CapU is creating a pilot program for students who have experience in the care system. There are no age restrictions, no criteria for time spent in care, and no limitations to place of care. If you or someone you know has experience living in care, please consider filling out this card to provide us with information to develop our programming and supports on campus.

Current Peer Groups on campus offer the following supports and focuses. Please check off all that would interest you in the Peer Group for Students with Lived Experience in Care:

Social Activities

Well-Being

Life Skill Building

Personal Supports

Academic Prep
