1. PURPOSE

Capilano University’s Excluded Employee Compensation Policy (the “Policy”) is intended to attract and retain the qualified, skilled and engaged personnel necessary that strive to achieve high levels of performance and to meet the University’s vision, purpose and goals.

2. SCOPE

This policy applies to all regular and term-defined Excluded Employees including the President, Vice-Presidents, Deans, Directors, Managers, and any equivalent positions, and all exempt employees that are not represented by a union.

3. DEFINITIONS

“Administrator” - means an employee who is excluded from or not represented by a union by reason of working in a managerial role. This includes, but is not limited to Deans, Associate Vice-Presidents, University Librarian, Directors, Managers, HR Business Partners and any other equivalent positions.

“Excluded Employee” - means Executive, Administrator, and Exempt employees, i.e., all employees who are not part of a bargaining unit or covered by a collective agreement.

“Executive” - means the President, who has a direct reporting relationship to the board of governors, and the Vice-Presidents (or equivalent position) with a direct reporting relationship to the President.

“Exempt Employee” - means an employee who is excluded from or not represented by a union by reason of working in relation to confidential labour relations or personnel capacity. This includes, but is not limited to, employees in Human Resources, Assistants to Executives, and any other equivalent position.

“Permanent Employee” - means any excluded employee who has a continuous appointment, whether full- or part-time.

“Term-Defined Employee” - means an employee who works either full-or part-time with dates attached to their employment contract that limit their employment to a certain period.

4. COMPENSATION PHILOSOPHY

In administering the Policy, Capilano University embodies the following core principles:

Performance

Employees will receive annual performance evaluations to ensure that employees are meeting the job expectations for their positions.

Differentiation

The Policy will ensure that differences in scope and responsibility are compensated appropriately in relation to all internal positions and/or due to superior performance of an individual or a team.

Accountability

Compensation decisions are objective and based upon a clear and well-documented business rationale that demonstrates the appropriate expenditure of public funds.

Transparency

Compensation processes are designed, managed, and communicated in a manner that ensures the Policy is clearly understood by employees and the public while protecting individual personal information.

5. POLICY OBJECTIVES

In keeping with the core principles, the Policy has the following objectives:

- a) The assessment of jobs will be fairly and consistently applied based on assessing common factors for jobs, and not assessing the individual in the role.
- b) The Policy will comply with applicable legislation and will be non-discriminatory.
- c) Capilano University’s comparator group includes organizations where we can attract qualified employees from and to where we are at risk of losing qualified employees. Our core comparator group includes, first, similar post-secondary institutions and, secondly, other public sector employers within British Columbia. For other jobs where talent may be needed from out-of-province and jobs that require skills from specific industries or from outside of the public sector, a secondary comparator group may be required.
- d) The Policy is designed and administered in a fiscally responsible manner that ensures that costs are affordable and sustainable over time.
- e) Benchmarking of positions falling under this Policy is subject to the approval of the Post-Secondary Employers’ Association.

6. COMPENSATION

In line with the Public Sector Employers' Council Secretariat (PSEC)'s centralized approach to public sector compensation, the four core principles outlined above (article 5), together with PSEC's statutory mandates, allow us to create this performance-based, common compensation plan in line with other BC post-secondary institutions in the sector.

6.1 Sectoral Grid

The sectoral grid updated and provided by PSEA outlines the grades of positions and the base salary ranges within those grades. Placement on the scale is determined by assessing differences in scope, responsibilities, experience, and internal equity within the University. The grid is broken down by minimum ranges, mid-point, and maximum. New incumbents must be hired between the minimum and mid-point, depending on experience and skill set. Incumbents will earn beyond the mid-point through the performance-based merit system in place at Capilano University.

The grid ages periodically, as advised by the Post-Secondary Employers Association (PSEA). Progression beyond the control point of the grid is reserved for above standard and consistent performance.

6.2 Compensation Benchmarking

Benchmarking allows B.C. Public Post-Secondary Sector organizations to have positions comparable in scope, responsibilities, and skills required.

6.3 Merit Matrix

Excluded Employee salary increases are performance-based and each Excluded Employee shall complete a full cycle in order to gain an increase. The cycle runs from September 1st to August 31st of each academic year. Capilano University uses a merit matrix which is a compensation tool used to determine the merit increase for individuals based on the rating they received during the performance review, and their position in the range.

The use of a merit matrix aligns with the four core principles as explained in article 5 above. The merit matrix will be developed annually, based on available funding, and increases communicated to Excluded Employees each year as salary adjustments are made, and according to budget and performance ratings.

6.4 Extra Responsibilities Compensation

When an Excluded Employee serves in an acting position at a higher or comparable level, as well as retaining their regular position for a period in excess of eight weeks, such Excluded Employee shall be remunerated at 110% of their current rate, for the duration of the acting period; when an Excluded Employee serves in an acting position for less than eight weeks, there shall be no such remuneration.

6.5 Internal Equity

Internal equity refers to the principle of ensuring fair and consistent pay levels for all excluded employees who hold similar positions, with similar responsibilities, qualifications, and experience. It means that individuals who perform similar work and contribute at a comparable level should receive comparable compensation. Annual compensation reviews to measure individuals' distance from the control point of the sectoral grid together with proficiency and performance, allow for compensation progression and ensuring internal equity.

7. BENEFITS AND PERQUISITES
