineering programs, this course will be of interest to any discipline that involves the design of materials, structures, devices, systems, or processes according to specified criteria. Students will learn to communicate technical material in graphical form, and to read, understand, and produce basic engineering drawings. In addition, students will become familiar with some of the conventions and practices of graphical communication.

**APSC 140      Engineering Design**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* APSC 130, and COMP 106 or COMP 120 as prerequisite with concurrency

In this project-based course students will be introduced to the principles of engineering design and to the conventions of technical presentation. Case studies and sample problems will be used to elucidate these principles and conventions. Students will participate in the design of original solutions to new problems, and will communicate technical engineering material in graphical, written, and oral forms. Design problems will be chosen from a variety of engineering disciplines to give students some exposure to the different facets of engineering practise.

**APSC 278      Materials Science for Engineers**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* CHEM 111, PHYS 114 and MATH 116

This course is an introduction to the underlying structure of solids from the atomic to the macroscopic scale. Students will examine the nature of defects, microstructure and mechanical, electrical and optical properties of materials.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

## English

---

**ENGL 010      Language Skills**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

This is an intensive course in fundamental writing and reading skills. It is not transferable to university, but successful completion guarantees admission to English 100.

**ENGL 100      University Writing Strategies**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

This university writing course introduces students to foundational strategies for critical reading, analytical thinking, and clear writing. By exploring topical questions in local and global contemporary culture, students will learn core skills for active reading and discussion, and will have opportunities to write in a range of forms and genres from blog posts to critical analysis to research projects.

*Note:* For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 103      Studies in Contemporary Literature**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

Novels, plays, poems, screenplays, memoirs, graphic novels, and more: this course explores the rich variety of contemporary literature in both traditional and new hybrid genres.

*Note:* While ENGL 100 is not a prerequisite, competence in essay writing and research is expected.

*Note:* For the focus of the course each term, see the "Courses" page on the English Department website

**ENGL 104      Contemporary Fiction**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

An introduction to new developments in the field of narrative fiction and criticism, this course studies short stories, novellas, traditional and experimental novels, and more.

*Note:* While ENGL 100 is not a prerequisite, competence in essay writing and research is expected.

*Note:* For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 105      Contemporary Poetry**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

Students read, research, and discuss a wide variety of developments and innovations in the writing, publishing, and performance of primarily 20th and 21st century poetry.

*Note:* While ENGL 100 is not a prerequisite, competence in essay writing and research is expected.

*Note:* For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 106      Contemporary Drama**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

This course focuses on recent innovations in drama and important plays written and produced for stage and film primarily in the 20th and 21st centuries.

*Note:* While ENGL 100 is not a prerequisite, competence in essay writing and research is expected.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 107 First Nations Literature and Film**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

Students read and discuss aboriginal poetry, plays, screenplays, films, novels, and memoirs across national boundaries. The course may also include work by non-aboriginals on aboriginal subjects.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 109 Contemporary Issues in Literature and Culture**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

This course explores contemporary issues and how they are interpreted in literature, film, and music. The issue chosen for consideration will be announced during the registration period.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 190 Creative Writing I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

Students sharpen their writing craft by work-shopping their prose, poetry, drama, and/or creative non-fiction while also studying contemporary practice in a selection of these genres.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 191 Creative Writing II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* See information on English Diagnostic Test in the Registration section of the University Calendar.

This course builds on Creative Writing I as students further develop their writing practice in selected genres and further study the art of contemporary forms.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 200 English Literature from Beowulf to Paradise Lost**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* Any combination of two first-year English courses.

Epic poetry, Arthurian romances, lyrics, sonnets, Renaissance and Jacobean drama: the course surveys significant works in all major forms from the medieval period to the mid-17th century.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 201 English Literature Since 1660**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* Any combination of two first-year English courses.

This course examines significant works in all major forms from the Restoration to the Modernist Period. With the rise of print culture these works include diaries and journals, familiar letters, novels, poems, and plays.

Note: For the focus of the course each term, see the "Courses" page on the English Department website.

**ENGL 203 Canadian Literature**

**3.00 credits (4,0,0) hrs 15 wks**

**1.50 credits (3,0,0) hrs 15 wks**

Students develop and enhance their skills, attitudes and tools related to career planning and the securing and maintaining of employment.

**GATE 101 Gateways: Lifestyle Planning and Management**

**4.50 credits (13,0,0) hrs 08 wks**

Students develop the personal skills, attitudes and values that will provide tools and inspiration for successful, long-term career and lifestyle management.

**GATE 102 Gateways: Personal Management Skills**

**1.50 credits (3,0,0) hrs 15 wks**

Students develop an understanding of personal lifestyle issues as they pertain to career and lifestyle management, financial independence, self-esteem and confidence.

**GATE 103 Gateways: Work Placement**

**1.00 credit (0,0,35) hrs 02 wks**

This course enables students to develop and practice the workplace skills and attitudes required for career success.

*Note:* Interview with program manager.

**GATE 104 Gateways: Introduction to Computers**

**1.50 credits (3,0,0) hrs 15 wks**

This introductory course provides students with basic computer skills.

## Geography

---

**GEOG 100 Human Geography: People, Places and Cultures**

**3.00 credits (4,0,0) hrs 15 wks**

Different cultures in different landscapes are compared and contrasted to our own. This course examines the many issues of human population, perception of the environment, diffusion of ideas, and cultural aspects of resource use and urban growth, to give students a view into the many concerns on the human side of geography.

**GEOG 101 Environmental Geography: Understanding the Issues**

**3.00 credits (4,0,0) hrs 15 wks**

Geographers have traditionally been concerned with interactions between people and their environments. This course examines how our immense human population, our technologies, and our political, social, and economic systems have together profoundly altered the workings of Earth's natural systems. As we study current environmental issues from a geographical perspective we will also consider their solutions.

**GEOG 102 Environmental Geography: Global Concerns**

**3.00 credits (4,0,0) hrs 15 wks**

Climate change, the depletion of the world's resources, and the collapse of fisheries are but a few of the examples illustrating the global scale of our environmental problems. These global issues, however, have local causes and consequences. This course reviews the issues and identifies possible solutions, and then focuses on student research projects that identify local pathways to address these environmental challenges. Special attention will be given to the methodology and writing of a geographical research paper.

**GEOG 107 Introduction to North America**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed to give international students a greater understanding of North America and its people. Students will be introduced to key information about the geography and history of North America, and the various political, economic and cultural aspects of North American societies. This course will highlight the particular differences between Canada, the U.S.A., and Mexico, as well as examine the various levels of integration that exist between these countries. The underlying theme is cross-cultural understanding and the key role that it plays in cultural interaction, including international business initiatives.

*Note:* Must be registered as an international student.

**GEOG 112 Physical Landscapes I**

**4.00 credits (4,2,0) hrs 15 wks**

This introductory physical geography course about Earth's landforms explores how plate tectonics operating below Earth's surface, and gravity, rivers, glaciers, waves and wind operating at Earth's surface, shape the natural landscape that surrounds us. The course focuses on Canadian landforms and emphasizes ways in which human activities are affecting natural processes.

*Note:* Both GEOG 112 and GEOG 114 are lab science courses and fulfill university science requirements. GEOG 112 and GEOG 114 can be taken in any order, or at the same time.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**GEOG 114 Weather and Climate I**

**4.00 credits (4,2,0) hrs 15 wks**

This introductory physical geography course about the atmosphere explores the forces that produce the weather we experience every day, with a focus on the weather of B.C.'s coast. We also consider how weather patterns operate differently from place to place to create the great diversity of climates on Earth, and how human actions are leading to global climate change.

*Note:* Both GEOG 112 and GEOG 114 are lab science courses and fulfill university science requirements. GEOG 112 and GEOG 114 can be taken in any order, or at the same time.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**GEOG 200 Geographical Approaches to the Global Economy**

**3.00 credits (4,0,0) hrs 15 wks**

An examination of the concepts and themes of economic geography in terms of production and consumption. The traditional primary, secondary, tertiary and quaternary divisions in economic geography are reviewed in terms of contemporary issues. The purpose of this course is to illustrate the importance of economic processes and tools to understand our environment.

**GEOG 201 Urban Studies**

**3.00 credits (4,0,0) hrs 15 wks**

More and more of us are living in an urban world. This course is designed to examine problems and issues that arise with urban living; including psychological problems, the cost of housing, transportation issues, slums, suburban living, and the future direction of cities. While this course uses local examples, it also draws on examples from other cities in the world. This course approaches these topics through field trips into the city, slides, films, and field research. Urban studies leads to careers in urban planning, real estate, land management, architecture, and urban politics as well as stimulating general community awareness.

**GEOG 202 Urban Field Studies**

**1.50 credits (2,0,0) hrs 15 wks**

*Prerequisite:* GEOG 201 is a prerequisite or a co-requisite

The course is designed to engage students in the practical application of urban planning. Using principles from urban geography and urban planning, students will become acquainted with the development of an Official Community Plan, while working in partnership with planners from the local district planning office. The course involves field study work and attendance at district public meetings. This is an excellent course for those interested in urban and/or regional planning or those intending to continue in Geography.

**GEOG 205      Rising Giants: The Global Shift to China and India**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course is a comparative geography of China and India. The course provides a current understanding of the geographies of these two major rising powers and focuses on their evolving physical, economic and cultural landscapes. Comparisons between the two are inevitable and it is intended that the course will provide the students with the analytical tools as well as the academic knowledge to have a better understanding of these two very different civilizations.

**GEOG 206      British Columbia: Landscapes in Transition**  
**3.00 credits      (4,0,0) hrs              15 wks**

BC's spectacular landscape has presented both challenges and bountiful resources to the peoples who have settled here. This course will acquaint students with both the physical and human geography of BC, and identify how our relationship with the land has shifted in response to changes in values, technology, and population. We will analyse the urgent issues that we face today in managing our natural resources and consider sustainable pathways to our future.

*Note:* This course is equivalent to GEOG 106. Duplicate credit will not be granted for this course and GEOG 106.

**GEOG 208      Canada: A Nation of Regions**  
**3.00 credits      (4,0,0) hrs              15 wks**

The understanding of Canada and Canadians is becoming more important to our economic and social well-being. This course examines Canadian problems and issues in terms of the different regions in Canada. Topics include the changing economy, cultural diversity, urban growth, and resource management, as we focus on the Maritimes, Quebec, Ontario, the Western provinces, and the Northern frontier.

*Note:* This course also serves as Canadian Studies credit to SFU and is a component of the Professional Development program for teachers.

**GEOG 210      Natural Hazards**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course is an introduction to the wide range of natural hazards throughout the world. Earthquakes, hurricanes, landslides, and volcanic eruptions are examples of natural processes that can be hazardous for people and property. Using both local and world-wide examples, we will examine hazard impacts and the importance of prediction, warning and planning.

**GEOG 212      Physical Landscapes II**  
**4.00 credits      (4,2,0) hrs              15 wks**

*Prerequisite:* GEOG 112 or PHYS 114 or GEOL 110, OR PHYS 111 as a pre or corequisite

This course expands on the concepts first introduced in Geography 112. An important objective is to appreciate that landforms and, ultimately, landscapes result from the complex interaction of tectonic and gradational processes, the resistance of rocks and sediment, and time. Throughout the course, students will be taught to apply both math and physics to understand landform development. This course will involve both lectures and labs, and it will only be offered in the Spring Term.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**GEOG 214      Weather and Climate II**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* GEOG 114 or PHYS 114, OR PHYS 111 as a pre or co-requisite

By expanding on the concepts outlined in Geography 114, this course will provide an intermediate understanding of the processes at work in the atmosphere. Broad topics to be covered are atmospheric energy, moisture, and motion. An important objective is to provide students with an introduction to the science of weather forecasting. As such Geography 214 is useful for students interested in transferring to an Atmospheric Science program. This course involves both lectures and labs, and it will be only offered in the Spring Term.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**GEOG 221 Mapping our Changing World**

**4.00 credits (4,2,0) hrs 15 wks**

Maps are an essential tool for conveying geographic information, and are also useful for other disciplines that rely extensively on maps and satellite images, such as environmental studies, forestry, geology, archaeology, history, and tourism. This course covers the basic principles of map and photo interpretation, surveying and satellite imaging, and analyses both human and physical landscapes.

**GEOG 222 Environmental Geography: Global to Local**

**3.00 credits (4,0,0) hrs 15 wks**

Climate change, the depletion of the world's resources, and the collapse of fisheries are but a few of the examples illustrating the global scale of our environmental problems. These global issues, however, have local causes and consequences. This course reviews the issues and identifies possible solutions, and involves field work research that engages the student in both quantitative and qualitative methodologies. The course will provide students with clear and concise explanations of writing and researching in the field of environmental geography.

**GEOG 249 Selected Regions**

**3.00 credits (4,0,0) hrs 15 wks**

Students will gain an understanding of the physical, economic, historical, and cultural characteristics of a specific region, as they study the various conditions and issues faced by the local inhabitants. The region studied will vary from year to year: students should check with the Geography department to find out details for upcoming courses. This course may sometimes be offered as a field study, delivered on-site in a specific region. Past courses have been taught in Europe, China/Southeast Asia, and in Quebec.

**GEOG 316 Climate Change: From Science to Sustainability**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Climate change has emerged as one of the most important issues of the 21st century. Its rapid escalation from a theory among some climatologists and environmentalists to both a common household term and an international priority highlight the importance of understanding this process, its myriad implications on society and the environment and the urgency in working towards solutions. This course will cover topics such as: the causes of current and historical climate change; the human and environmental implications ranging from changing weather patterns to environmental refugees; climate change policy and greenhouse gas reduction strategies; and the diverse array of solutions to building more sustainable communities

**GEOG 330 Water Changes Everything**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course seeks to appreciate the tremendous power of water, and the diversity of its roles in our lives. We will consider water as a significant force in the natural world - water produces our weather, and sculpts the landscape. On the other hand, we will study water as an essential resource. In this role, water has

profoundly impacted the human landscape. Students will also learn how water extraction, water privatization, land conversion, climate change, and pollution all threaten Earth's water supply.

**GEOG 350      Cities in the Global South**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course focuses on one of the most perplexing dilemmas in the development process: the phenomenon of massive and historically unprecedented movements of people from the rural countryside to the burgeoning cities of Africa, Asia, and Latin America. The course will address the processes of change and explores the rapid pace of this urbanization which has created a host of problems that weaken the role of cities as engines of economic growth. Moreover, the scope and scale of the urban process promises to loom even larger in the future as the pace of urbanisation accelerates.

**GEOG 360      The Geography of a Sustainable World**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

The transition to a sustainable operating system for humankind is not only possible, but currently underway. This course assess the environmental challenges that our world faces and sets out possible courses for action, based on ideas, technology, and systems that are already being put in place around the globe.

**GEOG 490      Directed Studies**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level GEOG course

Students will work with a Geography faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Geography website for complete details on the application process.

## Global Stewardship

---

**GLBS 100      Global Stewardship Seminar I: Preparing to Volunteer for a NFP**  
**1.50 credits      (2,0,0) hrs              15 wks**

This course is the first in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semester's prior to a volunteering experience with a local NGO.

**GLBS 101 Global Stewardship Seminar II: Volunteering for a Not-For-Profit Organization**

**1.50 credits (0.5,0,2.66) hrs 15 wks**

*Prerequisite:* GLBS 100

This course is the second in a series of four seminars designed to prepare students for a career in the NGO sector. Students in GLBS 101 will apply the skills learned in GLBS 100 through a volunteer practicum with an NGO.

**GLBS 110 Introduction to Global Studies**

**3.00 credits (3,0,1) hrs 15 wks**

This course introduces students to the field of Global Studies by examining globalization and the rise of global systems, and their impact on nation-states, culture, human security, national and international economies and the environment. Students will further explore how we are and aren't meeting the need for Global Public Goods, such as peace and security, the protection of universal human rights, infectious disease prevention, economic security, and environmental protection (including climate change).

**GLBS 200 Global Stewardship Seminar III: Preparing for Group NFP Volunteering**

**1.50 credits (2,0,0) hrs 15 wks**

*Prerequisite:* GLBS 100 and 101

This course is third in a series of four seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the non-governmental organization/not-for-profit sector. To this end, the series develops individual and group skills in the semester prior to a volunteering experience with a local NGO/NFP.

**GLBS 201 Global Stewardship Seminar IV: Volunteering in a Group for Not-For-Profits**

**1.50 credits (0.5,0,2.67) hrs 15 wks**

*Prerequisite:* GLBS 200

This course is the last in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer, first, as an individual, and then as a member of a group in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semesters prior to a volunteering experience with a local NGO.

Global Stewardship 1: Preparing to volunteer for a Not-For-Profit organization.

Global Stewardship 2: Volunteering for a Non-For-Profit organization

Global Stewardship 3: Preparing to volunteer as a member of a group for a Non-For-Profit organization.

Global Stewardship 4: Volunteering as a member of a group for a Non-For-Profit organization.

## Grip Digital & Film

---

**GRDF 100 Fundamental Grip Work for Digital Imaging and Film**

**3.00 credits (7.5,0,15) hrs 04 wks**

This course will provide training in the tools, techniques and procedures suitable to an entry-level position in the grip department of the mainstream and independent film production industries. The course of instruction will place a special emphasis on the new techniques developed for digital imaging for film and television.

# Health Care Assistant

---

## **HCA 100 Lifestyle and Choices**

**1.50 credits (6,0,0) hrs 05 wks**

This course introduces students to a holistic concept of health and the components of a health enhancing lifestyle. Students will be invited to reflect on their own experience of health, recognizing challenges and resources that can impact lifestyle choices. Students will be introduced to a model that can be applied in other courses to understand the multi-faceted aspects of health and healing.

## **HCA 101 Health and Healing: Concepts for Practice**

**3.00 credits (7.2,0,0) hrs 10 wks**

This course provides students with the opportunity to develop a theoretical framework for practice. Students will be introduced to the philosophical values and theoretical understandings that provide a foundation for competent practice as a HCA. The course focuses on concepts of caring and person centered care; basic human needs and human development; family, culture and diversity as they relate to health and healing. Students will also be introduced to a problem-solving model that will be critical to their practice.

## **HCA 102 Interpersonal Communications**

**3.00 credits (6,0,0) hrs 09 wks**

This course focuses on the development of self-awareness, increased understanding of others and development of effective interpersonal communication skills that can be used in a variety of care giving contexts. Students will be encouraged to become more aware of the impact of their own communication choices and patterns. They will have opportunity to develop and use communication techniques that demonstrate personal awareness, respect and active listening skills.

## **HCA 103 Caring for Individuals: Common Health Challenges**

**4.50 credits (8.4,0,0) hrs 14 wks**

This course introduces students to the normal structure and function of the human body and normal bodily changes associated with aging. Students will explore common challenges to health and healing in relation to each body system. Students will also be encouraged to explore person-centered practice as it relates to the common challenges to health and, in particular, to end-of-life care.

## **HCA 104 Health Care Assistant: Introduction to Practice**

**1.50 credits (15,0,0) hrs 02 wks**

This course provides an introduction to the role of the HCA within the British Columbia health care system. Students will be introduced to the healthcare team and the roles and functions of HCA within the team. Students will also have opportunities to develop self-reflective skills required for competent practice and will be introduced to effective job-finding approaches.

## **HCA 105 Caring for Individuals: Cognitive or Mental Health Challenges**

**3.00 credits (15,0,0) hrs 04 wks**

This course builds on content from other courses to assist students to explore concepts and care giving approaches that will allow them to work effectively with individuals experiencing cognitive or mental challenges. Emphasis is on recognizing behaviours and identifying person-centered intervention strategies.

## **HCA 106 Personal Care Nursing Skills**

**3.00 credits (0,8.6,0) hrs 14 wks**

This practical course offers students the opportunity to acquire personal care and assistance skills within the parameters of the HCA role. The course is comprised of class and supervised laboratory experience

which assist the student to integrate theory from other courses to develop care-giver skills that maintain and promote the comfort, safety and independence of individuals in community and facility contexts.

**HCA 110 Practice Experience in Multi-level and/or Complex Care**

**9.00 credits (0,0,21) hrs 07 wks**

*Prerequisite:* HCA 100, HCA 101, HCA 102 and HCA 103 with a minimum B- grade in each course, and HCA 106

This supervised practice experience provides students with an opportunity to apply knowledge and skills from all other courses in the program with individuals in a multi-level or complex care setting. A portion of this clinical experience will be devoted to working with individuals experiencing cognitive challenges. Opportunity will be provided for students to gain expertise and confidence with the role of the HCA within a continuing care facility.

**HCA 112 Practice Experience in Home Support and/or Assisted Living**

**1.50 credits (0,0,30) hrs 02 wks**

*Prerequisite:* HCA 100, HCA 101, HCA 102 and HCA 103 with a minimum B- grade in each course, and HCA 106

This practice course provides students with an opportunity to apply knowledge and skills from all other courses with individuals and families in a community setting. Opportunity will be provided for students to become more familiar with the role of the HCA within a Home Support Agency and gain abilities that will prepare graduates to assume the role of a Community Health Worker.

*Note:* This course serves as a Canadian Studies credit.

**HIST 111      Canada Since Confederation**

**3.00 credits    (4,0,0) hrs      15 wks**

This course examines the development of Canada since 1867. In particular it emphasizes prosperity and poverty; class, gender, aboriginal, and regional relations; French-English tensions; the influence of the United States; and Canada in the world community.

*Note:* This course serves as a Canadian Studies credit.

**HIST 112      Canadian Military History**

**3.00 credits    (4,0,0) hrs      15 wks**

This course will examine a variety of themes, events and circumstances related to Canadian military history, investigating our nation's military experience from pre-colonial times to the late 20th century. This course will also meaningfully explore how our military history has, and continues to, profoundly shape and influence virtually all facets of Canadian society.

**HIST 130      Twentieth Century World History**

**3.00 credits    (4,0,0) hrs      15 wks**

This course is designed to give students a greater understanding of Twentieth Century World History. It will examine events leading up to the Second World War, the impacts of the Cold War, decolonization, the end of European global dominance, and the emergence of the Middle East as a major geopolitical influence. Particular attention will be paid to examining the relationship of war to broader political, social, cultural, and economic trends throughout this period.

**HIST 205      British Columbia History**

**3.00 credits    (4,0,0) hrs      15 wks**

From the first contact between First Nations and Europeans in the 18th century to the present, this course analyses the main issues that have affected British Columbians. It also examines some aspects of the development of the North Shore.

*Note:* This course serves as a Canadian Studies credit.

**HIST 208      Canadian-American Relations**

**3.00 credits    (4,0,0) hrs      15 wks**

This Canadian history course examines the major events and themes that have shaped the Canadian-American relationship. From the American Revolution, the war that ultimately created both countries, to recent years, we analyze the influence that the United States has had on Canada.

*Note:* This course serves as a Canadian Studies credit.

**HIST 209      History of the First Nations of Canada**  
**3.00 credits    (4,0,0) hrs      15 wks**

Using ethno-historical approaches, this course examines the history of Canadian Indian, Inuit and Metis peoples. It gives particular emphasis to the attitudes, practices, policies and experiences that have shaped native-white relations and affected native peoples from 1450 to the present.

*Note:* This course serves as a Canadian Studies credit.

**HIST 222      History of the First World War**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course will explore the history of the First World War, from the origins of the global conflict to the Treaty of Versailles and the creation of the League of Nations. Military, diplomatic, political, technological, economic and social aspects of the war will be examined.

**HIST 225      History of the Second World War**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course explores the events and circumstances of the Second World War. The military, diplomatic, political, economic, cultural and social aspects of this global conflict will be examined and the themes of race and gender will be considered.

**HIST 230      World History Since 1500**

**HKIN 103 Active Health**

**3.00 credits (2,2,0) hrs 15 wks**

The role of physical activity in the maintenance of a health life and the application of basic physical fitness and exercise methods, exercise techniques and fitness appraisal will be examined.

*Note:* Credit will only be granted for one of HKIN103/KIN143.

**HKIN 112 Health and Human Nutrition**

**3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to fundamental principles and some current topics related to health and human nutrition. This course is a holistic approach to nutrition encompassing a broad view of nutrition and health. It is intended to help students understand basic components regarding the nutrients and their metabolism in the body, nutritional planning and assessment in the context of national dietary

recommendations, and some of the consequences of deficient or excessive intake of nutrients. Students will gain an understanding of factors affecting food selection and the role of nutrition in maintaining good health. Students will develop the ability to discriminate between reliable and unreliable information on the subject of food and nutrition. More specialized topics and applications of nutrition in exercise will also be introduced.

**HKIN 116 Performance Analysis of Selected Individual Sports and Activities I**

**3.00 credits (2,2,0) hrs 15 wks**

Introduction to the basic principles of biomechanics applicable to various individual activities and sports. The course includes in-class demonstrations of practical and theoretical knowledge of skills, techniques and strategies for effective performance.

**HKIN 117 Performance Analysis of Selected Individual Sports and Activities II**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 116

This course is a continuation of the analysis and application of the basic principles of biomechanics applicable to selected individual sports and activities.

**HKIN 151 Biomechanics I**

**3.00 credits (4,0,0) hrs 15 wks**

Application of elementary principles of physics and math to quantitative analysis of movement. This analysis will focus on the development of forces within muscles and their effects on initiating and controlling human movement.

*Note:* It is recommended that students take MATH 097 if they have not taken Math in the last 12 months.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

Investigation of the structure and function of the neuromuscular and skeletal systems of the human body. Special emphasis is placed on movement analysis and the physiological effects of exercise.

**HKIN 191 Anatomy and Physiology II**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 190

Continuing analysis of the structure and function of the digestive, endocrine, urinary, circulatory and respiratory systems. Special emphasis is placed on the effects of exercise.

**HKIN 205 Principles of Strength and Conditioning**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 103

This course investigates the theories and applied principles of physical training and conditioning as they relate to flexibility improvement and muscular strength, endurance and power development; examines the principles and training variables of weight training, a detailed comparison of various weight training programs, and the development of power through plyometrics.

**HKIN 212 Nutrition in the Prevention of Disease**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* HKIN 112 or BIOL 202

This course builds on principles introduced in HKIN 112. Starting with a review of the origins and safety of the food supply, it will progress to discuss the role that nutrition has in the prevention and treatment of common degenerative diseases. Special emphasis will be directed towards preventing these chronic conditions and establishing lifelong healthy eating patterns.

**HKIN 216 Performance Analysis of Selected Team Sports/Activities I**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 116 or 117

This course will provide the student with: an understanding and appreciation of the historical factors which influenced the development of the sport; an ability to analyse, detect and correct errors in both technical and tactical game performance; an understanding of the physical, psycho-motor and cognitive factors contributing to effective performance; the ability to demonstrate the correct technical application of skills and instructional strategies used in the game.

**HKIN 217 Performance Analysis of Selected Team Sports/Activities II**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 116 or 117

This course will provide the student with: an understanding and appreciation of the historical factors which influenced the development of the sport; an ability to analyse, detect and correct errors in both technical and tactical game performance; an understanding of the physical, psycho-motor and cognitive factors contributing to effective performance; the ability to demonstrate the correct technical application of skills and instructional strategies used in the game.

**HKIN 230 Human Motor Behaviour I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ENGL 100

This course examines the processes underlying human movement and learning motor skills and factors influencing acquisition, performance, and movement control.

**HKIN 231 Mental Theories in Sport and Exercise**

**3.00 credits (4,0,0) hrs 15 wks**

This course looks at psychological theories and research related to sport and exercise behaviour.

**HKIN 241 Care and Prevention of Sports Injuries**

**3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* HKIN 190 or KIN 142

Students will be introduced to the role of the sports therapist. This course will concentrate on the structural and functional characteristics of the body with regard to the prevention, and recognition of common sports injuries. A first aid approach to athletic injuries will be developed with practical experience in routine treatments.

## Jazz Studies

---

### **JAZZ 101      Beginning Theory for Jazz Studies I**

**1.50 credits      (2,1,0) hrs      15 wks**

This course examines the fundamental grammar and syntax of tonal music, developing the students' skills in notation and analysis of basic pitch and rhythmic structures. Topics progress from the overtone series, intervals, scales and modes through rhythm and meter, chords and principles of voice-leading.

*Note:* Jazz 101 and 102 together may substitute for Jazz 103.

### **JAZZ 102      Beginning Theory for Jazz Studies II**

**1.50 credits      (2,1,0) hrs      15 wks**

*Prerequisite:* JAZZ 101 with a minimum C- grade

This course progresses to a more contextual investigation of the fundamentals of tonal music including harmonic progression theory, root position part-writing and use of chord inversions to create more melodic bass lines and a greater variety of vertical sonorities.

### **JAZZ 116      Keyboard Skills I**

**1.00 credit      (2,2,0) hrs      15 wks**

The course equips musicians whose performance medium is not a keyboard instrument with keyboard skills so that they may utilize the instrument as a resource tool. Students will study major scales, basic chords and chord sequences. Students will learn to play melodies with simple left hand accompaniment as well as two-handed accompaniments.

### **JAZZ 117      Keyboard Skills II**

**1.00 credit      (2,2,0) hrs      15 wks**

*Prerequisite:* JAZZ 116 with a grade of C- or higher

The course equips musicians whose performance medium is not a keyboard instrument with keyboard skills so that they may utilize the instrument as a resource tool. Students will learn to: play modes of the major and melodic minor scales, transpose chord sequences in many keys; make simple arrangements of jazz standards with melody in the right hand and accompaniment in the left hand.

### **JAZZ 130      Theory of Tonal Music and Jazz I**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* JAZZ 184 as a pre- or co-requisite

This course introduces students to the fundamental materials and syntax of tonal music including notation by hand and with computer software. Students will learn to: construct major and minor scales and diatonic modes; build intervals, triads and seventh chords; analyze triads and seventh chords using jazz chord symbols, roman numerals and figured bass; compose simple harmonic progressions and melodies; analyze and write four-part chorales.

### **JAZZ 131      Theory of Tonal Music and Jazz II**

## Liberal Studies

---

**LBST 100      Approaching Knowledge**  
**3.00 credits      (4,0,0) hrs              15 wks**

This course frames the basic approaches to research and knowledge production in the arts, sciences and related fields of study. Through an introduction to interdisciplinary studies, the course encourages students to start thinking across disciplinary boundaries and develop an appreciation of the ways in which many contemporary problems require thinking from two or more academic disciplines.

**LBST 200      Refocusing Knowledge: Introduction to Research Methods**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* ENGL 100

This course introduces students to the various stages of the research process and provides them with an understanding of the different methods used to conduct research commonly used in the humanities, social sciences and related fields of study. Primarily qualitative in emphasis, the course focuses on the techniques and protocols associated with interviewing, observation, content analysis, and handling materials found in archives and special collections.

**LBST 201      Refiguring Knowledge: Introduction to Research Methods**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* Pre-calculus 11 (C) or Foundations of Math 11 (C) or Principles of Math 11 (C) or Applications of Math 11 (C) or MATH 097 (pass) or MATH 123 (C) or BMTH 044 (C) or BMTH 048 (C) or Math Placement Test (Basic MPT)

This course introduces students to the various stages of the research process and provides them with an understanding of quantitative research methods and allied mathematical and statistical concepts which will enable students to engage in undergraduate research and work effectively with data. Specifically, students will acquire the knowledge and ability to apply quantitative methods to research that includes gathering and interpreting data.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**LBST 202      Collecting Knowledge**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* LBST 100

Working with local museums, archives, galleries, and community-based organizations, students will build their own virtual exhibition. Students will work independently and in small groups to research their objects' provenance and original cultural, social, historical, ethnographic, and scientific contexts. The research, documentation, and presentation process will assist in the development of research skills and cross-disciplinary critical analysis.

**LBST 330      Methods of Inquiry**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including one of the following: ABA 312, CMNS 260, CMNS 262, DSGN 325, EDUC 373, EDUC 473, LAW 210, LBST 200, LBST 201, MT 462, PSYC 213, or TOUR 327

This research methods course introduces students to the design, implementation and analysis of single and mixed method research commonly used in the Humanities and Social Sciences with a particular emphasis on cross- and multi-disciplinary research projects. In particular, the course is designed to prepare students for upper-level undergraduate research as is required in the Liberal Studies Tutorials and Graduating Projects. In addition to developing their own research skills, students will cultivate a working understanding as to how research is conducted and analyzed in order for them to be able to think critically about and evaluate research and statistical claims made by sources such as the media, advertisers, business interests and politicians.

*Note:* PHIL 120 is recommended as a prerequisite or corequisite. This is an approved Quantitative/Analytical course for baccalaureate degrees.

*Note:* This course is equivalent to LSBA 330. Duplicate credit will not be granted for this course and LSBA 330.

**LBST 335      Grand Challenges - An Interdisciplinary Approach**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including one of the following research methods courses: ABA 312, CMNS 260, 262, DSGN 325, 326, EDUC 373, 473, LAW 210, LBST 200, 201, 330, PSYC 213 or TOUR 327

Teams of scientists, researchers, and innovators across the disciplines and various sectors are working together to solve the twenty-first century's grand challenges. Whether tackling declining biodiversity or building sustainable cities, the solutions to these problems require teams of specialists across multiple fields of expertise working together. Taking a localized approach to grand challenges, this project-based course will explore and propose solutions to topical regional issues - i.e. affordable housing, green transportation, food security, and resource development - from an interdisciplinary perspective.

**LBST 390      Tutorial I**

**1.00 credit      (0,0,1.2) hrs      15 wks**

*Prerequisite:* 60 credits of 100-level or higher coursework

Specific course details will be arranged between individual students and their faculty advisors. Tutorials will normally culminate in 2000-3000 words worth of work. While completing their three tutorials, students cannot work with the same tutorial advisor more than once, and no more than two tutorials can be supervised by faculty in the same school. There are three schools in the Faculty of Arts and Sciences: Humanities, Science, Technology, Engineering & Mathematics (STEM), and Social Sciences. With the permission of the Liberal Studies degree coordinator, a student may work with an instructor from outside Arts and Sciences. See the Bachelor of Arts with a major in Liberal Studies website for more information on the registration process.

*Note:* This course is equivalent to LSBA 390. Duplicate credit will not be granted for this course and LSBA 390.

**LBST 391      Tutorial II**

**1.00 credit      (0,0,1.2) hrs      15 wks**

*Prerequisite:* LBST/LSBA 390

Specific course details will be arranged between individual students and their faculty advisors. Tutorials will normally culminate in 2000-3000 words worth of work. While completing their three tutorials, students cannot work with the same tutorial advisor more than once, and no more than two tutorials can be supervised by faculty in the same school. There are three schools in the Faculty of Arts and Sciences: Humanities, Science, Technology, Engineering & Mathematics (STEM), and Social Sciences. With the permission of the Liberal Studies degree coordinator, a student may work with an instructor from outside Arts and Sciences. See the Bachelor of Arts with a major in Liberal Studies website for more information on the registration process.

*Note:* This course is equivalent to LSBA 391. Duplicate credit will not be granted for this course and LSBA 391.

**LBST 392      Tutorial III**  
**1.00 credit      (0,0,1.2) hrs      15 wks**

*Prerequisite:* LBST/LSBA 391

Specific course details will be arranged between individual students and their faculty advisors. Tutorials will normally culminate in 2000-3000 words worth of work. While completing their three tutorials, students cannot work with the same tutorial advisor more than once, and no more than two tutorials can be supervised by faculty in the same school. There are three schools in the Faculty of Arts and Sciences: Humanities, Science, Technology, Engineering & Mathematics (STEM), and Social Sciences. With the permission of the Liberal Studies degree coordinator, a student may work with an instructor from outside Arts and Sciences. See the Bachelor of Arts with a major in Liberal Studies website for more information on the registration process.

*Note:* This course is equivalent to LSBA 392. Duplicate credit will not be granted for this course and LSBA 392.

**LBST 400      Case Studies in Arts & Sciences**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including one of the following research methods courses: ABA 312, CMNS 260, 262, DSGN 325, EDUC 373, 473, LAW 210, LBST 200, 201, 330, MT 462, PSYC 213, or TOUR 327

This course explores topics from an interdisciplinary perspective. Drawing on the disciplines traditionally housed in the Arts and Sciences, individual offerings of the course engage in a sustained examination of a range of historical, theoretical and current issues relevant to the selected topic. The course topic will typically correspond with the Liberal Studies term theme - e.g. sustainability, memory, and revolution.

**LBST 401      Case Studies in Contemporary Issues**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including one of the following research methods courses: ABA 312, CMNS 260, 262, DSGN 325, EDUC 373, 473, LAW 210, LBST 200, 201, 330, MT 462, PSYC 213, or TOUR 327

This course explores contemporary issues from an interdisciplinary perspective. Drawing upon the arts, sciences, and related fields of study, individual offerings of the course will engage in a sustained examination of a range of historical, theoretical and current issues relevant to the selected topic and/or the current Liberal Studies term theme - e.g. sustainability, memory, and revolution.

**LBST 490      Graduating Project**  
**3.00 credits      (0,0,4) hrs      15 wks**

*Prerequisite:* LBST/LSBA 330, LBST/LSBA 392, and 105 credits

Over the course of one term, students will work with a faculty member with the relevant subject area expertise to guide them in the development of a research-based project or approved creative equivalent. This 4500-6000 word project, or approved equivalent, will evolve from a synthesis of the topics and questions explored in their three Liberal Studies Tutorials. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

*Note:* This course is equivalent to LSBA 490. Duplicate credit will not be granted for this course and LSBA 490.

**LBST 495      Extended Graduating Project - Part 1**  
**3.00 credits      (0,0,4) hrs      15 wks**

*Prerequisite:* LBST/LSBA 330, LBST/LSBA 392, and 90 credits

This is part one of the two-term Liberal Studies Extended Graduating Project. Over the course of two terms, students will work with a faculty member with the relevant subject area expertise to guide them in the development of a research-based project. This 9000-12,000 word project, or approved equivalent, will evolve from a synthesis the topics and questions explored in their three Liberal Studies Tutorials. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

*Note:* This course is equivalent to LSBA 495. Duplicate credit will not be granted for this course and LSBA 495.

**LBST 496      Extended Graduating Project - Part 2**

**3.00 credits      (0,0,4) hrs      15 wks**

*Prerequisite:* LBST/LSBA 495

This is part two of the two-term Liberal Studies Extended Graduating Project. Over the course of two terms, students will work with a faculty member with the relevant subject area expertise to guide them in the development of a research-based project. Students must complete Part 1 and Part 2 in order to receive credit for the Liberal Studies Extended Graduating Project. This 9000-12,000 word project, or approved equivalent, will evolve from the topics and questions explored in their three Liberal Studies Tutorials. Specific course details will be arranged between individual students and faculty members. Registration is by permission of the instructor and the Liberal Studies degree coordinator.

*Note:* This course is equivalent to LSBA 496. Duplicate credit will not be granted for this course and LSBA 496.

## Lighting Digital & Film

---

**ELDF 100      Fundamental Lighting for Digital Imaging and Film**

**3.00 credits      (7.5,0,15) hrs      04 wks**

This course will provide training in the tools, techniques and procedures suitable to an entry-level position in the lighting department of the mainstream and independent film production industries. The course of instruction will place a special emphasis on the new techniques developed for digital imaging for film and television.

## Linguistics

---

**LING 100      Introduction to General Linguistics: Language Structure**

**3.00 credits      (4,0,0) hrs      15 wks**

Linguistics is the study of human language and ultimately the human mind. Linguistics 100 is designed to introduce the field of linguistics and the principles that are involved in the description and analysis of language. Students will develop an understanding of the core areas of linguistics - morphology (the study of words and their internal structure), phonetics (the description of how sounds are produced), phonology (the study of sound systems), and syntax (the study of phrases and sentences) - by looking at data from various languages around the world. Special attention will be given to the language backgrounds represented by students in the class, so that we can appreciate both the diversity of language and the principles that are shared by all languages.

**LING 101      Introduction to General Linguistics: Language Use**

**3.00 credits (4,0,0) hrs 15 wks**

This course explores the relationship of language to other systems - social, biological and cognitive. It explores the relationship between language and social systems (socio-linguistics), language change (historical linguistics), first and second language acquisition, language meaning and use (semantics and pragmatics), language typology and the nature of writing systems.

**LING 102 Introduction to Practical Phonetics**

**3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to articulatory phonetics, a method of describing speech sounds on the basis of how they are produced or articulated. While there will be weekly assigned readings, the focus of the course will be on the development of practical skills in the transcription of English speech sounds. In addition to the reading and transcription drills, the course will also focus on the sound systems of the second languages that members of the class are currently studying.

**LING 200 Introduction to Phonology**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* LING 102

This course is an introduction to phonology, the study of sound systems. It will focus on two topics, the description and analysis of phonological data and secondly how this analysis is formalized in order to capture generalizations about the sound systems of the languages of the world.

**LING 201 Introduction to Syntax**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* LING 100

This course is an introduction to the theory of syntactic analysis. It is framed within the Principles and Parameters theory of syntax. Students will learn how to represent a range of structures in tree diagrams and examine the kinds of predictions that these representations make.

**LING 202 Explorations in English Etymology**

**3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to the origin and structure of English words: the study of etymology. Through an analysis of English vocabulary we will learn about the history of the English language as well as learn how linguistic analysis works. Students will learn how to distinguish native words from borrowed words, and with borrowed words, learn to recognize the Latin, Greek and French origins of English words.

*Note:* LING 100 and 102 are highly recommended

**LING 206 First Nations Languages of British Columbia**

**3.00 credits (4,0,0) hrs 15 wks**

This course explores the relationship of language to other systems and will focus on the First Nations Languages of B.C. In particular it will explore the relationship between language, culture and social systems within the Salish (Coastal and Interior) language family. An important aspect of the course is to gain an understanding of language and culture from a First Nations perspective. Language endangerment, language policy, and efforts to retain or revive languages will also be discussed.

*Note:* LING 100 and 102 are recommended as prerequisites but not required.

**LING 208 Indigenous Languages and Their Speakers**

**3.00 credits (4,0,0) hrs 15 wks**

This course explores the diversity of indigenous languages around the world in the context of language endangerment. We will ask "what is lost if a language disappears?" We will look at the rich cultural diversity and challenges of Aboriginal Australian, Native American, Pacific and Celtic languages through such topics

as language attitudes, language dominance, cross-cultural communications in the sharing of information, respect systems, pidgins and creoles, and human categorization systems.

*Note:* LING 100 and 102 are recommended as prerequisites but not required.

## Mathematics and Statistics

---

**MATH 097 Intermediate Algebra**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* Math Placement Test (MPT); or Pre-calculus 11 with a minimum C+ grade; or Pre-calculus 12 or BMTM 044 with a minimum C grade

This course is intended for students who need to improve their algebraic skills in order to prepare for a precalculus course or for a subject area where variables are used to represent unknown quantities. Topics covered include the real number system, exponents, radical expressions, polynomials and rational expressions; solving equations and application problems involving polynomials, rational expressions, and radical expressions; coordinate geometry, systems of equations; solving inequalities.

*Note:* This course replaces the courses MATH 091 and MATH 096.

**MATH 101 Introduction to Statistics**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* Math Placement Test (MPT); or MATH 097; or MATH 091 or BMTH 043 with a minimum C+ grade; or MATH 096 or BMTH 044 with a minimum C- grade; or MATH 123 or BMTH 048 or Pre-calculus 11 or Principles of Math 11 or Foundations of Math 11 or Applications of Math 11 with a minimum C grade

An introduction to the language of statistics and some statistical methods, including random variables and their distribution; random sampling, normal distribution, estimation of parameters and testing hypotheses.

*Note:* This course is equivalent to MATH 204. Duplicate credit will not be granted for this course and MATH 204.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 102      Statistical Methods**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* MATH 101 with a minimum C- grade

A study of important statistical methods commonly used in the analysis of research data, including t-tests and their non-parametric competitors, one and two-way analysis of variance, chi-square tests and regression analysis.

*Note:* MATH 102 will be offered in the Spring term when sufficient student demand is evident.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 105      Precalculus Mathematics - Modelling Our World**

**4.00 credits      (4,0,1.5) hrs              15 wks**

*Prerequisite:* Math Placement Test (MPT); or Pre-calculus 11 with a minimum A grade; or Pre-calculus 12 with a minimum C+ grade; or MATH 097 or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum B grade

This course is intended for students who anticipate taking calculus or who require a Pre-calculus 12 equivalent course. This is a functions course with a focus on mathematical modelling and practical applications. Topics include: graphs, properties of functions, inverse functions, polynomial, rational, trigonometry, logarithms and exponential functions.

*Note:* No duplicate credit for MATH 105/107.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 108      Calculus I for Business, Social Sciences and Life Sciences**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* Math Placement Test (MPT); or Pre-calculus 12 with a minimum B grade; or MATH 105 with a minimum C- grade; or BMTH 054 with a minimum C+ grade

This course is an introduction to the mathematics of change and explores concepts of differential calculus with an emphasis on applications to business, social sciences and life sciences using a technology-based modeling approach. Topics include limits, continuity, the derivative, rules of differentiation, implicit differentiation and applications of differentiation.

*Note:* No duplicate credit for MATH 108/116.

**MATH 109      Calculus II for Business, Social Sciences and Life Sciences**

**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* MATH 108 or 116 with a minimum C- grade

With an emphasis on applications to business, social sciences and life sciences, this course explores topics in single variable integral calculus, multivariable calculus and differential equations. Topics include the definite integral and applications, integration techniques, multivariable functions, partial derivatives, extrema, Lagrange multipliers, some techniques for solving differential equations.

*Note:* No duplicate credit for MATH 109/126.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 116      Calculus I - The Mathematics of Change****4.00 credits      (4,0,1.5) hrs      15 wks**

*Prerequisite:* Math Placement Test (MPT); or Pre-calculus 12 with a minimum A grade; or Pre-calculus 12 and Calculus 12 with a minimum B grade in each; or MATH 105 with a minimum C- grade; or BMTM 054 with a minimum B grade

This is a course in Differential Calculus which covers the topics of limits, continuity, the derivative, rules of differentiation, implicit differentiation, parametric curves, related rates, curve sketching, optimization, linear approximations, transcendental functions, indeterminate forms and anti-differentiation. Throughout the course a strong emphasis is placed on the geometric interpretation of the concepts of calculus.

*Note:* No duplicate credit for MATH 108/116.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 123      Contemporary Mathematics****3.00 credits      (4,0,0) hrs      15 wks**

This course introduces mathematical and statistical ideas to students interested in improving critical thinking and quantitative skills. With a focus on problem solving, students will explore the beauty and the utility of mathematics while investigating such topics as cultural approaches to mathematics, percentages, interest rates, probability and statistics. As time permits, further topics such as geometry, math in art and music, and recreational mathematics will be explored.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 124      Discrete Mathematics I****3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* MATH 116 with a minimum C- grade; or MATH 105 with a minimum B grade; or Principles of Math 12 or Pre-calculus 12 with a minimum B grade; or BMTM 054 with a minimum A grade; or Math Placement Test (MPT)

A survey of fundamental topics in discrete mathematics including: mathematical proofs using direct arguments, indirect arguments, and induction; the algebra of sets; combinatorics; functions and relations; and graph theory. This course stresses the special role of discrete mathematics in Computing Science.

*Note:* MATH 124 to be offered in the fall or spring term when sufficient student demand is evident.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 126      Calculus II****3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* MATH 116 with a minimum C- grade

A study of the anti-derivative, the integral, techniques of integration, applications of the integral, differential equations, sequences, infinite series and Taylor's Theorem. Continued emphasis on the geometric interpretation of the concepts of calculus.

*Note:* No duplicate credit for MATH 109/126.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 152      Linear Algebra and Differential Equations****4.00 credits      (4.5,0,1) hrs      15 wks**

*Prerequisite:* MATH 126 is a prerequisite or a co-requisite

An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, diagonalization. The theory will be applied to first order linear differential equations, first order linear systems and engineering topics.

*Note:* This course is intended for students in the Engineering Program. This is an approved Quantitative/Analytical course for baccalaureate degrees.

*Note:* No duplicate credit for MATH 152/200.

**MATH 190 Mathematics for Elementary Teachers****4.00 credits (4,0,1.5) hrs 15 wks**

*Prerequisite:* Math Placement Test (MPT); or MATH 097; or MATH 091 or BMTH 043 with a minimum B grade; or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum C+ grade; or MATH 123 or BMTH 048 or Pre-calculus 11 or Principles of Math 11 or Foundations of Math 11 or Applications of Math 11 with a minimum C grade

A study of selected topics in mathematics designed to give future elementary teachers an appreciation of the power, beauty and importance of mathematics. Topics studied include problem solving, number systems, geometry and statistics. This course does not normally count for credit in science programs. It is intended for students who plan on entering an education program for elementary school teachers.

*Note:* Students who have taken, received transfer credit for, or are currently taking MATH 108 or MATH 116 may not take MATH 190 for credit without the permission of the Department of Mathematics and Statistics. This is an approved Quantitative/Analytical course for baccalaureate degrees.

*Note:* This course requires preparation for, and participation in, a SNAP Math Fair to be held at the University outside of regularly scheduled class time. Attendance at the Math Fair is mandatory.

**MATH 200 Linear Algebra****3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* MATH 126

An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, orthogonality and diagonalization. Theorems and proofs are an important component of the course.

*Note:* No duplicate credit for MATH 152/200.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 204 Probability and Statistics for Applications****3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* MATH 108 or 116 with a minimum C- grade

An introduction to inferential statistical methods. Confidence intervals, t-tests, chi-square tests, correlation and regression. The emphasis will be on problem formulation, models, assumptions and interpretation. Regularly scheduled labs will introduce course participants to appropriate supporting statistical software.

*Note:* No duplicate credit for MATH 101/204. This is an approved Quantitative/Analytical course for baccalaureate degrees.

*Note:* MATH 204 to be offered in the fall or spring term when sufficient student demand is evident.

**MATH 205 Introduction to Probability and Statistics****3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* MATH 126 with a minimum C- grade

A calculus-based study of probability, discrete and continuous random variables, mathematical expectation, moment generating functions, Central Limit Theorem, sampling from normal populations, confidence intervals, hypothesis testing.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 215 Introduction to Analysis****3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* MATH 126 with a minimum C+ grade

A course for students who plan to proceed in mathematics. Logic, sets, functions, limits of sequences and series; introduction to continuity, the derivative, Riemann Integral.

*Note:* MATH 215 to be offered in the fall or spring term when sufficient student demand is evident.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 224      Discrete Mathematics II**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MATH 124 with a minimum C- grade

A continuation of the study of discrete mathematics from MATH 124. The emphasis is on combinatorial analysis, including generating functions, set theory and graph theory, with applications to Computing Science including representations, algorithms, and complexity.

Note: MATH 224 to be offered in the fall or spring term when sufficient student demand is evident.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 230      Calculus III**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MATH 126 with a minimum C- grade

Analytical geometry of three dimensions; partial differentiation, applications; double and triple integrals; transformations to various coordinate systems.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 231      Calculus IV**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MATH 230 and MATH 152 or 200 with a minimum C- grade

Vector calculus; line and surface integrals; Green's Theorem; vector fields; divergence theorem; Stokes's Theorem; applications.

Note: MATH 231 to be offered in the spring term when sufficient student demand is evident.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 235      Introduction to Differential Equations**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MATH 126 with a minimum C- grade and MATH 152 or MATH 200 with a minimum C- grade

An introduction to ordinary differential equations; first order equations; higher order linear differential equations; linear systems; power series techniques; Laplace transform method; the phase plane, applications.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 300      Mathematics and Creative Arts**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Mathematics has been used as a tool and as inspiration in the creation of works of music, literature and visual art and can be used in the analysis of these works. Through presentation of the math and examination of case studies, this course uncovers the math both in the forefront and behind the art. Mathematical proofs will also be developed that portray mathematics as a creative art in its own right.

Note: MATH 300 to be offered in the fall or spring term when sufficient student demand is evident.

Note: This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MATH 335      Discovering Mathematics**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course is an introduction to the beauty and power of mathematics. Using basic strategies of thought and investigation, the student will explore some interesting and sophisticated ideas in mathematics, including those of numbers, infinity, geometry and fractals.

Note: MATH 335 to be offered in the fall or spring term when sufficient student demand is evident.

## Medical Assistant

---

### **MOA 103      Medical Transcription**

**3.00 credits    (4,2,0) hrs      15 wks**

*Prerequisite:* MOA 111, 119 and 112 as a prerequisite or co-requisite

Students will gain experience in transcribing medical material. They will continue to work on their keyboarding ability using general and medical documents.

### **MOA 105      Medical Administrative Procedures**

**1.50 credits    (2,0,0) hrs      15 wks**

Students will learn office procedures specific to the medical office including time management, medical ethics, appointments, patient record, filing and reception skills.

### **MOA 107      Clinical Procedures**

**1.50 credits    (2,1,0) hrs      15 wks**

Students will learn about clinical procedures pertinent to the doctor's office and the hospital setting. Students will learn how to use and maintain medical office equipment. There is a mandatory lab component.

### **MOA 109      Anatomy, Physiology, and Pathology I**

**3.00 credits    (4,0,0) hrs      15 wks**

A study of structure, function and interrelationships of the systems of the body. Common medical disorders, operative procedures and diagnostic tests will be studied in conjunction with the systems.

### **MOA 110      Anatomy, Physiology and Pathology II**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* MOA 109

A continuation of MOA 109.

### **MOA 111      Medical Terminology I**

**3.00 credits    (4,0,0) hrs      15 wks**

Introduction to Greek and Latin prefixes, suffixes, roots, and combining forms common to medical terminology. Students will acquire the necessary skills to define, pronounce and correctly spell medical terms.

### **MOA 112      Medical Terminology II**

**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* MOA 111

Continuation and reinforcement of terminology in MOA 111.

### **MOA 115      Directed Work Experience**

**1.50 credits    (2,0,3.6) hrs      15 wks**

Following successful completion of the second term, a hospital practicum will be arranged for the student. Before the work placement, the student will be required to attend career preparation lectures, which will include practice sessions for the employment interview.

*Note:* St. John's First Aid Enhanced or Industry Certificate (16 hours).

**MOA 119      Software Applications****3.00 credits      (3,1.5,0) hrs      15 wks**

Students will use Microsoft Word and PowerPoint to create, edit, save, and print documents. The students will produce practical applications for the medical office and/or hospital environment. Students will work on increasing their keyboarding ability (with a goal of 60-65 wpm).

*Note:* This course is equivalent to MOA 118. Duplicate credit will not be granted for MOA 118.

**MOA 122      Computerized Medical Billing****3.00 credits      (4,2,0) hrs      15 wks**

*Prerequisite:* MOA 105 and 119

Students will learn the theory of billing for medical services to MSP, WCB, ICBC and other insurers. They will acquire skills using a computer to accumulate patient demographic data, set up appointments, process claims for submission to MSP, process remittance reports and accounts receivable.

**MOA 152      Organizational Behaviour****3.00 credits      (4,0,0) hrs      15 wks**

This course will provide students with an understanding of interpersonal communication techniques that can positively influence performance on the job. This course will also identify the positive administrative and supervisory skills that program graduates will need as they wish to assume additional career responsibility in the future.

## Medical Office Asst Online

---

**MOAO 100      Medical Terminology I****0.75 credits      (0,1.6,2.5) hrs      06 wks**

*Prerequisite:* ABTO 100 is a prerequisite or a co-requisite

Students will complete an introductory study of the construction of medical terms including root words, suffixes and prefixes relating to the various body systems.

**MOAO 101      Medical Terminology II and Related Anatomy and Physiology****3.00 credits      (0,2,4) hrs      15 wks**

*Prerequisite:* ABTO 100 and MOAO 100 are prerequisites or co-requisites

This course is a continuation of Medical Terminology I and will introduce anatomy and physiology related to the main systems of the body.

**MOAO 102      Medical Terminology III Pharmacology and Specialties****0.75 credits      (0,0,2.5) hrs      06 wks**

*Prerequisite:* ABTO 100, MOAO 100 and 101 are pre or co-requisites

In Medical Terminology III, students complete a study of the construction of medical terms including root words, suffixes, and prefixes relating to pharmacology and the specialties of oncology, radiology and nuclear medicine and psychiatry.

**MOAO 120      Medical Transcription****3.00 credits      (0,0,4) hrs      15 wks**

*Prerequisite:* ABTO 100, 120, MOAO 100 and 101 are prerequisites or co-requisites

This introductory course will familiarize students with transcribing from oral dictation. Students will acquire knowledge of the content and formats of medical reports typically dictated in clinics and hospitals.

**MOAO 130 Medical Administrative Procedures****3.00 credits (0,0,4) hrs 15 wks***Prerequisite:* ABTO 100 is a prerequisite or co-requisite

Students will be introduced to the administrative duties and procedures required in a medical office/hospital setting. Topics covered will include reception skills, appointment scheduling, telephone techniques, interpersonal skills, stress management, inventory control, mail processing, and filing and records management procedures. Medical law and ethics are an integral part of the course.

**MOAO 131 Clinical Procedures and Practice****3.00 credits (0,0,5) hrs 12 wks***Prerequisite:* ABTO 100 and 120 are pre or co-requisites

This course is designed to enable the Medical Office Assistant to perform basic clinical procedures including the use and management of medical equipment. The student will learn to perform basic laboratory tests and assist the physician with specific examinations and procedures. Emphasis is placed on the role of the medical assistant as a link between the doctor and external medical testing and treatment facilities.

**MOAO 140 Medical Billing - Manual****1.50 credits (0,0,5) hrs 06 wks***Prerequisite:* ABTO 100 is a prerequisite or corequisite

This course will teach the theory for billing of medical services to MSP, ICBC, WCB and other private insurers.

**MOAO 141 Medical Billing - Computerized****1.50 credits (0,0,5) hrs 06 wks***Prerequisite:* ABTO 100 and MOAO 140 are pre or co-requisites

This course will introduce the student to automated medical billing software and procedures for the province of British Columbia.

## Motion Picture Arts

---

**MOPA 100 Technical Directing****3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to the role and responsibilities of the director and the director's team. Context and examples are supported through short films and an introduction to cinematic language. Guest speakers and mandatory workshops, in addition to weekly classes, support classroom work.

*Note:* MOPA 100 is equivalent to IDF 142. Duplicate credit will not be granted for this course and IDF 142.

**MOPA 102 Cinematography Foundation****3.00 credits (4,0,0) hrs 15 wks**

This course is designed to familiarize students with the operational theory and practical application of the basic camera, lighting, and grip procedures of film and video production.

**MOPA 103 Production Design I****1.50 credits (4,0,0) hrs 08 wks***Prerequisite:* 15 credits of 100-level MOPA

This course is designed to familiarize the students with the processes involved in the design, planning, and construction of dramatic motion picture sets.

Note: MOPA 103 is equivalent to IDF 103. Duplicate credit will not be granted for this course and IDF 103.

**MOPA 104 Introduction to Producing**  
**3.00 credits (4,0,0) hrs 15 wks**

This course introduces students to the business practices, economic realities, and decision-making processes employed in the motion picture industry.

Note: MOPA 104 is equivalent to IDF 128. Duplicate credit will not be granted for this course and IDF 128.

**MOPA 106 Screenwriting I**  
**3.00 credits (4,0,0) hrs 15 wks**

This course presents the fundamentals of the three-act story structure and the screenplay, including the development process from concept to completion, the internal and external structure, and the concepts of story and character arc. Analysis of scripts and short films develops students' skills to recognize the mechanics of story as they apply to narrative conventions. Short scripts developed in this course will be produced in the fall and spring projects.

**MOPA 108 Introduction to Post-Production**  
**3.00 credits (4,0,0) hrs 15 wks**

This course is designed to introduce students to current digital video and film post-production processes and techniques. It features an analysis of each phase of creative post-production to enhance the students' understanding of post-production work flow.

**MOPA 110 MOPA Project #1**  
**2.00 credits (0,2,4) hrs 04 wks**

*Prerequisite:* 15 credits of 100-level MOPA

The first major supervised project includes development, pre-production, production, and post-production. Mentorship and supervision focus on professionalism and technical competency.

**MOPA 115 Professional Development I**  
**1.50 credits (4,0,0) hrs 08 wks**

*Prerequisite:* 15 credits of 100-level MOPA

This course is designed to introduce students to communication, protocol, and entry-level job skills to begin a career in the motion picture industry. Through weekly guest lectures and classes, students are introduced to film industry professionals working in a variety of film crafts. Practical assignments are practical opportunities for students to develop networking skills in the film community for the purposes of employment. Through an applied focus, this course provides students with an understanding of the set etiquette, crew protocol, problem solving, and communication techniques required in the film and television industry.

**MOPA 118 Production and Post-Production**  
**3.00 credits (12,0,0) hrs 06 wks**

*Prerequisite:* 15 credits of 100-level MOPA

This course builds upon and reinforces the knowledge and skills acquired in Technical Directing, Cinematography Foundation and Post-Production in the first semester. The classroom becomes a production office, set, and post-production house, so that students can apply industry standard procedures and protocols for running a successful production from the distribution of a script through delivery. Students collaborate in groups under the direct supervision of instructors to make a two-minute film that follows professional standards and practices; instruction will emphasize the following: scheduling, location scouting, technical surveys, production meetings, blocking, lighting, rehearsing, shooting, post-production workflow, post-production supervision, and production management.

**MOPA 120 MOPA Project #2**

**2.00 credits (0,2,4) hrs 05 wks**

*Prerequisite:* 15 credits of 100-level MOPA

The second major supervised project includes development, prep, production, and post-production. Students shoot off campus for the first time. Mentorship and supervision focus on professionalism and technical competency.

**MOPA 201 The Director's Craft  
3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 25 credits of 100-level MOPA

This course is designed to explore the director's role in the professional world of film and television production. Special emphasis is placed on technical direction as well as the working relationship with actors, cinematographers, and production designers.

**MOPA 202 History of Cinema I  
3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 17.5 credits of 200-level MOPA

This course is designed to explore the historical significance of the American and Canadian cinema's creative and technical processes, including the historical precedents that contributed to the evolutionary process of film production from the silent era to the present day. This includes spotlighting a variety of distinctive filmmakers and their individual production methodologies and how their contributions reflect the historical, social, and political contexts that came to define the cinematic culture.

**MOPA 206 Screenwriting II  
3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 25 credits of 100-level MOPA

In this course, students explore the development of narrative ideas, the practical and creative aspects of writing the screenplay, the ability to give and receive criticism, and the ability to articulate an individual artistic identity.

**MOPA 207 Technical Motion Picture Arts  
5.00 credits (4,4,0) hrs 15 wks**

*Prerequisite:* 25 credits of 100-level MOPA

This mentored interdisciplinary course allows students to practice the application of key technical and creative crafts. Mentored workshops allow students to integrate and apply technical skills into workflow. Prep, production and post-production are determined by students but are closely supervised by faculty. Students are evaluated on individual professionalism, technical competency, and control over aesthetics and content.

*Note:* MOPA 207 is equivalent to IDF 207. Duplicate credit will not be granted for this course and IDF 207.

**MOPA 209 Advanced Digital Editing  
3.00 credits (2,2,0) hrs 15 wks**

*Prerequisite:* 25 credits of 100-level MOPA

This course builds upon and reinforces the foundation of editing skills and knowledge acquired in the first year of the Bachelor of Motion Picture Arts program.

*Note:* MOPA 209 is equivalent to IDF 209. Duplicate credit will not be granted for this course and IDF 209.

**MOPA 210 MOPA Project #3  
6.00 credits (8,0,0) hrs 15 wks**

*Prerequisite:* 17 credits of 200-level MOPA

The emphasis on the projects in second year reflects industry standards, in terms of protocol and workflow during pre-production, production, post-production, and distribution. Students are expected to apply industry protocol fluently in the following disciplines: writing, directing, producing, production management, location management, editing, cinematography, sound mixing, publicity, and sound design. Several student narrative and documentary projects will be selected by a faculty panel to be produced and delivered by students. Adherence to story structure and comprehensible visual narrative conventions are expected. Students are expected to work collaboratively, effectively, and to a disciplined deadline. Students will be evaluated on individual professionalism, technical competency, and control over aesthetics and content.

**MOPA 211      American Cinema**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 15 credits of 100-level or higher coursework

This course is designed to familiarize the students with the historical significance of the cinema's creative and technical processes and their relevance to contemporary film production. The emphasis will be placed on the Hollywood cinema and its filmmakers' contributions to narrative cinema.

**MOPA 213      Production Design II**  
**1.00 credit      (4,0,0) hrs              05 wks**

*Prerequisite:* 17 credits of 200-level MOPA

This course explores the implementation of visual design and production design on film/tv projects. A project entailing application of production design to year 2 student film projects is required.

*Note:* MOPA 213 is equivalent to IDF 213. Duplicate credit will not be granted for this course and IDF 213.

**MOPA 217      Sound Design for Film and Video**  
**1.50 credits      (4,0,0) hrs              08 wks**

*Prerequisite:* 17 credits of 200-level MOPA

This course is designed to build upon the foundation of sound editing and sound recording knowledge acquired in the first year and first semester of the second year of the program. The purpose of this course is to teach the foundation of the principles of sound aesthetics, creating sound, and applying them to the sound edit of a film or video.

**MOPA 220      Line Producing and Production Management**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 25 credits of 100-level MOPA

This course develops the processes employed in the motion picture industry involved in budgeting, scheduling, and contracts, as well as introduces the appropriate industry software.

*Note:* MOPA 220 is equivalent to IDF 208. Duplicate credit will not be granted for this course and IDF 208.

**MOPA 302      World Cinema**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Students explore world film culture through a broad spectrum of countries and regions, reflecting on their unique contributions to the world's film culture. This includes a focus on distinctive artists within the international film community and an exploration of the context in which various historical, political, religious, philosophical, and cultural forces shaped their distinctive contributions to their own film culture, as well as their subsequent influence on Western film culture, which in turn allows an understanding and perspective of global film culture.

**MOPA 304      Screenwriting III**  
**3.00 credits      (4,0,0) hrs              15 wks**

*Prerequisite:* 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

In this course, students explore and develop techniques of visual storytelling, narrative judgment, and personal voice. Students will learn to clearly and effectively articulate their story ideas through oral and written pitches for industry professionals. Short scripts developed in this course will be considered for production in the fall and spring projects.

**MOPA 305      Cinematography**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course provides practical opportunities for students to explore and develop fluency, aesthetic judgment and cinematic voice. Students are expected to integrate content with visual language in order to acquire a range of cinematic technical skills and applications to realize a story visually.

**MOPA 306      Directing**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

Students will be provided with practical opportunities to explore and develop techniques of visual storytelling, narrative interpretation, and personal voice. This will include the application of techniques of working with actors to direct and realize an effective screen performance.

**MOPA 310      MOPA Project #4**  
**6.00 credits      (8,0,0) hrs      15 wks**

*Prerequisite:* 15 credits of 300-level MOPA

Students are creatively involved in a minimum of three short projects. Students are required to take on two key creative leadership roles related to their concentration: one of producer, writer or director, and one of either cinematographer or editor. Students are evaluated individually on their professionalism, technical competency, aesthetics and content.

**MOPA 312      Canadian Cinema**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course is designed to explore the historical significance of the Canadian film industry and its relevance to contemporary film production and the global film community.

**MOPA 313      Production Design III**  
**1.00 credit      (4,0,0) hrs      05 wks**

*Prerequisite:* 15 credits of 300-level MOPA

This course explores the expansive possibilities of employing production design to shape a film/tv viewer experience, including the production design ingredients of a coherent 'World Building' effort, as well as the implementation of effective production design in student filmmaking projects.

**MOPA 319      The Independent Producer**  
**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course includes an advanced study of market analysis and distribution, as well as entrepreneurship, in particular with regard to the development of the student projects.

**MOPA 325      Advanced Work Flow I**  
**2.50 credits      (4,0,0) hrs      13 wks**

*Prerequisite:* 28.5 MOPA or 27 IDF credits of 200-level or higher coursework

This course will teach advanced editing work flows in conjunction with Sound Design, Colour Correction and Visual Effects. Students will learn to use advanced industry-standard software for Editing, Sound Design, Colour Correction and Motion Graphics. Classroom lectures and discussion will encourage analysis of more complex Post Production Work flows and how they incorporate other Departments, including application to student spring projects.

**MOPA 409      Visual Theory and Practice**  
**6.00 credits    (8,0,0) hrs          15 wks**

*Prerequisite:* 27.5 credits of 300-level MOPA

This is an integrated seminar and project-based course. This course explores visual, cultural theory and gives students an overview the evolution of language, critical theory, and ideas. Each week students lead a seminar based on a reading. The presentation concepts are integrated with practical assignments and a research paper. The intention of this course is to integrate students' understanding of ideas with their interest in themes and their emerging voices as filmmakers. Originality, authenticity, and individual voice will be encouraged in both the short projects and the research papers.

**MOPA 410      MOPA Project #5**  
**6.00 credits    (8,0,0) hrs          15 wks**

*Prerequisite:* 8.5 credits of 400-level MOPA

Although there is faculty supervision on all projects, students are expected to develop, and produce work independently. Students produce a short film, presentation piece or "teaser" in support of their development projects. Depending on the nature of the project, students may work independently or collaboratively with a creative team.

**MOPA 416      Professional Practice**  
**1.00 credit     (4,0,0) hrs          05 wks**

*Prerequisite:* 27.5 credits of 300-level MOPA

This course provides context and guidance for students in terms of their professional development, including their placement in MOPA 430 Practicum and their contribution to the MOPA 410 Project #5, by mastering and applying their personal and professional skills to develop a critical path into industry.

**MOPA 425      Advanced Work Flow II**  
**1.50 credits    (4,0,0) hrs          08 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course focuses on the preparation and development of the spring semester project (MOPA 410 Project #5) in relation to 'Concept, Communication, Creativity and Context'. Students will prepare the creative elements of a script development submission package for the spring project, which will include a consideration of their project in the context of social responsibility, community awareness, and audience impact.

**MOPA 426      Advanced Work Flow III**  
**1.50 credits    (4,0,0) hrs          08 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Students will have the opportunity to expand and explore their filmmaking skills in an interdisciplinary environment through intensive, practical experience. Students will choose from three options: 1) Technical project or 2) Performance project or 3) Creative project. All three options extend the development of specific filmmaking skills as defined by but not limited to the primary disciplines of Directing, Screenwriting, Producing, Editing and Cinematography, as well as interdisciplinary skills as found in Costuming, VFX, 2D and 3D Animation, and Acting. The projects offered in any given semester will be based on student demand.

**MOPA 430      Practicum**  
**2.00 credits    (0,0,35) hrs          02 wks**

*Prerequisite:* 27.5 credits of 300-level MOPA

All students are required to do a practicum in their fourth year. Practicum students are required to meet with a faculty supervisor for consultation. The consultation is intended to determine an appropriate placement, the terms of placement, and to establish the evaluation criteria. Students are required to write a detailed summary of their practicum and will receive written evaluation from their practicum host and faculty supervisor at the end of the practicum.

## Music

---

**MUS 100      Theory I**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* Grade 2 Royal Conservatory Rudimentary Theory or equivalent

*Corequisite:* MUS 112

This course is designed to provide the student with an understanding of the basic principles of musical organization and harmonic practice in tonal music of the common-practice era.

**MUS 101      Theory II**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MUS 100

*Corequisite:* MUS 113

This course is a continuation of MUS 100 and is intended to provide a more in-depth study of musical organization and harmonic practice in tonal music of the common-practice era.

**MUS 108      Music Appreciation**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* Eligibility to register for English 100. See English Diagnostic Test in the Registration section of the University Calendar.

This is a music appreciation course for students who are curious about classical music and would like to learn more about how to listen to it. No previous musical knowledge is necessary. The "tools" of how music is put together will be introduced and discussed through listening to a wide variety of pieces from the medieval period, the Renaissance, the Baroque, the Classic and Romantic periods, and the twentieth century. Students will discover how various composers use elements of style and form to create music that expresses their individual voice as well as the culture in which they live. Emphasis will be placed on the cultural and historical context of each piece.

**MUS 109      Music Theory for Non-Music Majors**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course encompasses a comprehensive overview of the rudiments of music and provides an understanding of how those elements are combined to create the various styles and genres of Western art music from Medieval times to the 20th Century. Previous experience reading music is an asset to this course but not essential.

*Note:* This course may be taken by music majors but will not fulfill credit requirements for the Music Diploma.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**MUS 112      Ear Training and Sight Singing I**  
**1.50 credits    (3,0,0) hrs            15 wks**

*Corequisite:* MUS 100

This course develops sight-reading skills and aural perception of tonality, with specific reference to seventeenth and eighteenth-century repertoire, in support of MUS 100 and 120.

**MUS 113 Ear Training and Sight Singing II**

**1.50 credits (3,0,0) hrs 15 wks**

*Prerequisite:* MUS 112

*Corequisite:* MUS 101

This course develops sight-reading skills and aural perception of tonality, with specific reference to seventeenth and eighteenth-century repertoire, in support of MUS 100 and 120.

**MUS 114 Class Piano I**

**1.00 credit (2,2,0) hrs 15 wks**

This course is designed to equip musicians whose performance medium is not a keyboard instrument with basic keyboard skills so they may utilize the instrument as a resource tool.

**MUS 115 Class Piano II**

**1.00 credit (2,2,0) hrs 15 wks**

*Prerequisite:* MUS 114

This course is designed to refine and augment those skills and techniques learned in MUS 114 so as to further equip musicians whose performance medium is not a keyboard instrument.

**MUS 120 Music History I**

**3.00 credits (4,0,0) hrs 15 wks**

This course introduces musical concepts of organization, such as rhythm, pitch, structure, form and style, and applies knowledge of these concepts in analytical exercises. These concepts of musical structure are used to trace the development of Western music from ancient times to the end of the Classic Period. The course then examines representative music of the Medieval period with respect to style and form, examining the historical framework in which this music was composed, and providing the student with the necessary tools to express this knowledge.

**MUS 121 Music History II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* MUS 120

This course examines representative music from the Renaissance and Baroque periods with respect to style and form, examining the historical framework in which this music was composed, and providing the student with the necessary tools to express this knowledge.

**MUS 122 Lyric Diction I**

**1.00 credit (2,0,0) hrs 15 wks**

This course explores the application of the principles of lyric diction in Italian and German through the use of the International Phonetic Alphabet (IPA).

**MUS 123 Lyric Diction II**

**1.00 credit (2,0,0) hrs 15 wks**

This course explores the application of the principles of lyric diction in English and French through the use of the International Phonetic Alphabet (IPA).

**MUS 124 Musicianship Fundamentals I**

**2.00 credits (1.33,0,2.66) hrs 15 wks**

The goal of this course is to introduce Musical Theatre students to the preliminary rudiments of music and to provide them with knowledge of basic ear training, theory and sight singing skills.

*Note:* For Musical Theatre program students only.

**MUS 125          Musicianship Fundamentals II**  
**2.00 credits    (1.33,0,2.67) hrs    15 wks**

*Prerequisite:* MUS 124

The goal of this course is to work towards developing skills which allow the student to reproduce printed melody and rhythm through aural and vocal exercises and to develop piano skills to assist in repertoire preparation.

*Note:* For Musical Theatre program students only.

**MUS 200          Theory III**  
**3.00 credits    (3.5,1,0) hrs            15 wks**

*Prerequisite:* MUS 101 and MUS 113 with a minimum grade of C in both courses

*Corequisite:* MUS 212

This course develops a richer understanding of tonal harmony both in terms of its local relationships (chord-to-chord connections) and its longer-range behaviour over the course of a musical phrase, section or entire composition. The course is designed to link theoretical understanding to aural appreciation, and to enhance the students' enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students' performance studies.

**MUS 201          Theory IV**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MUS 200

*Corequisite:* MUS 213

This course helps students to continue to develop a richer understanding of tonal harmony and its role in generating and articulating musical forms. Emphasis will be placed upon recognizing the relationship between linear motion and tonal harmonic progression, particularly as found in nineteenth-century music. Like MUS 200, the course is designed to link theoretical understanding to aural appreciation, and to enhance the students' enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students' performance studies.

**MUS 210          Class Woodwinds I**  
**1.50 credits    (2,0,0) hrs            15 wks**

This course is a practical study of the woodwind family.

**MUS 211          Class Woodwinds II**  
**1.50 credits    (2,0,0) hrs            15 wks**

This course is a continuation of MUS 210.

**MUS 212          Ear Training and Sight Singing III**  
**1.50 credits    (3,0,0) hrs            15 wks**

*Prerequisite:* MUS 101 and MUS 113 with a minimum grade of C in both courses

*Corequisite:* MUS 200

This course develops sight-reading skills and aural perception of tonality, with specific reference to the eighteenth and nineteenth-century repertoire in support of MUS 200 and 220.

**MUS 213 Ear Training and Sight Singing IV**

**1.50 credits (3,0,0) hrs 15 wks**

*Prerequisite:* MUS 212

*Corequisite:* MUS 201

This course develops sight-reading skills and aural perception of tonality, with specific reference to later nineteenth-century repertoire, in support of MUS 201 and 221.

**MUS 214 Class Piano III**

**1.00 credit (2,2,0) hrs 15 wks**

*Prerequisite:* MUS 114 and 115

This course is designed to refine and augment those skills and techniques learned in MUS 115 so as to further equip musicians whose performance medium is not a keyboard instrument.

**MUS 215 Class Piano IV**

**1.00 credit (2,2,0) hrs 15 wks**

*Prerequisite:* MUS 114, 115 and 214

This course is designed to refine and augment those skills and techniques learned in MUS 214 so as to further equip musicians whose performance medium is not a keyboard instrument.

**MUS 218 Class Brass**

**1.50 credits (3,0,0) hrs 15 wks**

This course is a practical study of the brass family.

**MUS 219 Class Percussion**

**1.50 credits (3,0,0) hrs 15 wks**

This course is a practical study of the percussion family.

**MUS 220 Music History III**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ENGL 100, MUS 120 and MUS 121 is a prerequisite or co-requisite

This course provides students with a knowledge of the music of the classic and early romantic periods with respect to musical styles and form, and provides students with the necessary tools to express this knowledge.

**MUS 221 Music History IV**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* ENGL 100, MUS 120 and MUS 121 & 220 are prerequisites or co-requisites

This course provides students with a knowledge of the music of the late romantic and twentieth-centuries with respect to musical styles and form and provides students with the necessary tools to express this knowledge.

**MUS 361 Method Studies in Music Education: Orff Methodology**

**MUTH 317      Musical Theatre VI**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MUTH 316

To continue the exploration of Musical Theatre repertoire from MUTH 316, with an emphasis on advanced technique, harmonies and choreography. Students will add different styles of music to their expanding repertoire, and will continue to build upon their audition book. At the end of the term, students will showcase their solo repertoire and their ensemble choreography in a public setting in order to allow theatre professionals to view their work. This term end performance will form part of their final mark.

*Note:* For Musical Theatre program students only.

**MUTH 318      Ensemble Voice for Musical Theatre I**  
**2.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* MUTH 217

This course will further the development of general vocal skills and advanced musicianship. Students will review and improve upon their ensemble skills, sight reading and advanced harmony. In addition to the

ensemble study, students will work on musical expectations of an audition: sight reading of solo repertoire, and small ensemble (quartet/sextet).

*Note:* For Musical Theatre program students only.

**MUTH 319      Ensemble Voice for Musical Theatre II**  
**2.00 credits      (4,0,0) hrs                      15 wks**

*Prerequisite:* MUTH 318

This course is a continuation of 318 and will further the development of general vocal skills and advanced musicianship. In addition to the ensemble study, students will work in a studio setting to learn about recording the sung and spoken voice. Students will also get an opportunity to learn the ADR process, and expand their knowledge base in the voice recording industry.

*Note:* For Musical Theatre program students only.

**MUTH 370      Dance for Musical Theatre V**  
**3.00 credits      (4,0,2) hrs                      15 wks**

*Prerequisite:* MUTH 271

This advanced dance course will enable Musical Theatre students to continue the progress of their skill development to the advanced level. Students will be expected to recognize and execute advanced level dance skills in the areas of ballet, jazz and tap. Through weekly technique classes, students will be assessed for individual progress. An audition format will be introduced this year, which will prepare students for the dance auditions that each will encounter upon graduation from this program.

*Note:* For Musical Theatre program students only.

**MUTH 371      Dance for Musical Theatre VI**  
**3.00 credits      (4,0,2) hrs                      15 wks**

*Prerequisite:* MUTH 370 or THTR 376

This course is a continuation of 370, and will enable Musical Theatre students to further continue the progress of their skill development to the advanced level. Students will be expected to recognize and execute advanced level dance skills in the areas of ballet, jazz and tap. Through weekly technique classes, students will be assessed for individual progress. An audition format will be introduced this year, which will prepare students for the dance auditions that each will encounter upon graduation from this program. In this term, Ballet and freestyle auditions will be added to the Jazz and Tap auditions from last term.

**REC 115      Connecting Outdoor Recreation to the Natural World**

**4.00 credits    (5.5,0,0) hrs      15 wks**

*Prerequisite:* 15 credits of 100-level or higher coursework including REC 110

This course introduces students to the natural environment of British Columbia in the context of commercial outdoor recreation. Students interpret the physical landscape and weather systems of British Columbia in a manner appropriate to wilderness guiding or other commercial outdoor recreation settings. The course includes geology, hydrology, oceanography, glaciology, and atmospheric science with a focus on interpreting weather. This course includes a field studies experience.

**REC 149      Computer Applications for Outdoor Recreation and Tourism**

**3.00 credits    (4,0,0) hrs      15 wks**

This course provides the student with hands-on experience in using computer technology to manage text documents, electronic presentations and spreadsheets.

**REC 151      The Outdoor Recreation Environment**

**3.00 credits    (3,1.5,1) hrs      15 wks**

Students will develop skills in the interpretation of weather and climate and their impact on outdoor recreation activities. Mountain and marine weather and personal forecasting will be examined using field work.

**REC 152      Environmental Stewardship I**

**3.00 credits    (3,3,1) hrs      15 wks**

An examination of the role of the outdoor recreation professional in environmental stewardship. Topics include: conservation issues, environmental ethics, policy and planning and sustainability.

**REC 156      Natural History for Outdoor Leaders**

**3.00 credits    (3,3,1) hrs      15 wks**

Students will develop the skills to interpret the natural environment in this field-based course, through the application of principles and concepts of ecology, the identification of flora and fauna, and the interpretation of local ecosystems. Contemporary stewardship issues facing southwest British Columbia will be highlighted.

*Note:* Courses that are offered in Squamish may be delivered in a condensed format.

**REC 157      Wilderness Skills**

**3.00 credits (4,0,0) hrs 15 wks**

Develops skills, knowledge and attitudes necessary to provide challenging, safe adventure experiences in a temperate climate during spring, summer and fall.

*Note:* Courses that are offered in Squamish may be delivered in a condensed format.

**REC 163 Wilderness First Aid I**

**3.00 credits (60,0,0) hrs 01 wks**

An introductory course in first aid skills pertaining specifically to the wilderness environment.

*Note:* Courses that are offered in Squamish may be delivered in a condensed format.

**REC 169 Interpreting Natural and Cultural Landscapes**

**3.00 credits (4,0,0) hrs 15 wks**

The goal of this course is to enable students to develop an awareness, appreciation and understanding of the physical landscape. Emphasis will be placed on the geology and landforms of southwestern British Columbia.

*Note:* Courses that are offered in Squamish may be delivered in a condensed format.

**REC 175 Guiding and Teaching for Mountain Biking**

**4.50 credits (11,19,0) hrs 03 wks**

In this course, students learn to teach mountain biking from a beginner to an intermediate level and to guide mountain bike students on a single-day trip. The course also addresses different bike types and components including maintenance and repairs required when teaching and guiding. Taking a 40-hour first aid course is strongly recommended prior to enrolling in this course.

*Note:* Intermediate to advanced mountain biking riding skills recommended

**REC 222 Leadership and Experiential Education**

**4.00 credits (5.5,0,0) hrs 15 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework including REC 115

This course is designed to increase the students' understanding of experiential and transformational leadership, communication, and to help build the skills required to be effective outdoor educators and leaders. Students will develop experiential education techniques and skills, to lead outdoor education and instructional skills. The course will provide a set of engaged, hands-on experiences for exploring and mastering the capabilities for effective individual and team leadership. Students will improve their capacities to think strategically, communicate effectively, and act decisively as outdoor leaders. This course includes a field study experience.

**REC 225 Entrepreneurship in Commercial Outdoor Recreation**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 credits of 100-level or higher coursework including TOUR 116, and TOUR 111 or TOUR 160 or REC 111

This course enables students to establish, develop, and operate businesses in outdoor recreation settings. It introduces students to entrepreneurship concepts, principles and processes as they apply to commercial outdoor recreation, as well as the challenges specific to commercial outdoor recreation such as tenure, permits and insurance. Students conduct feasibility analyses and prepare a business plan for a commercial recreation business.

*Note:* This course is equivalent to TOUR 225. Duplicate credit will not be granted for this course and TOUR 225.

**REC 245 Organizational Leadership for Outdoor Recreation Programs**

**3.00 credits (5.45,0,0) hrs 11 wks**

*Prerequisite:* 15 credits 100-level or higher coursework

This course examines the way in which individuals function effectively in outdoor recreation agencies and in groups in the field. Communication models will be examined as well as strategies and techniques for effective leadership, motivation, stress management, promotion of positive group dynamics and teambuilding. Students will learn how to work with colleagues and with clients to develop and deliver successful outdoor recreation programs. Students will apply course concepts in designing successful outdoor programs. Readings, settings and case studies for this course will include outdoor leadership situations and workplaces likely to be encountered by graduates of the Outdoor Recreation Management program.

**REC 252      Project Change: How to Think and Act Like a Changemaker**

**3.00 credits    (4,0,0) hrs      15 wks**

This course is designed to enable students to become leaders and agents for change in the community. Through an experiential learning process, students will develop the abilities and skills to think and act like a change-maker. The backbone of the course is a major project, which gets students into their communities to create positive social or environmental change. By measuring and reporting the impacts of their projects, students are able to see the real contribution they make in the world.

**REC 255      Outdoor Recreation Practicum**

**6.00 credits    (0,0,28.5) hrs      14 wks**

*Prerequisite:* 30 credits of 100-level or higher coursework including TOUR 151 as pre or co-requisite  
The practicum is designed to integrate classroom theory with working experience in the field. Students will arrange with the faculty liaison to spend three and one-half months in an acceptable agency placement, and will be responsible to a specific agency supervisor. Students will be provided with terms of reference for the practicum experience. Student work performance and potential will be evaluated by the faculty liaison and agency supervisor, and students will make a major presentation to the department at the conclusion of the practicum.

**REC 263      Wilderness First Aid**

**4.00 credits    (40,0,0) hrs      02 wks**

This extensive second level course includes patient assessment and extended first aid care, communication, oxygen therapy, and commercial splints.

## Philosophy

---

**PHIL 101      Introductory Philosophy: Ethics**

**3.00 credits    (4,0,0) hrs      15 wks**

An introduction to both ethical theory and applied ethics. The emphasis of the course varies among instructors, with all focusing to some extent on improving moral reasoning. The course covers the following issues: (a) What makes right actions right and wrong actions wrong? Utilitarianism, Kantianism, and virtue ethics are usually considered. (b) Why should I be moral, rather than merely self-interested? (c) In what sense, if any, are moral values objective? (d) If any of the following are wrong, what makes them wrong: private wealth, deception, capital punishment, euthanasia, assisted-suicide, meat-eating, abortion, cloning, polygamy, etc? (e) What are our moral obligations to children, the frail and elderly, future generations, and other species?

**PHIL 102      Introductory Philosophy: Knowledge and Reality**

**3.00 credits    (4,0,0) hrs      15 wks**

An introduction to the part of philosophy concerned with questions about the ultimate nature of the world we live in and our knowledge of it (traditionally called Metaphysics and Epistemology). The issues discussed

include: the existence and nature of God, the place of human beings in the universe, the nature of reality, human nature, human knowledge and skepticism, freedom and determinism, and the relationship between mind and body. The emphasis of the course varies from instructor to instructor.

**PHIL 110          Critical Thinking**  
**3.00 credits      (4,0,0) hrs          15 wks**

An introduction to the basic rules of clear and rational thought. The student will be taught, through extensive examples, how to detect false reasoning, illegitimate appeals to emotions, inconsistencies and contradictions. The goal is to develop our logical awareness to the point that we can no longer be victimized by the rhetoric of everyday life, and can develop our own arguments with clarity and confidence. At the instructor's discretion, the course may introduce students to classical syllogistic logic.

*Note:* PHIL 120 is a natural continuation of this course and is recommended for those who want a thorough introduction to the concepts and principles of rational thought.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHIL 117          Philosophy of Religion**  
**3.00 credits      (4,0,0) hrs          15 wks**

Are there any good reasons for believing in God? Is there a conflict between faith and reason? What is fundamentalism? Is spirituality important for human flourishing? This course begins by examining the major arguments for theism. These include the teleological argument, the cosmological argument, the ontological argument, the argument from religious experience, the moral argument, and the cumulative case argument. The arguments are flawed, but they help us understand religious attitudes towards the limits of human knowledge, the nature of reality, the nature of persons, the objectivity of moral values, and questions such as why there is something rather than nothing. Arguments for atheism are also examined, including the problem of evil and reductive accounts of religious belief. The popular views of Richard Dawkins and other neo-atheists are introduced, as well as the claim that these writers fail to distinguish between informed religiosity and uninformed fundamentalism. In addition, the voluntarism of William James and the reformed epistemology of Alvin Plantinga are considered. These non-evidentialist positions are contrasted with the evidentialism of theists such as Richard Swinburne and atheists such as John Mackie. Finally, the possibility of religion without metaphysics is explored. The course is relevant to all, with or without religious faith. The emphasis of the course varies from instructor to instructor.

**PHIL 120          Scientific Reasoning**  
**3.00 credits      (4,0,0) hrs          15 wks**

This course focuses attention on the analysis and evaluation of inductive arguments. We begin by exploring the basic principles of inductive reasoning and then utilize these principles to explore such topics as rational decision making, the nature and testing of scientific theories in both the natural and social sciences and the difference between causal relations and correlations. Attention will also be given to the fallacies involved in the appeal to polls and statistics.

*Note:* There are no prerequisites, but the course is a natural continuation of PHIL 110, and will appeal especially to students who have an interest in either the natural or social sciences.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHIL 140          Philosophy and Law: Introduction to Canadian Law**  
**3.00 credits      (4,0,0) hrs          15 wks**

A general introduction to the fundamental principles of jurisprudence and to the basic legal institutions of Canada. The course addresses such philosophical topics as what a law is; whether it is what legislators say it is or what courts say it is; and how to determine whether a law is good or bad. It also examines the history and theory of Canadian law (including the development of the Canadian Constitution), the system of Canadian courts, and the roles of members of the legal profession. Consideration is given to the nature

of legal reasoning, the doctrine of precedent, and principles of statutory interpretation. An introduction is provided to the fields of contract, torts, administrative and family law, and the process of law reform.

**PHIL 141      Philosophy and Law: Introduction to Criminal Justice System**

**3.00 credits    (4,0,0) hrs      15 wks**

An introduction to an analysis of theories of punishment and rehabilitation through an examination of the operational practices of the Canadian criminal justice system. In the course of studying the structure and operations of the criminal justice system in its various stages from the moment of initial police involvement to the correctional disposition of convicted offenders, the course focuses on both theoretical and practical decision making. Theoretical concerns include: individual civil liberties in relation to police procedures, notions of evidence, sentencing theory, and current correctional strategies.

*Note:* The above two courses are modelled on SFU's Criminology 131/135 and are intended for both philosophy students and those interested in pursuing further studies in the field of criminology.

**PHIL 150      History of Philosophy: Ancient and Medieval**

**3.00 credits    (3,0,1) hrs      15 wks**

This course covers the history of philosophy from the mythopoeic traditions of Homer and Hesiod to the philosophy of Thomas Aquinas and the end of the mediaeval era. Among the other philosophers to be examined are Plato, Aristotle and Augustine. The focus will be on the metaphysical and epistemological views that have shaped the European intellectual heritage. We will also examine the extent to which Christianity has given shape to the peculiar character of philosophy in the medieval era.

*Note:* This course is intended to appeal to a broad audience. Anyone with an interest in the intellectual traditions of European heritage is welcome.

**PHIL 151      History of Philosophy: Modern**

**3.00 credits    (3,0,1) hrs      15 wks**

This course covers the history of philosophy from the Renaissance to the middle of the 20th Century. We shall examine the views of such prominent figures as Descartes, Spinoza, Locke, Hume, Kant and Sartre. Throughout, the focus will be on the metaphysical and epistemological views that have given shape to the European intellectual tradition. We will also examine the emergence of science and its method and the extent to which it has been shaped by, and given shape to, philosophical thought during this period.

*Note:* This course is intended to appeal to a broad audience. Anyone with an interest in the intellectual traditions of European heritage is welcome.

**PHIL 200      Political Philosophy: Classic Theories**

**3.00 credits    (4,0,0) hrs      15 wks**

This course surveys major political theories in the Western tradition. It introduces students to the principal issues in political philosophy by looking at the writings of some of history's most important philosophers, possibly including Plato, Aristotle, Machiavelli, Hobbes, Locke, Rousseau, Mill, and Marx. The general question addressed is: How should society be organized? In considering answers to this question we investigate the grounds for political and social structures like the state, government, laws, property, and principles of justice.

**PHIL 201      Political Philosophy: Problems and Issues**

**3.00 credits    (4,0,0) hrs      15 wks**

This course adopts a problems and issues approach to political philosophy. Rather than focusing on particular philosophers in the history of political thought (as in PHIL 200), we consider answers to some of the most pressing questions facing political theorists. Topics addressed might include: the justification of authority; the value and limits of rights; liberty and equality; the advantages and disadvantages of democracy; the nature and scope of justice; and nationalism and globalization. A contemporary perspective will be emphasized.

**PHIL 202 Introduction to Formal Logic****3.00 credits (4,0,0) hrs 15 wks**

A standard introduction to the formal techniques of argument analysis. Formal logic was invented to mirror and evaluate mathematical reasoning and is now a separate branch of Mathematics. Our interest in it will, however, not be mathematical. Instead we will concentrate on the relation of formal logic to everyday reasoning and language in general. The course is essential for students thinking of majoring in Philosophy, but also very useful to Computing Science and Mathematics majors. It is designed to transfer to SFU as their Philosophy 210 (required for both Philosophy and Computing Science majors), and to UBC as Philosophy 302. There are no prerequisites, although students may find Philosophy 110 provides useful background. Please note that this is not an introductory philosophy course, but one which introduces mathematical methods of argument analysis. It is not suitable for students merely seeking a general understanding of what philosophy has to offer.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHIL 207 Business Ethics****3.00 credits (4,0,0) hrs 15 wks**

This course is an introduction to contemporary philosophical thinking on ethical issues in business. It covers such topics as the power of multinational corporations, bribery and extortion in international business, the ethics of hiring practices, advertising and behaviour control, the conflict between employee loyalty and moral independence, and the responsibilities of corporations and business professionals. The course will also introduce students to a number of classical ethical theories and theories of economic justice. Open to anyone in first or second year.

**PHIL 208 Environmental Ethics****3.00 credits (4,0,0) hrs 15 wks**

This course deals with ethical and political issues arising from the relationship between humans and their natural surroundings. Typical questions that will be addressed are: Do animals have rights? Is using animals for food and clothing morally wrong? Do we have an obligation to the natural environment such as an obligation to preserve species? What are our obligations to future generations? What is sustainable development? Are environmental problems fundamentally personal or are they fundamentally political and social? Open to anyone in first or second year.

**PHIL 209 Biomedical Ethics****3.00 credits (4,0,0) hrs 15 wks**

This course will focus on ethical issues that arise in the health sciences, especially in medicine, but also in biology, psychology and other professions. Among the topics to be considered are abortion and reproductive technology, euthanasia, paternalism and autonomy, resource allocation, involuntary hospitalization and behaviour control. All moral problems will be examined from both an applied and theoretical point of view. Open to anyone in first or second year.

**PHIL 211 Metaphysics and Epistemology****3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* At least one philosophy course

An introduction to some of the traditional problems of metaphysics and epistemology. Some of the questions considered are: Does God exist? What is the relationship between faith and reason? Does free will exist? Is sense perception a reliable source of knowledge? What is the nature of causality? Is materialism true? What is the nature of mind? What is the relationship between mind and body? What is the scientific method? While this is not a course in the history of philosophy, it will cover many of the classical attempts to answer these questions.

*Note:* The specific content and emphasis of the course will be at the instructor's discretion.

**PHIL 220      Philosophy in Literature**  
**3.00 credits    (4,0,0) hrs      15 wks**

An examination of the lively relationship between philosophy and literature. Philosophical theories will be approached and discussed via literary work which either embodies the theories or grounds them in human experience. Textual sources will range from the classical Greek plays to last month's best seller. Open to anyone in first or second year.

**PHIL 221      Existentialism in Literature**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course is, in spirit, a continuation of PHIL 220, but it is centred on the Philosophy of Existentialism in literature. There will be an introductory set of lectures on Existentialism as a philosophy. Textual sources will range from Dostoyevsky's 'Notes from the Underground' to Sartre's 'Nausea'. Open to anyone in first or second year.

**PHIL 222      Philosophy of Culture (Aesthetics)**  
**3.00 credits    (4,0,0) hrs      15 wks**

An introduction to philosophical analysis of cultural works. The course will provide an exploration of aesthetic theory, examining both traditional works of art as well as contemporary cultural productions in a variety of media. One of the objectives of the course is to make sense of what a society is "saying" through its popular culture. Open to anyone in first or second year.

**PHIL 230      Minds, Brains, and Machines**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course is an introduction to contemporary philosophy of mind. We will investigate the major philosophical theories of mind, but consider also if or how recent developments in neuroscience, biology, psychology, and the study of artificial intelligence influence the philosophical evaluation of these theories. Philosophy of mind is not psychology (although obviously there are connections). Rather, it is the attempt to understand what mental phenomena are and how they might relate to the physical (or material) realm. In the course, we will address questions like the following. What is the nature of mental states? What is the relationship between the mind and the body? Will a physical explanation of consciousness explain consciousness? Are 'zombies' possible? Is the brain just a computer? Is genuine artificial intelligence possible?

**PHIL 240      Philosophy and Gender Relations**  
**3.00 credits    (4,0,0) hrs      15 wks**

Founded on a wide range of philosophical readings, this course will focus on questions such as: What is the good life and its relation to intimacy and family? What is the good person? Are there different models for different genders? What constitutes a good relationship? How important are mutuality, respect, affection, sex, and interdependence to such a relationship? What counts as equality/equity? How should the answers to such questions influence our views on such social issues as affirmative action, prostitution and pornography?

The impact of "Women's Liberation" and the "Men's Movement" will be discussed, as will varying suggestions for overcoming the "gender gap". This course should be of interest to men and women equally; indeed, it is assumed that the quality of class discussion will be a function of the degree to which the perspectives of both genders are well represented. Open to anyone in first or second year.

**PHIL 242      Philosophy of Human Nature**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course tackles a broad spectrum of questions and approaches the issue of human nature. Among the questions to be considered are: Are we, by nature, morally good or evil? Are we purely egocentric beings-biological machines of some sort - or are we spiritual, immaterial beings? Is there some enduring entity that defines the self? Are we free to do as we choose? Or are we essentially passionate creatures

who act strictly on the basis of our feelings? Ultimately, our goal will be to learn to think critically and independently about these issues.

**PHIL 301 Ethics and the Meaning of Life**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PHIL 101

This course examines recent philosophical literature on what makes human lives significant and important. It considers naturalist, supernaturalist, non-naturalist, and nihilist perspectives. It asks in what sense moral virtue and spirituality are central to a meaningful life. It also asks if meaning is threatened by scientific explanations of virtues and values, and if the seriousness with which we take our projects is in some sense absurd.

**PHIL 302 Knowledge and Truth**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PHIL 102 and 3 additional credits of 100 or 200-level PHIL

This course deals with a core area of philosophy - the theory of knowledge: epistemology. Epistemology deals with knowledge in its most general terms - its nature, scope, and limits. Central questions addressed include: What is knowledge? What does it take for a belief to be justified? Does justification depend on providing some reason supporting the belief, or can we know something without know that (or how) we know it? This course will examine these and related questions through a selection of papers and articles from many of the key figures in epistemology, focusing primarily on the arguments of epistemologists in contemporary debate.

**PHIL 305 Philosophy Through Film**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

This course examines and evaluates central philosophical themes and problems by means of the visual medium of film. Philosophical topics examined through the medium of film are as broad and varied as philosophy itself, but themes that have been more extensively explored include the nature of personal identity, what it is to be human, the existence and limits of free will, the existence of God, the meaning of life, as well as a wide array of issues in ethics and political philosophy. Philosophical texts and essays will be integrated with the viewing of the films in order to bring additional focus and depth to the philosophical examination of the films. Specific films and readings assigned will vary from instructor to instructor.

**PHIL 306 Family Ethics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

Founded on a wide range of philosophical readings, this course will focus on a range of questions within the field of family ethics such as monogamy, divorce, adultery, and sexual orientation and how they related to what might be considered optimal family structure; the ethics of bearing children, the obligations and rights involved in parenting in juxtaposition to the rights of the child; and the duties of grown children to their parents.

**PHIL 309 Neuroethics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of PHIL coursework

This course will cover a wide range of topics in the field of neuroethics with the view to assisting students to develop the ability to identify and critically analyze moral problems in that field, and to clarify their own values in relation to specific ethical issues, such as bettering the brain, risks to authenticity, neuroimaging

of emotion and intelligence, neuroscience and the law, neurobiology and addiction, responsibility and personhood.

**PHIL 315 Ethics of War and Peace**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PHIL 101

This course provides a comprehensive survey of the philosophical study of Just War Theory – that is, the concepts and moral principles associated with determining under what conditions a war, and our conduct in and after a war, can be ethically justified? The course will cover both traditional issues as well as contemporary and emerging issues.

**PHIL 320 Philosophy of Science**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of 100 or 200-level PHIL

This course is a general but comprehensive survey of the philosophical study of science and social implications of scientific understanding. It has the principle aim of addressing how we developed our scientific understanding of the world, what the understanding amounts to, what impacts it has on our understanding of ourselves and our place in the surrounding place, and what judgments might follow from this understanding.

*Note:* PHIL 102 recommended

**PHIL 401 Morality and Global Justice**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 6 credits of PHIL coursework

This course will cover a wide range of topics in the field of Morality and Global Justice with the view to assisting students to develop the ability to identify and critically analyze moral problems in that field, and to clarify their own values in relation to specific ethical issues, such as poverty and the global economy, global health, religion, war, justice for women and duties to children.

**PHIL 430 Philosophy of Mind**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PHIL 102 or 230 and 3 additional credits of 100 or 200-level PHIL

This course surveys some of the key issues in contemporary philosophy of mind. Philosophy of mind is the attempt to understand what mental phenomena are, and how they relate to the physical (or material) realm. More generally, it is the attempt to understand what we are - that is, are we merely physical things, or are we both physical and mental (or spiritual)? Specific area covered will vary from instructor to instructor.

**PHIL 490 Directed Studies**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level PHIL course

Students will work with a Philosophy faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Philosophy website for complete details on the application process.

## Physics

---

**PHYS 104 Principles of Physics**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* Pre-Calculus 12, or Principles of Math 12, or BMTH 053/054, MATH 105. MATH 105 may be taken concurrently

This course serves as an introduction to physics for students with little or no background in the subject. Topics include mechanics, electricity and geometrical optics.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 110 General Physics I**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* Physics 11 or BPHY 044; and MATH 108 or MATH 116 as a pre- or co-requisite

A survey of mechanics covering vectors, statics, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, and thermal physics.

*Note:* This course is equivalent to PHYS 114. Duplicate credit will not be granted for this course and PHYS 114.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 111 General Physics II**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* PHYS 110 with a minimum C- grade, and MATH 109 or MATH 126 as a pre- or co-requisite

This course involves the study of electricity and magnetism, waves, physical optics, sound, and atomic and nuclear physics.

*Note:* This course is equivalent to PHYS 115. Duplicate credit will not be granted for this course and PHYS 115.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 114 Fundamental Physics I**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* Physics 12 or BPHY 053/054 or PHYS 104, MATH 116 is a prerequisite or co-requisite

A survey of mechanics covering vectors, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, waves and special relativity. This course, together with PHYS 115, is particularly suitable for students going into the physical sciences or engineering.

*Note:* This course is equivalent to PHYS 110. Duplicate credit will not be granted for this course and PHYS 110.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 115 Fundamental Physics II**

**4.00 credits (4,2,0) hrs 15 wks**

*Prerequisite:* PHYS 114 with a minimum C- grade and Math 126 is a prerequisite or co-requisite

Electricity and magnetism, AC circuits, physical optics, and quantum physics.

*Note:* This course is equivalent to PHYS 111. Duplicate credit will not be granted for this course and PHYS 111.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 116 Fundamental Physics III**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* PHYS 108, 110 or 114 with a minimum C- grade and PHYS 115 is a prerequisite or co-requisite and Math 126 is a prerequisite or co-requisite

Statics of particles, force-couple systems and rigid body statics. Extension of principles from PHYS 114 and application to practical and more advanced dynamics problems. Thermometry, thermal properties of matter, heat, geometrical optics.

*Note:* This course is intended for Engineering program students transferring to UBC.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 200 Thermal Physics and Waves**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* PHYS 111 or 115 with a minimum C- grade

*Corequisite:* MATH 230

Temperature, heat, the zeroth, first, second and third laws of thermodynamics, kinetic theory, and a mathematical treatment of waves.

*Note:* This course, together with PHYS 201, 210, 211, 218 and 222 is required for students majoring in physics.

*Note:* This course may not be offered every year.

**PHYS 201 Electricity and Magnetism**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* PHYS 111 or 115 with a minimum C- grade; MATH 230

*Corequisite:* PHYS 211

The study of electric and magnetic fields; DC and AC circuits; LR, RC, LRC circuits; resonance; Maxwell's Equations, Fourier Analysis and electromagnetic waves.

*Note:* MATH 231 is recommended as a prerequisite. This is an approved Quantitative/Analytical course for baccalaureate degrees.

*Note:* This course may not be offered every year.

**PHYS 210 Physics Laboratory I**

**1.00 credit (0,3,0) hrs 15 wks**

*Prerequisite:* PHYS 218 is a prerequisite or co-requisite

A weekly three-hour lab in mathematical methods, thermodynamics, electrical measurements and mechanics.

*Note:* This course may not be offered every year.

*Note:* This course with PHYS 211 is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 211 Physics Laboratory II**

**1.00 credit (0,3,0) hrs 15 wks**

*Prerequisite:* PHYS 111 or 115 with a minimum C- grade; MATH 230

*Corequisite:* PHYS 201

A weekly three-hour lab in electricity and magnetism, electronics and mechanics.

*Note:* This course may not be offered every year.

*Note:* This course with PHYS 210 is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 218 Computational Physics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* PHYS 111 or 115 with a minimum C- grade, and PHYS 210, MATH 200, 230 as prerequisites or co-requisites

Use of computer software to solve numerical problems in physics. Applications include drag forces, the driven, damped oscillator, simulations of chaotic systems, random variables, techniques for handling digital data and signal processing.

*Note:* This course may not be offered every year.

*Note:* This course with PHYS 210 and PHYS 211 is an approved Quantitative/Analytical course for baccalaureate degrees.

**PHYS 222      Mechanics**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* PHYS 111 or 115 with a minimum C- grade; MATH 200, 230 as prerequisites or co-requisites  
 Newtonian mechanics of particles and rigid bodies. Topics include rocket propulsion, collisions, central forces, rotating frames of reference, and rotation of rigid bodies.

*Note:* This course may not be offered every year.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

## Political Studies

---

**POL 100      Introduction to Politics and Government**  
**3.00 credits    (4,0,0) hrs            15 wks**

Daily - in fact, hourly - political decisions are made that impact the personal and professional lives of Capilano students. Tuition goes up, but never down. Pipelines are built. Pipelines are blocked. Whatever their career choices, all Cap students need to know what power is, how it works, where it comes from, how they can access it and how to use it effectively. This course offers students the knowledge they need to make change.

*Note:* This course is required for all students planning to transfer into the Political Science Department at SFU.

**POL 102      Comparative Government**  
**3.00 credits    (4,0,0) hrs            15 wks**

Throughout history, humans have organized themselves into many different types of political systems, from tribes to empires, city-states to nation-states. This course will introduce students to the wide range of political systems that exist throughout the world today, be it Asia, Africa, Europe, or the Americas. By studying these systems in detail, students will gain an appreciation for how political behaviour varies throughout the world, as well as develop a better critical understanding of their own.

**POL 104      Canadian Government**  
**3.00 credits    (4,0,0) hrs            15 wks**

Knowledge about the Canadian system of government is important for job preparation of all kinds, as the policy decisions of government affect every career. Through class discussion and debate, role-play, consideration of politicians' perspectives, current events, and readings, this course will examine the basic design, decision-making processes, and democratic credentials of such institutions as parliamentary democracy, the Crown, the Charter of Rights and Freedoms, federalism, political parties, the electoral system and the constitution.

*Note:* This course serves as a Canadian Studies credit.

**POL 110      An Introduction to Western Political Thought**  
**3.00 credits    (4,0,0) hrs            15 wks**

An introductory examination of the tradition of Western political thought from the Ancient Greeks to the emergence of the Nation State. The significance and contributions of Plato, Aristotle, the medieval thinkers, and Machiavelli concerning fundamental questions about the relationship between the individual and the state will be explored from an historical and philosophical perspective. This course is of particular relevance

to those in the Humanities - literature, drama, fine arts, philosophy - as the shared themes provide for an interesting comprehensive analysis of Western Civilization.

**POL 111          Contemporary Ideologies**  
**3.00 credits    (4,0,0) hrs          15 wks**

Why do we often disagree with our leaders? Do you sometimes wonder if your ideas make more sense than the Prime Minister's? Students will find answers to these questions in 'Contemporary Ideologies' by studying various ideologies such as liberalism, conservatism, socialism, anarchism, fascism, religious fundamentalism, feminism and environmentalism. This course emphasizes practical skills such as group discussion, presentations, and research/writing skills, which will help students develop their critical thinking and excel in their careers/ life.

**POL 201          International Relations**  
**3.00 credits    (4,0,0) hrs          15 wks**

Where does the will to engage in armed conflict come from? How are decisions made to fight or collaborate with others? Why are some states more prosperous and healthy than others? This course answers these questions by studying various dimensions of conflicts, decision making, institutions, international law, human rights, the environment, economic collaboration, and the proliferation of weapons. This course promotes experiential learning through group work, student presentations, research/writing, and participation in a UN simulation.

**POL 202          Government and Politics of British Columbia**  
**3.00 credits    (4,0,0) hrs          15 wks**

This course is an introduction to the major forces that shape politics in contemporary British Columbia. Specifically, it is intended to familiarize students with the activities of political parties and government institutions in the province. Topics explored include B.C. political culture, federal-provincial relations, the party system and an examination of legislature and executive in public policy formation (e.g. Aboriginal, fishing, forestry, health policy).

*Note:* POL 100 and POL 104 are recommended as prerequisites.

*Note:* This course serves as a Canadian Studies credit.

**POL 203          International Organizations**  
**3.00 credits    (4,0,0) hrs          15 wks**

Do you believe we could all live in a peaceful and prosperous world? Are there any instruments out there that could help us build this? This course offers answers by studying the role of international organizations such as the UN, WTO, NATO, and others in the areas of peace/security, trade, development, human rights, and the environment. This course emphasizes experiential learning through group presentation, a UN simulation as well as applied research/writing, and critical thinking.

**POL 204          Canadian Public Policy**  
**3.00 credits    (4,0,0) hrs          15 wks**

The centre of the political process of any society is the creation of public policy. How governments arrive at and select policies from the various competing demands placed upon them - in the areas of health, education, environment, economic development, immigration etc. - is the focus of this course. Students are introduced to the basic concepts and theories associated with the making of public policy as well as an analysis of the processes by which policy is defined, addressed and implemented.

*Note:* POL 100 and POL 104 are recommended as prerequisites.

*Note:* This course serves as a Canadian Studies credit.

**POL 205          Public International Law**  
**3.00 credits    (4,0,0) hrs          15 wks**

Globalization has dramatically increased the scope of treaties and international institutions. The result has been a surge of interest in international law - to govern trade and economic activity; deal with the movement of greater numbers of people; cope with the scourge of conflict and violence; and commit to human rights and humanitarian goals. Students learn the basic concepts and terms of international law; apply effective reading and interpretation of treaties and international legal decisions; and explore the relevance of international law.

*Note:* Students who receive credit for POL 205 cannot receive credit for POL 305.

**POL 206          Scope and Methods of Political Analysis**

**3.00 credits      (4,0,0) hrs          15 wks**

This course introduces the student to the variety of approaches and tools available to those studying politics. Students will become familiar with the nature of and debates inherent in contemporary political studies, as well as the strengths and weaknesses of the various methods employed by students of politics. By developing their own research project, students will struggle first-hand with the issues central to all types of social science research: selecting from alternative models of explanation, attempting to isolate variables, and dealing with questions of cause and effect to name but a few. Students may have the opportunity to develop and work on a prototype political studies journal as well.

**POL 207          Selected Issues in Contemporary Social and Political Theory**

**3.00 credits      (4,0,0) hrs          15 wks**

*Prerequisite:* POL 111

Current themes and controversies in contemporary social and political thought is the subject of this course. Topics will shift from term to term to reflect either important issues or individual theorist's contributions to contemporary society. Areas of interest might include, for example, the role of the state in capitalist societies, the significance of the Frankfurt School, the contradictions and fate of the welfare state, the current debates in democratic theory, the role and place of "new" social movements in contemporary society, an examination of the meaning of liberty in complex societies, the renewal of nationalism, the place of religion (Islamic fundamentalism), the persistence of violence in civil society, the insights of political biography. Alternatively, or in conjunction with these themes, students will develop a thorough analysis of a particular theorist: for example, Arendt, Gramsci, Marcuse, Foucault, Habermas, Offe, Williams, Rawls, Rorty, Pateman, Gorz and Melucci to name a few.

*Note:* This course transfers as a 300 level course at SFU.

**POL 208          Aboriginal Politics in Canada**

**3.00 credits      (4,0,0) hrs          15 wks**

Justice for Canada's Aboriginal peoples, given the devastating impact of colonialism upon their lives, is both a moral and political imperative. Through class activity, guest speakers, films, and readings, this course equips students to understand, appreciate, and take positions on the important political challenges of justice presented by colonialism and Aboriginal policy, Aboriginal political identity and nationalism, self-government, treaties, and court decisions on Aboriginal rights and title.

*Note:* Students who receive credit for POL 208 cannot receive credit for POL 308.

*Note:* This course serves as a Canadian Studies credit.

**POL 209          Introduction to the European Union**

**3.00 credits      (4,0,0) hrs          15 wks**

The European Union is an unprecedented form of governance bringing peace and prosperity to a European continent divided by two World Wars. The EU is also criticized for being a driving force of neoliberal globalization. This course engages with this debate by introducing students to EU structures, institutions and operations. Taking this course will also prepare students for changes and opportunities expected as part of the recent free trade agreement signed between Canada and the EU.

*Note:* Students who receive credit for POL 209 cannot receive credit for POL 309.

**POL 222 Regional Comparative Politics**

**3.00 credits (4,0,0) hrs 15 wks**

This course will further explore the field of comparative politics from a regional perspective. The region will change according to the interest/expertise of the instructor and/or important political events of the time. By taking this course, students will deepen their understanding of political systems, and hone their critical analysis of the political development process around the world.

*Note:* POL 100 and/or POL 102 are recommended as prerequisites.

**POL 250 Global Human Rights**

**3.00 credits (4,0,0) hrs 15 wks**

Students learn the historical evolution of human rights standards in the world and explore the principles and practices of human rights norms at the global and regional levels. They explore the significance of international conventions, global and regional instruments, and multiple dimensions of human rights in a globalized context. They also learn about the key debates on the issue of universality and cultural relativism, responsibility to protect, right to development, war crimes, genocide, crimes against humanity, and gender discrimination.

*Note:* Students who receive credit for POL 250 cannot receive credit for POL 350.

**POL 299 Regional Comparative Politics: Field School**

**3.00 credits (4,0,0) hrs 15 wks**

This field school course will focus on the politics of states and regional organizations in a specific region of the international system. Through lectures and on-line activities delivered before departure and during a field trip through the region chosen, students will come to understand the differing types of political behaviour and activities within states and between states and international organizations in a specific region, including the historical, social, cultural, geographic and international contexts in which those states and organizations exist. Students will also come to understand the methods, typologies, theories, and concepts used in the comparative study of politics as applied to the region studied.

*Note:* Completion of POL 100 or 102 are recommended

**POL 305 Advanced Public International Law**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits at the 100-level or higher, including POL 100 and either POL 201 or POL 203

In addition to the fundamentals of public international law, students learn the procedure and principles in cases and decisions. With emphasis on the decisions of the International Court of Justice and related tribunals, cases are analyzed and discussed. Legal practice is highlighted with the Moot Court, an exercise involving legal research, the application of legal principles to fact-based cases, and the skills in argument and examination.

*Note:* Students who receive credit for POL 305 cannot receive credit for POL 205.

**POL 308 Advanced Canadian Aboriginal Politics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

In addition to covering the core topics of Aboriginal politics in Canada, students will identify and evaluate the principles and procedures employed by Aboriginal peoples in their presentation of political objectives to the Canadian state and the Canadian state's corresponding responses in both policy and law. The course material will be a level higher than POL 208 with greater emphasis on student presentations and student facilitated classroom learning as well as advanced sophistication in research analysis, writing, and presentation.

*Note:* Students who receive credit for POL 308 cannot receive credit for POL 208.

**POL 309 Advanced European Integration**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Students explore the structure, institutions and operations of the European Union, an unprecedented form of governance in an increasingly globalized political environment. Students will also learn about how the EU functions as a significant regional internal governmental organization, with particular emphasis on EU-Canada relations. Students will then apply their knowledge to real-world challenges faced by the EU.

*Note:* Students who receive credit for POL 309 cannot receive credit for POL 209.

**POL 315 Utopias, Dystopias and Political Thought**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Students in this course will study the tradition of Utopian and Dystopian literature and political thought throughout history, and identify how modern versions of this tradition (both literary and cinematic) may help or impede our attempts to find solutions to the political, social, and economic challenges we face today.

*Note:* POL 100, 110 or 111 recommended, but not required

**POL 320 Global Ecopolitics**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course provides students with the opportunity to engage in an in-depth study of how environmental issues are dealt with across national boundaries. Theoretical approaches are critically evaluated in order to organize a systematic study of relevant actors, institutions and agreements in the field of global ecopolitics. Key concepts associated with environmental issues such as sustainability, ecological footprint, and the precautionary principle are also critically evaluated.

**POL 330 The Political Economy of Globalization**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course introduces students to the political economy of international trade, finance, development and production, and the major theoretical perspectives which are employed to understand how the global economy is organized. The emphasis on state-market interactions focuses attention on the ways in which international economic exchanges are mediated through structures of governance which may operate at the bilateral, regional or global level. Students will learn to apply the theories introduced in the course to a number of case studies.

**POL 340 Citizenship and Belonging: From Local to Global Perspectives**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course provides a comprehensive overview of the main debates on citizenship in liberal democracies and the implications of globalization on those debates. The course will examine citizenship from the perspective of rights, participatory democracy and identity politics as expressed in cultural, ethnic, national, and gendered contexts. The course will also consider the degree to which globalization has de-territorialized and fragmented citizenship thereby raising new challenges about how community identity, civic ties, human rights, environmental stewardship and social justice are to be practiced and experienced.

**POL 350 Advanced Global Human Rights**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

In addition to exploring the historical evolution of human rights standards in the world, the principles and practices of human rights norms at the global and regional levels, the significance of international conventions

and instruments, and learning about the key debates on human rights issues (i.e. universality and cultural relativism, responsibility to protect, right to development, war crimes, genocide, crimes against humanity, and gender discrimination), students also analyze specific human rights cases, conduct a community outreach project, and complete other higher level of research assignments to earn a 300 level credit in this course.

*Note:* Students who receive credit for POL 350 cannot receive credit for POL 250.

**POL 490 Directed Studies**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level POL course

Students will work with a Political Studies faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Political Studies website for complete details on the application process.

## Private Music Instruction (PMI)

---

**PMI (Various Numbers) 2 credits (0,0,10) hrs N/A**  
**Concentration Private Music Instruction**

A course designed to permit students to pursue study of their concentration instrument. The course consists of a series of one-hour private lessons.

*Note:* To enroll in any PMI course students must receive written permission from the program coordinator.

**PMI (Various Numbers) 1 credit (0.5,0,0) hrs N/A**  
**Private Music Instruction - Secondary**

This course consists of a series of private lessons on the student's secondary instrument, supplemental lessons on the concentration or major instrument, or composition.

*Note:* To enroll in any PMI course students must receive written permission from the program coordinator.

## Private Music Instruct Perform

---

**PMIP 101 Bachelor of Music Piano Preparation**  
**2.00 credits (0,0,14) hrs wks**

Private music instruction designed to meet the individual needs of each student and develop the skills necessary to prepare an audition for PMI 101.

**PMIP 201 Bachelor of Music Piano Preparation**  
**2.00 credits (0,0,14) hrs wks**

A continuation of PMIP 101, this course refines and augments those skills developed in PMIP 101 to further prepare the student for an audition for PMI 101.

**PMIP 301 Bachelor of Music Piano Preparation**  
**2.00 credits (0,0,14) hrs wks**

A continuation of PMIP 201, this course refines and augments those skills developed in PMIP 201 to further prepare the student for an audition for PMI 101.

**PMIP 401 Bachelor of Music Piano Preparation**

**2.00 credits (0,0,14) hrs wks**

A continuation of PMIP 301, this course refines and augments those skills developed in PMIP 301 to further prepare the student for an audition for PMI 101.

## Private Music Theatre Instruct

---

**PMTI 100 Private Musical Theatre Instruction - Voice I**

**1.00 credit (0,0,11.25) hrs wks**

Musical Theatre program students will be instructed in voice production, vocal technique, vocal health, and in repertoire from the musical theatre genre.

*Note:* For Musical Theatre program students only.

**PMTI 101 Private Musical Theatre Instruction - Voice II**

**1.00 credit (0,0,11.25) hrs wks**

*Prerequisite:* PMTI 100

Musical Theatre program students will be instructed in voice production, vocal technique, vocal health, and in repertoire from the musical theatre genre.

*Note:* For Musical Theatre program students only.

**PMTI 102 Private Music/Theatre Instruction - I**

**1.00 credit (0,0,12) hrs wks**

An introductory course where students develop specific areas on proficiency in vocal production and technique.

*Note:* For Acting for Stage and Screen program students only.

**PMTI 103 Private Music/Theatre Instruction - II**

**1.00 credit (0,0,12) hrs wks**

*Prerequisite:* PMTI 102

Acting for Stage and Screen students will receive instruction in voice production, technique and vocal health. Students will build on the skills learned in PMTI 102.

*Note:* For Acting for Stage and Screen program students only.

*Prerequisite:* 45 credits at 100-level or higher including PSYC 100, 101 and 230 as a pre- or co-requisite

This course will address topics in the study of thinking and reasoning, a crucial topic in cognitive psychology, including theory and research on problem solving, thinking and decision-making; formal and "everyday"

reasoning; intuition and creativity; cross-cultural and individual variations in thinking processes; and the cognitive heuristics which can bias or distort human rationality and effective decision making when dealing with social issues and problems. The theories will be applied to the problems of human cognitive limitations in solving urgent social and environmental crises.

*Note:* PHIL 110 is recommended

**PSYC 332      Reconstructing the Past: The Psychology of Memory**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework which must include PSYC 100

This course will address topics in the study of memory, a crucial topic in cognitive psychology, and will include theory and research on explicit and implicit memory systems, working memory, the neurology of memory, forgetting and memory disorders, and how to improve memory (mnemonics). Current issues and research in long term memory such as reconstructive processes in memory, eyewitness memory, and repressed memory will also be included.

*Note:* PSYC 101 and/or PSYC 230 is recommended as a pre- or co-requisite

**PSYC 335      Feelings and Emotions**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100

This course will address research and theories in the topic of feelings and emotions. Students will learn about the experience, expression, biology and social aspects of specific emotions, including stress reactions, attachment bonds, and the development of empathy. The theories will be applied to the problems of human social cognition and the effect emotional reactions can have on our thinking and relationships.

**PSYC 340      Conservation Psychology**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100

This course surveys the new field of conservation psychology, the scientific study of the relationship between humans and the rest of nature. It will focus on the application of theories and research in psychology to the issues of conservation in the face of climate crises and the urgent need to develop environmental sustainability, to decrease the negative impact of humans and to encourage environmentally-friendly behaviour.

*Note:* PSYC 200 is recommended

**PSYC 341      Psychology of Religion and Spirituality**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100

This course examines religious and spiritual experiences, attitudes and behaviours from multiple angles within contemporary Psychology. Themes of the course include: history of empirical inquiry into religion and spirituality; modern research methods; interacting roles of biological and psychosocial factors in the formation of religious commitments and predilection toward spiritual experiences; relationships between religious and spiritual orientations and physical and mental health; and determinants of religious behaviours, from altruism to terrorism.

*Note:* Completion of PSYC 101 is recommended

**PSYC 342      History of Psychology: Conceptions of Imagination**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100

This course explores the nature of imagination from a History of Psychology viewpoint. The topic is framed in an evolutionary context; then relevant concepts are traced from preliterate societies to the present.

Imagination is examined: as an archaic way of knowing; in relation to historical notions of body, mind, soul and spirit; as cognitive faculty or process; with respect to beliefs about health and illness; and as studied qualitatively and quantitatively in Modern Psychology.

*Note:* Completion of PSYC 101 is recommended

**PSYC 343 Psychology of Anomalous Experiences**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100

This course examines a range of commonly reported anomalous experiences from the critical perspective of Psychology. Unlike an Abnormal Psychology course, the focus is mainly on nonpathological experiences. The 'critical thinking' approach is reviewed; a brief historical overview of claims and critiques is presented; and several types of anomalous experience are considered with respect to the biopsychosocial processes that affect perception, memory and belief.

*Note:* Completion of PSYC 101 is recommended

**PSYC 415 Psychology and the Internet**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including PSYC 100 and 101

This course will cover the development of the Internet in a historical context, and explore how personal and collective relationships to technology influence Internet use. We will examine the empirical research evaluating the personal and collective social and psychological costs and benefits of Internet use, especially of activities that exist or are experienced in wholly online formats.

*Note:* PSYC 200 recommended

**PSYC 422 Approaches to Treatment and Psychotherapy**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher course work including PSYC 100 and PSYC 101

In contemporary society, prevalence rates of psychological disorders are high and many suffer personal distress from depression, anxiety, stress, grief, and everyday problems such as difficulties in relationships, work, personal effectiveness, disabilities, aging, etc. Individuals seek psychological or medical treatment or assistance from a variety of mental health care professionals. This course will examine the social issue of psychological therapy and discuss current evidence-based research regarding the efficacy of the variety of treatment approaches.

*Note:* Completion of one or both of PSYC 200 or PSYC 225 is recommended

**PSYC 440 Contemporary Topics in Psychology**

**3.00 credits (4,0,0) hrs 15 wks**

The course will relate contemporary research and knowledge from psychology to various current topics and social issues. Specific topics will vary from year to year. Each delivery of this course will have specific instructor identified course objectives. Course focus may be human sexuality, evolutionary psychology, health psychology, approaches to treatment and applications of psychology.

*Note:* PSYC 100 and 101 recommended

**PSYC 450 Psychology of Genocide**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Although humankind has seen, perpetrated, and suffered ethnopolitical violence (EPV) through the millennia, the 20th and 21st centuries CE are marked by a proliferation and intensification of such events. The course will focus on the psychological factors that affect the unfolding of EPV events, with relevant historical and biographical information presented to put the people and events into context. We will examine the

psychological theories and research relevant to real-world EPV events as well as psychologically oriented studies of such events themselves. The course will begin with a brief overview and taxonomy, and discuss the roles played by different categories of participants.

**PSYC 490 Directed Studies**  
**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 upper level credits including a minimum of one 300-level PSYC course

Students will work with a Psychology faculty member to guide them in the development of a research-based project. Specific course details will be arranged between individual students and faculty members. See the Department of Psychology website for complete details on the application process.

**SCI 410 The Science of Sound and Light**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of post-secondary education at 100-level or higher

An introduction to the study of sound and light from a scientific perspective. This course examines the properties of waves, which apply to both sound and light, as well as topics specific to each of the two fields. For sound, these will include hearing, pitch and timbre, resonance, music and musical instruments, the human voice, acoustics, noise, and the human ear. For light, topics will include colour, reflection and refraction, optical instruments, images, and the human eye.

*Note:* While familiarity and facility with mathematics to the high school grade 10-11 level will be helpful, a primer on the mathematical skills required will be included. Graphs will be used whenever possible to visually represent mathematical information.

*Note:* This is an approved Quantitative/Analytical course for baccalaureate degrees.

## Social Science

---

**SOSC 249 Social Sciences Field School**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 24 post secondary credits

This course is intended for students who wish to include an overseas field school in their academic curriculum. The Field school will combine on campus course work with experiential learning in the field. Topics and locations will vary depending on the Instructor teaching the course.

**SOSC 300 Eco-literacy**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course introduces students to concepts involving ecological practice and connectedness within the framework of bio-environmental sustainability. Students move through several core themes such as: introduction to eco-literacy, applied biodiversity, community sustainability, connectivity and unintended consequences, community resilience, protecting natural systems, and initiating transformational change. Through lectures, research, site visits, guest speakers and networking, students will gain valuable knowledge on the principles of ecology, practical field-based skills, connection with communities and community leaders, and the role of business and government in an eco-literate society.

**SOSC 310 People in Relationships: The Good Society**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of post-secondary education at 100-level or higher

This course will examine the social, economic, and political structures that organize human relationships. Through a variety of disciplines, which may include sociology, anthropology, economics, psychology, and political studies, the course will seek to interrogate questions of social order.

**SOSC 320 People and the Environment: Past and Future Relationships**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of post-secondary education at 100-level or higher

This course will consider the environment from the perspective of the interrelationships between nature and culture. The first part of the course will examine the history of ideas of human encounters with the environment, and the second part of the course will identify and critically analyse a number of interpretations and controversies shaping current cultural relationships to the natural world as identified by some of the disciplines of geography, economics, anthropology and sociology.

**SOSC 349 Social Sciences Study Abroad**

**6.00 credits (0,0,8) hrs 15 wks**

*Prerequisite:* 24 post secondary credits

This course is intended for students who are participating in a study abroad course overseas such as the Aichi Gakusen Exchange. Students will register in this course before embarking on the study abroad and will be expected to complete specific assignments according to the course outline.

**SOSC 401 Contemporary Issues: The Presence of the Past**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of post-secondary education at 100-level or higher

This course will focus upon case studies that address the presence of the past in contemporary society. The course will be interdisciplinary, and may address such topics as land claims, language rights, globalization, ethnic relations, the role of tradition, the nature of historical and archaeological knowledge, and the forces of political, economic and social change.

**SOSC 402 Contemporary Issues: The Present Context**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits of post-secondary education at 100-level or higher

This course will address current social, cultural, political, and economic trends as they are made manifest initially in the local and then potentially expanded to a global context. It will explore the relevance of the social sciences to an understanding of contemporary society. The issues that are explored may include local politics, homelessness, changing technology, ecological and environmental awareness, demographic

change, changing labour markets, healthcare, crime rates, and the like. The specific case studies will be chosen by the instructors to reflect contemporary debates.

**SOSC 403 Contemporary Issues: The Future**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 45 credits or post-secondary education at 100-level or higher

This course will explore the future direction of humanity, the challenges that will be faced, and the potential solutions that can be drawn from existing knowledge. This will involve looking back at the lessons that can be learned from such things as, economic policy, religious and Utopian movements, climate change debates, social reform movements, and the challenges of balancing growth with sustainable resources. These lessons will be applied to address current public debates about the future in the local and global contexts.

## Sociology

---

**SOC 100 Social Structures**

**3.00 credits (4,0,0) hrs 15 wks**

The course systematically covers major topics and issues of concern to anyone who wishes to begin to understand and come to terms with the modern world in a personally and sociologically relevant way. The basic theme of the course is that we are, to a greater extent than generally imagined, produced, structured and run by the social machine or social or societal determinants. This structured aspect of society is comprised of institutions such as the family, religion, the mass media and education, for example, as well as rules, customs, laws, ideologies, etc. Our society is also embedded with structural inequalities related to gender, social class and ethnicity. Utilizing what has been termed "the sociological imagination," the course looks at how we are influenced by these aspects of society and in turn how we react to these influences.

*Note:* Both SOC 100 and SOC 101 are required for students intending to major in Sociology at SFU or UBC.

**SOC 101 Concepts and Theories of Society**

**3.00 credits (4,0,0) hrs 15 wks**

With current social conditions in mind, this course analyzes the general development of sociological thought in the 19th and 20th centuries. We will look at a variety of sociological theories and approaches to understanding society (structural functionalism, conflict theory, symbolic interactionism, feminism, and others) and employ these approaches to analyze events of current interest, importance and impact in society.

*Note:* Both SOC 100 and SOC 101 are required for students intending to major in Sociology at SFU or UBC.

**SOC 200 Identity, Culture, and Power**

**3.00 credits (4,0,0) hrs 15 wks**

Society is a clash of identities. This can be seen in the struggle over LGBTQ rights, the rise of nationalism, racial profiling by police and border agents against people of colour, and the ongoing inequalities faced by Indigenous peoples. Students will look at the implications of these confrontations over identity. They will be challenged to identify the underlying sociological causes of contemporary social, political, and economic events.

**SOC 201 Social Problems in BC**

**3.00 credits (4,0,0) hrs 15 wks**

British Columbians face a housing crisis, an epidemic of drug and alcohol addiction, and increasing university tuition. Some low-income people find a means of survival in the sex trade, while Indigenous British Columbians face disproportionate levels of poverty and discrimination. Extreme wealth and poverty sit side-by-side. Despite a reputation as a "green" city, Vancouver is home to many environmentally destructive industries. This course will make sense of the sociological causes of these problems.

**SOC 210      Sociology of Popular Culture**  
**3.00 credits    (4,0,0) hrs      15 wks**

This course will explore sociological theories and ideas about popular culture from the nineteenth century to the present day. Students will analyze the social context that surrounds the production and consumption of cultural products such as art, music, film, fashion and television.

**SOC 211      Global Issues**  
**3.00 credits    (4,0,0) hrs      15 wks**

More than 20,000 people around the world die every day from hunger, and about 20% of the world's population live on less than \$1.25 a day. At the same time, countries like China, Brazil, and India have rapidly industrialized. Tens of millions have moved out of poverty, while trade and tourism have brought us closer together. Students will investigate the social, economic, and political causes of development, underdevelopment, and globalization.

**SOC 222      Sociology of the Arts**  
**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* SOC 100 or 101

A sociological study of art and artists in western and non-western societies. The course will relate the various art forms (painting, music, literature) to the social context in which they exist and to their social production; hence it will develop an understanding of the interrelationships between ideas (aesthetic codes), social institutions, cultural politics and political economy. This course is particularly recommended as a complement to SOC. 101 or 223.

**SOC 223      Media and Society**  
**3.00 credits    (4,0,0) hrs      15 wks**

The media have powerfully shaped society since the invention of the printing press. Modern media such as television and the internet affect how we see ourselves and how we relate to one another. This course investigates the relationship between the media and gender and racial inequality, corporate and government power, and citizen activism. Students will also examine the effects of social media on our sense of self and our society.

**SOC 300      The Sociology of Consumer Culture**  
**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including 3 credits of SOC

This course looks at the construction of consumer culture in contemporary society. Specific attention is paid to the processes by which consumer culture is created, reproduced and sustained through the media and advertising. This course is situated in the historical and current debates on ideology, political economy and capitalism. It will also examine the processes by which the role of consumer is created and the impact and implications on personal identity and self.

**SOC 301      Social Inequality**  
**3.00 credits    (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Canadian society faces numerous social divisions, such as those between rich and poor, women and men, and Aboriginal and non-Aboriginal people. These differences lead to important social outcomes, as in

access to health care, seniors' pensions, or the wages we earn in our jobs. The student will use theories and research to understand social inequality in Canada today.

**SOC 302      Sociology of Climate Change**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

Scientists agree that human activity is creating a climate crisis. The social effects of this crisis will be experienced depending on whether you are rich or poor, or live in the global South or North. Students will look at the role of human society in climate change, in particular at consumerism, the fossil fuel industry, and the role of the media, as well as at possible solutions to the crisis.

**SOC 320      Technology, Work, and Society**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course examines the technological and social changes that have created our contemporary world of work. It identifies the way that gender, race/ethnicity, age, sexuality, and other factors shape the experience of work, and surveys the role of technology in the relations between owners, managers, and employees. It links these issues with students' own experience of work, and their aspirations for their future careers.

**SOC 330      Sociology of the City: Issues and Processes of Exclusion**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including SOC 100 or SOC 101

The City is a hot topic among policy makers, cultural creative, and academics. Urban issues and processes of exclusion including gentrification are linked to globalization and the increasing commodification of everyday life. This course will provide students with the opportunity to examine processes of exclusion in Los Angeles, Paris and Shanghai, but will also use Vancouver as a living laboratory.

**SOC 351      Modernism, Postmodernism, and Society**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including SOC 101

Sociological tradition argues that empirical social science can be used as a tool to change society for the better. "Postmodern" social theories emerged in the 1970s to criticize these mainstream assumptions, about rational science, revolutionary politics, and the "grand narrative" of progress. The debate continues, and this course will provide an overview of the social theories involved and the social changes that provide the context for these theories.

**SOC 352      Marxism and Social Theory**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework including SOC 101

While Karl Marx's ideas seemed to collapse with the fall of communism in the Soviet Union and Eastern Bloc, this course will argue that Marx is better seen as a critic of capitalism rather than a theorist of communism. His analysis of subjects such as class struggle, the magical lure of commodities, and the spread of globalization remain relevant today. Indeed, many contemporary thinkers have taken Marx's ideas and reworked them in ways that provide an original and critical view of our society.

## Spanish

**3.00 credits    (4,0,0) hrs          15 wks**

This course provides students with technical knowledge and skills to manage the Human Resources function in a hotel or resort, carrying out generalist duties. It also enables students to assist the director of a Human Resources Department in a larger operation in a more specialized role, or to carry out the HR duties of a line manager.

## University Success Strat-Couns

---

### **USS 100 Introduction to University Success Strategies**

**3.00 credits (4,0,0) hrs 15 wks**

This course is co-taught by a learning specialist and a counsellor. Topics include: time management, memory techniques, stress management, reading a textbook with improved retention, test taking tips, note taking strategies, goal setting, communication skills, using University resources, and career exploration.

## University Success Strat-Found

---

### **USSD 090 Foundations for Student Success**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed for students currently enrolled the Education & Employment Access certificate and/or those who plan to enroll in first year courses or programs at Capilano University and require support to succeed. The focus will be on developing the academic and personal skills necessary to develop into successful students. Emphasis will be placed on taking personal responsibility for learning and how to effectively disclose learning disabilities in an educational and workplace environment.

### **USSD 105 University and College Reading, Study and Online Management Skills**

**3.00 credits (4,0,0) hrs 15 wks**

Students learn and adopt methods and attitudes that promote success in college or university. Study skills learned are memory techniques, goal setting, time management, note taking and test taking. The reading component focuses on problems students have with textbook comprehension and retention, vocabulary development, and critical thinking and reading. In addition, this course addresses challenges students face through participation in courses delivered on-line, via course management software. Topics include log-in and navigation basics; use of calendars; downloading and submitting assignments; completing self-tests, quizzes and surveys; participating in discussions and chats; creating student presentations and homepages; and tracking progress and grades.

*Note:* Students may not enrol in USS 100 and USSD 105 concurrently.

### **USSD 110 Reading Dynamics**

**3.00 credits (4,0,0) hrs 15 wks**

Participants learn and practice flexible and efficient reading skills at the college level. Strategies for increasing speed, improving vocabulary, reading comprehension, memory, and critical thinking are also included.

## Vision

---

### **VISN 010 Cognitive Learning Skills Development Foundation Level**

**3.00 credits (4,0,0) hrs 15 wks**

This course is designed for students who have difficulty with the comprehension, retention, evaluation or analysis required for success with their general academic program. An assessment is followed by a program to strengthen any under-developed abilities. Students will develop their comprehension, memory and problem solving at the basic, foundational level, and will learn concepts underlying the mathematics and language arts curriculum.

**VISN 012      Cognitive Learning Skills Development Strengthening Level**  
**3.00 credits    (4,0,0) hrs            15 wks**

*Prerequisite:* VISN 010

This course is designed for students who have difficulty with more advanced comprehension, retention, evaluation or analysis required for success with their general academic program. Students will strengthen their cognitive abilities in the areas of comprehension, memory and problem solving, and will learn concepts underlying the mathematics and language arts curriculum.

**VISN 020      Perceptual Skills Development Foundation Level**  
**1.50 credits    (2,0,0) hrs            15 wks**

This course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. The activities are progressive in nature. Foundation level activities are undertaken in this course.

**VISN 022      Perceptual Skills Development Strengthening Level**  
**1.50 credits    (2,0,0) hrs            15 wks**

*Prerequisite:* VISN 020

This course involves more advanced perceptual skills development activities. Like VISN 020, the prerequisite course, this course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. Advanced level activities are undertaken in this course.

**VISN 030      Auditory Processing Skill Development**  
**1.50 credits    (2,0,0) hrs            15 wks**

*Prerequisite:* VISN 010 and 020

This course is designed for students who have auditory processing problems affecting their ability to succeed with their general academic curriculum. These problems are identified through the VISN 010 assessment and through observation in VISN 020. This course provides a range of auditory processing exercises geared to strengthening auditory processing abilities.

**VISN 040      Preparation for the Language Arts Curriculum**  
**1.50 credits    (2,0,0) hrs            15 wks**

This course is designed for students who need direct instruction with the fundamental concepts needed to benefit from language arts instruction. Many students gain the concepts through language arts instruction itself, but many do not. It presents basic linguistic concepts in as concrete a form as possible. It is not a substitute for language arts instruction. This course provides the framework for learning detailed linguistic standards, procedures, and techniques.

**VISN 050      Preparation for the Math Curriculum**  
**1.50 credits    (2,0,0) hrs            15 wks**

This course is designed for students who begin to flounder when the math curriculum turns from memorization to the broader application of concepts and the understanding of more abstract math. The focus is on developing the cognitive foundations needed and the acquisition of the concepts underlying math skills,

not on arithmetic or math skills themselves. The approach is specifically designed for non-semantic learners, but semantic learners can benefit as well.

**VISN 060      Memory Skills Development**

**1.50 credits      (2,0,0) hrs      15 wks**

This course is designed for students who have memory problems. Memory is the ability to retrieve previously learned or cognized information. Good cognition does not necessarily mean good memory. Cognition is the ability to take in information, whereas memory is the ability to bring back information. Memory is often assumed to be present, but if it is not, it can cause significant frustrations to both students and instructors. This course is designed to develop memory.

**VISN 070      Preparation for Reading**

**3.00 credits      (4,0,0) hrs      15 wks**

This course is not intended as reading instruction. It is designed for those people who have not succeeded with learning to read. Reading instruction rests on presuppositions about students' perceptual skills, cognitive abilities, and conceptual repertoire. This course is designed to help meet these presuppositions so students can be successful with reading instruction.

## Visual Communication

---

**IDES 131      Survey and Principles of Illustration I**

**3.00 credits      (4,0,2) hrs      15 wks**

This course introduces students to the origins of illustration through an integration of history, theory, and practice. Lectures review notable artists and their work, and illuminate the influence of society on visual expression from the Renaissance until the mid-20th century. Applied projects are based on lecture content and related mediums and techniques, including principles of light, form, and colour.

**IDES 132      Survey and Principles of Illustration II**

**3.00 credits      (4,0,2) hrs      15 wks**

This course provides a grounding in the development of illustration as a profession through the integration of history, theory, and practice. Lectures review notable illustrators and their work, and the influence of economic and historical milestones from the Golden Age until the present day. Applied projects are based on lecture content and the use mediums, techniques, voice, and storytelling in illustration.

**IDES 133      Visual Studio**

**3.00 credits      (4,0,2) hrs      15 wks**

This course provides an introduction to line, form, and light through an exploration of drawing and photography. Students develop skills in the use of drawing tools and a digital SLR (single lens reflex) camera. Principles of perception, observation, proportion, and perspective are covered through drawing and photography of man-made and natural objects, including the human figure.

**IDES 141      Survey and Principles of Design I**

**3.00 credits      (4,0,2) hrs      15 wks**

This course examines graphic design and typography from the Industrial Revolution to the mid-20th century through an integration of history, theory and practice. The course begins with the origins of the professions of design and advertising and ends with mid-century modernism. Applied projects explore the articulation of historical styles and aesthetics.

**IDES 142      Survey and Principles of Design II**

**3.00 credits (4,0,2) hrs 15 wks**

This course examines graphic design and typography from the mid-20th century to the present day through an integration of history, theory, and practice. Students are introduced to modernist, post-modernist, and information age movements as an aesthetic and philosophical basis of modern graphic design and advertising. Applied projects, including the integration of concept with design principles, are integral to the course.

**IDES 151 Digital Media I**

**3.00 credits (4,0,2) hrs 15 wks**

In this course students are introduced to the digital technologies and media used in the design and advertising industries. Students gain technical knowledge on the set up and maintenance of digital platforms and tools, and begin to work with image-making software for static and dynamic media. The fundamentals of shaping the interactive experience – information architecture, navigation design, user interface design, and the user experience as it relates to screen technologies – are also introduced.

**IDES 211 Technology Intensive I**

**1.00 credit (20,0,10) hrs 01 wks**

*Prerequisite:* IDES 151

This course introduces students to professional page layout software for print and digital publishing. Students gain knowledge in the use of industry-standard software and associated file formats, learn to manage fonts and colour systems, and prepare files for production. Students need a working knowledge of the computer desktop environment, file management, and vector/image software to take this course.

**IDES 212 Technology Intensive II**

**1.00 credit (3,0,0) hrs 10 wks**

This course introduces students to digital illustration for dynamic media. Students develop skills in image making and motion graphic software and develop a basic language of time-based media. Students need a working knowledge of the computer desktop environment and file management to take this course.

**IDES 235 Illustration Studio I**

**3.00 credits (4,0,2) hrs 15 wks**

This course introduces students to illustration as visual communication. Students learn the process of completing an illustration project through concept, sketches, client approval, and finished work, and begin to develop style and voice. Skills are developed using various mediums and techniques including contemporary painting and life drawing.

**IDES 236 Illustration Studio II**

**3.00 credits (4,0,2) hrs 15 wks**

This course focuses on the development of illustration styles for visual communication using voice and storytelling. Students are assigned targeted briefs and create conceptual solutions using moderately complex subject matter. The roles of illustrator and art director as part of a creative team are emphasized in the process of creating illustration for advertising, design, and publishing.

**IDES 237 Digital Illustration**

**3.00 credits (4,0,2) hrs 15 wks**

This course introduces digital illustration techniques for static and dynamic media. Students gain an understanding of the strengths of digital technology in contemporary conceptual illustration and motion graphics. Technical skills using image-making and motion graphics software are introduced through a variety of in-class exercises and projects with targeted briefs.

**IDES 243 Design Studio I**

**3.00 credits (4,0,2) hrs 15 wks**

*Corequisite:* IDES 211

This course introduces students to the fields of communication design, information design, and advertising, and to the role of design in business and marketing. Students understand the design process by analyzing design problems, working through creative briefs, creating appropriate design solutions, and developing rationales. Instruction in design-related software supports the course.

**IDES 244 Design Studio II**

**3.00 credits (4,0,2) hrs 15 wks**

*Prerequisite:* IDES 211

This course focuses on communication design practice and its role in promoting sustainability. Students are introduced to ways in which design solutions can engage “strategies, processes and materials that value environmental, cultural, social and economic responsibility” (GDC Sustainable Design Principles, 2009). Projects emphasize collaboration, the discovery process, and the development of platform-neutral solutions. Instruction in design-related software supports the course.

**IDES 247 Survey and Principles of Typography**

**3.00 credits (4,0,2) hrs 15 wks**

*Corequisite:* IDES 211

This course provides students with a thorough understanding of typography as a core element of visual communication. The evolution of type from the mid-1400s to the present day is discussed in the context of the technology of the time and its influence on letterforms. Students gain a grounding in the principles of best typographic practice as they apply to print and digital mediums. Instruction in design-related software supports the course.

**IDES 249 Brand Identity**

**3.00 credits (4,0,2) hrs 15 wks**

*Prerequisite:* IDES 211

This course introduces students to the field of brand identity by following the process of a branding assignment as it would typically be handled in a design studio or advertising agency. Students are guided through the process from creative brief through strategic framework to logo development and design of a variety of marketing materials. Presentations are conducted in a simulated “real world” environment.

*Note:* This course is equivalent to IDEA 246. Duplicate credit will not be granted for this course and IDEA 246.

**IDES 252 Digital Media II**

**3.00 credits (4,0,2) hrs 15 wks**

*Prerequisite:* IDES 151

This course focuses on developing skills in the primary software programs used in the visual communication professions and builds on the principles introduced in Digital Media I. The emphasis is on the role of the designer and/or illustrator in the creation of visual communication for static and dynamic media, including information-rich websites. Applied projects address the needs of differing real-world digital communications scenarios.

**IDES 313 Technology Intensive III**

**1.00 credit (20,0,10) hrs 01 wks**

*Prerequisite:* 50 IDES/DSGN credits

This course builds skills in front-end technologies for digital media production. The emphasis is on user interface design and navigation for different types of screen technologies. It is important for students to already have a working knowledge of web authoring tools.

**IDES 340 Visual Communication Workshops I****3.00 credits (4,0,2) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

Students select from a wide variety of full-day workshops covering specialized topics in visual communication. Some workshops support skill development specific to a concentration (e.g. interactive design, illustration, or branding). All workshops provide tools and resources for self-learning, online support, and individualized faculty feedback on workshop projects.

**IDES 341 Visual Communication Workshops II****3.00 credits (4,0,2) hrs 15 wks***Prerequisite:* 45 credits of 100-level or higher coursework

Students select from a wide variety of full-day workshops covering specialized topics in visual communication (topics differ from those in Visual Communication Workshops I). Some workshops support skill development specific to a concentration (e.g. interactive design, illustration, or branding). All workshops provide tools and resources for self-learning, online support, and individualized faculty feedback on workshop projects.

**IDES 360 Visual Communication Studio I****6.00 credits (8,0,4) hrs 15 wks***Prerequisite:* 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students will work in their choice of visual communication areas.

**IDES 361 Visual Communication Studio I: Illustration Concentration****6.00 credits (8,0,4) hrs 15 wks***Prerequisite:* 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students concentrate on illustration for project deliverables.

**IDES 362 Visual Communication Studio I: Branding Concentration****6.00 credits (8,0,4) hrs 15 wks***Prerequisite:* 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define problem-solving strategies, and build solutions and case studies. Students concentrate on branding for project deliverables.

**IDES 363 Visual Communication Studio I: Interactive Concentration****6.00 credits (8,0,4) hrs 15 wks***Prerequisite:* 50 IDES/DSGN credits

Thematically structured around the concept of “design for good”, this course introduces a variety of creative briefs, research methods, leadership skills, and tools that model best practices. Students work in groups to deconstruct the briefs, build on the research, identify tasks, map workflow, explore and define

problem-solving strategies, and build solutions and case studies. Students concentrate on interactive design for project deliverables.

**IDES 380      Visual Communication Studio II**

**6.00 credits    (8,0,4) hrs      15 wks**

*Prerequisite:* 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in a choice of visual communication subjects. The course is supported by research conducted in Design Thinking and Research II.

**IDES 381      Visual Communication Studio II: Illustration Concentration**

**6.00 credits    (8,0,4) hrs      15 wks**

*Prerequisite:* 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in illustration. The course is supported by research conducted in Design Thinking and Research II.

**IDES 382      Visual Communication Studio II: Branding Concentration**

**6.00 credits    (8,0,4) hrs      15 wks**

*Prerequisite:* 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in branding. The course is supported by research conducted in Design Thinking and Research II.

**IDES 383      Visual Communication Studio II: Interactive Concentration**

**6.00 credits    (8,0,4) hrs      15 wks**

*Prerequisite:* 50 IDES/DSGN credits

Using the process modeled in Visual Communication Studio I, students collaborate to identify areas of research that could benefit from design thinking expertise. The entire design process from problem identification to final solution is followed and recorded in case studies. Group work is complemented with focused individual study in interactive design. The course is supported by research conducted in Design Thinking and Research II.

**IDES 414      Technology Intensive IV**

**1.00 credit    (2,0,1.5) hrs      10 wks**

*Prerequisite:* 75 IDES/DSGN credits

This course focuses on the development of professional portfolio websites for designers and illustrators embarking on careers in the visual communication industry. Students are introduced to current trends in web experience design and a number of tools for building and showcasing a portfolio of work. Instruction will support students with varying degrees of front-end development experience.

**IDES 490      Industry Practicum**

**9.00 credits    (1,0,25) hrs      08 wks**

*Prerequisite:* 75 IDES/DSGN credits

This experiential learning course takes place primarily off campus. Students work within a studio/agency environment or with a personal mentor in a capacity related to visual communication. Students undergo a placement interview and both parties work to strict contractual guidelines that guide behaviour and learning in a professional environment. Students provide written reflection and a final report on their work experience.

## Visual Effects

---

### **VFX 100      Visual Effects Foundation I**

**3.00 credits      (4,0,0) hrs      15 wks**

In this course, students will be introduced to the basic processes and procedures involved in the production of visual effects for the film industry. This course will emphasize the application of motion picture production methods and techniques and their relationship to visual effects. An understanding of the fundamental roles and equipment involved in motion picture production will be covered.

### **VFX 101      Visual Effects Foundation II**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 15 VFX credits

In this course, students will focus on professional production procedures used in the visual effects industry. Students will continue to develop the technical understanding of motion picture production methods and techniques and their relationship to visual effects. Students will learn about working on a film set, the roles of various crew members on set, work flow on set, and appropriate professional etiquette and behaviour. Motion picture language and vocabulary will be introduced. Students will learn about the use of technical equipment on set related to visual effects, including cameras, lenses and lighting.

### **VFX 110      Digital Compositing I**

**3.00 credits      (4,0,0) hrs      15 wks**

In this course, students will learn and practise the concepts necessary to successfully combine film and computer graphics elements. Students will be introduced to the concepts of blue and green screen removal and keying, travelling mattes and colour correction. The course will also cover the technical aspects of multi layer digital image creation and composition. An analysis of the production pipeline used in professional motion picture platforms will be implemented in student projects.

### **VFX 111      Digital Compositing II**

**3.00 credits      (4,0,0) hrs      15 wks**

*Prerequisite:* 15 VFX credits

In this course, students will learn advanced digital compositing techniques including the importance of shot breakdowns for effective compositing, how and when to use mattes, incorporating 2D and 3D visual elements, colour space and grading, motion tracking and rotoscoping techniques.

### **VFX 120      Visual Effects Modelling and Texturing I**

**3.00 credits      (4,0,0) hrs      15 wks**

In this course, students will learn to create production ready hard surface and organic 3D assets for use in visual effects productions. An introduction to 3D image creation, including modelling, texturing, lighting and rendering, will allow students to create production quality assets. An emphasis on research, design and project planning will help students understand the role of an artist in creating assets in a timely and professional manner.

### **VFX 121      Visual Effects Modelling and Texturing II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 VFX credits

In this course, students will further develop their skills for creating 3D models and assets for visual effects. The creation of props and set extensions which match live action plates will be studied. Students will practice advanced modelling, texturing, lighting and rendering techniques in order to match live action plates.

**VFX 130 Visual Effects Animation I**

**3.00 credits (4,0,0) hrs 15 wks**

In this course, students will be introduced to the process of animating objects and effects in 3D space. This course will cover animation techniques used in the creation of visual effects shots in film projects. This course will focus on the use of realistic animated effects in film projects and their creation using advanced 3D animation software.

**VFX 131 Visual Effects Animation II**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 15 VFX credits

In this course, students will continue to develop skills in animating particles, fluids and dynamics simulations. Using advanced 3D software, students will create natural phenomena such as fire, explosions, lightning, dust, rain, snow and water effects. Students will also learn to use dynamic simulations such as cloth, hair and object destruction.

**VFX 140 Digital Matte Painting I**

**3.00 credits (4,0,0) hrs 15 wks**

In this course, students will be introduced to the art and science of digital matte painting. An overview of traditional versus digital matte painting techniques will be covered. Students will use digital tools to create matte paintings which match the atmosphere and lighting of film footage. This course will emphasize the use of digital painting and photo montage techniques to create matte paintings suitable for use as background plates in a film production.

**VFX 200 Visual Effects Lighting and Rendering**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 27 VFX credits

In this course, students will learn advanced techniques for creating 3D elements for a visual effect shot; how to create complex materials, match on set lighting and how to utilize advanced rendering technology effectively in the creation of visual effects shots.

**VFX 205 Visual Effects Production I**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 27 VFX credits

In this course, students will plan and create visual effects shots in collaboration with an outside film production. This course will introduce students to the role of the visual effects artist in a film production, from analyzing and breaking down scripts to creating completed visual effects shot(s). Students will identify the keys to quality control in from onset production to integrated digital elements. The effects shots created during the course will serve as a basis for creating an effective visual effects demo reel.

**VFX 210 Digital Compositing III**

**3.00 credits (4,0,0) hrs 15 wks**

*Prerequisite:* 27 VFX credits

This course emphasizes developing advanced compositing skills with a focus on various pipeline workflows and shot finishing. Students will practice advanced compositing techniques using plates from actual film projects. Students will also learn stereo compositing techniques and workflows.

**VFX 215          Visual Effects Production II**  
**6.00 credits    (14,0,0) hrs          15 wks**

*Prerequisite:* 42 VFX credits

In this course, students will identify a career specialty and create an industry relevant self-directed portfolio project. Through group and individual critiques and mentoring sessions, students will practice creative evaluation and critical analysis skills. The emphasis will be on quality, professionalism and project management.

**VFX 220          Visual Effects Demo Reel**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* 42 VFX credits

This course will help students prepare a professional portfolio and demo reel. Students will learn to critique their own work, while learning about professional presentation practices. A final portfolio presentation to industry will provide the opportunity for a professional critique of each student's portfolio before graduation. Students will plan and organize a grad show to showcase their talents to prospective industry recruiters and executives.

**VFX 230          Visual Effects Work Project**  
**3.00 credits    (0,0,4) hrs          15 wks**

*Prerequisite:* 42 VFX credits

This course will prepare students to work in a professional industry environment. Students will complete a project for a client, or complete work experience in a local studio (based on studio availability). Students will be instructed in professional standards, ethics and practices. Students will be evaluated by their clients in the areas of work ethic, project realization and completion, professionalism and communication.

**VFX 231          Visual Effects Animation III**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* 27 VFX credits

In this course, students will continue to develop and refine the process of simulating particles, fluids, dynamic objects and cloth in 3D space. This course will focus on the use of realistic simulated effects in film projects and their creation using advanced 3D software.

**VFX 240          Digital Matte Painting II**  
**3.00 credits    (4,0,0) hrs          15 wks**

*Prerequisite:* 27 VFX credits

In this course, students will continue to develop and refine their digital matte painting and masking skills using digital tools. An emphasis on creating hand painted assets supported by photo texturing in the creation of convincing mattes suitable for use as film plates.

## Wilderness Leadership

---

**WLP 124          Winter Skills**  
**2.00 credits    (60,0,0) hrs          01 wks**

An introductory course developing skills in avalanche safety, terrain and hazard assessment, route finding, winter camping, and shelter building. Students that achieve the required competency level may achieve Avalanche Skills Training Level 1 Certification from the Canadian Avalanche Association.

**WLP 125      Ski Touring**  
**2.00 credits      (60,0,0) hrs      01 wks**

*Prerequisite:* WLP 124 is a prerequisite or co-requisite

Students will develop backcountry touring skills including track setting, winter camp craft, hazard avoidance, skiing techniques and route planning, weather observations and avalanche safety. Students that achieve the required competency level may achieve Avalanche Skills Training Level 2 Certification from the Canadian Avalanche Association.

**WLP 126      Backpacking**  
**2.00 credits      (60,0,0) hrs      01 wks**

Students will develop skills in client care, risk management, navigation, professionalism, travel, instruction, terrain assessment, camping and mountain sense.

**WLP 127      Mountaineering**  
**2.00 credits      (60,0,0) hrs      01 wks**

*Prerequisite:* WLP 124 or WLP 126 is a prerequisite or co-requisite

This course is designed for the experienced backpacker with little or no rope skills. Skills in basic rock climbing, rope management, crevasse rescue, snow and glacier travel and ice climbing will be developed.

**WLP 128      Rock Climbing I**  
**2.00 credits      (48,0,0) hrs      01 wks**

A technical course for non-climbers, emphasizing technique development through practical application of field skills. Students will gain competency in outdoor top rope climbing and following a lead climber. Skill sets include anchor construction, rope management, rappelling, climbing and movement techniques, and hazard management.

**WLP 129      Rock Climbing II**  
**2.00 credits      (24,0,0) hrs      02 wks**

*Prerequisite:* WLP 128 is a prerequisite or co-requisite

An intermediate level of skill development of rock climbing techniques including rock rescue and introduction to lead climbing.

**WLP 130      Rock Rescue Clinic**  
**1.00 credit      (24,0,0) hrs      01 wks**

*Prerequisite:* WLP 128 is a prerequisite or co-requisite

This course emphasizes the practical aspects of technical rock rescue.

**WLP 131      Nordic Skiing I**  
**2.00 credits      (48,0,0) hrs      01 wks**

This is an introductory course in Nordic skiing that develops competency in equipment selection and use, waxing, diagonal stride, poling, turns, skating, and telemark techniques. Students that achieve the required competency level may achieve Level 1 Instructor Certification from the Canadian Association of Nordic Ski Instructors.

**WLP 132      Nordic Skiing II**  
**2.00 credits      (31.5,0,0) hrs      02 wks**

*Prerequisite:* WLP 131 is a prerequisite or co-requisite

## Women's and Gender Studies

---

**WGST 100 Introduction to Women's Studies**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines the status and role of women in Canadian society within a global context. Topics include the impact of Women's Studies on traditional academic disciplines, the nature and origins of patriarchal practices, gender role divisions in the family and other social institutions, women and work, reproductive rights, violence, communication/media/art, the social and legal status of women, and issues of power focusing on "race"/ethnicity, class and sexualities.

*Note:* This course is equivalent to WMST 100. Duplicate credit will not be granted for this course and WMST 100.

**WGST 111 Introduction to Gender Studies**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines and compares various disciplinary approaches to gender, sex and sexuality, including how different disciplines construct these concepts. Disciplinary perspectives may include psychology, sociology, anthropology, biology, sport studies, law and policy. Students will learn to apply an intersectional approach – a foundational perspective in women's and gender studies – to contemporary issues of gender, including current areas of controversy and debate.

*Note:* This course is equivalent to WMST 111. Duplicate credit will not be granted for this course and WMST 111.

**WGST 204 Women Write**

**3.00 credits (4,0,0) hrs 15 wks**

This is a discussion-oriented literature course intended to broaden and intensify the students' awareness and appreciation of women writers from the late 19th to the 21st centuries. Material will come from a range of genre: stories, novels, poems, plays and memoirs. Using a feminist analysis, students will explore issues that mark the rise of women's writings from a sub-genre to contemporary full status acceptance.

*Note:* This course is equivalent to WMST 104. Duplicate credit will not be granted for this course and WMST 104.

*Note:* Completion of ENGL 100 and WGST 100 and/or WGST 111 is recommended.

**WGST 208 Women and the Law**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines the history and development of equal rights for women through the lens of the Canadian legal system. Using feminist legal analysis, students will learn about sex discrimination and the interrelationship of it with "race"/ethnicity, sexual orientation and disability.

*Note:* This course is equivalent to WMST 108. Duplicate credit will not be granted for this course and WMST 108.

*Note:* Completion of WGST 100 or WGST 111 is recommended.

**WGST 210 The Psychology of Women and Gender**

**3.00 credits (4,0,0) hrs 15 wks**

This course explores the psychological construction of gender roles, their development in childhood and their maintenance in adulthood. Students will examine current research in biology, socialization, personality and mental health, and the course will include issues of current interest such as sexuality, aging, violence against women, gender relations, and the workplace.

*Note:* This course is equivalent to WMST 110. Duplicate credit will not be granted for this course and WMST 110.

*Note:* Completion of WGST 100 and/or WGST 111 is recommended.

**WGST 213 Gender, Politics and Policy**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines the role of gender in political and policy processes using a multidisciplinary feminist approach. Students will focus on Canadian examples and examine the difficulties that affect women in particular. Students will be encouraged to research possible ways to increase women's political participation.

*Note:* This course is equivalent to WMST 113. Duplicate credit will not be granted for this course and WMST 113.

*Note:* Completion of WGST 110 or WGST 111 is recommended.

**WGST 215 The Geography of Gender: Global Perspectives**

**3.00 credits (4,0,0) hrs 15 wks**

This course uses a feminist perspective to examine how societal notions of gender shape our built environment and colour our perceptions of the world around us. Gender differences are apparent in how we live, work, travel, and explore. Drawing on geographical topics ranging from our everyday home and work experiences to the trafficking of women across borders, this course explores gender roles and patterns from around the world and their spatial implications.

*Note:* This course is equivalent to WMST 115. Duplicate credit will not be granted for this course and WMST 115.

*Note:* Completion of WGST 100 or WGST 111 is recommended.

**WGST 220 Women and the Past: A Historical Survey**

**3.00 credits (4,0,0) hrs 15 wks**

This course examines the lives of women in the western world from ancient times to 20th century North America. Private lives as well as public and political activities will be studied. Topics will include the role of women in the early Christian church, women in monasticism, women and the family in pre-industrial Europe, the impact of industrialization, pioneers and path-breakers, and the rise and nature of women's movements.

*Note:* This course is equivalent to WMST 220. Duplicate credit will not be granted for this course and WMST 220.

*Note:* Completion of WGST 100 or WGST 111 is recommended.

**WGST 222 Cross-Cultural Perspectives on Gender**

**3.00 credits (4,0,0) hrs 15 wks**

This course applies an anthropological perspective to the exploration of gender. Topics covered include gender diversity across cultures, the social and cultural construction of gender categories and social roles, variations in norms and beliefs concerning sex and gender, and the diverse ways in which gender intersects with other areas of culture such as work, family life, language, religion, and art.

*Note:* This course is equivalent to WMST 122. Duplicate credit will not be granted for this course and WMST 122.

*Note:* Completion of one of the following courses is recommended: WGST 100 or WGST 111 or ANTH 121.

**WGST 224      Women and Health**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course presents an overview of women's health issues across differences of race, class, sexuality, ability, and age. Topics include approaches to health care, sexuality and reproduction, and occupational and social issues.

*Note:* This course is equivalent to WMST 124. Duplicate credit will not be granted for this course and WMST 124.

*Note:* Completion of WGST 100 and/or WGST 111 is recommended.

**WGST 226      Women and Religion**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course examines ideas about and roles of women in the major religious traditions (Judaism, Christianity, Islam, Hinduism and Buddhism) as well as native religions, Wicca and goddess religions. Students will look at how women have been shaped by religious traditions, at women as agents of resistance and social change, and at women as spiritual leaders, past and present.

*Note:* This course is equivalent to WMST 126. Duplicate credit will not be granted for this course and WMST 126.

*Note:* Completion of WGST 100 and/or WGST 111 is recommended.

**WGST 230      Women, Art and Gender**  
**3.00 credits    (4,0,0) hrs            15 wks**

Focusing on Europe and North America, this course examines the historical representation of women in art as well as the particular challenges and accomplishments of women artists. Students will investigate the ways that visual imagery has both upheld and critiqued gender differences and the impact feminist inquiry has had on the theories and practices of art and art history.

*Note:* This course is equivalent to WMST 130 and AHIS 109. Duplicate credit will not be granted for WMST 130 or AHIS 109.

*Note:* Completion of WGST 100 and/or WGST 111 is recommended.

**WGST 240      Gender, Science and Technology**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course highlights the gendered packaging of science and technology and how this has affected the built environment, consumer choices, and the lives of women and men. Topics include an historical review of the role women have played in the development of science, investigation of the reasons for the traditionally low participation of women in scientific and technical fields, and an exploration of the relationship between science and gender.

*Note:* This course is equivalent to WMST 140. Duplicate credit will not be granted for this course and WMST 140.

*Note:* Completion of WGST 100 or WGST 111 is recommended.

**WGST 250      Gender and Popular Culture**  
**3.00 credits    (4,0,0) hrs            15 wks**

This course applies a feminist analysis to the study of gender in popular culture. Drawing on a variety of media, which may include advertising, film and television, comic books, video games, popular fiction, and magazines, students will examine the representation of gender. The course will also explore how popular culture often functions to reinforce social norms concerning gender roles and identities, while it may also allow for sites of resistance through challenging gender norms.

*Note:* This course is equivalent to WMST 150. Duplicate credit will not be granted for this course and WMST 150.

Note: Completion of one of the following courses is recommended: WGST 100, WGST 111, SOC 100, CMNS 112 or CMNS 132.

**WGST 302      Jobs and Gender in a Globalized Economy**

**3.00 credits      (4,0,0) hrs                  15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course examines women's work from the pre-industrial time until today. Topics such as participation in the workplace, inequality in the labour markets, and attempts to measure unpaid work will be covered. The course will also examine the impact of free trade, technology, privatization, and economic restructuring on women, and the gendered effects of the mounting debt and economic crisis in developing countries.

Note: Completion of WGST 100 or WGST 111 is recommended.

**WGST 360      Contemporary Topics in Women's and Gender Studies**

**3.00 credits      (4,0,0) hrs                  15 wks**

*Prerequisite:* 45 credits of 100-level or higher coursework

This course explores contemporary issues in women's and gender studies, including current debates in the discipline. Specific topics will vary from year to year, but could include, for example, examinations of gender and international development, aboriginal women in Canada, women and public policy, feminist activism, gender and sexuality in Canadian sports, or feminist critical thought.

Note: Completion of WGST 100 or WGST 111, or another first or second year WGST course is recommended.
