See Note #1

Language Requirement: **Other than English**

All BA students will demonstrate competency in a language other than English equivalent to BC high school Grade 11.

Students meet competency by one of the following:

- Successful completion of any Grade 11 course with a minimum B grade in an approved language other than English while in secondary school; or
- Successful completion of any secondary immersion program or secondary school at an institution at which the primary language of instruction is not English; or
- Successful completion of a post-secondary credential awarded by an institution at which the primary language of instruction is not English; or
- Successful completion of 3.00 credits of a post-secondary level course in a language other than English.

Students who fulfill this requirement with the above options will be required to take 3.00 credits of lower level Arts and Sciences courses in place of the Language Requirement credits.

Note: Students must ensure they complete a minimum of 65 credits of 100-level or higher coursework from within the Faculty of Arts & Sciences that have been designated as Arts, Humanities or Social Sciences.

Note: Students pursuing the Honours program should plan to take PSYC 303, PSYC 412 and PSYC 413. Students can declare their interest after successful completion of 90.00 credits and must achieve a minimum CGPA of 3.50 on their upper-level course work in order to be eligible for the program. Approval of a psychology faculty advisor is also required.

- **Quantitative/Analytical Requirement:** A Quantitative/Analytical course is a requirement of all University baccalaureate degrees.
