

Education & Employment Access

Break through barriers and reach your goals

If you live with barriers, including learning differences and physical or mental health challenges, the Education & Employment Access program at CapU will help prepare you to reach your career and academic goals.

Build the skills to succeed

In the program, you'll complete six classes supported by experienced instructors designed to grow your abilities in practical communication, customer service techniques, writing a strong resume, strengthening your interviewing skills and creating a professional portfolio to show to potential employers.

Explore your options

To ensure you are ready to step into the workforce when you complete the program, you'll put your new abilities to the test during a work experience practicum included in the spring term.

Included courses

- Academic Upgrading courses
- First-year university courses
- Specific skills-based training courses
- Supportive community employment programs

Programs

Education and Employment Access

8 months | Full-time | Starts in Sept | North Vancouver Campus
