

2055 PURCELL WAY - VIRTUAL PUBLIC INFORMATION MEETING

DATE: APRIL 7 - APRIL 21, 2021

www.DNV.org/public-meeting

Capilano University proposes to construct an on-campus, 6 storey student housing and dining building at 2055 Purcell Way (the University), at the corner of Tantalus Road and Monashee Drive.

The proposal is for 360 student beds, and one 2-bedroom apartment. The 360 beds are made up of a mix of single, accessible single, and double occupancy rooms. The building will include a ground floor dining facility, and other student amenities including kitchens, study areas, laundry, collaborative zones, multi-purpose spaces and an Indigenous-focused reflection space.

The site will be accessed from Tantalus Road. Existing parking Lots #2 and #4 will remain in service, with 322 spaces retained as unassigned-use (students, faculty and visitors). 102 bicycle parking spaces (indoor and exterior racks) will be provided as part of this development.

This proposal also includes upgrades along Tantalus Road, adding a sidewalk from the building to connect to the existing sidewalk and bus loop along Monashee Drive.
