

ENGLISH FOR ACADEMIC PURPOSES (EAP) PATHWAYS

START ON THE PATH TO A NEW CAREER

Our Pathway programs in Business Administration and Early Childhood Care & Education (ECCE) will provide you with the speaking, listening, writing and academic skills in English to start working toward a credential at CapU.

BUSINESS ADMINISTRATION PATHWAY

Receive the support you need to succeed from EAP instructors and start training for a career in business. After completing the two-semester pathway program, you will have earned up to 15 credits toward either the Bachelor of Business Administration Degree, the Business Administration Diploma or the Business Administration Certificate. You can then continue your studies in one of CapU's Business Administration programs.

EARLY CHILDHOOD CARE & EDUCATION PATHWAY

Your EAP and ECCE instructors work together to help meet your needs as you gain the skills to create enlightening, friendly learning environments for children. When you complete the ECCE Pathway, you will be eligible to continue in the ECCE diploma or degree programs, having earned a minimum of 9 credits that count toward an ECCE credential.

EAP Pathways are for both domestic and international students.
Reduced tuition fees apply for Canadian citizens and permanent residents.

PROGRAM PATHWAYS

Business Administration Pathway

8 months | Full-time | Starts in September

Early Childhood Care & Education Pathway
