Dear Dr. Jason Dewling,

My sincere congratulations to you for your appointment as Capilano University's eighth president and vice-chancellor.

As MLA for North Vancouver-Lonsdale since 2017, it has been an honour to serve a community that includes many Capilano University students and faculty members. The province has also been grateful to partner with Capilano University on many important projects that have received provincial funds, including the Fulmer Family Centre for Childhood Studies, Capilano University's student housing, and electrical infrastructure improvements through our CleanBC Communities Fund.

I look forward to continuing our work together and would be happy to connect at your convenience to discuss shared priorities. Please do not hesitate to reach out you are settled into your new position.

In your service,

Bowinn Ma, MLA
